

All Procedures Carved out of APGs (individual codes carved out & codes that group to carved out APGs)

Inclusion on this list indicates that service should not be billed using APGs; it does not guarantee alternative payment.

See codes removed from the Carve out list below.

*The following optional carved-out procedures may be billed as ordered ambulatory services when an APG visit is not billed for the clinic patient on the same date of service.					Effective Date	Alternative Payment Source/Notes
*J1055	Medrxypogester acetate inj	435	Class I Pharmacotherapy	Procedure carve out	9/1/2008	Ordered Ambulatory Fee Schedule
