

**Sample Total Quality Management (TQM) Evaluation
The Breakfast (Lunch Or Supper) Club**

What you tried, what worked, what did not. * Helps to see all you've done! *
Helps to see where you need to go next.

Date	Problem Identified	Possible Solutions	Feedback/Evaluation
	Resident is not able to keep up verbally with higher cognitive level residents in Breakfast Club now. He no longer tries to participate in conversation as he once did.	Schedule a Breakfast Club with 1 or 2 other residents at his level at another time. If this is still too much stimulation for the resident try a 1:1 Breakfast Club session with his primary care aide or a member of the family.	
	Resident is not able to attend the Breakfast Club in the morning.	Schedule a Light Supper Club in the evening. Could prepare soup and sandwiches.	
	Facilitator does not have time to facilitate Breakfast Club anymore.	Train volunteer or other staff to facilitate Breakfast Club.	
	Activity room with kitchen is not available at time of Breakfast Club.	Use another room with electric fry pan or griddle, electric coffee pot, toaster or hot plate.
