Narrative Text :

This budget allocates a total of 5% of revenue over 5 years to a contingency fund to support unexpected costs and innovation in the PPS. In DY1, we will allocate 10% of DSRIP funds to "Other" and reduce the allocation over time such that 0% is allocated in DY5. Further, the "Other" category in this budget accounts for both the contingency funds and the innovation funds.

Descriptions of budget items:

Cost of project implementation and administration

Montefiore Hudson Valley Collaborative (PPS ID:19)

- Administrative costs including network management, DSRIP program office administrative support for PPS operations, legal support, PPS compliance
- Project Implementation costs include centralized services that will support creating shared infrastructure of the PPS and will include costs of shared IT infrastructure (to support performance reporting and data sharing), care management functions, central training and workforce development. Costs of implementation will be higher in the initial years to reflect the financial needs to set up DSRIP infrastructure (mirroring process and reporting metrics)

Revenue loss
- Some partners will experience revenue decline in Medicaid population, as well as in Medicare and commercial populations Designed with the aim to help providers overcome the initial period of set-up costs and lost revenues while focusing on the right metrics as they grow and transform their services
- To qualify for revenue loss compensations, partners will need to meet both progress and performance benchmarks and demonstrate the ability to shift to a sustainable system

Narrative Text :

For PPS to provide additional context regarding progress and/or updates to IA.

As of this quarter, MHVC allocated expenses based on the funds available between waiver and non-waiver at the beginning of the quarter plus any funds received during the quarter.
PIT
MHVC contracts with our Network at the organizational level. To do so, we define a contracting organization as the roll-up of one or more providers and entities (as displayed in the PIT file) that were attested for by that contracting organization during the 2014 DSRIP attestation period and in subsequent MHVC-led NPI confirmation surveys. MHVC developed this contracting methodology prior to the creation of the PIT file, and as noted in previous PIT submission, the PIT file does not reliably list an organizational level identifier and thus lacks the ability to consistently report funds flow at this level. For this reason the funds flow supporting documentation found in the IA sample request materials will only match the provider at the organizational level.
The MHVC team performed the appropriate crosswalk from the state PIT file to MHVC contracted organizations and allocated dollars based on Attribution for Performance (A4P) data to the "Provider Name" column for each entity that rolled up to the contracting organization that was paid. In the case that we were unable to identify an entity, we allocated dollars to the NPI with the highest attribution. MHVC further refined allocation of funds to reflect the significance of provider type (associated attribution) on the organizational payment.

To accomplish this, we utilized our internal budget by provider type to allocate funds to the appropriate NPI/MMIS or Entity ID, based on their A4P within their provider type pool, within the organization. To be consistent with reporting funds flow in alignment with organizational safety net status, funds were allocated to the individual providers that reflect the safety net status of the organization in which they roll up. Safety net status is defined as a contracting organization with at least 35% of its attribution allocated to state-defined safety net providers.

This revised methodology of allocating funds both at the entity and individual level values the provider type influence (as related to A4P) on the organizational allocation.
As indicated in the introduction, MHVC continues to contract and issue payments at the organizational level, something that the PIT tool continues to lack the capacity to support. Reporting at the organizational level and breaking out percentage of payments based on the provider types included in the organizational roll up would be the most accurate description of how dollars are distributed and earned. We continue to request modifications to the PIT tool to allow this.

IPQR Module 1.10 - PPS Flow of Funds - Non-Waiver Revenue (Quarterly)

Instructions :

Please include updates on flow of funds for this quarterly reporting period by importing the PIT file and filling out the PPS PMO line manually. Reported actual fund distribution will be compared to baseline projections and deviations will be evaluated.
Any explanations regarding deviations from baseline projections must be included within the textbox, not as narrative within uploaded documentation.

IPQR Module 2.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in implementing your governance structure and processes and achieving the milestones described above, as well as potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

First, there is the risk that the PPS committees will not have (1) appropriate representation; (2) active engagement; or (3) appropriate expertise. All of these will be required for the successful functioning of the PPS governing structure, to ensure that PPS-wide decisions made by the governing bodies reflect the interests of different partner types and geographies. To mitigate this risk, we will identify appropriate representatives of key constituent groups and also select individuals who will commit to being actively engaged in the governance process. In addition, the MHVC Executive Director and team will need to monitor attendance at committee meetings and review minutes to ensure continued and meaningful involvement of committee members. Where appropriate, they will need to recommend changes to the composition of the committees. The By-Laws for the MHVC Steering Committee and each of its sub-committees will need to contain provisions that allow for the replacement of members and establish the criteria for such actions. Finally, we will need clear selection criteria to ensure relevant expertise on committees, particularly for subcommittees. For example, IT professionals with requisite years of experience in healthcare IT management systems as well as administrative experience should be added to the Information Technology Infrastructure subcommittee.

Second, there is the risk that partners and other stakeholders (e.g., vendors, labor groups) that are not involved in governance will resist changes being made across the PPS. To address this, the partner support team will develop a comprehensive engagement and communication strategy, which will involve a tailored approach for different stakeholder types and geographies. Change management support will be an integral part in all program development.

Third, there is the risk that challenges associated with other workstreams could impact the effective governance of the PPS. For example, if partners are not receiving sufficient funds to fully implement a project, they may not feel they have proper incentives to change behaviors. In this event, we will work with partners to identify alternative sources of funding, as well as educate them on the financial gains that will result from a shift to value based arrangements.

Fourth, there is the risk that our PPS fails to include a potentially crucial CBO / FBO, which could be critical in facilitating access to a particular population or set of stakeholders. We will mitigate this risk by regularly reminding local partners to stay up- to-date on local organizations, and to inform us of groups in their communities that could be an asset to the PPS. Further, there is the risk of transportation challenges that could prevent community stakeholders from attending meetings or forums. In order to mitigate this risk, we will work to include web-based meetings, teleconferences, and the sharing of materials online to make sure transportation issues don't prevent us with engaging critical community members.

Lastly, MHVC is in the process of revising our approach to regional governance and engagement structures. In our original DSRIP Organizational Application we referred to a number of Regional PACs that would fill this role. However, we are now moving towards a project-based approach that will support strong regional communication and engagement. MHVC will be actively involved in the Hudson Valley PHIP. This will be an important aspect of our regional planning, as will the series of regional engagement events that we are running in the first half of DY1.

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 2.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

Once the MHVC Steering Committee and the various work groups are fully formed and operational, their ability to carry out their governance and oversight responsibilities will be dependent on the quality of the information provided to them. Key to obtaining good useful data will be the quality of the IT infrastructure put in place, the expertise of and level of support provided by the PPS management team, and the active participation of the PPS members in the various DSRIP projects, including, but not limited to, their compliance with the reporting requirements of each project.

The community engagement plan will have interdependencies with legal (contracting with CBOs), marketing (message construction and delivery), public relations (integrated promotion and communication with print and electronic media), practitioner engagement (involvement of practitioners in efforts), and IT (data sharing)

IPQR Module 2.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for the development of your governance structure and processes and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Executive Director	Allison McGuire, MHVC	Lead compliance activities; draft and implement compliance plan
Chief Compliance Officer	Maria Matzoros	DSRIP lead on compliance activities, e.g., financial compliance and contracts
Associate Director	Adam Goldstein/MHVC	Manage governance structure formation and implementation

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Module 2.6 - IPQR Module 2.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS with regard to your governance structure and processes.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
Partner organizations (including those not represented on MHVC Steering Committee)	Network partners	Input into PPS governance approach; communication of local needs and resources to PPS
MHVC Steering Committee	Representatives from MHVC partner organizations	Work with DSRIP office on governance activities; make recommendations on work group members
Legal and Compliance Committee	Representatives from MHVC Steering Committee organizations, with legal expertise	Input on legal and compliance activities (e.g., contracts)
Christopher Panczner, Montefiore SVP & General Counsel	Montefiore SVP & General Counsel	Input into planning and implementation of governance activities
External Stakeholders		
Local public health infrastructure (e.g., Hudson valley regional health officers network, public health nurses)	Community stakeholders	Input into community engagement plan
Non-partner providers and community organizations	Community stakeholders	Input into community engagement plan

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 2.7 - IT Expectations

Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream and your ability to achieve the milestones described above.

Shared IT infrastructure is needed to facilitate the governance of the PPS network. This includes platforms not only to manage all network data, but also to ensure the data is sufficiently complete to allow PPS workgroups to make appropriate decisions. IT systems will need to be robust enough to facilitate tracking against all milestones while capturing the data elements needed to achieve the milestones. The IT infrastructure will also need the functionality to facilitate communication on multiple levels across the PPS. This includes outgoing communication, job boards, posting of committee documents, as well as incoming issues and/or community concerns. The IT systems will need to aligned with the final governance structure and be flexible enough to adapt to changes in this structure as needed.

IPQR Module 2.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

Success of the governance work stream will be measured against the timely achievement of the creation of the structures (e.g., MHVC Steering Committee) the development of charters and adoption of bylaws, policies and procedures for all key committees and sub-committees, and the development, negotiation and execution of all required provider agreements to allow MHVC to begin operating as a PPS. Additionally, success will be measured by the establishment of the performance management system that will manage and analyze data from all participating partners (including data collection, analyses and reporting) to support effective and efficient decision-making. For example, the Clinical committee will rely on the performance management systems capturing data regarding achievement of PCMH Level 3 requirements across the PPS network providers, integration of behavioral health with primary care, compliance with evidence-based medicine asthma, cardiovascular protocols, and ultimately with the impact on strategic program goals (e.g., reduced rates of avoidable ED visits).

IPQR Module 3.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in implementing these cross-cutting organizational strategies, including potential impacts on specific projects and, crucially, any risks that will undermine your ability to achieve outcome measure targets.

Risks:
1) There is risk in balancing the short-term financial health of our at-risk partners with the long term DSRIP plan.
2) The timing and availability of capital funds will impact the PPS project implementation and performance, as certain projects may require up-front capital investments that may not be covered by DSRIP funds (e.g., 2.a.iv - medical village development is capital intensive yet simultaneously key to achieving Domain 2 milestones in DSRIP years 1-3). Further, the timing of funds flows may create cash flow risks, especially with at-risk partners.
3) The total DSRIP funding available may not be sufficient to cover the capital costs of DSRIP projects. There is a risk that the PPS fails to identify alternative sources of funding to complete capital-intensive projects.
4) Funds flow and budget decisions will be made in a fair and equitable manner using claims data and performance attribution. There is a risk that the PPS will not be provided with accurate and granular data sufficient to make funding allocation decisions (e.g., full continuum of clinical information including full cost data for claims and accurate performance attribution per partner in the PPS).
5) For quarterly reports, we may be unable to access data or analytics relevant to specific metrics. In addition, partner organizations may fail to provide timely reporting on progress.
Mitigation strategies:
1) We will mitigate risks to financial sustainability by accelerating the transition to value based payments and by identifying additional sources of transition funding for at-risk partners. We will further manage a list of fragile partners and conduct individual outreach as necessary.
2) We will have clear communication and absolute transparency with partners regarding the funds flow plan and methodology.
3) We will detail partner requirements in order to earn funds flow payments including timely and accurate reporting on progress.
4) We will emphasize communication and education of partners on the transition to value-based payments.

IPQR Module 3.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

1) Finance will have to work closely with care management in order to manage the transition to value-based payments.
2) Finance will also have to work closely with IT to prioritize development of IT capabilities at partners. Many partners currently do not utilize EHRs and do not have sufficient RHIO connectivity. Improved connectivity and EHR automation is critical for integrating the integrated delivery system and advancing the over-arching goals of DSRIP project 2.a.i.
3) Finance will have to work closely with project Transformation work groups and regional committees in order to assess progress and needs of

individual projects and partners. 4) Finance will have to work closely with the Performance Reporting teams to assess whether partners are meeting reporting and performance requirements for funding.

IPQR Module 3.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Executive Director	Allison McGuire / MHVC	Lead DSRIP office on financial sustainability strategy
Associate Director	Adam Goldstein/MHVC	"Monitor progress towards DSRIP budget, funds flow, and financial sustainability (including some reporting requirements); oversee PPS accounting and cash management functions (including treasury/banking)"
Finance Manager	Richard Ng/MHVC	"Monitor progress towards DSRIP budget, funds flow, and financial sustainability (including some reporting requirements); oversee PPS accounting and cash management functions (including treasury/banking)"
Finance and Sustainability Subcommittee	David Menashy/Montefiore Health System	"Support progress and decision making and report progress to MHVC Steering Committees"
"Finance co-lead and member of Finance and Sustainability Transformation work group"	Joel Perlman/Montefiore Health System	"Support progress and decision making and report progress to MHVC Steering Committees"
Chief Compliance officer	Maria Matzoros	Lead on compliance activities
Compliance/Contract Manager	Tori Noxon/MHVC	Support on compliance and contracting activities
Finance and Sustainability Subcommittee	Partner organization representatives / MHVC	"DSRIP lead on finance and sustainability activities, e.g., budgeting, funds flow, and contracts. Report progress to MHVC Steering Committees"

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 3.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
Senior management at partner organizations (CEO, CFO, board members)	Partner leadership	Provide input as needed on specific issues related to financial sustainability
MHVC Steering Committee, Sub-Committees and Workgroups	Responsible for providing advisory services	Provide advisory services to meet DSRIP goals and objectives, in conjunction with MHVC and Montefiore Health System
Joel Perlman, CFO, Montefiore	Montefiore CFO	Support progress and decision making and report progress to MHVC Steering Committees
David Menashy, AVP Finance, Montefiore	Montefiore AVP Finance	Support progress and decision making and report progress to MHVC Steering Committees
External Stakeholders		
MCOs	Critical partner in transition to value based arrangements	Input / support for design of Value-based contracts
DOH	Consulted as needed for specific decisions related to financial sustainability	Input and support as needed
Community and local government leadership	Consulted as needed for specific decisions	Input and support as needed
Labor groups	Consulted as needed for specific decisions	Input and support as needed

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 3.7 - IT Expectations

Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream.

Shared IT infrastructure must be secure and compliant to manage financial sustainability across the PPS. To achieve financial sustainability across our partners, we will require access to data related to project performance, as well as an understanding of partner financial performance. This means there is a dependency between financial sustainability needs and a robust performance reporting system. The reporting technology will allow the PPS to merge claims with cost data to support value-based agreements, together with care management strategies (requiring population health / care coordination management technologies). The performance reporting system will support both the partners and the PPS's finance team.

IPQR Module 3.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

Success in this workstream will be defined as progress towards the process milestones defined above (i.e., finance and reporting structure, financial health assessment and strategy, compliance plan, and assessment and plan for value-based arrangements). The MHVC CFO will track progress toward these milestones, together with the project management team and the director of research and evaluation. The MHVC CFO will then report on the overall progress of the PPS to the DSRIP Executive Director, MHVC Steering Committee, and Transformation work group.

In addition, the finance team will be tracking the financial health of partners (through regular financial health assessment surveys) and partner transitions toward a value-based system, while monitoring our contracts with MCOs. Fragile partners will be more closely tracked via individual outreach and more frequent health assessment surveys.

IPQR Module 3.9 - IA Monitoring

Section 04 – Cultural Competency & Health Literacy

IPQR Module 4.1 - Prescribed Milestones

Instructions :

Please enter and update target dates, as well as breakdown tasks with target dates for prescribed milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement. Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation. Note some milestones include minimum expected completion dates.

Milestone/Task Name	Status	Description	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter	AV
Milestone #1 Finalize cultural competency / health literacy strategy.	Completed	This milestone must be completed by 12/31/2015. Cultural competency / health literacy strategy signed off by PPS Board. The strategy should: -- Identify priority groups experiencing health disparities (based on your CNA and other analyses); -- Identify key factors to improve access to quality primary, behavioral health, and preventive health care -- Define plans for two-way communication with the population and community groups through specific community forums -- Identify assessments and tools to assist patients with self-management of conditions (considering cultural, linguistic and literacy factors); and -- Identify community-based interventions to reduce health disparities and improve outcomes.	04/01/2015	12/31/2015	04/01/2015	12/31/2015	12/31/2015	DY1 Q3	YES
Task 1. Identify and review source reference materials for Cultural Competency and Health Literacy standards (e.g., Cultural Competency CLAS Standards; Health Literacy: A Prescription to End Confusion; The Guide to Community Preventative Services) to use in strategic plan document and cultural competency toolkit for dissemination.	Completed	Identify and review source reference materials for Cultural Competency and Health Literacy standards (e.g., Cultural Competency CLAS Standards; Health Literacy: A Prescription to End Confusion; The Guide to Community Preventative Services) to use in strategic plan document and cultural competency toolkit for dissemination.	04/01/2015	09/30/2015	04/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Task 2. Review Community Needs Assessment,	Completed	Review Community Needs Assessment, claims data, and	10/01/2015	12/31/2015	10/01/2015	12/31/2015	12/31/2015	DY1 Q3

IPQR Module 4.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in implementing your cultural competency / health literacy strategy and addressing the specific health disparities you are targeting (based on your CNA), and achieving the milestones described above - including potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

The implementation of our cultural competency and health literacy strategy involves several risks. First, it will be difficult to measure the effectiveness of our cultural competency and health literacy strategy considering the size of our network. The MHVC DSRIP office, together with cultural competency leads across the PPS, will collaborate to ensure an effective measurement system is in place. Second, we will need a shared IT infrastructure to disseminate materials and assess readiness and success, and partners are at different levels of IT readiness. To address this, the MHVC Director of IT will work closely partners to ensure IT requirements are met as quickly as possible. Third, our training and communication strategy will need to take into account accessibility issues for urban, suburban, and rural populations. To address this we will work with affinity groups within the PPS, as well as with CBO/FBOs, to identify venues for health literacy and cultural competency education and meetings. Lastly, there is a risk is that CBOs may not have the resources to adopt new standards and policies around cultural competency and health literacy. To help mitigate this risk, we will develop centralized materials and shared resources to distribute throughout the PPS.

IPQR Module 4.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

IT: We are exploring technical solutions to share materials, assess cultural competency readiness, and evaluate success
Workforce: The workforce team will be integral to our cultural competency and health literacy strategy, to ensure cultural competency and health literacy training is integral to overall workforce training strategy.

