**Narrative Text :**

Placeholder figures have been included as required by the implementation template; however the criteria for evaluating funds flow are in development based on provider roles and responsibilities in PPS-wide projects which is a work in progress. MS PPS is not comfortable with submitting formal projections at this time and committing to future payment allocations per type as we will be continuously refining provider

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

incentives to ensure appropriate transition of DSRIP projects into sustainable outcomes. We would also note that according to the implementation plan, we are not required to finalize this work until DY1 Q3, and the list of project participants is now due to DOH in October 2015, which is a huge determinant of funds flow.

**Narrative Text :**

For PPS to provide additional context regarding progress and/or updates to IA.

The Mount Sinai PPS has transitioned to reporting funds flow to partner organizations through the PIT Replacement template (PIT-R). The PIT-R no longer integrates with modules 1.4 and 1.10, and thus, the funds flow amounts are not auto-populated into the provider categories. For partner payments made by Mount Sinai PPS in DY5 Q1, please reference the separate funds flow attachment PIT-R file.

**✔ IPQR Module 1.5 - Prescribed Milestones**

**Instructions :**

Please provide updates to baseline target dates and work breakdown tasks with target dates for required milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement. Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation.

| Milestone/Task Name   | Status    | Description   | Original Start Date | Original End Date | Start Date | End Date   | Quarter End Date | DSRIP Reporting Year and Quarter | AV  |
|---|-----------|---|---------------------|-------------------|------------|------------|------------------|----------------------------------|-----|
| <b>Milestone #1</b><br>Complete funds flow budget and distribution plan and communicate with network  | Completed | Funds Flow Budget and Distribution Plan, signed off by your Finance Committee, including details of your approach to funds flow on a whole-PPS and project-by-project basis; evidence of involvement of provider network in developing funds flow methodology.  | 07/01/2015          | 03/31/2016        | 07/01/2015 | 03/31/2016 | 03/31/2016       | DY1 Q4                           | YES |
| <b>Task</b><br>Step 1. Finalize funds flow and distribution plan. Includes feedback from PPS providers who participate in various multi-disciplinary workgroups and committees. | Completed | Finance workgroup is responsible for assembling the final funds flow after receiving resource requirements from PPS work groups.<br><br>The executive leadership group has been developing a number of options for funding distribution methodologies to PPS partners. It has been established that the funds will be distributed through performance-based contracts and will be strictly based on partner performance in completing defined milestones and meeting metrics. The finance workgroup is currently in process of narrowing down funding distribution options and data sources for identifying provider award per provider. The next step in the process is for the finance workgroup to review the available options and provide recommendations. | 07/15/2015          | 09/30/2015        | 07/15/2015 | 09/30/2015 | 09/30/2015       | DY1 Q2                           |     |
| <b>Task</b><br>Step 2. Governance approval of funds flow, criteria for distribution of funds from each budget category and distribution plan                                    | On Hold   | Finance Committee and Board of Managers Approval.<br><br>On Hold as it requires completion of previous step   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |     |
| <b>Task</b><br>Step 3. Communication of approved Funds Flow and Distribution Plan to PPS providers  | On Hold   | Funds Flow and Distribution Communication Packet.<br><br>On Hold as it requires completion of previous step   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |     |

**✔ IPQR Module 1.10 - PPS Flow of Funds - Non-Waiver Revenue (Quarterly)**

**Instructions :**

Please include updates on flow of funds for this quarterly reporting period by importing the PIT file and filling out the PPS PMO line manually. Reported actual fund distribution will be compared to baseline projections and deviations will be evaluated.

Any explanations regarding deviations from baseline projections must be included within the textbox, not as narrative within uploaded documentation.

**Benchmarks**

| <b>Non-Waiver Revenue DY5</b> | <b>Total Non-Waiver Revenue</b> | <b>Undistributed Non-Waiver Revenue YTD</b> | <b>Undistributed Non-Waiver Revenue Total</b> |

**Narrative Text :**

The Mount Sinai PPS has transitioned to reporting funds flow to partner organizations through the PIT Replacement template (PIT-R). The PIT-R no longer integrates with modules 1.4 and 1.10, and thus, the funds flow amounts are not auto-populated into the provider categories.

For partner payments made by Mount Sinai PPS in DY5 Q1, please reference the separate funds flow attachment PIT-R file.

**✅ IPQR Module 2.1 - Prescribed Milestones**

**Instructions :**

Please enter and update target dates, as well as breakdown tasks with target dates for prescribed milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement.

Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation. Note some milestones include minimum expected completion dates.

| Milestone/Task Name  | Status    | Description   | Original Start Date | Original End Date | Start Date | End Date   | Quarter End Date | DSRIP Reporting Year and Quarter | AV  |

# New York State Department Of Health Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

### Mount Sinai PPS, LLC (PPS ID:34)

#### ✔ IPQR Module 2.3 - Major Risks to Implementation & Risk Mitigation Strategies

##### Instructions :

Please describe the key challenges or risks that you foresee in implementing your governance structure and processes and achieving the milestones described above, as well as potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

Current risks to achieving the above milestones include: financial fragility of many participating providers; the culture of competition rather than cooperation that exists among similar agencies and providers; the ability of the PPS to attain project goals within the proposed budget; the ability of partners to provide up front capital and investments to implement projects; potentially low distribution of DSRIP dollars at the individual provider level; and the lack of understanding DSRIP and impact of payment reform among provider participants. Other risks include ability to develop and share data in a meaningful way to support care coordination, the availability of HIE services by SHIN-NY, availability of capital dollars (including impact of the CRFP awards), and the ability of partners to participate in the planning process (many smaller partners have cited their lack of resources and ability to participate in multiple committees and work groups). The impact of these risk may result in provider partners dropping out of the PPS, not enough capital to launch projects at the partner level that may result in the need to find additional partners, and delaying the PPS's ability to meet DSRIP goals.

#### ✔ IPQR Module 2.4 - Major Dependencies on Organizational Workstreams

##### Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

Major dependencies include the ability to complete participating partner contracting, establishing the working relationships between the PPS and provider partners, ability of partners to launch projects and engage in project work groups, availability of HIE services by SHIN-NY to ensure data sharing infrastructure can be established, and the ability/authority of the PPS to implement monitoring and compliance programs and partner's response to those efforts. We anticipate the need for significant partner education and outreach, particularly at the individual community provider level. The primary interdependency is the participating provider contract that will link providers to the PPS and establish the working relationship between the PPS and its provider network. Integral to that network is an IT platform that is available to all PPS participants and establishes a framework for data exchange and management as well as reporting. The Workforce plan will be a key component of transformation for many providers as they move away from traditional facility based activities into community based activities. The PPS will need to have a plan and program in place to retrain a sufficient number of providers to work in community based settings providing case management and care coordination. Additionally, a robust PMO will be necessary to manage the data and report on the activities of each of the projects and the PPS as a whole.

# New York State Department Of Health Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

### Mount Sinai PPS, LLC (PPS ID:34)

#### ✅ IPQR Module 2.7 - IT Expectations

##### Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream and your ability to achieve the milestones described above.

The shared IT infrastructure is key to the development of an integrated delivery system, the foundation of the PPS transformation. Development of the IT infrastructure and the process of linking providers to that system will be a major indicator of the success of the PPS in creating an integrated delivery system.

A crucial functionality of the overall IT strategy will be identifying risks. To do that, the PPS will use dashboards to monitor multiple dimensions of program performance and the ability to gauge progress against milestones for the appropriate allocation of financial and operational resources.

