**From:** AHI PPS (ID #23)  
**Subject:** DSRIP Mid-Point Assessment Redline Report: AHI PPS Response  
**Date:** January 23, 2017

---

We would like to provide a formal response regarding the *Mid-Point Assessment Redline Document* dated December 2016. We have also emailed our concerns to the Independent Assessor.

The Actively Engaged redlined numbers noted in *the Mid-Point Assessment Redline Document* for DY2Q2 were quite different than we had reported however there was no explanation for the changes made by the IA. In previous quarterly submissions, we were given detail regarding challenged Actively Engaged records which we used to successfully appeal. In addition, the numbers that appear in the adjudicated report for DY2Q2 match what we reported and do not match the redlined numbers in the Mid-Point Assessment redline document.

Sincerely,

*Deborah LaRose*
