Subject: Revised 2026 Supplemental Security Income (SSI) Cost of Living Adjustment

Dear Adult Care Facility Operator:

The purpose of this letter is to inform Operators of Adult Care Facilities of impending increases in the 2026 Supplemental Security Income (SSI) and Safety Net benefits provided to residents of such facilities as a result of the 2.8% federal cost of living increases scheduled for January 1, 2026.

Chapter 56 of the Laws of 2025 authorized a pass-through of the January 1, 2026 cost of living increases to Supplemental Security Income recipients. The January 1, 2026 increase will result in increases of \$27.00 per month for individuals and \$54.00 per month for couples. In addition, the law requires that effective January 1, 2026, SSI residents receive a \$7.00 increase in their Personal Needs Allowance.

Benefit changes effective January 1, 2026, and paid monthly as described below:

Status	Supplemental Security Income Only*	Supplemental Security Income Plus Social Security or other unearned Income not counted by Social Security
Individuals	\$1,688.00	\$1,708.00
Couples	\$3,376.00	\$3,396.00

\*Includes Federal and State portions

Effective January 1, 2026, residents of adult care facilities who receive Supplemental Security Income benefits will be entitled to receive a Personal Needs Allowance of **\$262.00** per month. Residents who receive Safety Net payments from local Departments of Social Services also will receive the \$1,688.00 per month as outlined above, which includes \$1,426.00 or cost of care and \$262 for the residents' Personal Needs Allowance.

Enclosed is a notice for residents who receive Supplemental Security Income which describes the changes effective January 1, 2026. The notice is to be conspicuously posted in an area or areas of the facility accessible by residents, which may include adjacent to the monthly activities schedule and/or the daily menu. The Department of Health will not be mailing individual copies to the residents receiving Social Security Income in your facility; accordingly, Operators should make copies of the notice for residents who would like to have a copy.

Adult Care Facility Operators who intend to increase the rates charged to residents are required to provide residents a written notice specifying the new rate at least 30 days prior to the date of the increase. Assisted Living Residences must provide 45 days' notice before

increasing the rate for residents who receive Supplemental Security Income. The Operator may increase the rate with less than the requisite notice if the resident voluntarily agrees to such a rate increase in writing. In either case, Operators are required to amend the admission/residency agreement and offer eligible residents, in writing, an opportunity to place Personal Needs Allowance funds in a facility-maintained account if they do not already have a facility-maintained account for Personal Needs Allowance.

The Supplemental Security Income and Safety Net Assistance increases are **effective January 1, 2026**, and will be included in regular Supplemental Security Income and Safety Net Assistance checks beginning with the January 2026 Supplemental Security Income check.

Supplemental Security Income recipients with questions about their Supplemental Security Income benefits should contact the Social Security Administration by contacting their local Social Security Office in person or by phone or by calling the national toll-free hotline at **1 (800) 772-1213**.