As such, the MS PPS IT infrastructure will allow for PPS-wide data sharing across all provider types through a combination of integration via the RHIO, a user portal for providers, or directly into the MS PPS HIE. The infrastructure to enable data sharing will allow the Board and committees the ability to query key performance indicators for the PPS, by partner type, project and key metrics, both defined by DSRIP and those defined as critical to performance management by each committee. The performance management capability will enable committee members to define key indicators, thresholds (goal charts) and frequency of data collection to monitor partner performance and stability. With relation to DSRIP performance, the MS PPS Rapid Cycle Evaluation (RCE) process will be driven by the data collected and informed by input from the committees and project leads, to ensure timely process improvement initiatives can be put into place to address areas of risk. While performance reporting will be largely informed by claims data, real time or near real-time data will be accessed and utilized for RCE activities and utilization management. This will enable timely feedback loops and course corrections so that improvements aren't limited to quarterly data feeds or otherwise historical data.

CBOs will also be able to engage and connect into the MS PPS IT platforms to share information and report on their performance. MS PPS will implement a data normalization service to consume non-standard data produced by existing CBO systems. CBOs will be able to connect into the care coordination and referrals management platforms between them and partnering organizations, as well as access to other IT services through the MS PPS user portal.

Additionally, the IT workstream overlaps with the work of the Governance workstream. Successful execution of IT policy and process tasks will inform the development of a comprehensive governance framework for the PPS that includes robust data governance components such as data access, data security, and other IT-related policy elements.

Finally, the successful realization of these deliverables will require the shared IT infrastructure to support specific governance milestones such as posting of minutes and agendas on provider and public portals, and soliciting feedback from stakeholders on PPS activities and decisions. These tools will allow the PPS to provide information and technical assistance across its network and service area, thus meeting governance-specific deliverables. In addition, a robust and shared IT infrastructure will minimized the risk for DSRIP under-performance and provide the PPS governing body with data and informatics required to support effective, strategic decision-making.

## DSRIP Implementation Plan Project

### Mount Sinai PPS, LLC (PPS ID:34)

#### ✅ IPQR Module 2.8 - Progress Reporting

##### Instructions :

Please describe how you will measure the success of this organizational workstream.

The governance workstream will be successful when the PPS governance structure is fully stood up with timely achievement and establishment of the governance structures. Leadership Committee is operating as the governing board of the PPS and has transitioned to be the Board Of Managers (BoM) in which they will function to approve budgets, distribute funds, contract for services with the PMO, oversee and monitor quality and compliance and foster outreach to providers and beneficiaries. The Leadership committee has transitioned to become the Board of Managers of the MS PPS LLC where the nomination and voting in of the BoM, development and adoption of the bylaws, policies and procedures for all the committees and sub committees along with the development and completion of partner agreements will assist in the operation of the MS PPS. Success will also be determined by the execution of the performance management systems including the data collection, analyses and reporting to support the decision making by the BoM. Having performance management systems ready to collect data and determine the status of each partner in the network will be important for monitoring and reporting of the deliverables set by the PPS.

**✅ IPQR Module 3.1 - Prescribed Milestones**

**Instructions :**

Please enter and update target dates, as well as breakdown tasks with target dates for prescribed milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement.

Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation. Note some milestones include minimum expected completion dates.

| Milestone/Task Name   | Status    | Description   | Original Start Date | Original End Date | Start Date | End Date   | Quarter End Date | DSRIP Reporting Year and Quarter | AV  |
|---|-----------|---|---------------------|-------------------|------------|------------|------------------|----------------------------------|-----|
| <b>Milestone #1</b><br>Finalize PPS finance structure, including reporting structure  | Completed | This milestone must be completed by 12/31/2015. PPS finance structure chart / document, signed off by PPS Board.  | 06/01/2015          | 12/31/2015        | 06/01/2015 | 12/31/2015 | 12/31/2015       | DY1 Q3                           | YES |
| <b>Task</b><br>Step 1. Establish process for nominating and electing finance committee members, to ensure representation from different provider types so that different views and perspectives are considered. | Completed | Finance committee has been formed and includes representation for different provider types across PPS's geographic region. Finance committee members are represent hospitals, primary care practices, community health centers, long-term care centers, home health agencies  | 06/01/2015          | 09/30/2015        | 06/01/2015 | 09/30/2015 | 09/30/2015       | DY1 Q2                           |     |
| <b>Task</b><br>Step 2. Establish Finance Work group to review and assimilate funds flow and other financing policies, procedures and issues.  | Completed | Finance work group has been established to include representation from the partner organizations engaged in DSRIP efforts, Mt. Sinai Health System and the Project Management Office. Supported by a consulting team, below are the names of the finance workgroup members to date: Joe Gurracnio, Pat Semenza, Mark Pancirer, Brian McIndoe, Glenn Tolchin, Mike Bruno, Brendan Loughlin, Rachel Amalfitano, Frank Cino, Darrick Fuller, Peter R. Epps, Steve Maggio, Nina Bastian | 06/01/2015          | 07/01/2015        | 06/01/2015 | 07/01/2015 | 09/30/2015       | DY1 Q2                           |     |
| <b>Task</b><br>Step 3. Finalize accounting GL structure for recognizing revenues and expenses and for completing DSRIP budgets.   | Completed | Mt. Sinai Health System has elected two individuals to lead the accounting structure for DSRIP including budgeting and other functions.   | 07/01/2015          | 12/31/2015        | 07/01/2015 | 12/31/2015 | 12/31/2015       | DY1 Q3                           |     |
| <b>Task</b><br>Step 4. Determine the finance function staffing and support services including accounting, financial reporting, budgeting, accounts payable,   | Completed | The MS PPS team has identified staffing needs and costs in relation to carrying out the finance functions for DSRIP. The PMO office staff has also been identified as contributors to the centralized DSRIP efforts.  | 07/01/2015          | 12/31/2015        | 07/01/2015 | 12/31/2015 | 12/31/2015       | DY1 Q3                           |     |

| and cash management.   |           |  |                     |                   |            |            |                  |                                  |     |
| <b>Task</b><br>Step 5. Establish Funds Flow process that includes a mechanism for review and approval of payments to providers per the funds flow plan by the governance committees. | Completed | A model of funds flow has been developed that looks at performance payment to partners. The current work being conducted revolves around finalizing project participation per partner, partner list with appropriate service types. The model will be going through finance committee approval process once the input data are finalized. Meanwhile the committee will be approving the principles and thought process behind the funds flow mechanism.  | 07/01/2015          | 12/31/2015        | 07/01/2015 | 12/31/2015 | 12/31/2015       | DY1 Q3                           |     |
| <b>Task</b><br>Step 6. Develop guiding principles for funds allocation to establish budget categories.   | Completed | Step 6. Develop guiding principles for funds allocation to establish budget categories.  | 10/01/2015          | 12/31/2015        | 10/01/2015 | 12/31/2015 | 12/31/2015       | DY1 Q3                           |     |
| <b>Milestone #2</b><br>Perform network financial health current state assessment and develop financial sustainability strategy to address key issues.                                | Completed | This milestone must be completed by 3/31/2016. Network financial health current state assessment (to be performed at least annually). The PPS must:<br>- identify those providers in their network that are financially fragile, including those that have qualified as IAAF providers;<br>-- define their approach for monitoring those financially fragile providers, which must include an analysis of provider performance on the following financial indicators: days cash on hand, debt ratio, operating margin and current ratio;<br>-- include any additional financial indicators that they deem necessary for monitoring the financial sustainability of their network providers | 07/01/2015          | 03/31/2016        | 07/01/2015 | 03/31/2016 | 03/31/2016       | DY1 Q4                           | YES |
| <b>Task</b><br>Step 1. Develop criteria for assessing financial health of PPS partners.  | Completed | The finance work group has developed a draft process and guidelines for the next steps in assessing the financial health of PPS partners. A tentative timeline of all current PPS assessments has been designed to determine the best time frame during which the assessments will be disseminated out to the PPS and Financial Health Assessment is likely to be distributed during DY1 Q2 to allow enough time for completion.   | 07/01/2015          | 12/31/2015        | 07/01/2015 | 12/31/2015 | 12/31/2015       | DY1 Q3                           |     |
| <b>Task</b><br>Step 2. Develop a process for quarterly submission of financial data/ratios by PPS providers that will require PPS providers to                                       | Completed | A drat process has been drafted by the finance team to allow for quarterly submission of financial ratio data including definitions of ratios, examples and identifying technical support resources for questions and concerns by partners.  | 07/01/2015          | 12/31/2015        | 07/01/2015 | 12/31/2015 | 12/31/2015       | DY1 Q3                           |     |

## DSRIP Implementation Plan Project

### Mount Sinai PPS, LLC (PPS ID:34)

#### ✓ IPQR Module 3.3 - Major Risks to Implementation & Risk Mitigation Strategies

##### Instructions :

Please describe the key challenges or risks that you foresee in implementing these cross-cutting organizational strategies, including potential impacts on specific projects and, crucially, any risks that will undermine your ability to achieve outcome measure targets.

