Attention Pharmacy Providers: Discontinue Drugs Coverage

The New York State EPIC Program will discontinue coverage of drugs manufactured by AbbVie for claims submitted with a date-of-service that is after March 31, 2026, because the manufacturer has withdrawn from EPIC Manufacturers Rebate Program. New York State legislation requires manufacturer participation in the rebate program for EPIC to cover its products.

EPIC will discontinue coverage of all drugs manufactured under the following AbbVie owned labeler codes.

Table with 2 columns: Labeler Code, Labelers Name. Rows include 00430 (Actavis/Allergan), 11980 (Allergan), 58914 (Aptalis/Allergan), and 57962 (Pharmacyclics).

Drugs under the above Labeler codes will receive the following rejection code:

NCPDP FIELD 511-FB REJECT CODE = 70 – Product/Service Not Covered

EPIC members using AbbVie products have been notified these drugs will no longer be covered by EPIC after March 31, 2026. They have been advised to contact their prescriber for alternative drugs, or they can pay the full out-of-pocket Medicare Part D cost of AbbVie products if they choose to continue using them.

We appreciate your cooperation in this matter and your continued support of the EPIC program. If you have any questions, please call the EPIC Provider Helpline at 1-800-634-1340.
