

OVERVIEW

Release 1.23 provides the opportunity for the assessor to capture when an HCBS Eligibility Determination annual reassessment cannot be conducted within the mandated timeframes. This will allow the assessor to document the reason why a timely reassessment could not be conducted to coincide with the “*Notice of Decision For Discontinuance in New York State 1915(c) Children’s Waiver*” DOH form 5288 sent to the participant. As well as to provide the assessor system documentation of the HCBS ineligibility outcome due to the reason chosen for a Fair Hearing.

HCBS ELIGIBILITY

- For use with HCBS Eligibility 0-5 and 6-21 annual reassessments only.
- A new optional field in the **Target Population Selection** node allows an assessor to indicate the reason that the HCBS assessment cannot be conducted.
 - Additional Content Sensitive Help is available regarding the possible selections
- If an assessor selects from the item **Choose the appropriate reason that the HCBS Eligibility Reassessment cannot be conducted**, the **Target Population Selection** node will remain deactivated, and the child/youth will be determined “Not eligible; unable to complete assessment.”

The screenshot displays the UAS-NY interface for Arya Anderson. The left sidebar shows a navigation menu with 'Assessments' expanded, listing '03/17/2026 HCBS Elig 6-21' and '06/11/2024 HCBS Elig 6-21'. The main content area is titled 'Target Population Selection' and includes a red note: 'Note: The Developmental Disability Target Populations are not available as options because the child does not meet the criteria.' Below this, there are radio buttons for 'No selection' (selected), 'Serious Emotional Disturbance', and 'Medically Fragile'. A red-bordered box highlights the section 'Choose the appropriate reason that the HCBS Eligibility Reassessment cannot be conducted', which contains a list of reasons for ineligibility, with 'Lack of documentation to support the Target Population' selected.
