Information Regarding Out of State Inpatient Rates effective 3/13/14

The Department of Health obtained approval from CMS and updated Part 86-1.33 (1)(ii) of Title 10 of the New York Codes, Rules and Regulations for the following expansion of the "downstate" designation for rate assignments. Due to the delay in the Federal Public Notice, the effective date is March 13, 2014.

(1) (i) The weighted average of inpatient rates, including a teaching adjustment where applicable, in effect for similar services for hospitals located in the downstate region of New York State shall apply with regard to services provided by out-of-state providers located in the New Jersey counties of Sussex, Passaic, Bergen, Hudson, Essex, Union, Middlesex and Monmouth, in the Pennsylvania county of Pike, and in the Connecticut counties of Fairfield and Litchfield.

(ii) For rates effective beginning January 1, 2014, the weighted average of inpatient rates, including a teaching adjustment where applicable, in effect for similar services for hospitals located in the downstate region of New York State shall also apply with regard to services provided by out-of-state providers located in cities where the city's population census is 500,000 or greater based on the U.S. Department of Commerce United States Census Bureau; and

(2) The weighted average of inpatient rates, including a teaching adjustment where applicable, in effect for similar services for hospitals located in the upstate region of New York State shall apply with regard to all other out-of-state providers.

(3) High cost outlier rates of payment shall be calculated in accordance with 86-1.21 with the exception of the wage equalization factor (WEF) being based upon the weighted average of the upstate or downstate region.

(4) The weighted average of the capital component of the inpatient rates in effect for similar services for hospitals located in New York State shall apply with regard to services provided by out-of-state providers.

(b) Notwithstanding any inconsistent provision of this section, in the event the department determines that an out-of-state provider is providing services that are not available within New York State, the department may negotiate payment rates and conditions with such provider; provided however, such payments shall not exceed the provider's usual and customary charges for such services.

(c) For purposes of this section, the downstate region of New York State shall consist of the New York counties of Bronx, New York, Kings, Queens, Richmond, Nassau, Suffolk, Westchester, Rockland, Orange, Putnam and Dutchess, and the upstate region of New York State shall consist of all other New York counties.