"There may be challenges and risks in 5 key areas:

- 1) Risk/challenge: Being able to reliably receive quarterly results from providers to monitor financial health. There will be a large volume of materials coming in to review and MSPPS will need to create a standardized submission and review process.
  - a. Mitigation: Process must include conversations with, and obtain buy-in from, providers to understand why financials may be trending one way or another. There may be unique seasonality at a provider or changes to financial statements may be due to something other than DSRIP. Consider contract terms that permit penalties or sanctions for non-performing providers.
- 2) Risk/challenge: If a provider is experiencing revenue loss due to DSRIP project implementation, there exists a challenge to evaluate loss due to DSRIP quantified vs. loss due to other reasons and the level of due diligence necessary by MSPPS in evaluating requests for funding to cover revenue loss.
  - a. Mitigation: Develop a mechanism in evaluating budget vs. actual spending on DSRIP related work as part of assessing overall financial health of PPS partners.
- 3) Risk/Challenge: There is a need to establish confident estimates of future awards when making financial decisions such as adding PMO staff and setting annual budgets.
  - a. Mitigation: Work closely with MSPPS IT and Business Intelligence capabilities to continually assess progress against goals for estimating potential awards and progress.
- 4) Risk/Challenge: Ability to contract with MCOs and get 90% of payments under value-based payment methodologies.
  - a. Mitigation: Work in close collaboration with the State in incentivizing MCOs to negotiate and work with MSPPS.
- 5) Risk/Challenge: Performance is hard to define or isn't available initially so payments are based on missing or inaccurate data. In addition, accurate data is required for project attribution for initial valuation of provider commitments.
  - a. Mitigation: Evaluation mechanism to ensure speed and scale commitments are realistic and achievable) and accurate performance data with provider attribution so that performance can be measured efficiently and fairly.

#### ✓ IPQR Module 3.4 - Major Dependencies on Organizational Workstreams

##### Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

"IT Systems: As part of developing data reporting mechanism to manage the provider data base and performance and process reporting, the finance team would need to ensure the appropriate measures are captured as part of the reporting process and appropriate analytics are built in

# New York State Department Of Health Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

### Mount Sinai PPS, LLC (PPS ID:34)

over time to allow for real-time dashboard reporting.

**Workforce:** As part of the workforce strategy budget, the finance workstream would need to consider the impact on the PPS and potential mitigation strategies (i.e. tapping into reserve funds to ensure this workstream is successful).

**Governance:** Finance Committee is part of the formal governance structure. A number of elements requiring integration are CBO contracting and evolving governance model.

**Cultural Competency and Health Literacy:** As part of the training or change management programs that the PPS sets out to achieve, integration around cost of those services and monitoring of them brings an essential collaborative opportunity between the two workstreams.

**Performance Reporting:** Financial health reporting protocols will need to be standard across the PPS in order for the lead organization to be able to make accurate assessment of the overall PPS health. The development of strategies to establish the appropriate reporting structure will be approved by the Finance Committee before being finalized.

**Population Health Management:** As part of performing provider contracts, outcome measures will drive the majority of the incentive payments earned in the last years of DSRIP. The strategy for population health management and roadmap development must align with the performance contracting process and principles.

**Practitioner Engagement:** as part of performing provider contracts, provider engagement early in the contracting process and throughout DSRIP period is key to ensure the contractual obligations are met."

**✓ IPQR Module 3.6 - Key Stakeholders**

**Instructions :**

Please identify the key stakeholders involved, both within and outside the PPS.

| <b>Key stakeholders</b>                | <b>Role in relation to this organizational workstream</b>   | <b>Key deliverables / responsibilities</b>  |
|--|---|---|
| <b>Internal Stakeholders</b>           |   |   |
| Art Gianelli                           | St. Lukes Roosevelt, President  | Executive leader of Mount Sinai PPS   |
| PMO                                    | Obtain input regarding resource requirements, DSRIP operating plans, and work force requirements                    | Feedback and request for resources  |
| Finance Leads                          | Obtain input regarding funds flow, financial sustainability requirements and MCO / risk based contracting strategy. | Feedback on allocation and request for resources  |
| <b>External Stakeholders</b>           |   |   |
| Skilled Nursing/Housing/Rehabilitation | Rachel Amalfitano, CFO, Village Care  | Participate in appropriate committees and provide generalized PPS feedback through townhall forum |
| Skilled Nursing/Nursing Home           | Mark Pancirer, CFO, Amsterdam House   | Participate in appropriate committees and provide generalized PPS feedback through townhall forum |
| Home Care                              | Glenn Tolchin, CFO, VNSNY   | Participate in appropriate committees and provide generalized PPS feedback through townhall forum |
| Hospital                               | Joseph Guarracino, CFO, Brooklyn Hospital Center  | Participate in appropriate committees and provide generalized PPS feedback through townhall forum |
| FQHC                                   | Jose Virella, CFO, Ryan Center Health Network   | Participate in appropriate committees and provide generalized PPS feedback through townhall forum |

New York State Department Of Health  
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Mount Sinai PPS, LLC (PPS ID:34)

✔ IPQR Module 3.7 - IT Expectations

Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream.

At its core, IT services will provide the clinical integration and pop health backbone for the PPS, enabling enhanced care coordination, utilization management and provider integration. This infrastructure design will inherently enable management of PPS and DSRIP project performance across the entire PPS and multiple partners. The partners will be able to collect and submit financial reports directly to the PPS Finance team using an electronic platform. These reports and data will enable PPS leadership and appropriate committees the ability to understand how DSRIP projects are impacting overall utilization, associated Medicaid payments and overhead costs; allowing for the identification of appropriate business and utilization management strategies to minimize any unintended consequences. While it is expected that some providers will experience decreased volume, the intent is to achieve this in an incremental and controlled manner, which will allow providers to adapt over time during DSRIP, adjust to new volumes and financial incentives, and re-align operating models.

MS PPS is also working to establish a customer-relations management tool in order to track all reporting functions of the PPS and all contracts. This will include the reporting of financial metrics on a quarterly basis. The data will be self-reported through easy-to use portal system. The PPS data warehouse containing information from RHIO, providers and payers will serve an essential purpose in evaluating value-based payment options as the PPS matures.

The design of centralized IT services' ultimate goal is to enable more cost-effective health care delivery and minimize duplication and waste through reduced variability in clinical processes and decision-making, ongoing process improvement, reduced avoidable acute care utilization and other high-cost services and expenses. This more cost-effective delivery model will decrease total per patient spending, increase tangible value to patients, providers and payers and ultimately enable the network to engage in shared savings and/or value-based payment models. These new payment models will better incentivize health care transformation and maintenance of cost-effective care delivery across the continuum of care. Decreased per patient costs will in turn generate sufficient operating revenue for partners to further invest in infrastructure development and population health initiatives.