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 4.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Executive Director	Allison McGuire /MHVC	Lead DSRIP office on cultural competency strategy
Director Workforce & Training	Joan Chaya /MHVC	Staff for Cultural Competency & Health Literacy. Planning and implementation of cultural competency strategy
Sr. HR Generalist	Jasmine Cruz/MHVC	Staff for Cultural Competency & Health Literacy. Planning and implementation of cultural competency strategy
Medical Director	Damara Gutnick, MD /MHVC	Planning and implementation of cultural competency strategy
Co-chair Cultural Competency Health Literacy Committee	Kathy Brieger and Nolly Climes	Collaborate in creating meeting agendas, lead committee members in making decisions, monitor and approve workgroup tasks.
Analytics	Yoon Yang /MHVC	Data analysis and mapping of identified priority populations
Communications	Joan Chaya/MHVC	Responsible for developing communication strategy
Partner cultural competency leads	Representatives of partner organizations	Input on cultural competency strategy
Training	Adyna Gamboa /MHVC	Responsible for training strategy

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 4.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
Partner project leads	Project Leads	Partner with DSRIP office on cultural competency needs and timelines for projects
MHVC Project Specialists	Central project coordination	Partner with DSRIP workforce director on cultural competency needs and timelines for projects
Gloria Kenny, Montefiore VP of Human Resources	Montefiore VP of Human Resources	Input on training activities
Nicole Hollingsworth, AVP Community & Population Health	Montefiore cultural competency lead	Planning and input on cultural competency strategy and training
Cultural Competency Sub-Committee and workgroups	Collaborative design of strategy to asses and spread best practice	Responsible for providing subject matter expertise, investigating and planning for the distribution of tools/training to increase competency
CBOs in network	Partner organizations	Input on cultural competency strategy
NKI	Vendor	Input on cultural competency strategy
Joan Chaya, Director of Workforce and Cultural competency	Montefiore HVC cultural competency lead	Planning and input on cultural competency strategy and training
External Stakeholders		
MHVC patients	Exact forums for patient engagement on the design of cultural competency and other initiatives are to be defined in conjunction with Hudson Valley PHIP and provider partners.	Feedback and engagement on developing cultural competency and health literacy initiatives as needed.
Non-partner providers and CBOs / FBOs	Local resource	Consultation on cultural competency strategy, as needed

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 4.7 - IT Expectations

Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support the development and implementation of your cultural competency / health literacy strategy and the achievement of the milestones described above.

Using IT as a communications channel to support the adoption of cultural competency/health literacy standards is most effective when delivered via a widely used, commercially available application that meets regulatory requirements. The IT performance management platform will facilitate partner progress toward cultural competency and health literacy goals, while enabling the PPS to monitor progress. We will select and implement the platform in time to meet the target dates presented in this plan to support implementation. In addition, the use of a standardized care plan across our network will give us the ability to share with the providers where necessary patients' cultural and religious preferences, thus giving us the ability to deliver culturally appropriate services.

IPQR Module 4.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

The success of the Cultural Competency/Health Literacy strategy implementation over the five DSRIP Years will be evaluated as follows:
(1) MHVC will measure the adoption of cultural competency / health literacy standards or protocols amongst network providers (e.g. CLAS standards)
(2) MHVC will investigate options for partnering with an outside agency to develop and track measurements of: (a) the improvements in health outcomes amongst member populations that are key targets for cultural competency / health literacy initiatives; and (b) patient engagement.

IPQR Module 5.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in creating and implementing your IT governance structure, your plans for data sharing across your network, your approach to data security and confidentiality, and the achievement of the milestones described above, including the potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

As has been outlined and indicated in survey results the capabilities of our Partners varies greatly. They have communicated that the usual barriers to acquiring technology are affecting their progress in adoption. The most significant are financial and technical expertise.

Risk A - Managing technology by provider type can add complexity to implementing a truly integrated IT model. We will try to address this by grouping parthttps://commerce.health.state.ny.us/mapp/ntwk/projimpl/orgsec/ipqrSection07.jsfners by the technology and partner type. These groupings will create additional workgroup teams so that there is appropriate input to the needed implementation thus supporting adoption.
Risk B - There are multiple PPS leads in the Hudson Valley and one QE, HealthlinkNY. The demand on the QE will impact the ability to deliver the connectivity to the QE on a timely basis. In conjunction with the QE we have coordinated the three PPS Leads so that we optimize the efforts for both the QE and our shared partners.

Risk C - There is a large number of partners utilizing paper-based records – in the interim we will leverage an EMR agnostic/Non EMR approach to assisting in the care management of the attributed lives. We will prioritize the providers who will need to meet the multiple requirements to deliver the projects and care. We will also leverage the technology groups identified in Risk A.
Risk D -Data Security Measures may not be in place or the proposed requirements might be beyond the capabilities of the partner. Although we are confident that our partners who have or will be signing data agreements will continue to ensure data security measures are in place, in order to mitigate data security risks, we will work with our partners to identify areas where they need support and also limit the data as identified in Data matrix to the minimum requirements needed to implement and achieve the project requirements. We will implement dual authentication to access data as needed by Partner

IPQR Module 5.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

As is described throughout this implementation plan, the development of new and / or improved IT infrastructure technology is an important factor in many other workstreams. In particular, clinical integration, population health management and performance reporting. However, without the right business and financial support, it will not be possible to drive the technological infrastructure development program to ensure the success of these workstreams. The interaction between the IT resources and the PPS's leads will be vital to ensure that the IT infrastructure that we develop meets the needs of the whole PPS network. DSRIP capital funding will be a critical factor as well as securing the appropriate resources. The Finance workstream is in a support role to fulfill this requirement along with the workforce strategy team. To this end there will be cross representation of IT resources on each of the work stream teams.

Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 5.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Executive Director	Allison McGuire/ MHVC	Lead DSRIP office on IT systems and processes strategy.
Director of Quality & Innovation	Natalee Hill/ MHVC	Partner IT transformation support and coordination of IT services in conjunction with MIT operations, Performance reporting management
Chief Information Officer	Jack Wolf/ Montefiore Health System	IT Governance, Change Management, IT Architecture and Operations
Montefiore Data and infrastructure	J. Albert, B. Hoch, A. Banchu/ Montefiore Health System	Data security and confidentiality plan, Data Exchange Plan in conjunction with MIT Operations
Montefiore IT Security Officer	A. Banchu/ Montefiore Health System	Data security and confidentiality plan, Data Exchange Plan in conjunction with MIT Operations. Adherance to HIPPA
IT Infrastructure Transformation work group	TBD	Input on IT strategy
Medical Director	Damara Gutnick/ MHVC	Alignment with Clinical objectives and goals
Chief Compliance Officer	Maria Matzoros	Compliance and Privacy oversight
IT Project Specialist	Cara Sceppaquercia/ MHVC	Responsible for coordinating project workgroups, creating and operationalizing project plans, and supporting IT strategy implementation.

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 5.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
Partner project leads	Project leads	Partner with DSRIP IT director on meeting IT project requirements
MHVC project specialists	Central project coordination	Input on IT transformation strategy to help partners meet IT project requirements
MHVC Steering Committee, IT Sub Committee and workgroups	Project and DSRIP goverance	Provide advisory services to meet DSRIP goals and Objective in conjuction with MHVC and Montefiore Health System Leadership
External Stakeholders		
Local QE - HealthLinkNY	Supporter	Collaboration with MHVC IT director to help partners meet HIE project requirements
Local extension Center (eHealthCollaborative)	Supporter	Collaboration with DSRIP IT director on outreach to partners
PPS HIT/HIE Workgroup	Partners in regional collaborations with RHIO(s) and on IT initiatives	Collaboration or input as needed on the design of regional IT initiatives that recognize partners may be in multiple PPSs and top assist with prioritization

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 5.7 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

Success of the IT systems and processes workstream will be defined as progress toward establishing a fully integrated IT infrastructure. This will involve tracking the process milestones defined above (i.e., current state assessment, change management strategy, clinical data sharing roadmap, plan for engaging members in qualifying entities, and data security and confidentiality plan) and outlined below as some ongoing performance reports. The MHVC IT director will track progress toward these milestones, together with the project management team and the director of research and evaluation. We will closely monitor the progress of our partners' transition to effective, interoperable EHR systems with appropriate certifications. This will include using surveys, outreach, and a performance / project management tool to track EHR adoption, HIE connectivity, and progress toward PCMH certifications as relevant. Partner agreements will establish the expectations with all partners to supply key artifacts and monthly reports on key performance metrics. These will be necessary to ensure continuing progress against our IT change management strategy. This will be accomplished in conjunction with the Regional Managers who will be responsible for the ongoing relationship and monitoring of performance.
Performance reports currently identified:
1. Annual Gap Assessment Report – Partner adoption of IT infrastructure, enablement of clinical workflows, and application of population analytics
2. Annual Data Security Monitoring
3. Monthly workforce training compliance report
4. Monthly HIE usage report

IT Transformation work group will assist in conducting quarterly survey of IT stakeholders (in particular the users of new infrastructure / systems) to derive qualitative assessments of user satisfaction.

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 6.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in implementing performance reporting structures and processes and effective performance management within your network, including potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

Achieving the DSRIP performance metrics will depend on partner support and training to standardize quality and accuracy across sites. The use of a single PMO platform, accessible by partners throughout the network, will facilitate data collection and analysis, as well as reporting to the state and to the PPS partners using dashboards.
There are a number of risks to achievement of high performance on required DOH metrics.
First, there is variable performance on a number of metrics across different provider types and sites within our network. This creates a challenge in terms of the adoption of standardized metrics. This is complicated by the risk that some of our partners may not have the appropriate capabilities to ensure high performance on these system transformation metrics. To mitigate this risk, we will use dashboards to drive peer comparison and performance improvement across sites.
Second, we face a challenge in terms of the IT required for data collection and reporting - a large proportion of providers are, for example, recording data in paper-based charts. As referenced in the IT Systems & Processes section, a number of our partners face financial and technical challenges in acquiring and utilizing the required IT. This risk and our approach to mitigating it are described in more detail in the IT Systems and Processes section. This includes our clinical data sharing and interoperability plan.
Third, there may be resistance by stakeholders to transformation of the health care management system and therefore to the collection of performance measures. A robust change management strategy with plans for two way communication and training will be developed. Data collection expectations will be included and articulated in the provider agreements, which will be monitored/managed and which will include provisions and penalties for non-compliance.

IPQR Module 6.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

In order to provide high quality care that is successfully measured, the system must remain financially sustainable through building value-based/shared savings arrangements. This workstream is therefore dependent upon the financial sustainability workstream. The PMO system that MHVC has procured and will adopt will be the tool that we use to ensure complete quality data collection tied to the performance measures, monitored via appropriate dashboards. Our performance reporting is therefore dependent on our effective implementation and use of this tool. Our performance reporting workstream also relies upon our provider partners being engaged and motivated and having the technology and capability to use dashboards to improve performance in real-time. Working closely with the IT Systems and Processes workstream will therefore be crucial for the success of the performance reporting workstream.

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 6.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Executive Director	Allison McGuire/ MHVC	Lead DSRIP office on Performance Reporting strategy.
Medical Director	Damara Gutnick, MD/ MHVC	Alignment with Clinical reporting requirements to monitor partner performance
Director of CMO IT	Chuck Anderson	IT strategy to support performance reporting
Director of Quality and Innovation	Natalee Hill/MHVC	Responsible for engaging partners around quality improvement initiatives, and development and execution of strategy to support development of QI skills at provider organizations including strategy to provide PDSA technical assistance to CBO's. Responsible for ongoing review of quality data and developing and managing MHVC approach to rapid cycle evaluation.
Compliance Lead	Maria Matzoros	DSRIP lead on compliance activities, e.g. financial compliance and contracts
Montefiore Strategic Planning Analytics Department	Adam Block / Driector of Strategic Analytics/ Montefiore Health System	Support of partner data analysis ,PPS key indicator identification, inform performance thresholds and making reporting recommendations

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 6.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
Performance reporting support ,strategy and area subject matter expert	Project leads	Tracking progress across project milestones and requirements
MHVC Steering Committee, IT Sub Committee and workgroups	Project and DSRIP governance	Provide advisory services to meet DSRIP goals and Objective in conjunction with MHVC and Montefiore Health System Leadership
All MHVC Partners	Provide input as needed for specific decisions	Implementing projects, performance leadership, reporting
MHVC project specialists	Central project coordination	Input on performance reporting strategy to help partners meet reporting requirements
External Stakeholders		
County Health Departments	Provide input as needed for specific decisions	Input and support as needed
MCOs	Provide input as needed for specific decisions	Input and support as needed
Performance Logic Cross PPS Workgroup	Vendor platform and coordination	Learning collaborative for best practices sharing
MHVC Clinical Quality Sub-committee	Subject matter experts from partnering organizations including clinicians, quality professionals and appropriate healthcare executives serving in an advisory role to the MHVC Steering Committee	Input to performance reporting requirements
ACOs and Health Homes	ACOs and Health Homes will manage their respective provider networks and act as administrators on their behalf.	Adequate IT/EHR infrastructure supported by DSRIP funds

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 6.7 - IT Expectations

Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support your approach to performance reporting.

We will be leveraging our IT infrastructure and processes to perform the necessary reporting to properly monitor the performance of our PPS. It will also be necessary to coordinate with the various work stream leads to achieve the appropriate vehicle that will measure, monitor and report accurately. The end product has to be a useable tool that will provide value and our training tasks will be critical in accomplishing this goal.

Initially, performance reporting will be a matter of manually collecting data points as necessary. This approach will support us in meeting performance reporting deadlines as the IT infrastructure is established and resources are trained. Our approach to this infrastructure and training, as is described in the IT Systems & Processes section of this implementation plan, will prioritize those providers who will be integral to the delivery of the DSRIP projects and improvements in system transformation metrics. A PPS wide tool will be established by leveraging existing infrastructure enhanced by capital expenditures and resource acquisition. We anticipate our Enterprise data warehouse will accommodate data transferred from the state's MAPP tool and Salient's SIM tool, to implement a robust system. It will require the ability to collect data from multiple sources, perform the necessary analytics, monitor project and partner performance and finally visualize the data in a format that will assist various audiences in monitoring performance and making informed decisions.

IPQR Module 6.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

We will be leveraging our IT infrastructure and processes to perform the necessary reporting to properly monitor the performance of our PPS. It will also be necessary to coordinate with the various work stream leads to achieve the appropriate vehicle that will measure, monitor and report accurately. The end product has to be a useable tool that will provide value and our training tasks will be critical in accomplishing this goal.

IPQR Module 7.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the current level of engagement of your physician community in the DSRIP program and describe the key challenges or risks that you foresee in implementing your plans for physician engagement and achieving the milestones described above. Describe any potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

The practitioner community is currently engaged in the DSRIP program through regular newsletter distributions, postings to the Montefiore Hudson Valley Collaborative Website and Regional Meetings.

There are several risks associated with practitioner engagement:

First, not every provider will be completely satisfied with the manner in which DSRIP projects are implemented, as the Hudson Valley Collaborative represents a network of providers spread over a significant geography. To address these risk, we have organized a governance structure that allows all providers to be heard in the planning process. Further, we have divided our network into regional areas to allow local concerns to be highlighted. In general, we are committed to effective and ongoing communications, which is one of the obligations of managing programs over such a diverse network.

In addition, some providers may see their current business model threatened by changes brought about by DSRIP.
For example, The ED care triage and medical village projects may present a perceived threat to community hospitals that are not prepared for the transition from inpatient to ambulatory services. To address these concerns, we will work with these providers to find other opportunities within the new care delivery system.

There is a risk created by providers/practitioners that are included in multiple PPSs. These practitioners may face conflicting information, demands, and expectations. This creates a risk they will not be able to commit sufficient energy and resources to MHVC initiatives. To mitigate this, the 3 PPS's in the Hudson valley (MHVC, WMC and Refuah) have agreed to collaborate to ease implementation complexity for shared partners, align community wide messaging, leverage meaningful economies of scale where appropriate and ensure prudent resource utilization.

Further, we must ensure work group membership includes stakeholder groups which represent MHVC's entire geography in order to support the representation of local concerns. MHVC is revising its geographic approach to engagement and communication - in conjunction with the PHIP and provider partners - in order to align more closely with the ideal participation model for stakeholders.

Lastly we are actively recruiting a Director of Partner Support to facilitate relationship building and trust with partners and support contracting efforts. We have hired a communications manager and community liaison to support provider and community engagement activities and are exploring buy vs build, and will obtain temporary help or purchase services as needed.

IPQR Module 7.4 - Major Dependencies on Organizational Workstreams

Instructions :

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

Practitioner Engagement is dependent on Performance Reporting. Practitioners will need to regularly receive updates on their performance as well as network performance to effectively deliver outcomes.
Clinical Integration is an interdependent work stream. The participating practitioners provide the resources for delivering the goals of the clinical programs.
IT Systems and Process is dependent on Practitioner Engagement. Participating providers must understand the functionality of the new IT systems and know how to integrate these systems into their clinical operation. Targeted training will be provided, as needed to practitioners on new healthcare IT systems.
Funds Flow will be of great interest to the participating practitioners. Clear transparency is essential in this work stream.
Governance is an important dependency. Participating providers will need to understand how the PPS is managed and how they may get involved to voice their opinions.

