

New York State's Money Follows the Person Program (2023)

Money Follows the Person is federally funded through the Centers for Medicare and Medicaid Services. The program's mission is to rebalance the long-term care system from facility-based to home and community-based services and supports. The Open Doors Transition Centers provide education and transition services to people in nursing homes and intermediate care facilities wishing to learn more about and receive long-term care services and supports in their homes and communities.

New York State Quality-of-Life Survey Results (2023)

A voluntary *Quality-of-Life* Survey is conducted before transition to the community and again 11 months after transition. The survey gives participants a chance to express their thoughts and feelings about the services they receive and their overall quality of life. The results below represent the percent of individuals who answered “yes” to the following questions in the pre- and post- transition surveys.

		<u>Pre-transition</u>		<u>Post-transition</u>
ACCESS TO CARE	 Are you always able to take your medicine when you need it?	91%	⬆️	98%
	 Can you get to the places you need to go, like work, shopping, or doctor’s appointments?	77%	⬆️	92%
	 Does anyone help you with things like bathing, dressing, or preparing meals?	67%	⬆️	82%
	 Have you ever talked with a case manager, support coordinator, or service coordinator?	50%	⬆️	72%
	 Are you always able to take a bath or shower when you need one?	72%	⬆️	92%
LIFE SATISFACTION	 Do you like where you live?	53%	⬆️	96%
	 Can you choose the foods that you eat?	67%	⬆️	95%
	 Do you go out to do fun things in your community?	42%	⬆️	70%
	 Have you been happy with the way you live your life?	67%	⬆️	85%

An Open Doors Success Story

69-year-old “R” was admitted to hospice care in 2020. Her health stabilized and she was referred to the Open Doors program in 2023 for transition assistance. The Open Doors transition specialist referred her to the Olmstead Housing Subsidy program, which helped her find an apartment. The transition specialist helped her to get an assessment and aide services in the community through a managed long-term care plan and also connected her with the Open Doors Good Neighbor program, which provided informal back-up support. “R” was then able to move into her apartment with all the supports she needed.
