RE: Clarification #6 for Measurement Year (MY) 2025 Updates

Dear Colleague,

This letter contains information about the MY2025 Technical Specifications and the MY2025 PLD File Specifications (PDF). The files are posted on our Managed Care [Information for Health Plans](#) page. The revised specifications should be used in the plans' processing for MY2025 QARR.

This clarification includes the following changes made to the MY2025 QARR reporting requirements.

Change Version	Version Date	Section(s) Changed	Change Summary
6	11/4/2025	MY2025 Technical Specifications	1. Updated Submission Requirements, added IPRO Submission Requirements.
		Patient-Level Detail File (PLD) MY2025	Exchange/Marketplace Line of Business: 1. <u>Childhood Immunization Status Electronic (CIS-E)</u> removed reporting requirements for Combo 3 and Combo 7. Column numbering updated accordingly.

If there are any questions about the above edits, or if you find issues or have concerns with the MY2025 Technical Specifications manual or other documents, please email nysqarr@health.ny.gov.

Sincerely,