New York State Department Of Health

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 7.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Executive Director	Allison McGuire / MHVC	Lead DSRIP office on Practitioner Engagement strategy.
Medical Director	Damara Gutnick, MD / MHVC	Responsible for leading development of clinical programs to support project implementation. Engaging diverse stakeholder groups. Oversee development and execution of practitioner communication and engagement strategy in partnership with Network Development role once hired.
Director of CMO IT	Chuck Anderson	Network IT assessment, planning for infrastructure development, development and implementation of IT strategy.
Director, Network Development Partner Support	Marlene Ripa/MHVC	Responsible for creating partner communications strategy and management of partner connection with DSRIP office, in terms of contracting, project reporting and shared services. Manage partner relations and communications staff.
Partner Relations Specialists	Aliza Travis and Stephanie Neito	"Responsible for operationalizing partner communication strategy through newsletter, partner portal, website, social media, and planning regional meetings and other communications forums.
Platform Administrator	Victoria Kolonikina / MHVC	Responsible for configuring and managing IT platforms including Salesforce partner portal and performance logic systems
Community Engagement Manager	Rachel Evans / MHVC	Responsible for Community Based Organization engagement strategy
Montefiore Strategic Planning & Analytics Department	Adam Block, Director Strategic Analytics & Yoon Yang, Analyst	Support of partner data analysis, PPS key indicator identification, inform performance thresholds and make recommendations.
Project Management Office	Pat Damrow, PMP	Responsible for providing project management support
Project Specialists	Cara Sceppaquercia, Emily Thorsen & Marilyn Wolff Diamond / MHVC	Responsible for coordinating project workgroups, creating and operationalizing project plans, and coordinating IT strategy implementation
Director of Practice Transformation	Tawana Howard-Eddings / MHVC	Responsible for PCMH engagement strategy and execution for Primary Care Practices within the MHVC network , network analysis, PCMH vendor management, facilitation of PCMH readiness assessments, and identification of training needs around PCMH certification.
Director of Quality & innovation	Natalee Hill / MHVC	Responsible for engaging partners around quality improvement initiatives, and development and execution of strategy to support development of QI skills at provider organizations including

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 7.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
MHVC Steering Committee, IT Sub-Committee, Workforce Sub-committee, Clinical Quality Sub-committee and workgroups	Project and DSRIP governance	Provide advisory services to meet DSRIP goals and objectives, in conjunction with MHVC and Montefiore Health System leadership
External Stakeholders		
Professional groups (JHMCA, CBHS)	Membership drawn from practitioner groups at provider partners.	Provide input on PPS activities / issues that affect the group
Medical Societies of the Hudson Valley	Provide discussion and feedback on clinical changes.	Provide input as needed on protocols . Help to engage provider partners in transformation (PCMH)
Hudson Region DSRIP Public Health Council	Cross PPS Collaboration with DSRIP staff representation from MHVC, Refuah and WMC, as well as multiple CBO partners and LGUs	Cross PPS collaboration to engage multiple stakeholders and Local Government Units
Hudson Region DSRIP Clinical Council	Cross PPS Collaboration: The medical directors from the 3 PPSs will co-chair this council with representation from clinical partners across the region. PHIP will convene the council	Responsible for aligning reporting and transformation strategies for providers in multiple PPSs, also focusing on market and policy issues external to PPS goals that impact provider experience. Cross PPS collaboration on strategies to impact High Performance Metrics.
PHIP – Public Health Implementation Program	Convene stakeholders and establish neutral forums for identifying, sharing, disseminating and helping implement best practices to reach the triple aim. Convene Cross PPS collaborative (HR DSRIP Clinical Council) meetings	Facilitate provider engagement, facilitate cross PPS collaboration, convene meetings
Local Government Units (LGUs)	Supporting organization	Participate in partner engagement strategy, provide regional guidance to align with organizational strategic objectives. Provide guidance and support for CBO engagement stratgies

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 7.7 - IT Expectations

Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream.

The practitioner engagement workstream depends upon a centralized repository of practitioner data that is well managed and readily accessible. This is required to support effective communication with practitioners through multiple channels, as well performance reporting across partners. The technology solutions for communication and performance reporting will need to be aligned with DSRIP requirements and goals. Practitioners will need to adopt these solutions, although we recognize the need for sensitivity to the various levels of IT readiness across partners.

IPQR Module 7.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

Success in this workstream will be defined as progress towards establishing full practitioner engagement and education. We will closely monitor the groups, progress reports, and educational outcomes in line with the milestones outlined above. The PPS will encourage engaging participation of CBOs and professional organizations and track improvement in participation. Enhanced practitioner engagement will be monitored closely in parallel with success on scale and speed performance metrics.

IPQR Module 8.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in implementing these cross-cutting organizational strategies, including potential impacts on specific projects and, crucially, any risks that will undermine your ability to achieve outcome measure targets.

Key risks and associated mitigation strategies for population health management include:
1) IT infrastructure development: Approximately 40% of our PPS members are connected to the local RHIO and 30% receive meaningful use incentives. Conducting a needs assessment and developing our technology strategy becomes a core foundation for DSRIP, and we have already begun these activities. One of our earlier implementation milestones is the development of this program.
2) PCMH Level 3: Only about 20% of the primary care providers in our PPS have achieved Level 3 certification in 2014, compared to 25% statewide. We need to rapidly identify ways to mitigate this and will have a plan in place by DY1, Q3.
3) Timing and content of claims data from the DOH: Claims data is critical for our PPS's ability to identify target populations and perform risk stratification. A delay in receiving this information, (such as the delay expected due to the Opt-Out process) will set us behind, seeing as it will take significant time to analyze the data once we have it. Further, if the data doesn't have what we need to do member identification properly (e.g., cost data), this could compromise our population health efforts. In addition if a significant number of our attributed population do opt out of data sharing this would represent a risk. To mitigate these risks, we encourage the DOH for expedient delivery of the data that includes cost data, as well as consider other potential data sources to use in lieu of claims data. We will also educate our partners about the opt-out process so that they will be able to help educate their patients about the benefits of data sharing.
4) Adequate workforce: may be insufficient workforce initially to staff medical villages. To mitigate, will need to integrate carefully with workforce plan so that hiring will lead staffing needs. Training program will need to prepare workforce to be flexible to meet changing operational structure.
5) Patient engagement: inadequate patient engagement with this new model is a risk. To mitigate, will need to develop patient communications to be delivered via medical villages to help patients adapt to this new model of care and associated referral/medical team patterns

The specific risks around bed reduction are detailed in the medical village section of this plan.

IPQR Module 8.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

IT Systems and Processes: Core foundation for population health management
Clinical Integration: Development of care coordination shared services and training programs to be done based on definition of the target population
Cultural competency and workforce: will ensure medical village staff is prepared to adapt to new referral patterns and patient types
Project 2.a.iv: Bed reduction will be driven partly by medical village development, with shared activities related to planning and stakeholder management

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Projects 2.a.i, 2.a.iii, and 2.b.iii: Care management of high-risk populations will be critical to the success of these domain 2 projects
Governance: Structure needs to enable accountability for IT and PCMH standards, as well as to align on the bed reduction plan.
Financial Sustainability: Financial assessment is a key input and sustainability a key output for population health management - with a need for financial modeling of bed reduction impact and gains from value-based arrangements. We have built this into our implementation plan and expect to complete it in the first half of DY1.

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 8.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational work stream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Executive Director	Allison McGuire/MHVC	Lead DSRIP office on development and implementation of Population Health Management strategy including long term post DSRIP sustainability planning. (Hudson Valley IPA strategy)
Director, CMO IT	Chuck Anderson	Network IT assessment, planning for infrastructure development, development and implementation of IT strategy.
Medical Director	Damara Gutnick, MD/MHVC	Facilitate Population Health Management Workgroup. Engage diverse stakeholder groups in strategic discussion around shared service needs and population health initiatives.
Director of Quality Improvement , Montefiore CMO, Montefiore Pioneer ACO, Senior Director, CMO-Network Care Management	Vanessa Guzman John Williford	Provide subject matter expertise to inform DSRIP population health management strategy including, network development, contributing to PCMH vendor selection process, and sharing successful population health management initiatives utilized by the Montefiore CMO and Pioneer ACO.
Associate Director, External Operations	Adam Goldstein	Responsible for facilitating discussions with diverse stakeholder groups around Population Health Management Strategy and need for shared services. (COPE)
Director of Practice Transformation	Tawana Howard-Eddings	Responsible for PCMH engagement strategy and execution for Primary Care Practices within the MHVC network , network analysis, PCMH vendor management, facilitation of PCMH readiness assessments, and identification of training needs around PCMH certification.
Director of Quality & innovation	Natalee Hill	Responsible for engaging partners around quality improvement initiatives, and development and execution of strategy to support development of QI skills at provider organizations including strategy to provide PDSA technical assistance to CBO's.
Montefiore Strategic Planning & Analytics Department	Adam Block, Director Strategic Analytics & Yoon Yang, Analyst	Responsible for partner segmentation using analytics
Project Management Office	Pat Damrow, PMP	Responsible for providing project management support
Provider Relations Specialists	Aliza Travis & Stephanie Nieto	Responsible for operationalizing partner communication strategy through newsletter, website, social media, and planning regional meetings and other communications forums.
Community Engagement Manager	Rachel Evans	Responsible for Community Based Organization engagement strategy

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 8.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
MHVC Steering Committee, IT Sub-Committee, Workforce Sub-committee, Clinical Quality Sub-committee and workgroups	Project and DSRIP governance	Provide advisory services to meet DSRIP goals and objectives, in conjunction with MHVC and Montefiore Health System leadership
Partner Health Homes	Will be critical to development and execution of population health strategy	Input into population health and care management strategy
Montefiore Care Management Organization	Will be critical to development and execution of population health strategy	Planning and implementation of care management strategy across network
Montefiore IT department	Needed to support central analytics and data management	Needs assessment and strategy development
Director of Quality Improvement , Montefiore CMO Montefiore Pioneer ACO, Senior Director, CMO-Network Care Management	Vanessa Guzman John Williford	Provide subject matter expertise to inform DSRIP population health management strategy including, network development, contributing to PCMH vendor selection process, and sharing successful population health management initiatives utilized by the Montefiore CMO and Pioneer ACO.
External Stakeholders		
HealthLinkNY (Local RHIO)	Supporter	Enhancing uptake of connectivity among PPS providers
DOH	Data source	Provide data required to identify members in target populations at assess risk level
Local Government Units (County)	Supporting organizations	Participate in prevention and smoking cessation agenda and in crisis stabilization planning, offer insights toward population health management strategy
Medical Societies of the Hudson Valley	Provide discussion and feedback on clinical changes.	Provide input on PPS activities / issues that affect the group
Neighboring PPS Networks	Potential collaboration on project guidance and implementation	Input into project guidance / joint communications to practitioners.
Hudson Region DSRIP Public Health Council	Cross PPS Collaboration with DSRIP staff representation from MHVC, Refuah and WMC, as well as multiple CBO partners and LGUs	Cross PPS collaboration to engage multiple stakeholders and Local Government Units.
Hudson Region DSRIP Clinical Council	Cross PPS Collaboration: The medical directors from the 3 PPSs will co-chair this council with representation from clinical partners across the region. PHIP will convene the council	Responsible for aligning reporting and transformation strategies for providers in multiple PPSs, also focusing on market and policy issues external to PPS goals that impact provider experience. Cross PPS collaboration on strategies to impact High Performance Metrics.

IPQR Module 8.7 - IT Expectations

Instructions :

Please describe the current Population Health Management IT capabilities in place throughout your PPS network and what your plans are at this stage for leveraging these capabilities and/or developing new IT infrastructure.

We are in the process of selecting new IT infrastructure, in conjunction with the Bronx PPS that will build on the experience of the Montefiore Care Management Organization to develop a robust approach to population health. The selection process is being performed by a cross-functional team with clinical, operational, and technology subject matter experts. We are considering three vendors who have completed self-assessments and three days of application demonstration.

We will also work with our local RHIO(s) and PPS leads in the Hudson Valley and leadership to require all partners to connect with the RHIO to service our attributed population. This will give us the ability to gather robust data to inform the success of population management.

IPQR Module 8.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

Success in this workstream will be defined as progress towards establishing improved population health. We will closely monitor our partners' transition to improved clinical care within the integrated value based system in order to meet the milestones outlined above.

IPQR Module 9.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in improving the level of clinical integration throughout your network and achieving the milestones described above. Describe potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

We foresee two major risks to clinical integration and have developed mitigation strategies to address them:
1) IT integration: Only 40% of our partners are connected to the local RHIO and ~30% receive Meaningful Use incentives. Focus groups with staff and peers of partner organizations show that there is a gap in systems for sharing treatment plans and EHR across provider sites. To address these technology gaps, we have launched a partner technology and capability survey to rapidly assess partner needs and plan against them, such that the PPS is ready for performance milestones beginning in DY2.
2) Ensuring best practice care coordination and management of care transitions: Given the heterogeneity in member needs and in provider and CBO structures across the 7 counties, we need to strike a balance between standardization and regional tailoring. In the system design for care coordination, MHVC will work with our partners to identify activities that are to be deployed centrally, ones that will be standardized and those that will be tailored/customized locally. Our planned regional learning collaboratives will allow partners to share best practices for implementation. Finally, we would like to finalize training programs by the end of DY2, such that they can be rolled out to staff in time for the start of the performance period.

IPQR Module 9.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

IT Systems and Processes: Core foundation for clinical integration
Practitioner Engagement: Training modules need to ensure best practice adoption together with appropriate regional training, and be developed and rolled out in time for the performance period.
Governance: Structure needs to enable accountability for clinical integration standards, with appropriate degree of central management and regional autonomy.

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 9.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Executive Director	Allison McGuire/ MHVC	Lead DSRIP office on development and implementation of Population Health Management strategy including long term post DSRIP sustainability planning. (Hudson Valley IPA strategy)
Director of CMO IT	Chuck Anderson	Network IT assessment, planning for infrastructure development, development and implementation of IT strategy.
Medical Director	Damara Gutnick, MD/ MHVC	Facilitate Population Health Management Workgroup. Engage diverse stakeholder groups in strategic discussion around shared service needs and population health initiatives.
Director of Quality Improvement , Montefiore CMO, Montefiore Pioneer ACO, Senior Director, CMO-Network Care Management	Vanessa Guzman John Williford	Provide subject matter expertise to inform DSRIP population health management strategy including, network development, contributing to PCMH vendor selection process, and sharing successful population health management initiatives utilized by the Montefiore CMO and Pioneer ACO.
Associate Director, External Operations	Adam Goldstein	Responsible for facilitating discussions with diverse stakeholder groups around Population Health Management Strategy and need for shared services. (COPE)
Director of Practice Transformation	Tawana Howard-Eddings	Responsible for PCMH engagement strategy and execution for Primary Care Practices within the MHVC network , network analysis, PCMH vendor management, facilitation of PCMH readiness assessments, and identification of training needs around PCMH certification.
Director of Quality & Innovation	Natalee Hill	Responsible for aligning reporting and transformation strategies for providers in multiple PPSs, also focusing on market and policy issues external to PPS goals that impact provider experience. Cross PPS collaboration on strategies to impact High Performance Metrics.
Montefiore Strategic Planning & Analytics Department	Adam Block, Director Strategic Analytics & Yoon Yang, Analyst	Responsible for partner segmentation using analytics
Project Management Office	Pat Damrow, PMP	Responsible for providing project management support
Provider Relations Specialists	Aliza Travis and Stephanie Neito	Responsible for operationalizing partner communication strategy through newsletter, website, social media, and planning regional meetings and other communications forums.
Community Engagement Manager	Rachel Evans	Responsible for Community Based Organization engagement

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 9.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
MHVC Steering Committee, IT Sub-Committee, Workforce Sub-committee, Clinical Quality Sub-committee and workgroups	Project and DSRIP governance	Provide advisory services to meet DSRIP goals and objectives, in conjunction with MHVC and Montefiore Health System leadership
Partner Health Homes	Will be critical to development and execution of population health strategy	Input into care management strategy
Director of Quality Improvement , Montefiore CMO Montefiore Pioneer ACO, Senior Director, CMO-Network Care Management	Vanessa Guzman John Williford	Provide subject matter expertise to inform DSRIP population health management strategy including, network development, contributing to PCMH vendor selection process, and sharing successful population health management initiatives utilized by the Montefiore CMO and Pioneer ACO.
External Stakeholders		
Local RHIO	Supporter	Enhancing uptake of connectivity among PPS providers
DOH	Data source	Provide data required to identify members in target populations at assess risk level
Medical Societies of the Hudson Valley	Provide discussion and feedback on clinical changes.	Provide input as needed on protocols. Help to engage provider partners in transformation (PCMH)
Hudson Region DSRIP Clinical Council	Cross PPS Collaboration: The medical directors from the 3 PPSs will co-chair this council with representation from clinical partners across the region. PHIP will convene the council	Responsible for aligning reporting and transformation strategies for providers in multiple PPSs, also focusing on market and policy issues external to PPS goals that impact provider experience. Cross PPS collaboration on strategies to impact High Performance Metrics.
PHIP - Public Health Implementation Program	Convene stakeholders and establish neutral forums for identifying, sharing, disseminating and helping implement best practices to reach the triple aim. Convene Cross PPS collaborative (HR DSRIP Clinical Council) meetings	Facilitate provider engagement, facilitate cross PPS collaboration, convene meetings
Professional groups	Membership drawn from practitioner groups at provider partners.	Provide input on PPS activities / issues that affect the group
CBHC	CBO – BH IPA	Provide input on PPS activities / issues that affect the group
Addiction and Recovery Based Providers (Arms Acres, Lexington Center for Recovery	CBO- Addiction and Recovery Based Programming	Provide input on PPS activities / issues that affect the group
NCQA	PCMH accrediting body	Resource for PCMH certification process, as needed

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 9.7 - IT Expectations

Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream.

Shared IT infrastructure will be critical to achieving clinical integration across providers. The IT transformation team will work with the clinical teams to (1) identify IT requirements needed to achieve clinical integration and data sharing goals (including EHR adoption, access to the RHIO, and access to a Care Management platform); (2) integrate these requirements into the final IT strategy; and (3) implement and support the strategy.

IPQR Module 9.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

Success in this workstream will be defined as progress from DY1 Q2 through the end of DY 5 towards establishing the achievement of clinical integration by provider type to grow the value-based arrangements. We will closely monitor our contracts with MCOs and our partners' transition to an integrated value based system fully staffed with educated providers in order to meet the milestones outlined above with positive clinical outcomes evidenced by high achievement on the metrics that drive DSRIP incentive-base payments by DOH to the PPS.

IPQR Module 9.9 - IA Monitoring:

Instructions :

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Section 10 – General Project Reporting

IPQR Module 10.1 - Overall approach to implementation

Instructions :

Please summarize your intended approach to the implementation of your chosen DSRIP projects, including considerations around how this approach will allow for the successful development of concurrently implementing DSRIP projects.

Throughout the implementation planning period, we have worked with our partners to ensure they understand DOH requirements for participation and begun identifying which providers will participate in each project over the five year timeframe. Partners will opt in to projects via the execution of cooperating partner agreements, which will include addendums that outline project participation requirement including, performance reporting.

We are also working to develop a comprehensive set of shared services that will support common elements across projects and assist providers in design and implementation of projects, for example care management services. We expect these services to ensure successful development and implementation of all projects across the PPS. This approach ensures that elements that are common to multiple projects will only be done once, and that the PPS can benefit from standardization and /or centralization of common elements where appropriate.

Project implementation will be supported by a partner support team, together with partner project leads. The partner support team will be responsible for tracking project progress and ensure that partners are able to meet project requirements in keeping with speed and scale commitments.

