

# Child Transitioned from a 1915c Waiver

## Quick Reference Guide

(ver. 12- 1/29/19)

### The Child Transitioned from a 1915c Waiver Data Item

#### New Sign and Finalize Requirement

Effective January 2, 2019 the new data item, Child Transitioned from a 1915c Waiver, is part of the Identification Info node within the individual’s case file. This data item requires a selection for the following reasons:

- Before a CANS-NY assessment can be signed and finalized, this new data item must be completed.
- The selection of the Child Transitioned from a 1915c Waiver data item ensures that transitioning children are tracked and counted as a transitioning child to Health Home care management. In addition, the selection of the Child Transitioned from a 1915c Waiver data item with a completed signed and finalized CANS-NY assessment highlights that the child is transitioned and will be moved into the new Children’s Waiver beginning April 1, 2019.

Table 1 outlines selections for this data item.

### Locating/Updating the Child Transitioned from a 1915c Waiver Data item

#### The Organization’s Case List

Assessments can **only** be added to case files that are part of the Organization’s Case List. As necessary, assessors can search the statewide database to locate a case file and add it to the Organization’s Case List. Once the case file is part of the Organization’s Case List, information can be edited and a new assessment can be added. For details on accessing case files, please visit course: 1200-Managing Your Organization’s Case List.

Figure 1 shows a case file for a person who is part of this Organization’s Case List.

The screenshot shows the UAS-NY search interface. At the top, it says 'UAS-NY ABC123, CANS-NY-40 Children's Home'. There are navigation links for 'Search', 'Reports', 'Tools', 'Help', and 'Logout'. The search section includes 'Search by:' with 'Last Name' selected and 'Search Value:' with 'Anderson' entered. There is also a 'First Name and MI' search option with 'A' entered. A 'Search Filter:' dropdown is set to 'Open'. 'Search' and 'Clear' buttons are present. Below the search section, there are sorting options: 'Sort First:' (Last Name, Asc) and 'Sort Second:' (First Name and MI, Asc). A 'Search Case List' button is also visible. The results table has columns for 'Last Name', 'First Name and MI', 'Date of Birth', 'Last 4 SSN', 'Medicaid ID', 'PID', 'City', 'County', and 'Last Assmt Date'. One result is shown: 'Anderson, Alison' with a date of birth of '10/15/2015'. At the bottom right, there are 'Open Case File' and 'Withdraw Authorization' buttons.
