March 4, 2022

Dear Administrator:

This letter provides you with information regarding your pediatric Certified Home Health Agency (CHHA) Medicaid reimbursement rates effective January 1, 2021 through December 31, 2021. The formula on which these rates have been promulgated in accordance with Article 36 of the Public Health Law and Title 10, Part 86-1 of the Compilation of Administrative Rules and Regulations.

As has been previously communicated, the first year of the newly revised Home Care Cost Report (which is 2019) will not be used for rate setting purposes in order to give the provider community a year to adjust to the new cost report without having an impact to their rates. More critically, the data collected in the 2019 cost report was substantially flawed and if used, would have resulted in significant variations in 2021 rates.

Therefore, the Department is setting this year's rates using the methodology set forth in regulations and holding providers harmless for the unreliable data in the 2019 cost report. This is accomplished through the following:

- the non-minimum wage related growth from 2019 to 2020 was used as a proxy for growth from 2020 to 2021 (Note: Your 2021 rate was held flat if (1) your 2019 to 2020 rate change was a decrease or (2) annual growth exceeded 25 percent; and
- the applicable 2021 minimum wage was included (\$1.18 for downstate and \$.82 for upstate).

The Department's regulations allow rate appeals to be filled within **90 Days** from the date of this letter (see Attachment A). The payment for the initial rates will be made in cycle 2325, check release date March 30, 2022. If you have any questions regarding the above information, please send an email to CHHA-Rates@health.ny.gov and Robert Yankowski will respond to your inquiries.

Sincerely,

Health Commerce System (HCS) application
Healthcare Financial Data Gateway
Instructions

Please be advised that all historical postings will currently be maintained on the previous application. We will advise of any migration of historical postings to the Healthcare Financial Data Gateway should that occur.

All Personal Care agencies should follow the referenced instructions to access the Healthcare Financial Data Gateway system. There has been extensive testing to ensure that access is available for all Personal Care agencies who were in the HCS system as of April 2018. For any Personal Care agencies or individuals that were not in HCS when the data was migrated, it will be necessary to request access.

The Personal Care agencies permissions to the Healthcare Financial Data Gateway can be granted utilizing the revised HCS Upload Access Request Form attached herein.