IPQR Module 10.2 - Major dependencies between work streams and coordination of projects

Instructions :

Please describe how your approach will handle interdependencies between complementary projects, as well as between projects and cross-cutting PPS initiatives - for example, an IT infrastructure upgrade, or the establishment of data sharing protocols.

There are extensive interdependencies between projects within our portfolio. Many project requirements apply to multiple projects, particularly IT requirements. For example, the success of our projects relies on the ability of partners to meet EHR and data sharing requirements. There are also many synergies between projects. For example, the patient care navigators that are central to the ED care triage project will also contribute to the success of domain 3 projects, such as behavioral health crisis stabilization and asthma management. Care management and care coordination will also be critical for multiple projects.

Further, there are interdependencies between all organizational workstreams and the projects they support. For example, workforce changes will be a direct result of project implementation, and adequately trained staff will be critical to the success of projects. Project specilaists and the workforce team will work closely together to determine the workforce needs of each project.

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 10.3 - Project Roles and Responsibilities

Instructions :

Please outline the key individuals & organizations that play a role in the delivery of your PPS's DSRIP projects, as well as what their responsibilities are regarding governance, implementation, monitoring and reporting on your DSRIP projects.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Executive Director	Allison McGuire / MHVC	Oversight of DSRIP implementation
Medical Director	Damara Gutnick, MD / MHVC	Planning and design of clinical project elements
Director of CMO IT	Chuck Anderson	Partner IT transformation support and coordination of IT services in conjunction with MIT operations, Performance reporting management
Director of Workforce & Training	Joan Chaya, MHVC	Lead - workforce transformation activities; accountable for all milestones and reporting requirements above
Finance Manager	Richard, Ng/MHVC	Monitor progress towards DSRIP budget, funds flow, and financial sustainability (including some reporting requirements); oversee PPS accounting and cash management functions (including treasury/banking)
Montefiore Strategic Planning Analytics Department	Adam Block / Driector of Strategic Analytics/ Montefiore Health System	Support of partner data analysis ,PPS key indicator identification, inform performance thresholds and make reporting recommendations
Project Management Office	Patricia Damrow/MHVC	Responsible for overseeing DSRIP project implementation efforts and providing project management support
Reporting Specialist	Christina Hamilton / MHVC	Responsible for facilitating PPS and Partner reporting activities
Project Specialists	Marilyn Wolf Diamond, Emily Thorsen / MHVC	Central project coordination-support the implementation of DSRIP initiatives through provider engagement, training
Platform Administrator	Victoria Kolonikina, / MHVC	Responsible for the configuration of DSRIP reporting platform

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 10.4 - Overview of key stakeholders and how influenced by your DSRIP projects

Instructions :

In the below table, please set out who the key stakeholders are that play a major role across multiple DSRIP projects. Please give an indication of the role they play and how they impact your approach to delivering your DSRIP projects.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
MHVC Steering Committee, Sub-Committees and Workgroups	Project and DSRIP governance	Provide advisory services to meet DSRIP goals and objectives, in conjunction with MHVC and Montefiore Health System leadership
External Stakeholders		
Labor unions	Union leaders / representatives	Collaboration on workforce transformation efforts, which will continue to evolve throughout project implementation
OASAS & OMH	Inform planning and implementation decisions	Insight into best practices, particularly for 3.a.i and 3.a.ii
Universities	Support education and training	Insight into best practices for training required to meet project requirements and outcomes
Hudson Regional DSRIP (HRD) Council	Regional Clinical Quality Council and Regional Public Health Council	Collaboration on select clinical topics, such as clinical methods and protocols
PHIP - Public Health Implementation Program	Convene stakeholders and establish neutral forums for identifying, sharing, disseminating and helping implement best practices to reach the triple aim. Convene Cross PPS collaborative (HR DSRIP Clinical Council) meetings	Facilitate provider engagement, facilitate cross PPS collaboration, convene meetings
DOH	Data Source	Provide data required to identify members in target populations and assess risk level
MCOs	Provide input as needed for specific decisions	Input and support as needed

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 10.5 - IT Requirements

Instructions :

Information technology will play a crucial role in the development of an effective, integrated performing provider system. It is likely that most projects will require some level of supporting IT infrastructure. Please describe the key elements of IT infrastructure development that will play a role in multiple projects.

As a PPS we are developing a strategy for design and implementation of IT infrastructure across four major categories:
1)Data collection, analytics and reporting -- we are building a shared capability to collect data from multiple sources (e.g., DOH, PPS partners, RHIO), perform analytics to support project implementation and monitor performance overtime and to generate reports to share progress and performance back with key stakeholders (e.g., DOH, PPS committees and PPS partners)
2) EHR adoption -- we are working with our partners to understand how many partners are in need of a Meaningful Use compliant EHR system and to develop a plan to facilitate implementation
3) HIE connectivity -- we have been working closely with the local RHIO to understand current level of connectivity and develop a plan to increase use of direct secure messaging and increase data exchange across the PPS and across the region
4) Care management platform -- we are in the process of assessing potential care management platforms and solutions that can enable care plan development and sharing across PPS partners
Note: We are facilitating communication between regional extension center and partners around EHR adoption and RHIO connectivity

IPQR Module 10.6 - Performance Monitoring

Instructions :

Please explain how your DSRIP projects will fit into your development of a quality performance reporting system and culture.

The overall success of the projects will be defined as progress toward establishing value-based, integrated system with successful performance reporting and improved outcomes over the five years of DSRIP. The DSRIP projects are critical to our performance reporting system (as described in the performance reporting section of this plan), which will track progress toward meeting the project requirements as well as the relevant outcomes. The MHVC office, project team, director of research and evaluation, and clinical committees will work closely with partners to track and support project success, which will include partners' transition to a value based system in keeping with project milestones.

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 10.7 - Community Engagement

Instructions :

Please describe your PPS's planned approach for driving community involvement in the DSRIP projects, how you will contract with CBOs for these projects, how community engagement will contribute to the success of the projects, and any risks associated with this.

MHVC's overall approach to community engagement is described in more detail in the Governance section of this implementation plan. We will define MHVC' s approach to engagement and communication with providers throughout the network and confirm regional structures to support this, leveraging MHVC's active participation in the Hudson Valley Population Health Improvement Program (PHIP) and through a series of stakeholder engagement events scheduled in the first half of DY1. Two of the key aspects of our plan for community engagement will be:

1. The role of CBOs in MHVC's initiatives and DSRIP projects
2. Our approach to cultural competency

Our approach to ensuring that CBOs play an active role in the MHVC DSRIP Program - and therefore that they help to foster strong community engagement in the DSRIP projects - will be based on the following steps. First, we would identify key CBO stakeholders through communication and engagement with MHVC Steering Committee members. We will then include these key CBOs within project planning workgroups (as well as other organizational work groups as applicable). We will then develop opportunities for CBO involvement and participation in the MHVC governance structure. Finally, we will identify communication channels for sharing information and resources with CBOs. This will include materials and updates on the DSRIP projects, made available through the weekly PPS newsletter and DSRIP website.

MHVC is revisiting its geographic approach to engagement and communication in conjunction with provider partners, as well as requesting feedback from regional coalitions such as the PHIP, in order to align more closely with the ideal participation model for stakeholders. This process will allow us to develop a model that supports effective community engagement in the DSRIP projects.

The cultural competency section of this Implementation Plan describes in more detail our approach to the development and implementation of a cultural competency strategy that will focus on priority groups from within the communities served by MHVC.

IPQR Module 10.8 - IA Monitoring

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Section 11 – Workforce

IPQR Module 11.1 - Workforce Strategy Spending (Baseline)

Instructions :

Please include details on expected workforce spending on a semi-annual basis. Funds may be shifted from one funding type category to another within the workforce strategy spending table, as long as the PPS adheres to their overall spend commitments. However, the PPS may apply a 25% discount factor to the DY1 Workforce Strategy Spend target. If the PPS applies this discount in DY1, the PPS will be expected to reallocate those funds appropriately in DY2-4 to fully meet their DY1-4 total commitment.

Funding Type	Year/Quarter										
	DY1(Q1/Q2)($)	DY1(Q3/Q4)($)	DY2(Q1/Q2)($)	DY2(Q3/Q4)($)	DY3(Q1/Q2)($)	DY3(Q3/Q4)($)	DY4(Q1/Q2)($)	DY4(Q3/Q4)($)	DY5(Q1/Q2)($)	DY5(Q3/Q4($)	Total Spending ($)

Define target workforce state (in line with DSRIP program's goals).	
Create a workforce transition roadmap for achieving defined target workforce state.	
Perform detailed gap analysis between current state assessment of workforce and projected future state.	
Produce a compensation and benefit analysis, covering impacts on both retrained and redeployed staff, as well as new hires, particularly focusing on full and partial placements.	
Develop training strategy.

IPQR Module 11.4 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges and risks that you foresee in achieving the milestones set out above, including potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

Several risks could interfere with our PPS's ability to achieve workforce milestones on time. First, there is the risk that regulatory waivers will be delayed or not approved, which will affect our ability to meet our milestones. To mitigate this risk, we will continue to work closely with the state on regulatory relief and advocate for faster timelines or reconsiderations as needed. Second, there is the risk that capital requests will not be approved, which will affect our ability to develop the infrastructure needed (e.g., online job boards) for the workforce transformation. In the event that this happens, we will explore alternative funding options, as well as alternative infrastructure solutions such as collaboration with other PPS's. Third, there is the risk that unanticipated lay-offs within the network could make it difficult to achieve our target workforce state. In the event that this happens, we will work with union leadership and internal and external stakeholders to minimize the impact of unanticipated lay-offs. Fourth there is a risk that partner organizations may not be able to mitigate regional wage disparities. To address this we will work closely with our partners to understand their compensation structures and capability to mitigate wage disparities, and ensure this is incorporated into our workforce transformation strategy. Fifth, there is a risk that labor strikes will impact our ability to conduct trainings according to planned timelines. In this case we will need to increase the number of trainings delivered once labor issues are resolved. Sixth, there may be resistance to change among staff, which we will address with a robust change management and engagement strategy. Finally, we will address potential workforce shortages by exploring possible incentives to work in underserved areas.

IPQR Module 11.5 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

The workforce workstream is interdependent with several other areas:

First, the workforce team will work closely with the cultural competency workstream on trainings. This will include using some of the same vendors / channels / resources for cultural competency training as for other workforce training, as well as incorporating cultural competency elements into staff training. In addition, analysis around underserved populations will inform the workforce needs assessment.

Second, the workforce team will work closely with the Partner Support and the Communications teams on general DSRIP education for practitioners, as well as overall workforce communications.

Third, the workforce team will work closely with the IT workstream and the performance reporting workstream on tools to track the retraining, redeployment, and hiring of new staff, as well as on job board and eLearning functions.

Finally, the workforce workstream will collaborate extensively with the Partner Support team and the MHVC Project Specialists (as well as the project leads at each partner) to identify the workforce needs of each project for each provider.

Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 11.6 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
MHVC Executive Director	Allison McGuire	Lead DSRIP office on workforce activities; manage DSRIP team
MHVC Director, Workforce and Training	Joan Chaya	Lead - workforce transformation activities; accountable for all milestones and reporting requirements above
MHVC Workforce Team	Maria Gerena, Workforce Development Manager; Adyna Gamboa, Training Specialist; Jasmine Cruz Sr HR Specialist	Execute all workforce transformation activities, and deliver milestones and reporting requirements above and training
Workforce Workgroup	Partner organization representatives	Input on workforce transformation strategy and Training
MHVC Project Specialists	Emily Thorsen, Cara Sceppaquercia, Marilyn Wolff-Diamond	Input on workforce transformation strategy; support in identifying workforce needs of projects and training
Co-Chair Workforce Committee	Kathy Pandekakes and Daniel Bengyak	Collaborate in creating meeting agendas, lead committee members in making decisions, monitor and approve workgroup tasks.

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 11.7 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved in your workforce transformation plans, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
Partner project leads	Project leads	Partner with MHVC workforce Director and Project Specialists on workforce and training needs and timelines for projects
Gloria Kenny, Montefiore VP of Human Resources	Montefiore VP of Human Resources	Planning and input on workforce transformation
Susan Roti, Montefiore Senior Director, Organization Development	Montefiore Senior Director Organization Development	Planning and input on workforce transformation
External Stakeholders		
External vendors	Provide services, including IT and training	Contracted services, including training, as needed
Labor groups	Labor / union representation	Collaborate on workforce strategy, including management and development of impacted union employees
CMO and Learning Network	Training and workforce strategy resource	Collaborate on workforce and training strategy

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 11.8 - IT Expectations

Instructions :

Please describe how the development of shared IT infrastructure across the PPS will support your plans for workforce transformation.

Our workforce transformation requires an IT platform that optimizes accessibility, robust application capabilities, and ease of use. This is because the workforce effort will have the broadest range of users with varying skill levels and needs (e.g., leaders of partner organizations; staff). Learning management and job board functionality will need to communicate information at appropriate levels to specified users. Alignment with the IT workstream will be integral to deliver on these needs. Using a tool based on 'software as a service' will address the accessibility issues. At a minimum, we will explore using IT infrastructure to track staff movement across the PPS, in order to account for redeployment as well as net new hires.

IPQR Module 11.9 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

Success in this workstream will be defined as progress towards delivering a workforce that is suited to meeting the needs of a value-based integrated health care delivery system. Developing and delivering the MHVC workforce strategy by the end of DY 5 (3/31/2020) will be the primary tool for achieving this and we will use the milestones outlined above to monitor progress towards this. Responsible stakeholders will be identified, and a collaborative data collection tool will be used that allows for real time reporting and performance scorecards. This system will collect and aggregate data for analysis and will be tailored to operationalizing and assessing the approved workforce strategy on an ongoing basis.

IPQR Module 11.11 - Workforce Strategy Spending (Quarterly):

Instructions :

Please include details on workforce spending. The workforce spending actuals should reflect only what was spent during the relevant quarters and is not cumulative across semi-annual periods. The PPS can shift funding across categories; e.g., from Retraining to New Hires. Please note that the "Cumulative Percent of Commitments Expended through Current DSRIP Year" section is calculated based on the total yearly commitments.

Benchmarks	
Year	**Amount($)**
Total Cumulative Spending Commitment through Current DSRIP Year(DY3)	5,880,222.50

Funding Type	Workforce Spending Actuals		Cumulative Spending to Date (DY1-DY5)($)	Cumulative Percent of Commitments Expended through Current DSRIP Year (DY3)
	DY3(Q1/Q2)($)	DY3(Q3/Q4)($)		
Retraining	874,963.30	0.00	1,468,885.42	40.14%
Redeployment	115,510.00	0.00	171,655.25	38.68%
New Hires	7,536.30	0.00	208,247.42	93.43%
Other	401,253.60	0.00	2,289,499.61	147.31%
Total Expenditures	**1,399,263.20**	**0.00**	**4,138,287.70**	**70.38%**

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Project 2.a.i – Create Integrated Delivery Systems that are focused on Evidence-Based Medicine / Population Health Management

IPQR Module 2.a.i.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

Risk: Ability to ensure care planning is integrated across partners, particularly considering partners within our PPS are at differing levels of IT capabilities and are on differing platforms.

Mitigation: Expand the IT platforms of health homes in the region and leverage the experience of our partners innovating in this realm to develop practical IT solutions for our partner organizations in the early stages of IT development. The IT survey will provide current state assessment which will feed into mitigating this risk

Risk: Financial and/or Cultural readiness of partners for the shift to value-based payment models and risk-based arrangements.

Mitigation strategies include: a) Leverage the experience of Montefiore and other partners with value based payment models and practice transformation b) Engage in regular outreach and communication with partners, focused on aligning them to shifting payment models.

Risk: MHVC applied for regulatory relief in a number of areas as part of its Organizational Application.

Mitigation: Pursue the potential alternatives to regulatory waivers detailed in the application.

Further, the PPS will need to address the challenges of engaging members, especially considering 20-30% of respondents to our CNA said they were not aware of how to access healthcare services. This current lack of awareness poses significant risk to meeting speed and scale goals. We will do this through active outreach to community organizations and local health departments to educate patients about our PPSs projects, as well as a public facing website to help engage the community in our efforts. We will track efforts to reaching patient engagement targets, and escalate accordingly (e.g. if we are behind on care plan speed and scale targets, we will escalate outreach and communications support through CBOs).

Risk: Receipt of timely claims data provided by the state, and opt out sharing this would represent a risk.

Mitigation strategies include: a) Encourage the DOH for expedient delivery of the data that includes cost data, as well as consider other potential data sources to use in lieu of claims data. b) Educate our partners about the opt-out process so that they will be able to help educate their patients about the benefits of data sharing.

Risk: Impact of ICD-10 rollout on providers resources, workflow and project timelines.

Mitigation: Survey partners to access if they anticipate that ICD-10 will negatively impact work and timelines. If so, we will develop strategies or adjust timelines to to address these risks.

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 2.a.i.2 - Prescribed Milestones

Instructions :

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for prescribed milestones. For milestones that are due and completed within the reporting period, documentation is required to provide evidence of project requirement achievement. Any explanations regarding altered or missed provider commitments should be included within the narrative box, not as text within uploaded documentation.

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Milestone #1 All PPS providers must be included in the Integrated Delivery System. The IDS should include all medical, behavioral, post-acute, long-term care, and community-based service providers within the PPS network; additionally, the IDS structure must include payers and social service organizations, as necessary to support its strategy.	DY3 Q4	Project	N/A	Completed	01/01/2016	03/31/2017	01/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task PPS includes continuum of providers in IDS, including medical, behavioral health, post-acute, long-term care, and community-based providers.		Project		Completed	01/01/2016	09/30/2016	01/01/2016	09/30/2016	09/30/2016	DY2 Q2

Prescribed Milestones Narrative Text

Milestone Name	Narrative Text
All PPS providers must be included in the Integrated Delivery System. The IDS should include all medical, behavioral, post-acute, long-term care, and community-based service providers within the PPS network; additionally, the IDS structure must include payers and social service organizations, as necessary to support its strategy.	
Utilize partnering HH and ACO population health management systems and capabilities to implement the PPS' strategy towards evolving into an IDS.	
Ensure patients receive appropriate health care and community support, including medical and behavioral health, post-acute care, long term care and public health services.	
Ensure that all PPS safety net providers are actively sharing EHR systems with local health information exchange/RHIO/SHIN-NY and sharing health information among clinical partners, including directed exchange (secure messaging), alerts and patient record look up, by the end of Demonstration Year (DY) 3.	
Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3.	
Perform population health management by actively using EHRs and other

Instructions :

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Project 2.a.iii – Health Home At-Risk Intervention Program: Proactive management of higher risk patients not currently eligible for Health Homes through access to high quality primary care and support services

IPQR Module 2.a.iii.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

Risk: Delay in claims data has prevented our ability to risk stratify the population and identify the at risk population

Mitigation: HH at Risk workgroup has discussed leveraging partners internal capacity to identify members with targeted chronic conditions for initial program focus.

