

**Department  
of Health**

Medicaid  
Redesign Team

# **Medicaid Accelerated eXchange (MAX) Series**

## **Accelerate Transformation and Lasting Change**

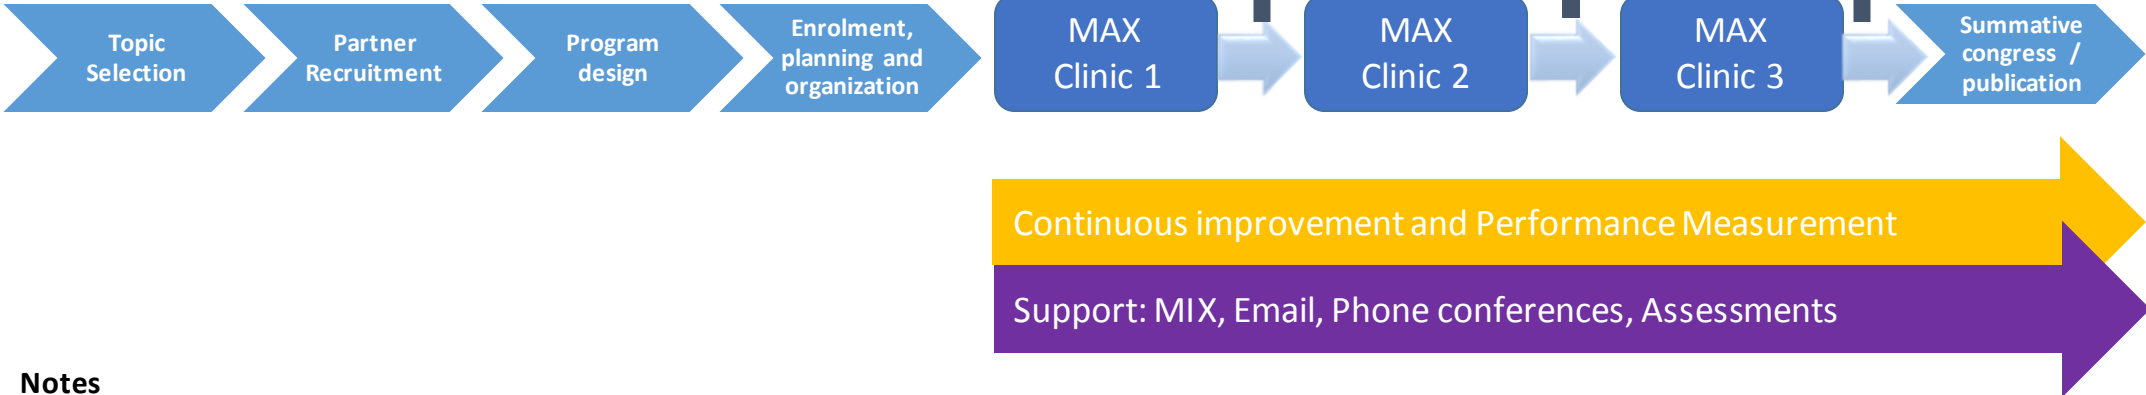

All PPS Meeting

June 18, 2015

# MAX Series<sup>1</sup>

## Medicaid Accelerated eXchange

**Notes**

<sup>1</sup> Designed by KPMG for the NYS Department of Health Delivery System Reform Incentive Payment (DSRIP) Program 2015.