✔ IPQR Module 3.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

Once implementation plan is complete, the plan and progress against its milestones will be reviewed by Finance Committee every 3 months. Success will be measured by tracking results of each commitment in the plan.

The success of Financial Sustainability Plan will be achieved through a number of key elements:

# New York State Department Of Health Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

### Mount Sinai PPS, LLC (PPS ID:34)

- Creating the funds flow principles, processes, and budgets for distribution of DSRIP funds to support implementation of the Financial Sustainability Plan.
- Evolving Governance structure and participation of key stakeholders and providers in the PPS service area.
- Focused integration of IT information and systems in order to enable accurate and timely information flow across PPS providers necessary for proactive performance monitoring. This information flow will include value-based payment measures.
- Regular review of the implementation plan milestones and progress towards meeting the requirements with a report out to the committee on identified areas of risk and potential mitigation strategies to address them.
- Strong PMO structure to facilitate effective implementation of the DSRIP projects.

✔ IPQR Module 4.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in implementing your cultural competency / health literacy strategy and addressing the specific health disparities you are targeting (based on your CNA), and achieving the milestones described above - including potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

- Risk 1: Timeliness of retraining and redeploying the workforce.  
Mitigation: assess needs of individual providers and provide support to assist provider in meeting project timeline. Determine ability of provider and where in the roll out process they would be.
- Risk 2: Do organizations have adequate coverage to pull employees into additional training?  
Mitigation: work closely with union, identify funding for providers, and develop a broad base workforce via Workforce Committee strategies.
- Risk 3: Employee engagement.  
Mitigation: assess providers internal activity of employee engagement. Develop resources and programs for PPS providers to assist them with their programs.
- Risk 4: Needs of the community exceed the ability of the current workforce.  
Mitigation: Identify recruitment strategy for each project. Determine ability of providers to redeploy staff to different communities based on CC and HL.
- Risk 5: There is a strong co-dependency between the Clinical and Workforce Committees. The work task that the Clinical Committee creates must dictate the work structure the Workforce Committee supports in order for implementation to be successful. It is a potential risk, that with such a large undertaking, the work may become siloed within functional groups.  
Mitigation: the MSPPS will coordinate cross-functional work-groups to ensure collaboration. This will also serve to make estimates more realistic, as workforce will not examine each clinical project in isolation, but rather as part of a larger system change.
- Risk 6: The future state analysis of the workforce is similarly dependent on the outcomes of the Clinical Committee work.  
Mitigation: Workforce and Clinical leadership will work together to ensure necessary information is provided to the committees in order to achieve milestones.
- Risk 7: The MSPPS anticipates significant competition for talent in certain roles with other PPSs as the DSRIP initiative moves forward.  
Mitigation: The MSPPS plans on collaborating with other PPSs as well as key stakeholders and educational institutions to reduce potential difficulties.
- Risk 8: The MSPPS clinical work will need to scale faster than the training initiatives can support. Once training needs have been identified, curriculum may need to be developed, and the training itself may take time to be done effectively.  
Mitigation: The MSPPS will work with training providers to ensure we can scale appropriately, as well as collaborate internally to address clinical needs with the resources available.
- Risk 9: Each partner and employees at each partner will join the PPS at differing levels of education, experience, and baseline knowledge.  
Mitigation: The training strategy will take into account these different levels in designing training initiatives and timeline.
- Risk 10: Preliminary discussions with some of our community-based providers suggest that there may be regulatory issues that impact staffing, roles, and capacity of their work forces.  
Mitigation: The PPS will work with its partners and NYS to identify and implement solutions to such issues.
- Risk 11: The MSPPS may also face a risk of exposing confidential information as a result of sharing data across the various partners.  
Mitigation: There will be strict controls put in place as part of the assessment steps of implementation plan so as to minimize this risk.

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**✓ IPQR Module 4.4 - Major Dependencies on Organizational Workstreams**

**Instructions :**

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

Successful planning and implementation of a cultural competency and health literacy strategy and a meaningful training program rests on several closely tied work streams with the PPS leadership, members and other technical committees. Clinical and Workforce committees, in collaboration with stakeholder unions and community advisers must assess existing curricula and develop one standardized training curriculum for multiple disciplines and workforce levels endorsed by the PPS provider organizations. Excellent provider and partner engagement to educate them about the strong linkage between poor cultural competency/health literacy and health outcomes, and the effectiveness of "universal precautions" (Step 1a – milestone 1) will be necessary to achieve buy-in for the importance of training of workforce and modification of current verbal and written communication. Adequate funds must be allocated to the development of these curricular programs and to the creation of different modes of training and evaluation depending on level or workforce and roles. This necessitates working with the IT committee to plan feasible curricular activities and develop a common training platform or alternate strategy that can be tracked within the individual organizations and by PPS leadership.

**✅ IPQR Module 4.5 - Roles and Responsibilities**

**Instructions :**

Please list and elaborate upon the key people/organizations responsible for this workstream and describe what their responsibilities involve.

| <b>Role</b>   | <b>Name of person / organization (if known at this stage)</b>                          | <b>Key deliverables / responsibilities</b>   |
|---|--|--|
| Clinical Committee Co-Chair   | Theresa Soriano, Mount Sinai Health System   | Provide input to shape policies and procedures.  |
| Clinical Committee Co-Chair   | Matt Weissman, Community Healthcare Network  | Provide input to shape policies and procedures.  |
| Clinical Director   | Edwidge Thomas, Mount Sinai PPS  | Provide input to shape policies and procedures.  |
| IT Committee Co-Chair   | Kumar Chatani, Mount Sinai Health System   | Provide input to shape policies and procedures.  |
| IT Committee Co-Chair   | Barbara Hood, Ryan Center  | Provide input to shape policies and procedures.  |
| Workforce Committee Co-Chair  | Jane Maksoud, Mount Sinai Health System  | Approve policies and procedures; lead and maintain oversight of committee activities and projects.   |
| Workforce Committee Co-Chair<br>Cultural Competence / Health Literacy Workgroup<br>Co-Chair | Linda Reid, VNSNY  | Approve policies and procedures; lead and maintain oversight of committee activities and projects.   |
| Workforce and Clinical Committees   | PPS Members  | Assess and define the current and future states of the workforce; conduct a gap and benefits/compensation analysis; create a transition roadmap and training strategy. |
| Workforce Project Team  | Workforce Committee representative members, including partner and union representation | Complete implementation plan steps; make recommendations to the committee for review and approval.   |
| Workforce Project Management  | Daniel Liss, Mount Sinai Health System; MSPPS PMO Members                              | Drive completion of Implementation Plan deliverables; manage community and stakeholder engagement.   |
| Consultants   | Undetermined   | Help prepare workforce and training analyses and materials.  |
| Cultural Competence / Health Literacy Workgroup<br>Co-Chair                                 | Emma Sollars, Mount Sinai Health System  | Approve policies and procedures; lead and maintain oversight of committee activities and projects.   |

**✓ IPQR Module 4.6 - Key Stakeholders**

**Instructions :**

Please identify the key stakeholders involved, both within and outside the PPS.