Risk: IT readiness of partners for integrated care plans and interactions / transitions among partners.

Mitigation: a) Ensure easily implementable integration strategies are in place, such as increasing EHR and RHIO adoption; and b) focus on longer-term solutions, including building a more uniform and sustainable IT infrastructure with a common IT platform and common care-management tools.

Risk: Strain on central resources due to ambitious speed and scale targets

Mitigation: Consistently encourage advance planning through provider communications and supply additional support as needed before deadlines.

Risk: Enrolling members in care management will be difficult if contact information is either out of date or unavailable.

Mitigation: Leverage IT infrastructure to enable our partners to quickly share data and access member contact information, often available through inpatient discharge paperwork, community signup sheets, etc.

Risk: Ability to scale the care management model from the smaller models in existence today, while gaining partner alignment across the network.

Mitigation: Train the workforce in best-in-class practices throughout the region

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 2.a.iii.2 - Patient Engagement Speed

Instructions :

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

IPQR Module 2.a.iii.3 - Prescribed Milestones

Instructions :

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for prescribed milestones. For milestones that are due and completed within the reporting period, documentation is required to provide evidence of project requirement achievement. Any explanations regarding altered or missed provider commitments should be included within the narrative box, not as text within uploaded documentation.

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Milestone #1 Develop a Health Home At-Risk Intervention Program, utilizing participating HHs as well as PCMH/APC PCPs in care coordination within the program.	DY2 Q4	Project	N/A	Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task A clear strategic plan is in place which includes, at a minimum: - Definition of the Health Home At-Risk Intervention Program - Development of comprehensive care management plan, with definition of roles of PCMH/APC PCPs and HHs		Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task 1. Establish the HH at Risk Workgroup (including at a minimum: HHs, PCPs, Hospitals, CBOs), sitting under Clinical Sub-committee.		Project		Completed	10/01/2015	12/31/2015	10/01/2015	12/31/2015	12/31/2015	DY1 Q3
Task 2. In consultation with HH at Risk workgroup and Montefiore CMO define HH at Risk population		Project		Completed	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1
Task 3. Define the services to be provided to HH at Risk population. (Assessment, creation of Care plan, etc)		Project		Completed	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1
Task 4. In consultation with HH at Risk Workgroup and Montefiore CMO co- create standardized assessment and referral workflow for HH at risk members deemed HH eligible		Project		Completed	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1
Task 5. Define interim mechanism of communicating patients identified as HH at risk members to partners		Project		Completed	10/01/2016	03/31/2017	10/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task 6. Co-create a provider level tool kit to include a standard comprehensive care plan and assessments		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 7. Assess partner capability/desire to provide CM services		Project		Completed	07/01/2016	09/30/2016	07/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 8. Develop partner approach to CM - centralized vs. localized depending on assessment results, and clearly define roles of all		Project		Completed	07/01/2016	09/30/2016	07/01/2016	09/30/2016	09/30/2016	DY2 Q2

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
parties (HHs, PCMH/APC and PCPs)										
Task 9. Access existing and develop proposed workflows at partner sites to support implementation of CM approach		Project		Completed	07/01/2016	03/31/2017	07/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task 10. In consultation with Workforce Lead complete assessment of CM staffing needs at each participating site		Project		Completed	10/01/2016	12/31/2016	10/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task 11. In consultation with Workforce Lead and Cultural Competency Lead create training curriculum		Project		Completed	07/01/2016	03/31/2017	07/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task 12. Present HH at Risk model and co-created toolkit to Clinical Quality Sub-Committee and Workforce Sub-Committee for review and comment.		Project		Completed	07/01/2016	09/30/2016	07/01/2016	09/30/2016	09/30/2016	DY2 Q2
Milestone #2 Ensure all eligible primary care providers participating in the project meet NCQA (2011) accredited Patient Centered Medical Home, Level 3 standards and will achieve NCQA 2014 Level 3 PCMH and Advanced Primary Care accreditation by Demonstration Year (DY) 3.	DY3 Q4	Project	N/A	In Progress	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task All eligible practices meet NCQA 2014 Level 3 PCMH and APCM standards		Provider	Practitioner - Primary Care Provider (PCP)	In Progress	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task 1.Establish PCMH/APA Certification Working Group to finalize PPS wide roadmap for achieving 2014 Level 3 certification for all relevant providers		Project		Completed	10/01/2015	12/31/2015	10/01/2015	12/31/2015	12/31/2015	DY1 Q3
Task 2. Assess PCMH readiness and certification, using a phased strategy, look at those currently in PCMH and assess gap to 2014 standards (building on results from Feb 2015 IT survey of partners)		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task 3. Assess risks and benefits of various strategies of support for PCMH. Ie. (Vendors vs build)		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task 4. Identify practices on track (Phase 1) for Level 3 NCQA PCMH transformation vs. those requiring active support (Phase 2) and establish two pathways for phased implementation and support for Level 3 PCMH transformation.		Project		Completed	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1
Task		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3

New York State Department Of Health

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
5. Develop plan to increase adoption of EHR and achievement of Meaningful Use / PCMH 2014 Level 3 standards, including multiple levels of support and timelines to account for different levels of readiness amongst providers.										
Task 6. Develop strategy to align NCQA 2014 PCMH attainment goals with project requirements (i.e. Cardiovascular project crosswalk)		Project		Completed	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1
Task 7. Assess current progress toward meaningful use/PCMH targets and initiate outreach to organizations that are not on track.		Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Milestone #3 Ensure that all participating safety net providers are actively sharing EHR systems with local health information exchange/RHIO/SHIN-NY and sharing health information among clinical partners, including direct exchange (secure messaging), alerts and patient record look up.	DY3 Q4	Project	N/A	In Progress	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task EHR meets connectivity to RHIO's HIE and SHIN-NY requirements.		Provider	Safety Net Practitioner - Primary Care Provider (PCP)	In Progress	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task EHR meets connectivity to RHIO's HIE and SHIN-NY requirements.		Provider	Safety Net Practitioner - Non-Primary Care Provider (PCP)	In Progress	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task EHR meets connectivity to RHIO's HIE and SHIN-NY requirements.		Provider	Safety Net Case Management / Health Home	In Progress	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task PPS uses alerts and secure messaging functionality.		Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task 1. Assess safety net providers data sharing requirements, HIE connectivity and QE data sharing capabilities		Project		Completed	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1
Task 2. Coordinate with local QE and Cross PPS HIT/HIE workgroup to develop strategy to increase participation adoption and integration		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 3. In current state IT assessment catalogue IT capabilities and prioritize partner adoption plan		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 4. Engage provider to integrate the use of Direct Messaging, alerts, patient record lookup into practice workflows as appropriate		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3

Montefiore Hudson Valley Collaborative (PPS ID:19)

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Task 5. Initiate outreach to organizations that have not begun process of sharing information with RHIO		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 6. Implement a process of addressing continuous improvement and training utilizing learning collaboratives		Project		Completed	07/01/2016	12/31/2016	07/01/2016	12/31/2016	12/31/2016	DY2 Q3
Milestone #4 Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM.	DY3 Q4	Project	N/A	In Progress	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task EHR meets Meaningful Use Stage 2 CMS requirements (Note: any/all MU requirements adjusted by CMS will be incorporated into the assessment criteria).		Project		In Progress	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task PPS has achieved NCQA 2014 Level 3 PCMH standards and/or APCM.		Provider	Safety Net Practitioner - Primary Care Provider (PCP)	In Progress	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task 1.Define scope and assess eligible participating partners		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 2. Assess current level of connectivity and EHR usage by provider site across PPS on results from Feb 2015 IT survey of partners)		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 3. Develop and implement plan to increase adoption of EHR and achievement of PCMH 2014 Level 3 standards in partnership with PPS partners. The plan will outline engagement strategy for providers at varying levels of readiness.		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 4. Support partner EHR Implementations and PCMH standards adoption		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task 5. Track status and manage progress toward PCMH targets and initiate outreach to organizations that are not on track.		Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Milestone #5 Perform population health management by actively using EHRs and other IT platforms, including use of targeted patient registries, for all participating safety net providers.	DY3 Q4	Project	N/A	Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task PPS identifies targeted patients through patient registries and is able to track actively engaged patients for project milestone		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3

reporting.										
Task 1. Assess current level of connectivity across PPS (refresh of survey completed in Feb. 2015)		Project		Completed	10/01/2015	12/31/2015	10/01/2015	12/31/2015	12/31/2015	DY1 Q3
Task 2. Develop plan for implementing relevant IT platforms to support care management & other population health activities in collaboration with PPS partners		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task 3. Utilize data available on attributed population to begin creating relevant patient registries		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 4. Utilize data available on attributed population to begin creating relevant patient registries		Project		On Hold	04/01/2015	03/31/2020	04/01/2015	03/31/2020	03/31/2020	DY5 Q4
Task 5. Establish data analytics function to support registries. Reporting will be enhanced as more data becomes available and IT platforms are implemented.		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3
Milestone #6 Develop a comprehensive care management plan for each patient to engage him/her in care and to reduce patient risk factors.	DY3 Q4	Project	N/A	In Progress	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task Procedures to engage at-risk patients with care management plan instituted.		Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task 1. Convene HH at Risk Workgroup to participate in the development of standardized assessment and care plan elements		Project		Completed	10/01/2015	12/31/2015	10/01/2015	12/31/2015	12/31/2015	DY1 Q3
Task 2. Access current systems in use by Health Homes, CBOs and Primary Care Sites. (ability to identify patients needing services, ability generate alerts based on evidence based guidelines, ability to communicate with HIE)		Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task 3. Develop reports and plan to implement alerting functionality to identify members that would benefit from care management		Project		Completed	01/01/2017	09/30/2017	01/01/2017	09/30/2017	09/30/2017	DY3 Q2
Task 4. Develop policies and procedures detailing protocols for initiating outreach, assessments used, and for interoperability		Project		In Progress	10/01/2016	03/31/2018	10/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task		Project		Completed	04/01/2017	09/30/2017	04/01/2017	09/30/2017	09/30/2017	DY3 Q2

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
5. Define mechanism for partners to report to PPS at risk members not identified in stratification for inclusion in HH at risk denominator										
Task 6. Establish regular reporting based on agreed upon standards to monitor HH @ risk engagement report and patients not yet engaged		Project		Completed	10/01/2016	12/31/2016	10/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task 7. Define, in conjunction with HH at Risk Workgroup and Workforce Sub-Committee, training curriculum for PPS provider staff		Project		Completed	01/01/2017	09/30/2017	01/01/2017	09/30/2017	09/30/2017	DY3 Q2
Task 8. Design ongoing analysis and communications process utilizing claims data to track progress of engaged patients and to monitor for new patient at risk identification.		Project		Completed	10/01/2016	12/31/2016	10/01/2016	12/31/2016	12/31/2016	DY2 Q3
Milestone #7 Establish partnerships between primary care providers and the local Health Home for care management services. This plan should clearly delineate roles and responsibilities for both parties.	DY2 Q4	Project	N/A	Completed	07/01/2016	03/31/2017	07/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Each identified PCP establish partnerships with the local Health Home for care management services.		Provider	Practitioner - Primary Care Provider (PCP)	Completed	01/01/2017	03/31/2017	01/01/2017	03/31/2017	03/31/2017	DY2 Q4
Task Each identified PCP establish partnerships with the local Health Home for care management services.		Provider	Case Management / Health Home	Completed	01/01/2017	03/31/2017	01/01/2017	03/31/2017	03/31/2017	DY2 Q4
Task 1. HH At Risk Workgroup in consultation with the CMO to create a resource repository describing the full range of tools and resources available to support PCP's in the CM process		Project		Completed	07/01/2016	03/31/2017	07/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task 2. PCP training curriculum will include policies and procedures to guide use of resource repository and referrals for Care Management		Project		Completed	10/01/2016	03/31/2017	10/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task 3. Establish communication links between PCP and health homes (e.g. community forum)		Project		Completed	07/01/2016	03/31/2017	07/01/2016	03/31/2017	03/31/2017	DY2 Q4
Milestone #8 Establish partnerships between the primary care providers, in concert with the Health Home, with network resources for needed services. Where necessary, the provider will work with local government units (such as SPOAs and public health	DY2 Q4	Project	N/A	Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4

Prescribed Milestones Narrative Text

Milestone Name	Narrative Text
Develop a Health Home At-Risk Intervention Program, utilizing participating HHs as well as PCMH/APC PCPs in care coordination within the program.	
Ensure all eligible primary care providers participating in the project meet NCQA (2011) accredited Patient Centered Medical Home, Level 3 standards and will achieve NCQA 2014 Level 3 PCMH and Advanced Primary Care accreditation by Demonstration Year (DY) 3.	
Ensure that all participating safety net providers are actively sharing EHR systems with local health information exchange/RHIO/SHIN-NY and sharing health information among clinical partners, including direct exchange (secure messaging), alerts and patient record look up.	
Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM.	
Perform population health management by actively using EHRs and other IT platforms, including use of targeted patient registries, for all participating safety net providers.	
Develop a comprehensive care management plan for each patient to engage him/her in care and to reduce patient risk factors.	
Establish partnerships between primary care providers and the local Health Home for care management services. This plan should clearly delineate roles and responsibilities for both parties.	
Establish partnerships between the primary care providers, in concert with the Health Home, with network resources for needed services. Where necessary, the provider will work with local government units (such as SPOAs and public health departments).	
Implement evidence-based practice guidelines to address risk factor reduction as well as to ensure appropriate management of chronic diseases. Develop educational materials consistent with cultural and linguistic needs of the population.

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 2.a.iii.5 - IA Monitoring

Instructions :

Project 2.a.iv – Create a medical village using existing hospital infrastructure

IPQR Module 2.a.iv.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

Risk: Partners may not receive CRFP funding to support required transformation

Mitigation: Projects for Medical Villages that do not receive capital funding will be scaled appropriately and HVC will explore "virtual" medical villages to include use of tele-health and/or diversion to nearby Primary Care or Behavioral Health services as indicated in the ED Care Triage project

Risk: Participating partners may not be able to transition their planning to reflect value-based concepts

Mitigation: Provide continued planning services to partner boards and executive teams. Through it's Care Management Office (CMO) and in partnership with the HVC, Montefiore will expand its efforts to implement population health services to include all payers thus allowing for consistent planning that can be applied to all patients.

Risk: Legal risk, associated with anti-trust issues.

Mitigation: The DSRIP framework and constraints will help manage this risk in relation to the Medicaid population. For other lines of business, care will be taken to develop policies, procedures, and governance to protect consumers' access to high quality care at reasonable costs.

Risk: Increased financial strain on the host Medical Village community hospitals due to reduction of staffed beds without corresponding replacement of revenue.

Mitigation strategies include: a) Engaging stakeholder to co-design the medical villages and allow for phased reductions of staffed beds and phased transformation of the unused space. b) Utilizing Montefiore's experience in managing risk to implement and offer population health services to the Medicaid MCOs active in the Medical Village service areas, with a goal of entering into shared savings and risk bearing contracts prior to the end of the DSRIP period. The shared savings and risk bearing operating margins have the potential to offset lost inpatient and emergency room revenue. Coupled with the DSRIP program, the phased approach will reduce negative financial impact. c) Implementing and offering shared savings and risk bearing contracts to other types of payers active in the service area d)evaluate this risk as part of VAPAP financial sustainability analysis

Risk: As the transition to VBP evolves there will be more reductions in staffed beds and increased need for remodeled space. There is a risk that that capital will not be available for future renovations.

Mitigation: Develop a focused and collaborative effort to raise capital for Medical Villages

Risk: Medical Villages may have multiple cultures operating within one physical structure, due to varying approaches to value-based reimbursement for different lines of business.

Mitigation: Convert to value-based care for all payers in the most efficient manner possible, leveraging the experience of Montefiore's CMO.

Risk: Ability to retrain and hire staff in a timeframe consistent with transformation timetables for the Medical Villages.

Mitigation: Leverage the experience of Montefiore CMO and partnership with 1199 in designing curriculum for retraining of the current workforce and training new healthcare workers.

Risk: The physical space and the governance structure of the Medical Villages may not be designed appropriately.

Mitigation: HVC will design the medical village governance and business structures to reflect the interests of all parties and the desired objectives of a) phased reductions of staffed beds; b) repurposing of under-utilized space in a manner that improves the health status for the populations served; c) lowering costs for all payers.

Risk: Obtaining the necessary permits and the associate risk of potential construction cost overruns.

Mitigation: Ongoing monitoring of project including budget and process, escalate potential issues with appropriate governing body.Leverage the decades of experience in managing construction projects each Medi

IPQR Module 2.a.iv.2 - Patient Engagement Speed

Instructions :

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

Benchmarks	
Actively Engaged Speed	**Actively Engaged Scale**
DY3,Q4	11,136

	Year,Quarter	DY3,Q1	DY3,Q2	DY3,Q3	DY3,Q4
PPS Reported	Baseline Commitment	2,506	5,011	8,074	11,136
	Quarterly Update	0	12,628	0	0
	Percent(%) of Commitment	0.00%	252.01%	0.00%	0.00%
IA Approved	Quarterly Update	0	8,515	0	0
	Percent(%) of Commitment	0.00%	169.93%	0.00%	0.00%

Warning: PPS Reported - Please note that your patients engaged to date (0) does not meet your committed amount (8,074) for 'DY3,Q3'

Milestone Name	Narrative Text
Convert outdated or unneeded hospital capacity into an outpatient services center, stand-alone emergency department/urgent care center or other healthcare-related purpose.	
Provide a detailed timeline documenting the specifics of bed reduction and rationale. Specified bed reduction proposed in the project must include active or "staffed" beds.	
Ensure that all eligible participating PCPs meet NCQA 2014 Level 3 PCMH accreditation and/or meet state-determined criteria for Advanced Primary Care Models by the end of DSRIP Year 3.	
Ensure that all safety net providers participating in Medical Villages are actively sharing EHR systems with local health information exchange/RHIO/SHIN-NY and sharing health information among clinical partners, including direct exchange (secure messaging), alerts and patient record look up.	
Use EHRs and other technical platforms to track all patients engaged in the project.	
Ensure that EHR systems used in Medical Villages meet Meaningful Use Stage 2	
Ensure that services which migrate to a different setting or location (clinic, hospitals, etc.) are supported by the comprehensive community needs assessment.