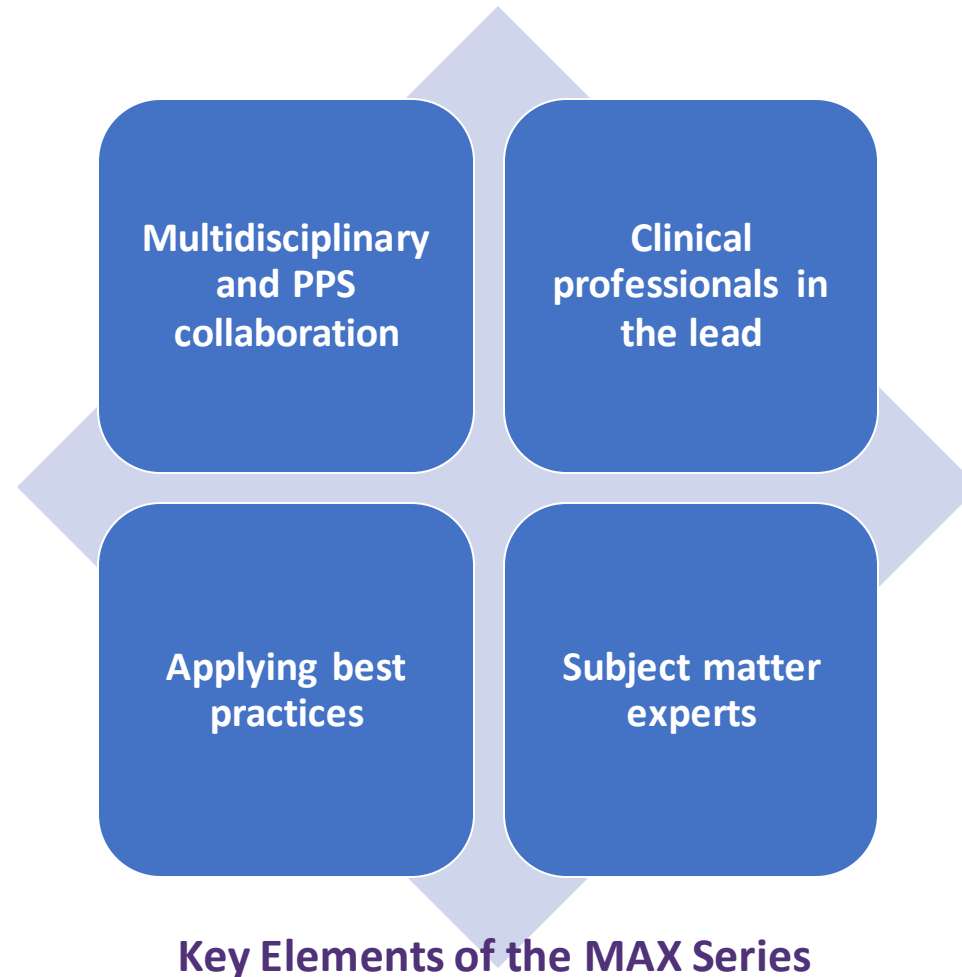

<sup>2</sup> Action Periods employ “PDSA – Plan Do Study Act” techniques of design, implement, review, and improve

# MAX Series Topics

<b>Super-utilizers: Meeting patient needs in Primary Care</b>	<b>Integrating Behavioral Health and Primary Care services</b>	<b>Primary Care access optimization</b>	<b>High risk populations: Patient engagement and preventative care</b>
<b>Reduce avoidable hospital use by 25% over 5 years (better care, better health, lower costs)</b>			
Care system redesign to better meet complex and high-cost patient needs	Ensure care coordination to improve outcomes for patients with Behavioral Health diagnoses	Building an effective Primary Care system to avoid use of secondary care	Prevent high risk patients from becoming super-utilizers
October 2015 (pilot – limited availability!)	January 2016	February 2016	March 2016

