Health Home Development Funds

As of August 1st, thirty designated Health Homes have submitted a preliminary report on proposed uses of Health Home Development Funds. Reports have been under review for:

- The completeness of the reports;
- The extent to which the proposed uses of funds conforms with the federally authorized purposes and the published list of examples;
- The degree of detail that has been provided about how CMAs were involved in funding decisions;
- The clarity with which alignment with DSRIP projects is described.

Health Home Development Funds

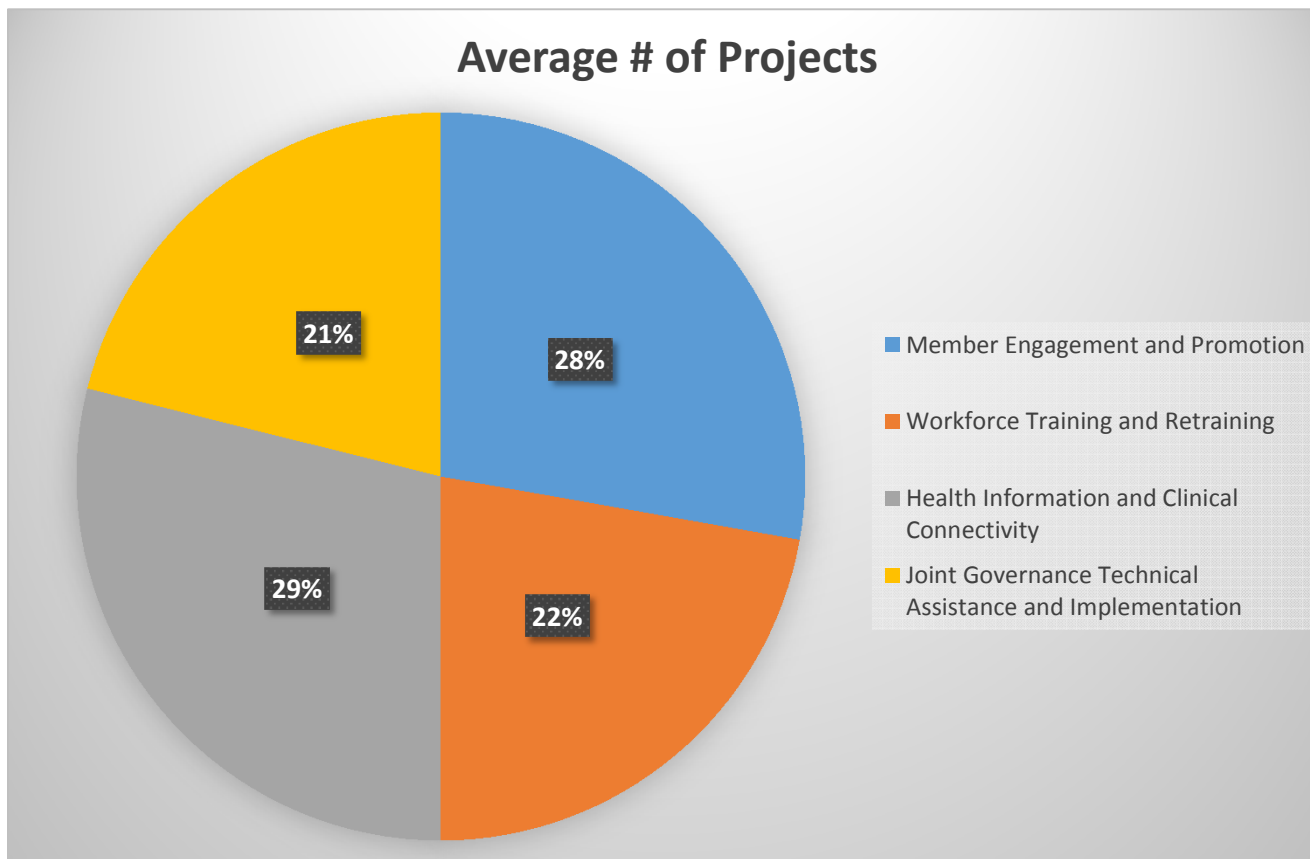

In addition, reports were evaluated to determine the degree to which the funds will be used to strengthen and expand the capabilities and capacity of the Health Home in these key areas:

- Enrollment of HARP members;
- Further development of HIT platforms;
- The ability to bill for and pay network care management agencies and downstream providers;
- As applicable, the expansion of your Health Home to serve children.

Response letters to the preliminary assessments have been completed and were sent out by DOH to the Health Homes on July 29, 2015. Responses are due August 14, 2015.

As a reminder, the first semi-annual required report is due on September 15, 2015. For more information how to complete the report please refer to the Health Home Funding Opportunities section of the Health Homes website.

Project Use Distribution

Examples of Project Proposals: Member Engagement and Promotion of Health Homes

- Building the capacity for HARP enrollment.
- Development of marketing materials, public service announcements, posters and other educational tools for the promotion of the Health Home in local communities and hiring temporary consulting services to work on promoting the Health Home program.
- Forums to educate consumers and families, the health care community, community providers and other social organizations about the purpose of Health Homes and how to access and make a referral to Health Homes.
- Many Health Homes have been funding initiatives to improve communication and collaborating between DSRIP Performing Provider Systems (PPSs), hospitals, health care plans and Health Home care managers.

Examples of Project Proposals: Workforce Training and Retraining

- On-line or on-site training opportunities that include how to use assessment tools.
- Funding for required yearly training or cross training for all outreach and care coordination staff, targeted training for members and created Health Home Resource library for education.
- Training Health Homes and network partners to use the Medicaid Analytics Performance Portal (MAPP) for Health Homes.
- Funding to participate in on-site and on-line training methods to become familiar with MAPP and its functionality.

Examples of Project Proposals: Health Information and Clinical Connectivity

- Development of electronic interfaces between Health Homes and network partners and the Medicaid Analytics Performance Portal
- Development of electronic interfaces between Health Homes, service providers, network partners, MAPP, PPS data systems, and the RHIO/QE/SHIN-NY
- Contracting with IT consultants to assist Health Homes and network partners in development of HIT and Clinical Connectivity
- Implementing new billing systems to provide the capabilities to bill for all CMAs and downstream providers, as well as pass down payments to these providers, to meet DOH requirements.

Examples of Project Proposals: Joint Governance Technical Assistance

- Enhancements to data analytics systems, including building appropriate data structures to produce administrative and operational reports needed to ensure compliance and accuracy in billing.
- Quality improvement and equality assurance programs that will assist Health Homes with complying with reporting requirements and improving efficiency and member outcomes in their governance structure.
- Hiring a full time QA/QI manager to support quality improvement activities, development of quality improvement/assurance programs that assists Health Home and member agencies to comply with reporting requirements, support efficient operations and improve members' outcomes.
- Building the capacity for Health Homes to serve children.