| <b>Key stakeholders</b>                        | <b>Role in relation to this organizational workstream</b>  | <b>Key deliverables / responsibilities</b>  |
|--|--|---|
| <b>Internal Stakeholders</b>                   |  |   |
| Mount Sinai Health System                      | Lead Applicant   | Leadership; operation of centralized functions.   |
| Clinical, Finance, and IT Committees           | Key partners in developing workforce goals   | Collaborate with Workforce Committee to determine needs, funding, and reporting mechanisms.                               |
| Mount Sinai Department of Social Work Services | Cultural Competence and Health Literacy Workgroup Co-Chair - Emma Sollars, Program Coordinator, Training and Education                                   | Leadership.   |
| <b>External Stakeholders</b>                   |  |   |
| VNSNY  | Workforce Committee Co-chair Partner / Cultural Competence and Health Literacy Workgroup Co-Chair - Linda Reid, Director, Workforce Planning & Diversity | Leadership.   |
| Other MSPPS Partners                           | Partners in PPS  | Participate in Workforce Committee.   |
| Labor Management Project (1199)                | Partners in PPS - Michael Shay, Labor Management Consultant  | Participate in Workforce Committee; will play prominent role in the coordination of training and other workforce efforts. |
| NYSNA - TBD as needs are determined.           | Partners in PPS  | Participate in Workforce Committee  |
| Community Healthcare Network (CHN)             | Partners in PPS - Emily Briglia, Health Literacy Program Manager   | Provide input and expertise in strategy including training.   |
| City Health Works                              | Partners in PPS - Jamillah Hoy-Rosas, Director of Health Coaching and Clinical Partnerships  | Provide input and expertise in strategy including training and patient education.   |
| NYCDOHMH                                       | Local Collaborator - - TBD as needs are determined.  | Provide input and expertise in strategy including training.   |
| NY Legal Assistance Group                      | Partners in PPS - Beth Breslin, Policy Associate   | Provide input and expertise in strategy including patients rights and training.   |
| Other, non-MSPPS, organizations and PPSs       | External Stakeholder - TBD as needs are determined.  | Potentially collaborate with Workforce Committee and MSPPS on joint activities.   |
| Managed Care Organizations and other Payers    | Partners in PPS and external stakeholders - TBD as needs are determined.   | Provide input and expertise in strategy including training.   |

**✅ IPQR Module 4.7 - IT Expectations**

**Instructions :**

Please clearly describe how the development of shared IT infrastructure across the PPS will support the development and implementation of your cultural competency / health literacy strategy and the achievement of the milestones described above.

The development of a shared IT infrastructure will support the implementation of the MS PPS cultural competency/health literacy strategy by providing a means for the distribution of consistent, culturally competent materials and training for patients and providers, and by establishing Health Information Exchange (HIE) between the health system and culturally competent Community Based Organizations (CBOs).

A central component of the MS PPS strategic plan, as it relates to cultural competency, is the provision of a myriad of training activities, including foundational instruction on the relationship between culture, stigma and health for the frontline and patient-interacting workforce. This training will be implemented via a core function of the MS PPS IT infrastructure- the Learning Management System (LMS). LMS will allow the PPS to deliver and track cultural competence training across all participating PPS providers and monitor both deficits and improvements, over time.

Simultaneously, the PPS will use elements of its shared IT infrastructure to develop and deliver culturally appropriate information and education to its patient population, taking into account patient health literacy. The IT tool which supports this charge is the Patient Portal, which includes virtual support to assist in completing referrals for clinical and non-clinical services, after-hours care (triage)/warm-line and general PPS-level customer services.

Finally, the IT infrastructure will include flat file/CBO data conversion implementation that will allow culturally competent CBOs participating in the PPS to exchange data and track outcomes, particularly around the provision of services impacting the social determinants of health.

**✅ IPQR Module 4.8 - Progress Reporting**

**Instructions :**

Please describe how you will measure the success of this organizational workstream.

Staff Training: 1. Percentage of staff members that complete training modules within identified time period. 2. Percentage of staff members that score within target % range (to be identified) on post training competency evaluation. 3. Percentage of staff that receive meets or exceeds expectations on performance appraisals in these topic areas.

Patient Population: 1. Percentage of identified patients that have improved compliance (identify target %) with attending medical appointments (primary care, specialty). 2. Percentage of identified patients that have improved adherence with medication regimen (identify target %). 3. Percentage of identified patients that have reduced unnecessary medical utilization (emergency department visits and hospitalizations).

**Section 05 – IT Systems and Processes**

**✅ IPQR Module 5.1 - Prescribed Milestones**

**Instructions :**

Please enter and update target dates, as well as breakdown tasks with target dates for prescribed milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement.

Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation.

| Milestone/Task Name  | Status    | Description   | Original Start Date | Original End Date | Start Date | End Date   | Quarter End Date | DSRIP Reporting Year and Quarter | AV |
|--|-----------|---|---------------------|-------------------|------------|------------|------------------|----------------------------------|----|
| <b>Milestone #1</b><br>Perform current state assessment of IT capabilities across network, identifying any critical gaps, including readiness for data sharing and the implementation of interoperable IT platform(s).   | Completed | Detailed IT current state assessment. Relevant QEs (RHIOs/HIEs) should be involved in performing this assessment.   | 07/01/2015          | 09/30/2016        | 07/01/2015 | 09/30/2016 | 09/30/2016       | DY2 Q2                           | NO |
| <b>Task</b><br>Step 1. Develop current state assessment plan to determine the current landscape of EHR deployments, state of implemented interoperability between these systems, and levels of functional data sharing in the MS PPS provider network, including a list of PPS participant organizations to be queried | Completed | Current state assessment planning has begun. We are currently working with other workstreams to coordinate the assessment process and finalize the list of PPS partners | 07/01/2015          | 09/30/2015        | 07/01/2015 | 09/30/2015 | 09/30/2015       | DY1 Q2                           |    |

DSRIP Implementation Plan Project

Mount Sinai PPS, LLC (PPS ID:34)

✔ IPQR Module 5.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in creating and implementing your IT governance structure, your plans for data sharing across your network, your approach to data security and confidentiality, and the achievement of the milestones described above, including the potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

|   |
|---|
| <p>Risk 1: PPS partners not fully comprehending the IT requirements<br/>Mitigation Strategy: Engage in comprehensive community-based partner education through workshops, web-based learning tools and 1:1 interaction at partner sites; development of education materials by provider type to clearly state expectations and requirements.</p> <p>Risk 2: Partners inability to achieve meaningful adoption of IT capabilities to connect to centralized IT services and engage in data sharing<br/>Mitigation Strategy: PPS has planned for provision of technical assistance with relation to EHR adoption and PCMH certification. PPS will establish incremental IT adoption milestones and site visits to ensure progress towards defined requirements and performance objectives. Financial incentives will be put into place to encourage IT adoption by partners with DSRIP dollars.</p> <p>Risk 3: Breadth of EHRs and electronic platforms currently in use may pose significant barrier and/or cost for development of interfaces by vendors for HIE connectivity<br/>Mitigation Strategy: PPS IT committee will conduct a deeper assessment to better understand vendors within PPS, work to negotiate interfaces for top volume platforms first; as well as work with partners without IT platforms to adopt software from a select set of vendors.</p> <p>Risk 4: Consent process may inhibit ability to access and share pertinent patient data<br/>Mitigation Strategy: Continue to coordinate with GNYHA, other PPSs, RHIOs and stakeholders to drive policy change and consent education for patients through providers to continually improve level of consent and mitigate policy barriers.</p> <p>Risk 5: As with any collaborative, stakeholders may not reach consensus on strategic, business or governance decisions in a timely manner<br/>Mitigation Strategy: Implementation plan will carefully map out deliverable/decision points and risks of indecision will be raised immediately to PPS leadership for arbitration; PPS will leverage State guidance on key business and technical decisions where appropriate.</p> <p>Risk 6: RHIO and SHIN NY implementation and upgrade timelines may be delayed or may experience unforeseen barriers, which may cause any intended functionality to be implemented by the PPS that depends on these core infrastructure components to be delayed.<br/>Mitigation Strategy: MS PPS will work closely with RHIO partners and with NYSDOH to continuously gauge performance benchmarks as set by SHIN NY for RHIO system upgrades, and by NYSDOH for core functionality components of the MAPP. The PPS will be specifically including a RHIO gap analysis as part of the current state IT assessment in DY1 to help mitigate this risk. Additionally, MS PPS and RHIO will have overlap with Boards of both organizations to promote alignment.</p> <p>Risk 7: Funding challenge to attain resources to help realize IT strategy and investments<br/>Mitigation Strategy: MS PPS has already submitted a capital request to help fund the IT needs for the PPS. Partners have also been encouraged to apply for a capital request, which many have done. Additionally, the PPS is providing information for alternative funding sources, such as PCIP, for partners to connect with.</p> <p>Risk 8: Assure data security is upheld across all partners<br/>Mitigation Strategy: MS PPS will develop data security protocols and policies that will be vetted through compliance to ensure patient data remains protected while data sharing is promoted to help us achieve DSRIP milestones.</p> |
|---|

✔ IPQR Module 5.4 - Major Dependencies on Organizational Workstreams

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**Instructions :**

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

The IT Systems and Processes developed by the MS PPS are highly interdependent with other organizational workstreams:

**Workforce:** The proposed IT infrastructure will support workforce transformation through the inclusion of a Learning Management System that will allow the PPS to deploy and track workforce training and understanding of PPS-developed project-driven protocols.

