

## Remember to visit the Subgroups

Some useful information is posted in the Subgroups and can be viewed by clicking on the Subgroups tab above.

In the **Domain 3 Project Discussion Subgroup**, there is a slideshow presentation available that discusses workforce strategies and IT software designed to improve communication and health outcomes.

In the **Domain 4 Project Discussion Subgroup**, there are New York City Department of Health materials provided that may be useful to support a number of Domain 4 projects.

Please check these materials out and continue to share resoruces, links, and your ideas. Thank you!
