On the afternoon shift the community will staff a minimum of two care givers in Assisted Living and two care givers in Reminiscence. Overnight staffing will be at the minimum of two care givers in Assisted Living and one care giver in Reminiscence all who will be awake. In addition, based on the assessment of residents by the nurse and the individualized service plans additional staff will be employed and in place. The following methodology is employed. An inter-disciplinary team, including a nurse, assesses each resident for the appropriate level of care. Care managers are then scheduled based upon this analysis of resident needs. Schedules (i.e.: staffing levels) are reviewed at least weekly to keep up with move-ins and move-outs, as well as any reassessments that may occur. Daily adjustments of staff for particular shifts may occur as well, depending upon the preferences of residents for times when they desire to receive meals, baths or other personal care services. Care Managers (direct care staff) are on duty twenty-four hours a day with a minimum of sixteen hours per shift. Licensed personnel are scheduled a minimum of fifty-six hours a week.

Training –

All team members go through an intensive orientation training program on the Aging Process, Activities of Daily Living and how to deliver care to residents in the Enhanced Assisted Living Residence. In addition, they complete a hands-on portion of training called the Shadowing and Skills Demonstration experience which ensures the appropriate application of concepts learned in the classroom training.

Each team member will also receive ongoing education and training each year based on the needs of residents living in the Enhanced Assisted Living Residence.

Environmental Modifications

Additional safety features include smoke barriers which are a continuous fire rated partition or wall, extending from one exterior wall to another exterior wall, with all openings protected with fire-rated and smoke tight doors equipped with appropriate hardware. In addition monthly fire drills are held for staff and volunteers at varied times during the day and night.
