New York State Medicaid Members: Get Help with Food, Housing, and Transportation

If you are enrolled in New York State (NYS) Medicaid, you can get help through the Social Care Network (SCN) program.

SCNs can help connect you to important services like:

- **Food and nutrition:** Meals brought to your home or supplies for cooking
- **Housing:** Help finding a place to live or making your home safer
- **Transportation:** Rides to housing, job interviews, or childcare appointments

SCNs work with healthcare providers, community groups, and health plans to make sure you get the help you need.

An **SCN Navigator** can talk with you to see if you qualify for assistance.

How it works

1) **Ask questions:** And tell us about your daily needs
2) **Get services:** Connect to trusted programs in your community that can help you

Who qualifies?

☐ You qualify if you are enrolled in a Medicaid Managed Care (MMC) Plan or NYS Medicaid fee-for-service.

☐ You may qualify for additional services if you are enrolled in an MMC Plan and:

- have a disability
- are pregnant or just gave birth
- have a mental health condition or a substance use challenge
- recently left jail or prison and have a long-term health problem or a substance use challenge
- are a child or young person with a health condition like asthma or diabetes
- visit the emergency room or hospital often
- are in a NYS Health Home