Project 2.b.iii – ED care triage for at-risk populations

IPQR Module 2.b.iii.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

Risk: Regulatory restrictions on paramedics will prevent diversion away from the ER.

Mitigation strategies include: HVC has applied for regulatory relief to enable the necessary diversion away from the ER for non-emergency patient needs. Further, we will recruit supervising ER physicians to aid in diversion and support services (both for the EMT as well as for the member's primary care provider)

Risk: Difficulty shifting the culture of physicians away from sending patients to the ER as a default and toward shifting members to outpatient settings.

Mitigation strategies include: a) Dedicate efforts to engaging physicians and helping them understand not only the transition to value-based payments but also the financial incentives in meeting outcome metrics b) Improve connectivity and access to member care plans so that physicians can make appropriate decisions for members c) Emphasize the positive benefits to receiving coordinated care

Risk: ED Care Triage will cause a change in staffing requirements and skills: Patient Navigators, additional PCP's and reduction in the ED staffing levels.

Mitigation: Early engagement of partners in the project design process of workforce subcommittee and associated workgroups.

Risk: Some providers may be unable to meet EHR and HIE requirements in early years, including the need for alerts/secure messaging and ER navigator access to PSYCKES and may encounter insufficient funding for HIE connections given the high prices vendors may charge to migrate data or create interfaces

Mitigation strategies include : a)Work with IT workstream to provide tech assistance, in partnership with local CBOs or relevant organizations, and develop workarounds until practices have adopted EHRs b) Explore leveraging scale to get volume based discounts and variable pricing d) Encourage providers to leverage funding from NYS Data Incentive program and Medicaid Meaningful Use program e)Conduct population profile to identify at risk patients, coordinate care and establish alerts

Risk: Financial implication on hospitals based on the diversion of patients to primary care

Mitigation Strategies include: a) Hospitals will be primary in our funds flow design for this project. In addition we will evaluate this risk as part of VAPAP financial sustainability analysis. Overlap in ED Care Triage and Medical Village b) PPS will work with ER operations staff to help identify areas of operational improvement to assist in the offset of revenue reduction. c) Encourage the organization to create Hospital based primary care

services to divert patient visits to, which aligns with our medical village project.

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 2.b.iii.2 - Patient Engagement Speed

Instructions :

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

Benchmarks	
Actively Engaged Speed	**Actively Engaged Scale**
DY3,Q4	5,057

	Year,Quarter	DY3,Q1	DY3,Q2	DY3,Q3	DY3,Q4
PPS Reported	Baseline Commitment	975	1,943	3,500	5,057
	Quarterly Update	0	1,160	0	0
	Percent(%) of Commitment	0.00%	59.70%	0.00%	0.00%
IA Approved	Quarterly Update	0	1,547	0	0
	Percent(%) of Commitment	0.00%	79.62%	0.00%	0.00%

Warning: PPS Reported - Please note that your patients engaged to date (0) does not meet your committed amount (3,500) for 'DY3,Q3'

IPQR Module 3.a.i.2 - Patient Engagement Speed

Instructions :

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

Benchmarks	
Actively Engaged Speed	**Actively Engaged Scale**
DY3,Q4	80,240

	Year,Quarter	DY3,Q1	DY3,Q2	DY3,Q3	DY3,Q4
PPS Reported	Baseline Commitment	15,446	30,892	55,567	80,240
	Quarterly Update	0	28,262	0	0
	Percent(%) of Commitment	0.00%	91.49%	0.00%	0.00%
IA Approved	Quarterly Update	0	26,075	0	0
	Percent(%) of Commitment	0.00%	84.41%	0.00%	0.00%

Warning: PPS Reported - Please note that your patients engaged to date (0) does not meet your committed amount (55,567) for 'DY3,Q3'

coaching, problem solving therapy, CBT, and MI											
Task 6. PPS to establish "Community of Practice" peer supervision group for Depression Care Managers to share challenges, success stories, learning and strategies to prevent burnout.			Project		Completed	10/01/2016	12/31/2016	10/01/2016	12/31/2016	12/31/2016	DY2 Q3
Milestone #12 Designate a Psychiatrist meeting requirements of the IMPACT Model.	DY2 Q4	Model 3	Project	N/A	Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task All IMPACT participants in PPS have a designated Psychiatrist.			Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task 1. PPS will assist Article 28 practices in determining adequate consulting psychiatrist FTE contracts, and will develop a strategy to facilitate sharing of IMPACT model's consulting psychiatrist role FTE between multiple practices as needed			Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task 2. Integrated practices will provide PPS with identity and % FTE of consulting psychiatrist			Project		Completed	10/01/2016	03/31/2017	10/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task 3. Each psychiatrist will have weekly meetings (on site or through telephonic or videoconferencing) with the depression care manager of each of the teams they support to review registry and discuss clinical cases.			Project		Completed	10/01/2016	03/31/2017	10/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task 4. Psychiatrist will be available to primary care providers for case reviews, medication recommendations, and coordination of medical and behavioral health treatment plans for complex patients			Project		Completed	10/01/2016	03/31/2017	10/01/2016	03/31/2017	03/31/2017	DY2 Q4
Milestone #13 Measure outcomes as required in the IMPACT Model.	DY3 Q4	Model 3	Project	N/A	In Progress	01/01/2016	03/31/2018	01/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task At least 90% of patients receive screenings at the established project sites (Screenings are defined as industry standard questionnaires such as PHQ-2 or 9 for those screening positive, SBIRT).			Project		In Progress	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task 1. PPS will survey primary care practice sites to			Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Project Model Name	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
understand current screening protocols and workflows											
Task 2. PPS will provide practice sites with guidelines regarding screening expectations, with toolkits for implementing universal screening and support train the trainer program.			Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task 3. Practices will identify personnel on the care team who will administer and document screening and will provide training or effective screening, as well as develop train the trainer capacity within the practice			Project		Completed	10/01/2016	09/30/2017	10/01/2016	09/30/2017	09/30/2017	DY3 Q2
Task 4. Practices will regularly assess and report on screener competence based on guidelines provided by PPS			Project		In Progress	10/01/2016	03/31/2018	10/01/2016	03/31/2018	03/31/2018	DY3 Q4
Milestone #14 Provide "stepped care" as required by the IMPACT Model.	DY3 Q4	Model 3	Project	N/A	In Progress	07/01/2016	03/31/2018	07/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task In alignment with the IMPACT model, treatment is adjusted based on evidence-based algorithm that includes evaluation of patient after 10-12 weeks after start of treatment plan.			Project		In Progress	01/01/2017	03/31/2018	01/01/2017	03/31/2018	03/31/2018	DY3 Q4
Task 1. IMPACT work group develops a stepped-care model including suggested timeline of steps and disseminates to primary care practices			Project		Completed	07/01/2016	09/30/2017	07/01/2016	09/30/2017	09/30/2017	DY3 Q2
Task 2. Care Managers meet weekly with supervising psychiatrist to review cases which are not improving as expected, using the registry as a guide and suggest treatment changes if patients are not improving as per the model.			Project		Completed	10/01/2016	09/30/2017	10/01/2016	09/30/2017	09/30/2017	DY3 Q2
Task 3. Consulting psychiatrist evaluates any patient who has not improved after 10-12 weeks of care, and discusses with PCP any medical issues affecting the patient's response.			Project		Completed	10/01/2016	09/30/2017	10/01/2016	09/30/2017	09/30/2017	DY3 Q2
Milestone #15 Use EHRs or other technical platforms to track all	DY2 Q4	Model 3	Project	N/A	Completed	01/01/2016	03/31/2017	01/01/2016	03/31/2017	03/31/2017	DY2 Q4

Co-locate behavioral health services at primary care practice sites. All participating eligible primary care practices must meet 2014 NCQA level 3 PCMH or Advance Primary Care Model standards by DY 3.	
Develop collaborative evidence-based standards of care including medication management and care engagement process.	
Conduct preventive care screenings, including behavioral health screenings (PHQ-2 or 9 for those screening positive, SBIRT) implemented for all patients to identify unmet needs.	
Use EHRs or other technical platforms to track all patients engaged in this project.	
Co-locate primary care services at behavioral health sites.	
Develop collaborative evidence-based standards of care including medication management and care engagement process.	
Conduct preventive care screenings, including physical and behavioral health screenings.	
Use EHRs or other technical platforms to track all patients engaged in this project.	
Implement IMPACT Model at Primary Care Sites.	
Utilize IMPACT Model collaborative care standards, including developing coordinated evidence-based care standards and policies and procedures for care engagement.	
Employ a trained Depression Care Manager meeting requirements of the IMPACT model.	
Designate a Psychiatrist meeting requirements of the IMPACT Model.	
Measure outcomes as required in the IMPACT Model.	
Provide "stepped care" as required by the IMPACT Model.	
Use EHRs or other technical platforms to track all patients engaged in this project.

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Project 3.a.ii – Behavioral health community crisis stabilization services

IPQR Module 3.a.ii.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

Risk: Difficulty obtaining urgent BH appts; limited mobile crisis and respite services; absence of ambulatory detoxes services; and shortage of psychiatry staff

Mitigation Strategies include: a) Within project design we will expand opportunities to expand access to walk-in and urgent care appointments. b) Project design will explore use of Psyches to improve care coordination. c) Work with workforce workstream to identify staffing needs to support project design and develop a workforce hiring, redeployment, and training strategy. Access the ability to expand ambulatory detox training and licensure.

Risk: Absence of reimbursement rates for HCBS services

Mitigation: Develop financial model and negotiate with health plans for these services

Risk: Problems with care transitions (ER to inpatient, inpatient to outpatient) and difficulty enrolling patients in Health Homes

Mitigation strategies include: a) Develop Hudson Region DSRIP Behavioral Health Crisis Leadership group to facilitate regional PPSs ER diversion guidelines and protocols b) Utilize patient profile methods to identify high risk patients and ensure they are tracked and design appropriate alerts c) Develop materials to educate providers on HARP eligibility protocols to facilitate referrals.

Risk: Difficulty engaging providers in practice transformation (resistance to changing protocols)

Mitigation: a) Attempt to clearly delineate requirements in contracting agreements and allow for some flexibility in protocols as long as critical baseline elements are incorporated b) Regularly engage partners in planning process by including them in workgroups. c) Collaborate with neighboring PPSs to align methods and protocols to make it easier for downstream providers to understand importance of implementing project requirements

Risk: Some providers may be unable to meet EHR and HIE requirements in early years, including the need for alerts/secure messaging and ER navigator access to PSYCKES and may encounter insufficient funding for HIE connections given the high prices vendors may charge to migrate data or create interfaces

Mitigation: a) Work with IT workstream to provide tech assistance, in partnership with local CBOs or relevant organizations, and develop workarounds until practices have adopted EHRs b) Explore leveraging scale to get volume based discounts and variable pricing d) Encourage providers to leverage funding from NYS Data Incentive program and Medicaid Meaningful Use program e) Conduct population profile to identify at risk patients, coordinate care and establish alerts

Risk: Project will require stakeholder collaboration, including community resources and traditional medical teams

Mitigation: a) Establish unified approach utilizing Cross PSS collaboration to engage LGUs and all partners to design regional approach to Crisis Stabilization leveraging existing infrastructure and experience b) Develop robust change management strategy to ensure all stakeholders understand rationale behind collaboration and the importance of working together effectively c) Bring stakeholders together to develop consensus around care guidelines where possible

Risk: No direct connection between behavioral outcome measures and crisis stabilization project

Mitigation: Consider strategies to collect outcomes information and track progress, along with claims data

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 3.a.ii.2 - Patient Engagement Speed

Instructions :

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

Benchmarks	
Actively Engaged Speed	**Actively Engaged Scale**
DY2,Q4	10,832

	Year,Quarter	DY3,Q1	DY3,Q2	DY3,Q3	DY3,Q4
PPS Reported	Baseline Commitment	3,791	7,582	9,207	10,832
	Quarterly Update	0	3,362	0	0
	Percent(%) of Commitment	0.00%	44.34%	0.00%	0.00%
IA Approved	Quarterly Update	0	3,362	0	0
	Percent(%) of Commitment	0.00%	44.34%	0.00%	0.00%

Warning: PPS Reported - Please note that your patients engaged to date (0) does not meet your committed amount (9,207) for 'DY3,Q3'

Prescribed Milestones Narrative Text

Milestone Name	Narrative Text
Implement a crisis intervention program that, at a minimum, includes outreach, mobile crisis, and intensive crisis services.	
Establish clear linkages with Health Homes, ER and hospital services to develop and implement protocols for diversion of patients from emergency room and inpatient services.	
Establish agreements with the Medicaid Managed Care organizations serving the affected population to provide coverage for the service array under this project.	
Develop written treatment protocols with consensus from participating providers and facilities.	
Include at least one hospital with specialty psychiatric services and crisis-oriented psychiatric services; expansion of access to specialty psychiatric and crisis-oriented services.	
Expand access to observation unit within hospital outpatient or at an off campus crisis residence for stabilization monitoring services (up to 48 hours).

Mid-point Assessment	

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 3.a.ii.5 - IA Monitoring

Instructions :

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Project 3.b.i – Evidence-based strategies for disease management in high risk/affected populations (adult only)

IPQR Module 3.b.i.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

Risk: State regulation does not allow co-pays for follow up BP monitoring to be waved
Mitigation: Project design will explore alternatives including case based business models.
Risk: Difficulty engaging providers in practice transformation (resistance to changing protocols)
Mitigation: a) Attempt to clearly delineate requirements in contracting agreements and allow for some flexibility in protocols as long as critical baseline elements are incorporated b) Regularly engage partners in planning process by including them in workgroups. c) Collaborate with neighboring PPSs to align methods and protocols to make it easier for downstream providers to understand importance of implementing project requirements d) Analyze QE Usage statistics to monitor adoption.
Risk: Unwanted variation in implementation across partners
Mitigation: a) Encourage some local variation to ensure projects meet needs of communities and are culturally/linguistically appropriate b) Strive to develop monitoring reports to try to quantify the level of variation c) Monitor fidelity to critical baseline elements and develop corrective strategy for outliers
Risk: Ability to ensure care planning is integrated across partners, particularly considering partners within our PPS are at differing levels of IT capabilities and are on differing platforms
Mitigation: a) Encourage providers to leverage funding from NYS Data Incentive Program and Meaningful Use b)Leverage experience of our partners to develop practical IT solutions for partner organizations in the early stages of IT development
Risk: Ensure clinicians and staff are adequately trained on evidence-based strategies
Mitigation: a) Work closely with workforce workstream to determine training needs and develop training strategy b) leverage expertise and resources from within PPS
Risk: MCOs may disagree with alternative payment models for care coordination and home BP monitoring
Mitigation: Convene GNYHA, HANYS, and other PPS's to advocate for alternative payment models

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

IPQR Module 3.b.i.2 - Patient Engagement Speed

Instructions :

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

Benchmarks	
Actively Engaged Speed	**Actively Engaged Scale**
DY3,Q4	29,412

	Year,Quarter	DY3,Q1	DY3,Q2	DY3,Q3	DY3,Q4
PPS Reported	Baseline Commitment	6,177	12,353	20,883	29,412
	Quarterly Update	0	2,419	0	0
	Percent(%) of Commitment	0.00%	19.58%	0.00%	0.00%
IA Approved	Quarterly Update	0	2,407	0	0
	Percent(%) of Commitment	0.00%	19.49%	0.00%	0.00%

Warning: PPS Reported - Please note that your patients engaged to date (0) does not meet your committed amount (20,883) for 'DY3,Q3'

IPQR Module 3.b.i.3 - Prescribed Milestones

Instructions :

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for prescribed milestones. For milestones that are due and completed within the reporting period, documentation is required to provide evidence of project requirement achievement. Any explanations regarding altered or missed provider commitments should be included within the narrative box, not as text within uploaded documentation.

