Local districts were advised by GIS Message 96 MA/001 of a workshop on the Medicaid Pay-In program to be conducted at the NYPWA winter conference on Thursday, February 1, 1996, with a delayed telecast the following day to all SUNYSAT satellite sites across the State.

Handouts for staff attending the telecast on Friday are being sent via postal express to all local district staff development coordinators. If you have not received these handouts by Thursday, February 1, 1996, you should contact the individuals indicated above.

In addition, districts have previously been sent 95 LCM-131, "Social Services District Plans For Operating a Pay-In Program For Individuals With Excess income," and a draft Administrative Directive entitled "Excess Income Program Clarifications/Prepayment of Client Liability (Pay-In) Program," which is currently in Executive Clearance. Staff attending both the workshop and the telecast should familiarize themselves with these two documents.
