Dear Health Plans,

The purpose of this letter is to provide Health Plans with information regarding recent approvals related to Medicaid Managed Care (MMC) hospital outpatient payments.

For dates of service April 1, 2024 – March 31, 2025, the Centers for Medicare and Medicaid Services (CMS) recently approved rate add-ons to the MMC rates of payment for hospitals that qualified as safety net/financially distressed. These add-ons, which are included in the table below, are only applicable to Article 28 general clinic, ambulatory surgery and emergency department services, as outlined in the billing guidelines attachment to this letter. A separate rate file has also been posted to the Department of Health’s Ambulatory Patient Group (APG) website.

Plans should treat these adjustments in accordance with Section 22.19 and Appendix V of the Managed Care Model Contract and the terms of their provider contracts with hospitals. This includes any reprocessing or claims settlements that should occur consistent with those agreements. The Department has effectuated premium payments to health plans to align with the updated Managed Care State Direct Payment add-ons associated with this rate publication.
