HIV Advisory Body

**Your voice can lead change,  
influence state policy, and  
advocate for community needs.**

The **New York State HIV Advisory Body (HAB)** is an integrated care and prevention advisory body to the AIDS Institute within the New York State Department of Health.

The goal of the New York State HIV Advisory Body is to implement a comprehensive HIV prevention, care, and treatment planning body that provides an opportunity for integration, synergy, and efficiency in responding to jurisdictional and federal needs.

## **Why should you apply?**

- Provide recommendations and guidance on service needs
- Support HIV prevention efforts
- Improve HIV health care and supportive services
- Contribute to End The Epidemic efforts throughout New York State

**Appointments to the HIV Advisory Body ensure broad and diverse representation throughout New York State.**

# Who should apply?

- Persons who live or work in New York State
- Persons living with HIV
- Individuals who work for groups, entities, or organizations that provide HIV prevention, care, and, treatment or HIV related supportive services to clients