**Governance and Financial Sustainability:** The proposed IT infrastructure will support PPS governance and financial sustainability by providing the governing board with timely access to clinical, financial and provider-related information, that they might make informed and accurate decisions.

**Cultural Competence and Health Literacy:** The proposed IT infrastructure will support cultural competence and health literacy by providing a means for the distribution of consistent, culturally competent materials and training for patients and providers, and by establishing Health Information Exchange (HIE) between the health system and culturally competent Community Based Organizations (CBOs).

**Performance Reporting:** The proposed IT infrastructure will put in place the IT systems necessary to gather, store and analyze information across all PPS providers to facilitate efficient and valid performance reporting.

**Practitioner Engagement:** The proposed IT infrastructure will support practitioner engagement through implementation of the MS PPS User Portal, offering wide-spread access to the MS PPS data warehouse, including analytic functionality, dashboards, care management tools, Learning Management System modules and DSRIP performance reporting support.

**Population Health Management:** The proposed IT infrastructure will support population health management through the deployment of a centralized data warehouse and associated analytic platforms that will include critical functions, such as clinical decision support, population health metrics, predictive analytics, reporting and registries for care management, and utilization management

**Clinical Integration:** The proposed IT infrastructure will support clinical integration through the wide-spread achievement of data exchange and interoperability.

**Financial Sustainability:** Capability to monitor and track PPS partner performance metrics will depend on the financial sustainability of the PPS overall, in order to provide the needed centralized infrastructure for performance reporting.

**Funds Flow:** The availability of DSRIP funds to support the centralized infrastructure that will be necessary in order to support all DSRIP projects and the ability to achieve metrics and milestones.

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**✓ IPQR Module 5.5 - Roles and Responsibilities**

**Instructions :**

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

| Role   | Name of person / organization (if known at this stage)   | Key deliverables / responsibilities   |
|--|--|---|
| Provision of centralized IT services to fulfill 2.a.i and other project core IT requirements | Kumar Chatani, CIO, Mount Sinai Health System and IT Committee; Greg Fortin, Isabella Nursing Home; Richard Pineda, Amsterdam Nursing Home; Warriia Esmond, Settlement Health; Kate Nixon, Visiting Nurse Service of New York; Mitze Amoroso, ArchCare; Miguel Mendez, Housing Works; Daniel Lowy, Argus Community, Inc.; Bill Moran, The Brooklyn Hospital Center; Richard Clarkson, Callen-Lorde Community Health Center; Ricardo Santiago, Village Center for Care d/b/a VillageCare; Vivek Sawhney, YAI; Kathy Cresswell, Institute of Family Health; Patricia Marthone, 1199 SEIU UHWE; Michael Buckner, Bailey House; Barbara Hood, William F. Ryan Community Health Network; Crystal Jordan, Harlem United; Deborah Witham, VIP Community Services; Edwin Young, MD, Mount Sinai; Kash Patel, Sr. Director of Innovation & Analytics, Mount Sinai | Design, plan and implementation of IT infrastructure to achieve: bidirectional data sharing, HIE connectivity, alerts, messaging, care coordination, PCMH level III and adoption of MU II eligible EHRs   |
| Inform clinical requirements and data needs for UM, performance management and RCE           | Theresa Soriano, MD, MPH, Mount Sinai, Matthew Weissman, MD, MBA, FAAP, Community Health Network, and CMO Edwidge Thomas, Clinical Director of DSRIP PMO, Mount Sinai  | Coordinate with IT committee to ensure clinical data needs for reporting, RCE, UM and quality management are understood and included within IT strategy and proposed solutions; including RHIO data capture. Inform workflow needs and how data integration will impact care delivery and coordination. |
| Ensure alignment of strategy with long-term vision, business priorities and DSRIP objectives | Edwidge Thomas, Medical Director of Mount Sinai DSRIP PMO and the MS PPS Board of Managers : Art Gianelli*, MS Health System; Arthur Klein, MS Health System; Brad Beckstrom, MS Health System; Brian Mcindoe, William Ryan Center; Caryn Scwab, MS Health System; Don Scanlon, MS Health System;  | Strategic oversight and alignment across workstreams, PPS and DSRIP projects<br>Arbitrate priorities for strategic success and resource allocations (in coordination with recommendations and guidance of CFO and Finance committee)  |

**✓ IPQR Module 5.6 - Key Stakeholders**

**Instructions :**

Please identify the key stakeholders involved, both within and outside the PPS.

| <b>Key stakeholders</b>   | <b>Role in relation to this organizational workstream</b>     | <b>Key deliverables / responsibilities</b>  |
|---|---|---|
| <b>Internal Stakeholders</b>  |   |   |
| Barbara Hood, CIO, William F. Ryan Community Health Network & Kumar Chatani, CIO, Mount Sinai Health System   | Responsible for representation of PPS partner interests/needs | Ongoing coordination and strategy alignment across PPS to ensure data sharing and care coordination for significant proportion of PPS members; Responsible for development of implementation plan with in put from committee members  |
| MS PPS Committees and workgroups  | PPS partner representation and project managers/ leads        | Coordination with IT committee and representation of PPS partners to inform IT needs for projects and network performance; ensure IT strategy reflects and address the collective partner needs and will enable improve care delivery to address CNA  |
| <b>External Stakeholders</b>  |   |   |
| MS PPS IT Committee members: Greg Fortin, Isabella Nursing Home; Richard Pineda, Amsterdam Nursing Home; Warria Esmond, Settlement Health; Kate Nixon, VNS of New York; Mitze Amoroso, ArchCare; Miguel Mendez, Housing Works; Daniel Lowy, Argus Community, Inc.; Bill Moran, The Brooklyn Hospital Center; Richard Clarkson, Callen-Lorde Community Health Center; Ricardo Santiago, Village Center for Care d/b/a VillageCare; Vivek Sawhney, YAI; Kathy Cresswell, Institute of Family Health; et al. | Representation of PPS provider types                          | Represent various partner types for 2ai and PPS to ensure diversity of partner needs, roles and capabilities are represented in planning, governance and implementation   |
| Local RHIOs Leadership: Tom Check and Jason Thaw of Healthix; additionally, Interboro RHIO and Bronx RHIO.  | RHIO leadership within region                                 | Responsible for coordination with MS PPS IT leadership for deployment of IT strategy; delivery of HIE connectivity, and select functionality (e.g. DIRECT messaging); ensuring cross-RHIO/PPS connectivity via SHIN-NY; provision of consent management and integration with statewide MPI and data sharing initiatives |
| PPS Parnters: (In first wave) Greg Fortin, Isabella Nursing Home; Warria Esmond, Settlement Health;   | Performing partners and coordinatin providers                 | Responsible for informing IT needs of PPS, being responsive to assessment and planning requests, investing in basic IT infrastructure per DSRIP project and IT strategy requirements;   |

Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**✔ IPQR Module 5.7 - Progress Reporting**

**Instructions :**

Please describe how you will measure the success of this organizational workstream.

