

## Patient Consents

How are other PPS' handling consent for sharing patient data or using common applications (such as Insignia) within the PPS? I also see this as a concern with if the PPS (not individual organizations) wants/needs to receive patient data from the RHIOs.

Hello Rebecca,  
Thank you for asking this question on the MIX. We would like to direct you to the Project 11/2.d.i discussion within the Public DSRIP Project Group, where active dialogue is taking place on this subject. Please consider continuing the conversation within this post.  
Thank you,  
The NYS DSRIP Team