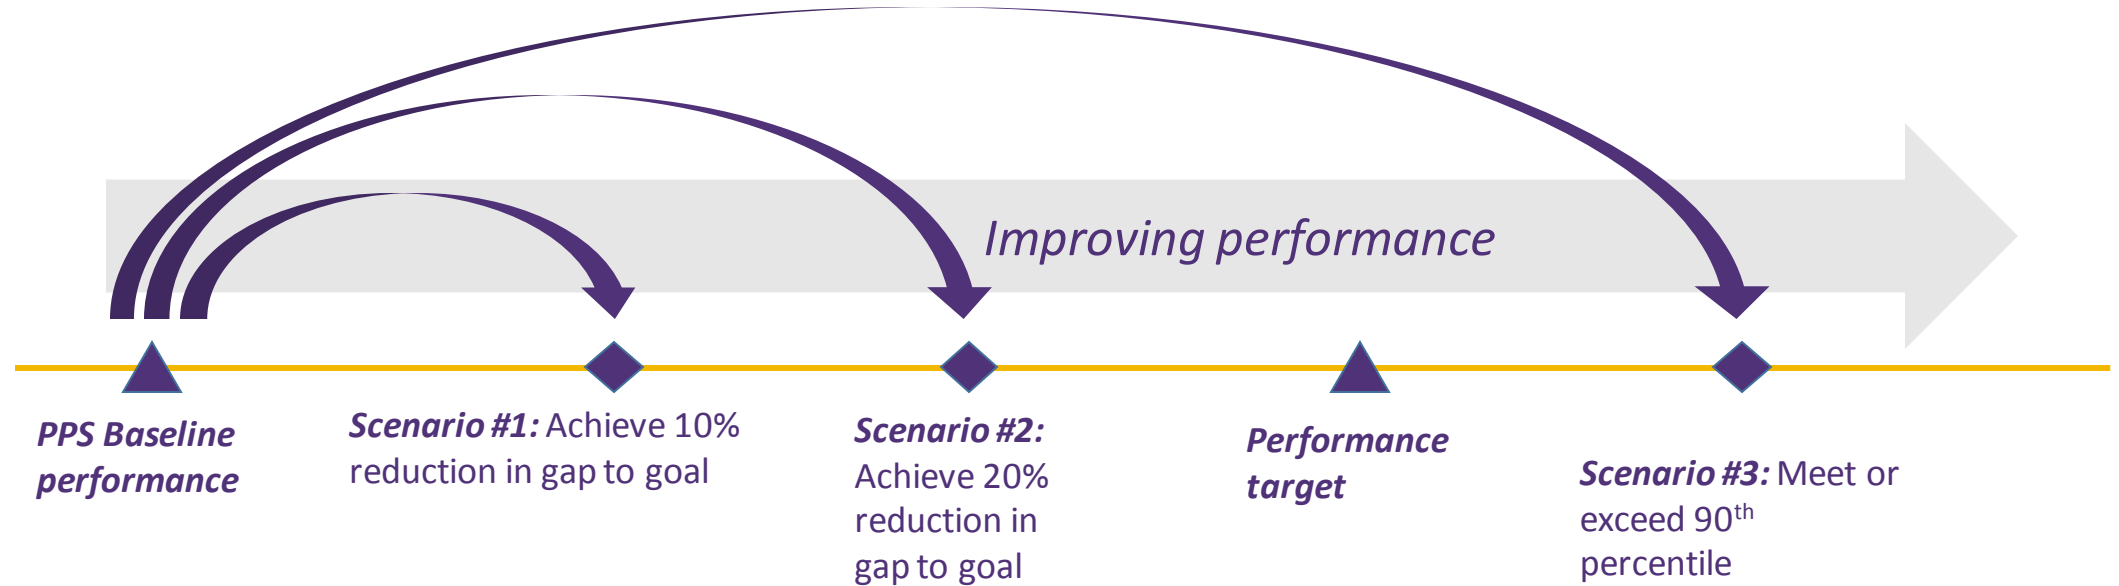

# The MAX Series

Supporting your PPS to achieve DSRIP goals, milestones, and requirements.

# Alignment with DSRIP performance measures

The MAX topics will align with DSRIP performance measures to accelerate PPS performance, achieve DSRIP goals and help PPSs secure DSRIP funding

*Scenarios 2 and 3 apply only to HPF qualifying measures*
