This is to alert districts that the informational notice "Optional Pay-In Program for Individuals With Excess Income" will be incorporated into the appropriate CNS notices in those districts that are operating Pay-In programs or have approved plans to operate a Pay-In program. We expect that beginning mid-August, any notice which currently includes the "Explanation of the Excess Income Program" will also include an attachment that explains the Pay-In option. As additional district plans are approved, the Pay-In attachment will be programed into the districts' CNS notices.

Any questions may be directed to the individuals noted above.
