

Continuing the Conversation: Advanced Primary Care (APC) Program.

Breakout session recap: This session reviewed: (1) evolving Advanced Primary Care standards and how they crosswalk with existing NCQA PCMH standards; (2) relevant payment approaches to support primary care transformation and efforts to align those approaches across payers; and (3) considerations for measuring APC-related outcomes.

[NCQA](#) [PCMH](#) [Advanced Primary Care](#) [APC-related outcomes](#)

Could we get a copy of the slides from this session? We are trying to do a crosswalk between PCMH, APC and DSRIP for providers. Thanks