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Milestone #1 Implement program to improve management of cardiovascular disease using evidence-based strategies in the ambulatory and community care setting.	DY3 Q4	Project	N/A	In Progress	01/01/2016	03/31/2018	01/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task PPS has implemented program to improve management of cardiovascular disease using evidence-based strategies in the ambulatory and community care setting.		Project		In Progress	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task 1. Convene project implementation planning workgroup to build out implementation plan.		Project		Completed	04/01/2015	07/15/2015	04/01/2015	07/15/2015	09/30/2015	DY1 Q2
Task 2. Identify key partnering organizations and create Cardiovascular Workgroup with representation from key stakeholders to guide project implementation to ensure success		Project		Completed	10/01/2015	12/31/2015	10/01/2015	12/31/2015	12/31/2015	DY1 Q3
Task 3. Conduct outreach to partners with experience implementing Million Hearts to identify champions to guide project planning.		Project		Completed	10/01/2015	12/31/2015	10/01/2015	12/31/2015	12/31/2015	DY1 Q3
Task 4. Plan a series of learning collaboratives for PPS partnering organizations to share best practices and educate partners in rapid improvement cycle activities		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 5. Cross reference community needs assessment to identify possible early adopter pilot sites in geographic areas with high burden of cardiovascular disease.		Project		Completed	01/01/2016	03/31/2016	01/01/2016	03/31/2016	03/31/2016	DY1 Q4
Task 6. In collaboration with the practice team at the early adopter sites, designate a project champion, complete a gap analysis between the current state assessment and defined future state(i. e. workforce needs) and develop an action plan for model implementation.		Project		In Progress	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task 7. Implement the approved action plan a pilot early adopter site		Project		In Progress	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
utilizing PDSA approach.										
Task 8. Monitor ongoing performance, analyze clinical and operational outcomes.		Project		In Progress	01/01/2017	03/31/2018	01/01/2017	03/31/2018	03/31/2018	DY3 Q4
Task 9. Identify timelines/practice sites for second phase of project implementation.		Project		In Progress	01/01/2017	03/31/2018	01/01/2017	03/31/2018	03/31/2018	DY3 Q4
Task 10. Assess original plan and alter as necessary to overcome implementation barriers.		Project		In Progress	01/01/2017	03/31/2018	01/01/2017	03/31/2018	03/31/2018	DY3 Q4
Milestone #2 Ensure that all PPS safety net providers are actively connected to EHR systems with local health information exchange/RHIO/SHIN-NY and share health information among clinical partners, including direct exchange (secure messaging), alerts and patient record look up, by the end of DY 3.	DY3 Q4	Project	N/A	In Progress	01/01/2016	03/31/2018	01/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task EHR meets connectivity to RHIO's HIE and SHIN-NY requirements.		Provider	Safety Net Practitioner - Primary Care Provider (PCP)	In Progress	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task EHR meets connectivity to RHIO's HIE and SHIN-NY requirements.		Provider	Safety Net Practitioner - Non-Primary Care Provider (PCP)	In Progress	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task EHR meets connectivity to RHIO's HIE and SHIN-NY requirements.		Provider	Safety Net Mental Health	In Progress	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task PPS uses alerts and secure messaging functionality.		Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task 1. Assess safety net providers data sharing requirements, HIE connectivity and QE data sharing capabilities		Project		Completed	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1
Task 2. Coordinate with local QE and Cross PPS HIT/HIE workgroup to develop strategy to increase participation adoption and integration		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 3. In current state IT assessment catalogue IT capabilities and prioritize partner adoption plan		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 4. Engage provider to integrate the use of Direct Messaging, alerts, patient record lookup into practice workflows as appropriate		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Task 5. Initiate outreach to organizations that have not begun process of sharing information with QE		Project		Completed	01/01/2016	03/31/2016	01/01/2016	03/31/2016	03/31/2016	DY1 Q4
Task 6. Implement a process of addressing continuous improvement and training leveraging learning collaboratives		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3
Milestone #3 Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3.	DY3 Q4	Project	N/A	In Progress	01/01/2016	03/31/2018	01/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task EHR meets Meaningful Use Stage 2 CMS requirements (Note: any/all MU requirements adjusted by CMS will be incorporated into the assessment criteria).		Project		In Progress	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task PPS has achieved NCQA 2014 Level 3 PCMH standards and/or APCM.		Provider	Practitioner - Primary Care Provider (PCP)	In Progress	04/01/2016	03/31/2018	04/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task 1. Define scope and assess eligible primary care practice sites		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 2. Assess current level of connectivity and EHR usage by provider site across PPS		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 3. Develop and implement plan to increase adoption of EHR and achievement of PCMH 2014 Level 3 standards in partnership with PPS partners. The plan will outline engagement strategy for providers at varying levels of readiness.		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 4. Support partner EHR Implementations and PCMH standards adoption		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task 5. Track status and manage progress toward PCMH targets and initiate outreach to organizations that are not on track.		Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Milestone #4 Use EHRs or other technical platforms to track all patients engaged in this project.	DY2 Q4	Project	N/A	Completed	01/01/2016	12/31/2016	01/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task PPS identifies targeted patients and is able to track actively engaged patients for project milestone reporting.		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task 1. Clinical Quality and Information Technology Sub-committees		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
collaboratively establish requirements requirements to track actively engaged patients aligned population health objectives. Requirements will include performance measures.										
Task 2. Assess system capabilities and analyze gaps in meeting established requirements to track patients identify additional technology and opportunities leverage QE data		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 3. Develop a plan to implement additional technology identified as well refine data analytics process for population management activities		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 4. Leverage analytics established for population health to generate reports to monitor performance of implementation of the protocol		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Milestone #5 Use the EHR to prompt providers to complete the 5 A's of tobacco control (Ask, Assess, Advise, Assist, and Arrange).	DY3 Q4	Project	N/A	Completed	01/01/2016	03/31/2017	01/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task PPS has implemented an automated scheduling system to facilitate tobacco control protocols.		Project		Completed	10/01/2016	12/31/2016	10/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task PPS provides periodic training to staff to incorporate the use of EHR to prompt the use of 5 A's of tobacco control.		Project		Completed	10/01/2016	12/31/2016	10/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task 1. Assess participating PCP practices to understand current EMR embedded decision support abilities and ability to capture data points (i.e. the 5A's , other tobacco cessation screens, SBRIT, PHQ2/9, BP, cancer screening, asthma action plans, patient goal setting (BAP) etc.)		Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task 2. Develop PPS guidelines for embedded automated prompts related to each project and data points that will need to be captured for reporting.		Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task 3. Work with clinical leadership to support performance improvement initiatives to support practice level improvement.		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task 4. Assess and plan for technical assistance and other resources as needed for implementation.		Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task		Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
5. Provide participating provider organizations with guidance for periodic clinician and staff training at the practice level to make effective use of Clinical Decision Support in the EHR, and to prompt the use of 5A's for tobacco control.										
Task 6. Develop and disseminate culturally competent educational materials to providers about the 5A's and tobacco cessation treatment guidelines and create shared repository of provider and patient educational resources.		Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Milestone #6 Adopt and follow standardized treatment protocols for hypertension and elevated cholesterol.	DY2 Q4	Project	N/A	Completed	01/01/2016	03/31/2017	01/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Practice has adopted treatment protocols aligned with national guidelines, such as the National Cholesterol Education Program (NCEP) or US Preventive Services Task Force (USPSTF).		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task 1. Establish a Cardiovascular Workgroup to oversee the implementation of evidence-based strategies for disease management in high-risk individuals. Ensure clinician representation from key primary care and specialty practices across MHVC PPS.		Project		Completed	01/01/2016	03/31/2016	01/01/2016	03/31/2016	03/31/2016	DY1 Q4
Task 2. Cardiovascular Workgroup to review established national guidelines and treatment protocols for hypertension and elevated cholesterol in clinical practices and draft PPS wide policy and procedures template		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 3. Present drafted guidelines and treatment protocols for review and approval by Clinical Quality Sub-Committee for implementation across PPS.		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 4. Adopt policies that support adherence to evidence-based guidelines for the identification, treatment, and management of hypertension and elevated cholesterol.		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task 5. Assure integration of assessments, treatments, and services into care delivery system through use of protocol(s) that explicitly state what needs to be done for patients, by whom, and at what intervals.		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
6. Assure adoption of a standardized protocol to assess a patient's risk status – stage, control, undiagnosed, co-morbidities, demographics, insurance status.										
Task 7. Implement new guidelines at pilot site/s utilizing the PDSA approach.		Project		Completed	01/01/2017	03/31/2017	01/01/2017	03/31/2017	03/31/2017	DY2 Q4
Task 8. Monitor ongoing performance, analyze clinical and operational outcomes and identify timelines for additional practice sites for spread of successful tests of change.		Project		Completed	01/01/2017	03/31/2017	01/01/2017	03/31/2017	03/31/2017	DY2 Q4
Task 9. Update protocols as needed to support changes in clinical evidence.		Project		Completed	07/01/2016	03/31/2017	07/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task 10. Investigate aligning financial incentives for participating practice partners for adoption of standardized treatment protocols for managing hypertension and elevated cholesterol levels.		Project		Completed	01/01/2017	03/31/2017	01/01/2017	03/31/2017	03/31/2017	DY2 Q4
Milestone #7 Develop care coordination teams including use of nursing staff, pharmacists, dieticians and community health workers to address lifestyle changes, medication adherence, health literacy issues, and patient self-efficacy and confidence in self-management.	DY2 Q4	Project	N/A	Completed	01/01/2016	03/31/2017	01/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Clinically Interoperable System is in place for all participating providers.		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task Care coordination teams are in place and include nursing staff, pharmacists, dieticians, community health workers, and Health Home care managers where applicable.		Project		Completed	07/01/2016	03/31/2017	07/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Care coordination processes are in place.		Project		Completed	10/01/2016	12/31/2016	10/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task 1. Identify participating sites that utilize a care coordination team from the current state assessment.		Project		Completed	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task 2. Identify opportunities to enhance care coordination through additional staffing, processes, shared care plans, and patient self management support (SMS) training.		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3
Task 3. Design PPS wide future state for hypertension diagnosis, identification and management. Cardiovascular Workgroup will		Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4

New York State Department Of Health

Prescribed Milestones Narrative Text

Milestone Name	Narrative Text
Implement program to improve management of cardiovascular disease using evidence-based strategies in the ambulatory and community care setting.	
Ensure that all PPS safety net providers are actively connected to EHR systems with local health information exchange/RHIO/SHIN-NY and share health information among clinical partners, including direct exchange (secure messaging), alerts and patient record look up, by the end of DY 3.	
Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3.	
Use EHRs or other technical platforms to track all patients engaged in this project.	
Use the EHR to prompt providers to complete the 5 A's of tobacco control (Ask, Assess, Advise, Assist, and Arrange).	
Adopt and follow standardized treatment protocols for hypertension and elevated cholesterol.	
Develop care coordination teams including use of nursing staff,

pharmacists, dieticians and community health workers to address lifestyle changes, medication adherence, health literacy issues, and patient self-efficacy and confidence in self-management.	
Provide opportunities for follow-up blood pressure checks without a copayment or advanced appointment.	
Ensure that all staff involved in measuring and recording blood pressure are using correct measurement techniques and equipment.	
Identify patients who have repeated elevated blood pressure readings in the medical record but do not have a diagnosis of hypertension and schedule them for a hypertension visit.	
Prescribe once-daily regimens or fixed-dose combination pills when appropriate.	
Document patient driven self-management goals in the medical record and review with patients at each visit.	
Follow up with referrals to community based programs to document participation and behavioral and health status changes.	
Develop and implement protocols for home blood pressure monitoring with follow up support.	
Generate lists of patients with hypertension who have not had a recent visit and schedule a follow up visit.	
Facilitate referrals to NYS Smoker's Quitline.	
Perform additional actions including "hot spotting" strategies in high risk neighborhoods, linkages to Health Homes for the highest risk population, group visits, and implementation of the Stanford Model for chronic diseases.	
Adopt strategies from the Million Hearts Campaign.	
Form agreements with the Medicaid Managed Care organizations serving the affected population to coordinate services under this project.	
Engage a majority (at least 80%) of primary care providers in this project.

Project 3.d.iii – Implementation of evidence-based medicine guidelines for asthma management

IPQR Module 3.d.iii.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

Risk: State regulation does not allow co-pays for asthma follow-up visits to be waved

Mitigation: Project design will explore alternatives including case based business models

Risk: Difficulty engaging providers in practice transformation (resistance to changing protocols)

Mitigation: a) Attempt to clearly delineate requirements in contracting agreements and allow for some flexibility in protocols as long as critical baseline elements are incorporated b) Regularly engage partners in planning process by including them in workgroups. c) Collaborate with neighboring PPSs to align methods and protocols to make it easier for downstream providers to understand importance of implementing project requirements d) Analyze QE Usage statistics to monitor adoption

Risk: Baseline data indicates potential deficiencies in asthma specialist workforce

Mitigation: a) Collaborate with workforce workstream to conduct surveys b) create training program to improve Primary Care Providers knowledge of asthma diagnosis and protocols c) explore collaborative models of care d) explore the use of tele-health to facilitate asthma management

Risk: Unwanted variation in implementation across partners

Mitigation: a) Encourage some local variation to ensure projects meet needs of communities and are culturally/linguistically appropriate b) Strive to develop monitoring reports to try to quantify the level of variation c) Monitor fidelity to critical baseline elements and develop corrective strategy for outliers

Risk: Ability to ensure care planning is integrated across partners, particularly considering partners within our PPS are at differing levels of IT capabilities and are on differing platforms

Mitigation: a) Encourage providers to leverage funding from NYS Data Incentive Program and Meaningful Use b) Leverage experience of our partners to develop practical IT solutions for partner organizations in the early stages of IT development

Risk: Ensure clinicians and staff are adequately trained on evidence-based strategies
Mitigation: a) Work closely with workforce workstream to determine training needs and develop training strategy b) leverage expertise and resources from within PPS

IPQR Module 3.d.iii.2 - Patient Engagement Speed

Instructions :

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

Benchmarks	
Actively Engaged Speed	**Actively Engaged Scale**
DY2,Q4	8,006

	Year,Quarter	DY3,Q1	DY3,Q2	DY3,Q3	DY3,Q4
PPS Reported	Baseline Commitment	2,002	4,003	6,005	8,006
	Quarterly Update	0	3,209	0	0
	Percent(%) of Commitment	0.00%	80.16%	0.00%	0.00%
IA Approved	Quarterly Update	0	3,156	0	0
	Percent(%) of Commitment	0.00%	78.84%	0.00%	0.00%

Warning: PPS Reported - Please note that your patients engaged to date (0) does not meet your committed amount (6,005) for 'DY3,Q3'

Implement evidence-based asthma management guidelines between primary care practitioners, specialists, and community-based asthma programs (e.g., NYS Regional Asthma Coalitions) to ensure a regional population based approach to asthma management.	
Establish agreements to adhere to national guidelines for asthma management and protocols for access to asthma specialists, including EHR-HIE connectivity and telemedicine.	
Deliver educational activities addressing asthma management to participating primary care providers.	
Ensure coordination with the Medicaid Managed Care organizations and Health Homes serving the affected population.	
Use EHRs or other technical platforms to track all patients engaged in this project.

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Project 4.b.i – Promote tobacco use cessation, especially among low SES populations and those with poor mental health.

IPQR Module 4.b.i.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

First, there is the risk that organizations will be precluded from having tobacco free outdoor policies by local regulation or labor laws . We will work with partners in the region, including the American Lung Association, to galvanize support to change these regulations where possible.

Second, it may be difficult to touch all participating providers when implementing the US Public Health Services Guidelines. To address this, we will need to offer multiple means of communication and provide participating providers with local resources for technical assistance. We will work with the communications team to segment stakeholders and develop a tailored communication / engagement strategy for each stakeholder segment, including CBO and MCOs.

Third, multiple PPSs will need to work together to negotiate with the MCOs to harmonize coverage across plans. However, joint-negotiation across partners could be viewed as anti-trust. We will need to discuss with GNYHA and legal entities to determine appropriate venues and methodologies for negotiations. We will also need to engage NYS Medicaid and SDOH to determine the best course of action. Importantly, there is the risk that MCO's may not agree to coordinate offerings.

Fourth, the success of our tobacco cessation promotion effort depends on sufficient stakeholder buy-in, eg., from LGUs. Local Health departments may be difficult to get on board with the kind of hard-hitting tobacco campaigns that have been shown to work. The results of our CHNA suggest that patients are more interested in learning about their cessation options and are less inclined to welcome hard-hitting messages. We will work to syndicate our approach as best as possible and secure alignment. We may also consider offering LGUs the ability to brand the campaigns.

Fifth, the cessation campaigns may only work for some patients, as our CHNA data suggests that previous campaigns have not affected smoking rates among the mentally ill and the high school population. To address this, we will need to solicit community buy-in and input to create a campaign that works for the target audiences. We will also need to develop strategies to address socio-economic factors that could impact uptake and commitment. We will need to evaluate, refine, and relaunch as needed, and as funding allows.

Finally, the NYS Quitline may have insufficient funding to handle call volume or fund the NRT. We will need to align Medicaid cessation coverage and potentially consider funding the fax-to-quit NRT therapy. Also, we could consider working with the state to develop a methodology for the state to seek payer reimbursement for the NRT it distributes through the Quitline.

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Project 4.b.ii – Increase Access to High Quality Chronic Disease Preventive Care and Management in Both Clinical and Community Settings (Note: This project targets chronic diseases that are not included in domain 3, such as cancer

IPQR Module 4.b.ii.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

One risk to this project's success is that it will not be financially sustainable for community organizations, due to varying coverage policies among Medicaid managed care plans for preventive services. To address this, we will work with other PPSs in the regional-wide Quality Council to advocate for expansion in coverage for preventive care services in Medicaid managed care plans. Further, we will contract as an integrated delivery system and further advocate for coverage. We may also use DSRIP funds as an interim measure to ensure CBO financial sustainability.

Another risk stems from the varying IT capabilities among our partners within the PPS. To ensure all partners can meet the IT requirements, we will solicit input from the IT transformation team, as well as the local RHIO Health Link NY.
Finally, there is the risk that there will be a lack of specialty provider capacity for the Medicaid population to treat chronic diseases as detection rates increase (e.g., oncologists, breast, gynecologic, and colorectal surgeons). To mitigate this risk we will work with specialists in the area to increase the acceptance of Medicaid.

Because there are no speed and scale requirements, continued partner commitment and accountability may be a challenge/risk

PPS Defined Milestones Narrative Text

Milestone Name	Narrative Text
1. Coordinate efforts to plan strategic evidence based practices to reduce disparities in cancer screening and management across the Hudson Valley	
2.Target cancer prevention and screening as a preventive care initiative in both clinical and community based settings in the Hudson Valley	
3. Develop strategies to increase provider and care team screening protocols and adherence to timely follow-up of abnormal test results among defined patient populations	
4. Access opportunities to increase screening rates (or re-screening) among patient defined populations	
5. Identification of functional requirements for cancer screening registry	
6. Use community resources to engage patient participation in care management services	
Mid-point Assessment

Attestation

The Lead Representative has been designated by the Primary Lead PPS Provider (PPS Lead Entity) as the signing officiate for the DSRIP Quarterly Report. The Lead Representative has the authority to complete this attestation on behalf of the PPS network. The Lead Representative and PPS Lead Entity are responsible for the authenticity and accuracy of the material submitted in this report.

The Lead Representative of the Performing Provider System (PPS) must complete this attestation form in order for the project application to be accepted by the NYS Department of Health. Once the attestation is complete, the Quarterly Report will be locked down from any further editing. Do not complete this section until the entire Quarterly Report is complete.

If the Quarterly Report becomes locked in error and additional changes are necessary, please use the contact information on the Home Page to request that the Quarterly Report be unlocked.