The IT work stream leadership will develop a comprehensive implementation plan, supplemented by GANTT chart outlining quarterly milestones based on performance requirements (DSRIP) and implementation milestones for the PPS IT strategy. The implementation plan will provide a measurable guide for progress that will be regularly shared with Leadership and collaborating committees to ensure provision of deliverables, services and functionality in line with PPS scale and speed, and overall PPS IT requirements. The IT team will also work to identify a set of internal metrics that will define success beyond meeting the milestones required by the state to ensure high quality of service that meets the PPSs DSRIP needs. In addition to IT implementation progress tracking and management, the committee will engage in PPS partner feedback requests through surveys and discussion forums to ensure solutions and services continually meet partner needs, expectations and deliver value.

**IPQR Module 5.8 - IA Monitoring**

**✔ IPQR Module 6.3 - Major Risks to Implementation & Risk Mitigation Strategies**

**Instructions :**

Please describe the key challenges or risks that you foresee in implementing performance reporting structures and processes and effective performance management within your network, including potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

Risk 1: There is currently lack of definition on the performance monitoring and reporting infrastructure that will be provided by NYSDOH via the MAPP relative to what will be provided by PPSs themselves.  
Mitigation Strategy: Close collaboration and transparency with NYSDOH, including participation in DSRIP CIO forum.

Risk 2: Defining performance metrics in multi-stakeholder environments often takes significant time and effort.  
Mitigation: Develop initial set of measures with input from NYSDOH and experts in the field, with stakeholder input throughout the process.

Risk 3: Some MS PPS members may not want their performance outcomes to be evaluated or compared with their competitors' performance.  
Mitigation: Develop a communications strategy to address these concerns.

Risk 4: Risks resulting from the integration of a broad network of providers into a new network with contracting dollars linked to performance, including some competing provider organizations and others with no experience in collaborative care models.  
Mitigation: Implement transparent governance and oversight of performance monitoring and outcomes-based payment processes. Define processes and expectations well in advance of implementing collaborative care practices and the underlying IT infrastructure.

Risk 5: Risk that technology vendors will not deliver services enabling the detailed performance and financial monitoring demanded by the PPS.  
Mitigation: Engage in a thorough and standardized procurement process for IT vendors, beginning with detailed definition of requirements. Include detailed requirements in procurement documents, and provide training to proposal evaluation committees so that they fully understand requirement details to optimize their decision-making process. Apply vendor contracting and management best practices.

Risk 6: Workforce(s) inexperienced in performance management and reporting systems.  
Mitigation: staff to required level at the PPS, including education and training staff; provide "high-touch" education and training to PPS participants; develop accessible resources and toolkits; elicit participant concerns early and often, listen to them in a sincere manner, and address them with respect without deviating from the overall goals of the program.

Risk 7: Operating in multiple markets within NYC exposes the PPS to several performance monitoring and reporting risks.  
Mitigation: Because our attributed patient population will cut across market segments, our analytic tools will enable tracking of outcomes and performance among specific cohorts that the PPS and PPS members can define according to multiple such as geography, health condition, provider affiliation, RHIO affiliation, etc. While we will pursue broad outcome improvement initiatives across the PPS, we will utilize more granular segmentation of patients for interventions appropriate to specific market segments and populations.

Risk 8: partners who are participating in multiple PPSs  
Mitigation: The PPS will collaborate with multiple PPSs to develop reporting measures, roll-out plan, and implementation to reduce risk of duplication and conflicting reporting processes

Risk 9: Partners may experience constraints on resources and conflicting reporting requirements from participation in multiple programs  
Mitigation: The PPS will develop reporting structure in alignment with existing program requirements where ever possible. For instance, the PPS will develop reporting tools for MU in alignment with MU requirements to reduce duplication of reports. Additionally, the PPS will consolidate reports where ever possible to reduce resource constraints and work with other reporting distribution channels to align communications on those measures.

**✅ IPQR Module 6.4 - Major Dependencies on Organizational Workstreams**

**Instructions :**

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

Performance reporting will require close coordination with other committees and leadership to ensure all key metrics and indicators are effectively tracked, captured, reported and maintained in a central data repository. Each respective committee, e.g. workforce, finance, IT, etc. will define key indicators, thresholds for performance (e.g. max and min) for performance monitoring. Monitoring and reporting will support PPS governance, rapid cycle evaluation and partner funds flow distribution in alignment with performance-based contract requirements and expectations. Careful coordination will be required with project leads and committees to determine these indicators are the best, most efficient means for standardized, consistent data collection and reporting. Additionally, the PPS will have to carefully communicate with other committees and partners to ensure performance reporting plan, requirements, and training are consistent and efficient. Successful PPS reporting will require the development of a CRM tool that will enable easy tracking of partner performance and deployment of PPS governance and provider dashboards. In addition, the Performance reporting will coordinate with NYSDOH to ensure alignment and fulfillment of reporting requirements.

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**✔ IPQR Module 6.5 - Roles and Responsibilities**

**Instructions :**

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

| <b>Role</b>  | <b>Name of person / organization (if known at this stage)</b>   | <b>Key deliverables / responsibilities</b>  |
|--|---|---|
| Oversight and accountability for delivery of performance reporting capability.   | MS PPS Leadership; CIO; IT Committee                            | Performance reporting infrastructure (design, planning and implementation). Coordination with NYDOH, PPS partners and other sources for data collection. Development of dashboards to enable performance management and rapid cycle evaluation. Management and oversight of performance reporting and data collection staff and project leads, including engagement of committees and governance leads to inform process. |
| Responsible for informing development of performance tools, monitoring performance of partners and PPS, informing process improvement and corrective action. | Leadership, Finance Committee, IT Committee, Clinical Committee | Inform identification of key indicators and operational, clinical, financial, quality and other performance metrics. Responsible for informing development of dashboards, performance thresholds, reviewing data/reports and making recommendations to Governing Board on necessary actions.  |
| Responsible for determining appropriate actions to ensure PPS performance based on available information.  | Governing Board   | Responsible for reviewing dashboards and performance recommendations from leadership and committees and making decisions for PPS to ensure necessary process improvements, corrective actions, etc.   |

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**✅ IPQR Module 6.6 - Key Stakeholders**

**Instructions :**

Please identify the key stakeholders involved, both within and outside the PPS.

| Key stakeholders                               | Role in relation to this organizational workstream          | Key deliverables / responsibilities   |
|--|---|---|
| <b>Internal Stakeholders</b>                   |   |   |
| PPS Partners                                   | Submit data and review dashboards.                          | Based on reports and data, adapt DSRIP performance, strategies and initiatives to achieve metrics/milestones and/or bridge gaps to goal measures; provide timely reporting and submission of data in specified manner/format.   |
| PMO  | Project Management office for the Mount Sinai PPS.          | Tracks and reports performance and data throughout the PPS and to the state. Executes projects from implementation plan to ensure the success of DSRIP.   |
| IT Committee                                   | Design and build of performance reporting infrastructure.   | Design and build infrastructure for performance reporting including the capacity to capture and store critical data, connectivity with partners and any necessary analytics support   |
| Clinical Committee                             | Governance of performance reporting and partner engagement. | Develop and implement governance structure for reporting, monitoring projects from implementation plan to ensure the success of DSRIP.  |
| MSHP   | Collaborate with IT committee on performance reporting.     | Will support IT in developing performance reporting platforms and dashboards.   |
| <b>External Stakeholders</b>                   |   |   |
| NYSDOH   | Provision of statewide/PPS dashboards and performance data  | Provide data, including claims data, consolidated reports and web-based dashboards for PPSs for performance management; provide templates for DSRIP performance reporting; provide common operational definitions for metrics and milestones and reporting requirements; provide guidance on performance improvement opportunities and evidence-based guidance and PPS benchmark data.      |
| Patients, Advocates and Caregivers (consumers) | Member Satisfaction and loyalty                             | Provide direct and indirect feedback to FLPPS. Direct feedback through patient satisfaction surveys, HCAHPS, CAHPS, etc. as well as indirect feedback through utilization patterns - preferred providers will have higher demand. Planning process will include engagement of consumer input in design of services, user engagement/activation tools and marketing, outreach and education. |
| MCOs   | Provision of claims data, benchmark data and support in     | Coordinate with PPS in provision of claims data and benchmark   |

