

Guide to Edits for Appropriateness Criteria and Codes

Summary: As of August 2024, the [Appropriateness Criteria and Codes](#) will now reflect new appropriateness criteria and the applicable program(s) (indicated by text in red), which can be compared to the prior language (indicated by text crossed out and in black). This update supersedes the previous chart from Appendix B of the [HH0016 Eligibility Requirements for Health Home Services and Continued Eligibility in the Health Home Program](#) policy and reflects an implementation date of **September 1, 2024**.

Please Note: Only codes that have been updated are annotated on this guide. If a code is not present on this document, there were no changes made.

Corrections have been made to this Guide to Edits as of September 2024. The revisions made can be identified by an Asterisk * in the update made column.

Appropriateness Code	Update Made	Appropriateness Criteria	Program	Comments Required?
N/A	The Appropriateness Criteria and Codes can now be found as a standalone document on the Health Home Policy and Updates under <i>Eligibility</i> .	The Appropriateness Criteria and Codes (previously called categories of Significant Risk Factors) chart has been removed from Appendix B of the HH0016 Eligibility Requirements for Health Home Services and Continued Eligibility in the Health Home Program policy and will remain posted the Health Home Policies and Updates Webpage.	N/A	N/A
13	The criteria from Code 36 was duplicative of Code 13; therefore, Code 36 was combined into Code 13. Language added from Code 36 is annotated by <i>italicized</i> text. The applicable referring agencies have also been expanded and defined in BOLD .
