Description

Bars, cafes, and small restaurants need ice in order to keep their customers' drinks cold and refreshing, but don't have the space for full-sized ice makers. Therefore, it's helpful to have a smaller machine sitting underneath your countertop from which you can grab as much as ice as it takes to fill a glass. Designed to fit neatly under your bar or kitchen counter, the Ice-O-Matic ICEU220HA Self-Contained Half Cube Ice Machine is the perfect answer to your ice-making quandary.

Built to last, the ICEU220HA is constructed out of corrosion-resistant stainless steel, which also makes it incredibly durable and able to last over years of use. In terms of the exterior, this appliance boasts fingerprint-proof plastic so that it always looks tidy no matter how many times your bartenders and wait staff open it to get ice. Boasting a Pure Ice® system, it has anti-microbial
