NY Medicaid Electronic Health Records Incentive Program Update

The NY Medicaid EHR Incentive Program provides financial incentives to eligible practitioners and hospitals to promote the transition to electronic health records (EHR). Providers who practice using EHRs are in the forefront of improving quality, reducing costs, and addressing health disparities. Since December 2011 **over \$431 million** in incentive funds have been distributed to **over 9,000** New York State Medicaid providers.

For more information about the EHR Incentive Program, we encourage you to visit the program website at www.emedny.org/meipass/ or attend one of the informational webinars hosted by the NYS Department of Health.
