RE: Letter of Interest: Health Home  
Application to Serve Children

Dear Ms. Astin,

On behalf of **Archcare at Terence Cardinal Cooke Health Care Center**, please accept this letter as an indication of our interest to submit a Health Home application to Serve Children. We understand that the submission of this Letter of Interest is optional, and the information contained herein is not binding and does not create an obligation to submit a Health Home Application to Serve Children.

To the extent **Archcare at Terence Cardinal Cooke Health Care Center** elects to submit a Health Home Application to Serve Children, we anticipate it would reflect the following governance structure.

- Our organization is a designated Health Home (i.e., operating a Lead Health Home) and our application to serve children would not include a change in our governance structure.
- Our organization is a designated Health Home and our application to serve children would reflect a change in our governance structure to better serve children.
- Our organization is seeking a new Health Home Designation

Our organization anticipates it would serve the following regions The New York Archdiocese including **New York Metropolitan Area, all five boroughs, Rockland, Dutchess, Orange and Ulster Counties** and through our OPWDD Article 16 Outpatient Clinics providing primary and rehabilitative services and through our Specialty Hospital for Developmentally Disabled patients servicing frail medically involved children and adults on our main campus at 1249 5<sup>th</sup> Avenue, New York New York