To electronically sign this Quarterly Report, please enter the required information and check the box below:

☐ **I here by attest, as the Lead Representative of the 'Montefiore Hudson Valley Collaborative', that all information provided on this Quarterly report is true and accurate to the best of my knowledge, and that, following initial submission in the current quarterly reporting period as defined by NY DOH, changes made to this report were pursuant only to documented instructions or documented approval of changes from DOH or DSRIP Independent Assessor.**

Primary Lead PPS Provider:	MONTEFIORE MEDICAL CENTER
Secondary Lead PPS Provider:	
Lead Representative:	Allison Mcguire
Submission Date:	03/14/2018 04:08 PM

Section	Module Name / Milestone #	Review Status	
	Milestone #3 Finalize Compliance Plan consistent with New York State Social Services Law 363-d	Pass & Complete	
	Milestone #4 Develop a Value Based Payments Needs Assessment ("VNA")	Pass & Complete	
	Milestone #5 Develop an implementation plan geared towards addressing the needs identified within your VNA	Pass & Complete	
	Milestone #6 Develop partner engagement schedule for partners for VBP education and training	Pass & Complete	
	Milestone #7 Regional Distressed Safety Net Hospital Hubs meet State Defined VBP Goals.	Pass & Ongoing	
	Milestone #8 Measure VBP Knowledge progress through continued administration of MHVC Value Based Needs Assessment (VNA).	Pass & Ongoing	
Section 04	Module 4.1 - Prescribed Milestones		
	Milestone #1 Finalize cultural competency / health literacy strategy.	Pass & Complete	
	Milestone #2 Develop a training strategy focused on addressing the drivers of health disparities (beyond the availability of language-appropriate material).	Pass & Complete	
Section 05	Module 5.1 - Prescribed Milestones		
	Milestone #1 Perform current state assessment of IT capabilities across network, identifying any critical gaps, including readiness for data sharing and the implementation of interoperable IT platform(s).	Pass & Complete	
	Milestone #2 Develop an IT Change Management Strategy.	Pass & Complete	
	Milestone #3 Develop roadmap to achieving clinical data sharing and interoperable systems across PPS network	Pass & Complete	
	Milestone #4 Develop a specific plan for engaging attributed members in Qualifying Entities	Pass & Complete	
	Milestone #5 Develop a data security and confidentiality plan.	Pass & Complete	
Section 06	Module 6.1 - Prescribed Milestones		
	Milestone #1 Establish reporting structure for PPS-wide performance reporting and communication.	Pass & Complete	
	Milestone #2 Develop training program for organizations and individuals throughout the network, focused on clinical quality and performance reporting.	Pass & Complete	
Section 07	Module 7.1 - Prescribed Milestones		
	Milestone #1 Develop Practitioners communication and engagement plan.	Pass & Complete	
	Milestone #2 Develop training / education plan targeting practioners and other professional groups, designed to educate them about the DSRIP program and your PPS-specific quality improvement agenda.	Pass & Complete	
Section 08	Module 8.1 - Prescribed Milestones		
	Milestone #1 Develop population health management roadmap.	Pass & Complete	
	Milestone #2 Finalize PPS-wide bed reduction plan.	Pass & Ongoing

Section 09	Module 9.1 - Prescribed Milestones		
	Milestone #1 Perform a clinical integration 'needs assessment'.	Pass & Complete	
	Milestone #2 Develop a Clinical Integration strategy.	Pass & Complete	
Section 11	Module 11.1 - Workforce Strategy Spending (Baseline)	Pass & Complete	
	Module 11.2 - Prescribed Milestones		
	Milestone #1 Define target workforce state (in line with DSRIP program's goals).	Pass & Complete	
	Milestone #2 Create a workforce transition roadmap for achieving defined target workforce state.	Pass & Complete	
	Milestone #3 Perform detailed gap analysis between current state assessment of workforce and projected future state.	Pass & Complete	
	Milestone #4 Produce a compensation and benefit analysis, covering impacts on both retrained and redeployed staff, as well as new hires, particularly focusing on full and partial placements.	Pass & Complete	
	Milestone #5 Develop training strategy.	Pass & Complete	
	Module 11.10 - Staff Impact	Pass & Ongoing	
	Module 11.11 - Workforce Strategy Spending (Quarterly)	Pass & Ongoing	

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Project ID	Module Name / Milestone #	Review Status	
2.a.i	Module 2.a.i.2 - Prescribed Milestones		
	Milestone #1 All PPS providers must be included in the Integrated Delivery System. The IDS should include all medical, behavioral, post-acute, long-term care, and community-based service providers within the PPS network; additionally, the IDS structure must include payers and social service organizations, as necessary to support its strategy.	Pass & Complete	
	Milestone #2 Utilize partnering HH and ACO population health management systems and capabilities to implement the PPS' strategy towards evolving into an IDS.	Pass & Complete	
	Milestone #3 Ensure patients receive appropriate health care and community support, including medical and behavioral health, post-acute care, long term care and public health services.	Pass & Complete	
	Milestone #4 Ensure that all PPS safety net providers are actively sharing EHR systems with local health information exchange/RHIO/SHIN-NY and sharing health information among clinical partners, including directed exchange (secure messaging), alerts and patient record look up, by the end of Demonstration Year (DY) 3.	Pass & Ongoing	
	Milestone #5 Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3.	Pass & Ongoing	
	Milestone #6 Perform population health management by actively using EHRs and other IT platforms, including use of targeted patient registries, for all participating safety net providers.	Pass & Complete	
	Milestone #7 Achieve 2014 Level 3 PCMH primary care certification and/or meet state-determined criteria for Advanced Primary Care Models for all eligible participating PCPs, expand access to primary care providers, and meet EHR Meaningful Use standards by the end of DY 3.	Pass & Ongoing	
	Milestone #9 Establish monthly meetings with Medicaid MCOs to discuss utilization trends, performance issues, and payment reform.	Pass & Complete	
	Milestone #10 Re-enforce the transition towards value-based payment reform by aligning provider compensation to patient outcomes.	Pass & Ongoing	
	Milestone #11 Engage patients in the integrated delivery system through outreach and navigation activities, leveraging community health workers, peers, and culturally competent community-based organizations, as appropriate.	Pass & Ongoing	
2.a.iii	Module 2.a.iii.2 - Patient Engagement Speed	Pass & Ongoing	
	Module 2.a.iii.3 - Prescribed Milestones		
	Milestone #1 Develop a Health Home At-Risk Intervention Program, utilizing participating HHs as well as PCMH/APC PCPs in care coordination within the program.	Pass & Complete	
	Milestone #2 Ensure all eligible primary care providers participating in the project meet NCQA (2011) accredited Patient Centered Medical Home, Level 3 standards and will achieve NCQA 2014 Level 3 PCMH and Advanced Primary Care accreditation by Demonstration Year (DY) 3.	Pass & Ongoing	
	Milestone #3 Ensure that all participating safety net providers are actively sharing EHR systems with local health information exchange/RHIO/SHIN-NY and sharing health information among clinical partners, including direct exchange (secure messaging), alerts and patient record look up.	Pass & Ongoing	

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Project ID	Module Name / Milestone #	Review Status	
	Milestone #4 Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM.	Pass & Ongoing	
	Milestone #5 Perform population health management by actively using EHRs and other IT platforms, including use of targeted patient registries, for all participating safety net providers.	Pass & Complete	
	Milestone #6 Develop a comprehensive care management plan for each patient to engage him/her in care and to reduce patient risk factors.	Pass & Ongoing	
	Milestone #7 Establish partnerships between primary care providers and the local Health Home for care management services. This plan should clearly delineate roles and responsibilities for both parties.	Fail	IA
	Milestone #8 Establish partnerships between the primary care providers, in concert with the Health Home, with network resources for needed services. Where necessary, the provider will work with local government units (such as SPOAs and public health departments).	Fail	IA
	Milestone #9 Implement evidence-based practice guidelines to address risk factor reduction as well as to ensure appropriate management of chronic diseases. Develop educational materials consistent with cultural and linguistic needs of the population.	Fail	IA
2.a.iv	Module 2.a.iv.2 - Patient Engagement Speed	Pass & Ongoing	
	Module 2.a.iv.3 - Prescribed Milestones		
	Milestone #1 Convert outdated or unneeded hospital capacity into an outpatient services center, stand-alone emergency department/urgent care center or other healthcare-related purpose.	Pass & Ongoing	
	Milestone #2 Provide a detailed timeline documenting the specifics of bed reduction and rationale. Specified bed reduction proposed in the project must include active or "staffed" beds.	Pass & Complete	
	Milestone #3 Ensure that all eligible participating PCPs meet NCQA 2014 Level 3 PCMH accreditation and/or meet state-determined criteria for Advanced Primary Care Models by the end of DSRIP Year 3.	Pass & Ongoing	
	Milestone #4 Ensure that all safety net providers participating in Medical Villages are actively sharing EHR systems with local health information exchange/RHIO/SHIN-NY and sharing health information among clinical partners, including direct exchange (secure messaging), alerts and patient record look up.	Pass & Ongoing	
	Milestone #5 Use EHRs and other technical platforms to track all patients engaged in the project.	Pass & Complete	
	Milestone #6 Ensure that EHR systems used in Medical Villages meet Meaningful Use Stage 2	Pass & Complete	
	Milestone #7 Ensure that services which migrate to a different setting or location (clinic, hospitals, etc.) are supported by the comprehensive community needs assessment.	Pass & Complete	
2.b.iii	Module 2.b.iii.2 - Patient Engagement Speed	Pass & Ongoing	
	Module 2.b.iii.3 - Prescribed Milestones		
	Milestone #1 Establish ED care triage program for at-risk populations	Pass & Complete	
	Milestone #2 Participating EDs will establish partnerships to community primary care providers with an emphasis on those that are PCMHs and have open access scheduling. a. Achieve NCQA 2014 Level 3 Medical Home standards or NYS Advanced Primary Care Model standards by the end of DSRIP Year 3.	Fail	IA

Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Montefiore Hudson Valley Collaborative (PPS ID:19)

Project ID	Module Name / Milestone #	Review Status	
	b. Develop process and procedures to establish connectivity between the emergency department and community primary care providers. c. Ensure real time notification to a Health Home care manager as applicable		
	Milestone #3 For patients presenting with minor illnesses who do not have a primary care provider: a. Patient navigators will assist the presenting patient to receive an immediate appointment with a primary care provider, after required medical screening examination, to validate a non-emergency need. b. Patient navigator will assist the patient with identifying and accessing needed community support resources. c. Patient navigator will assist the member in receiving a timely appointment with that provider's office (for patients with a primary care provider).	Pass & Complete	
	Milestone #4 Established protocols allowing ED and first responders - under supervision of the ED practitioners - to transport patients with non-acute disorders to alternate care sites including the PCMH to receive more appropriate level of care. (This requirement is optional.)	Pass (with Exception) & Complete	
	Milestone #5 Use EHRs and other technical platforms to track all patients engaged in the project.	Pass & Complete	
3.a.i	Module 3.a.i.2 - Patient Engagement Speed	Pass & Ongoing	
	Module 3.a.i.3 - Prescribed Milestones		
	Milestone #1 Co-locate behavioral health services at primary care practice sites. All participating eligible primary care practices must meet 2014 NCQA level 3 PCMH or Advance Primary Care Model standards by DY 3.	Pass & Ongoing	
	Milestone #2 Develop collaborative evidence-based standards of care including medication management and care engagement process.	Pass & Complete	
	Milestone #3 Conduct preventive care screenings, including behavioral health screenings (PHQ-2 or 9 for those screening positive, SBIRT) implemented for all patients to identify unmet needs.	Pass & Ongoing	
	Milestone #4 Use EHRs or other technical platforms to track all patients engaged in this project.	Pass & Complete	
	Milestone #5 Co-locate primary care services at behavioral health sites.	Pass & Ongoing	
	Milestone #6 Develop collaborative evidence-based standards of care including medication management and care engagement process.	Pass & Complete	
	Milestone #7 Conduct preventive care screenings, including physical and behavioral health screenings.	Pass & Ongoing	
	Milestone #8 Use EHRs or other technical platforms to track all patients engaged in this project.	Pass & Complete	
	Milestone #9 Implement IMPACT Model at Primary Care Sites.	Pass & Ongoing	
	Milestone #10 Utilize IMPACT Model collaborative care standards, including developing coordinated evidence-based care standards and policies and procedures for care engagement.	Pass & Complete	
	Milestone #11 Employ a trained Depression Care Manager meeting requirements of the IMPACT model.	Pass & Complete	
	Milestone #12 Designate a Psychiatrist meeting requirements of the IMPACT Model.	Pass & Complete	
	Milestone #13 Measure outcomes as required in the IMPACT Model.	Pass & Ongoing

	Milestone #14 Provide "stepped care" as required by the IMPACT Model.	Pass & Ongoing	
	Milestone #15 Use EHRs or other technical platforms to track all patients engaged in this project.	Pass & Complete	
3.a.ii	Module 3.a.ii.2 - Patient Engagement Speed	Pass & Ongoing	
	Module 3.a.ii.3 - Prescribed Milestones		
	Milestone #1 Implement a crisis intervention program that, at a minimum, includes outreach, mobile crisis, and intensive crisis services.	Pass & Complete	
	Milestone #2 Establish clear linkages with Health Homes, ER and hospital services to develop and implement protocols for diversion of patients from emergency room and inpatient services.	Pass & Complete	
	Milestone #3 Establish agreements with the Medicaid Managed Care organizations serving the affected population to provide coverage for the service array under this project.	Pass & Complete	
	Milestone #4 Develop written treatment protocols with consensus from participating providers and facilities.	Pass & Complete	
	Milestone #5 Include at least one hospital with specialty psychiatric services and crisis-oriented psychiatric services; expansion of access to specialty psychiatric and crisis-oriented services.	Fail	
	Milestone #6 Expand access to observation unit within hospital outpatient or at an off campus crisis residence for stabilization monitoring services (up to 48 hours).	Fail	
	Milestone #7 Deploy mobile crisis team(s) to provide crisis stabilization services using evidence-based protocols developed by medical staff.	Pass & Complete	
	Milestone #8 Ensure that all PPS safety net providers have actively connected EHR systems with local health information exchange/RHIO/SHIN-NY and share health information among clinical partners, including direct exchange (secure messaging), alerts and patient record look up by the end of Demonstration Year (DY) 3.	Fail	
	Milestone #9 Establish central triage service with agreements among participating psychiatrists, mental health, behavioral health, and substance abuse providers.	Pass & Complete	
	Milestone #10 Ensure quality committee is established for oversight and surveillance of compliance with protocols and quality of care.	Pass & Complete	
	Milestone #11 Use EHRs or other technical platforms to track all patients engaged in this project.	Pass & Complete	
3.b.i	Module 3.b.i.2 - Patient Engagement Speed	Pass & Ongoing	
	Module 3.b.i.3 - Prescribed Milestones		
	Milestone #1 Implement program to improve management of cardiovascular disease using evidence-based strategies in the ambulatory and community care setting.	Pass & Ongoing	
	Milestone #2 Ensure that all PPS safety net providers are actively connected to EHR systems with local health information exchange/RHIO/SHIN-NY and share health information among clinical partners, including direct exchange (secure messaging), alerts and patient record look up, by the end of DY 3.	Pass & Ongoing	
	Milestone #3 Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3.	Pass & Ongoing

Project ID	Module Name / Milestone #	Review Status	
	Milestone #4 Use EHRs or other technical platforms to track all patients engaged in this project.	Pass & Complete	
	Milestone #5 Use the EHR to prompt providers to complete the 5 A's of tobacco control (Ask, Assess, Advise, Assist, and Arrange).	Pass & Complete	
	Milestone #6 Adopt and follow standardized treatment protocols for hypertension and elevated cholesterol.	Pass & Complete	
	Milestone #7 Develop care coordination teams including use of nursing staff, pharmacists, dieticians and community health workers to address lifestyle changes, medication adherence, health literacy issues, and patient self-efficacy and confidence in self-management.	Pass & Complete	
	Milestone #8 Provide opportunities for follow-up blood pressure checks without a copayment or advanced appointment.	Pass & Ongoing	
	Milestone #9 Ensure that all staff involved in measuring and recording blood pressure are using correct measurement techniques and equipment.	Pass & Complete	
	Milestone #10 Identify patients who have repeated elevated blood pressure readings in the medical record but do not have a diagnosis of hypertension and schedule them for a hypertension visit.	Pass & Ongoing	
	Milestone #11 Prescribe once-daily regimens or fixed-dose combination pills when appropriate.	Pass & Complete	
	Milestone #12 Document patient driven self-management goals in the medical record and review with patients at each visit.	Pass & Ongoing	
	Milestone #13 Follow up with referrals to community based programs to document participation and behavioral and health status changes.	Pass & Ongoing	
	Milestone #14 Develop and implement protocols for home blood pressure monitoring with follow up support.	Pass & Complete	
	Milestone #15 Generate lists of patients with hypertension who have not had a recent visit and schedule a follow up visit.	Pass & Complete	
	Milestone #16 Facilitate referrals to NYS Smoker's Quitline.	Pass & Complete	
	Milestone #17 Perform additional actions including "hot spotting" strategies in high risk neighborhoods, linkages to Health Homes for the highest risk population, group visits, and implementation of the Stanford Model for chronic diseases.	Pass & Ongoing	
	Milestone #18 Adopt strategies from the Million Hearts Campaign.	Fail	IA
	Milestone #19 Form agreements with the Medicaid Managed Care organizations serving the affected population to coordinate services under this project.	Pass & Ongoing	
	Milestone #20 Engage a majority (at least 80%) of primary care providers in this project.	Fail	IA
3.d.iii	Module 3.d.iii.2 - Patient Engagement Speed	Pass & Ongoing	
	Module 3.d.iii.3 - Prescribed Milestones		
	Milestone #1 Implement evidence-based asthma management guidelines between primary care practitioners, specialists, and community-based asthma programs (e.g., NYS Regional Asthma Coalitions) to ensure a regional population based approach to asthma management.	Pass & Complete	
	Milestone #2 Establish agreements to adhere to national guidelines for asthma management and protocols for access to asthma specialists, including EHR-HIE connectivity and telemedicine.	Pass & Complete

Additional Project Scale Commitments

Instructions:
Please indicate the scale of the categories below that meet all of the project requirements committed to in the Project Plan Application. Documentation must be submitted in Excel format in the quarter when the PPS provider speed commitments for a particular project are due. This documentation should include the target category(e.g. Medical Villages, Emergency Departments with Care Triage, Community-based navigators, etc.), the project ID(e.g. 2.a.iv,2.a.v,3.a.ii, etc.), and the name of the providers/entities/individuals associated with this project, if applicable.

Project Scale Category	Project	Selected	Committed
Emergency Departments with Care Triage	2.b.iii	0	10
Expected Number of Crisis Intervention Programs Established	3.a.ii	0	7
Expected Number of Medical Villages Established	2.a.iv	0	7