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

| Key stakeholders | Role in relation to this organizational workstream | Key deliverables / responsibilities   |
|------------------|--|---|
|                  | development of population health analytic tools    | data to support performance management; potential for contract negotiation based on improved total cost management. |

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**✔ IPQR Module 6.7 - IT Expectations**

**Instructions :**

Please clearly describe how the development of shared IT infrastructure across the PPS will support your approach to performance reporting.

The MS PPS data infrastructure will enable performance monitoring and reporting in several ways: (1) Interoperability between systems including RHIO infrastructure will create a robust pool of data for analysis and reporting; (2) the MS PPS data analytics platform will enable performance tracking from the provider to the PPS level, and tracking of outcomes for specific population cohorts; (3) care management teams will proactively engage prioritized patient cohorts; and (4) reporting tools and dashboards informed by DSRIP metrics will produce reports for internal stakeholders, NYSDOH, and external stakeholders.

**✔ IPQR Module 6.8 - Progress Reporting**

**Instructions :**

Please describe how you will measure the success of this organizational workstream.

Success will be defined by developing a set of measures that will consider the progress in planning, design and deployment of the performance reporting processes, tools and centralized dashboard with user access. Performance reporting will likely begin as a more manual process, with increasing automation, queries, user features and data points over time. The IT Committee, in coordination with other Committees such as Clinical, PMO, Provider Relations Team and PPS leadership will define the requirements and milestones for performance reporting capabilities and timeline, in line with State provided reporting tools, data and timelines. In addition, the PMO will track the number of engaged partners in the training program for performance monitoring and clinical quality by partners. It will be critical to have a high success rate of partner participation by those who adhere to the training protocol and report improvement in their practice. The PPS will continue to develop a robust system to track the set of metrics during Rapid Cycle evaluation with our partners.

**✔ IPQR Module 7.3 - Major Risks to Implementation & Risk Mitigation Strategies**

**Instructions :**

Please describe the current level of engagement of your physician community in the DSRIP program and describe the key challenges or risks that you foresee in implementing your plans for physician engagement and achieving the milestones described above. Describe any potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

Major risks include the availability of funding to carry out the major changes associated with DSRIP and the Mt. Sinai PPS. Each provider needs an assessment as to the information technology, workforce, and data reporting capabilities to ensure smaller providers are not left behind in achieving goals. This assessment should start using key early adopters, who can serve as role models and champions for the PPS, but will need expansion. The ease of use of the IT selected software package will have a large impact on the ability to aggregate data and share findings with individual groups of providers. Each domain's educational goals and performance improvement benchmarks will require identifying the large stakeholders for the initial round of education. Survey utilization can confirm the education progress and alignment of goals.

**✔ IPQR Module 7.4 - Major Dependencies on Organizational Workstreams**

**Instructions :**

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

IT, Clinical Integration, and Workforce will be critical for practitioner engagement. Many practitioners will need significant support from the PPS in implementing standardized IT systems to allow for communication and data flow across the PPS, as well as workforce development and deployment to support the DSRIP transformation initiatives as well as data collection. The better the PPS can clearly communicate to practitioners about all relevant aspects of PPS implementation, the more effectively practitioners can be engaged in the process.

**✓ IPQR Module 7.6 - Key Stakeholders**

**Instructions :**

Please identify the key stakeholders involved, both within and outside the PPS.

| <b>Key stakeholders</b>  | <b>Role in relation to this organizational workstream</b>   | <b>Key deliverables / responsibilities</b>   |
|--|---|--|
| <b>Internal Stakeholders</b>   |   |  |
| Network Practitioners  | Target of engagement activities   | Attend training sessions; report to relevant Practitioner Champions  |
| Workforce Committee Members  | Oversight of all training strategies, including practitioner education / training described above | Input into practitioner education / training plan  |
| Clinical Committee Members   | Governance committee on which practitioner Champions sit  | Monitor levels of practitioner engagement; forum for decision making about any changes to the practitioner engagement plan |
| IT Committee Members   | Oversight of IT/data sharing strategies   | Oversight and protocols related to HIE & data sharing to support population health   |
| MSO Leadership   | Provide supportive services   | Supportive services as needed based on site specific needs   |
| <b>External Stakeholders</b>   |   |  |
| PPS partner organizations<br>Settlement Health - Warri Esmond, CMO<br>Community Healthcare Network - Matthew Weissman, CMO<br>William F. Ryan Center - Jonathan Swartz, CMO<br>Brooklyn Hospital Center - Joshua Rosenberg | Provide expertise and guidance with their successful engagement training program                  | Input into practitioner education / training plan  |
| Payers   | Provide expertise and guidance with their successful engagement training program                  | Input into practitioner education / training plan  |

# New York State Department Of Health Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

### Mount Sinai PPS, LLC (PPS ID:34)

#### ✔ IPQR Module 7.7 - IT Expectations

##### Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream.

The proposed deployment of a shared IT infrastructure will support PPS Practitioner Engagement, particularly through implementation of the MS PPS User Portal. This tool is a web-based portal that will allow access to the MS PPS data warehouse, including analytic functionality, dashboards, care management tools, Learning Management System modules and DSRIP performance reporting support. The goal of the portal is to improve communication between providers and patients and allow for timely access to health information to support chronic disease self-management and population health management while minimally impacting existing provider workflows by ideally provisioning a single point of access.

In addition, the MS PPS proposed IT infrastructure will deliver efficiency, interoperability and high value solutions to participating providers, facilitating practitioner engagement through provision of tools that support better time management and overall provider satisfaction.

#### ✔ IPQR Module 7.8 - Progress Reporting

##### Instructions :

Please describe how you will measure the success of this organizational workstream.

Practitioners will be given multiple opportunities to contribute to the leadership structure of the PPS. The continuation of town halls combined with smaller meetings at provider locations will ensure practitioner concerns are taken seriously by PPS leadership and that communication can flow both to and from practitioners. Formal roles should be created to ensure providers have an opportunity to grow within the PPS as their contributions increase. The PPS will create dashboards enabling comparison between both similar geographic locations and sized organizations in the PPS. Quality control surveys will help assess the quality of education, define success of education and training plan, and inform any changes needed in how the PPS is interacting with practitioners.

#### IPQR Module 7.9 - IA Monitoring

##### Instructions :

| Milestone/Task Name   | Status  | Description                                     | Original Start Date | Original End Date | Start Date | End Date   | Quarter End Date | DSRIP Reporting Year and Quarter | AV |
|---|---------|---|---------------------|-------------------|------------|------------|------------------|----------------------------------|----|
| Step 6. Data Collection and Analysis IT Platform-Phase 1: Identify IT tools, data collection, and data reporting framework to obtain regular and accurate service utilization data across the PPS   |         |   |                     |                   |            |            |                  |                                  |    |
| <b>Task</b><br>Step 7. Vetting of Draft Model and Methodologies: Share model and methodologies with partners via PPS Governance Structure regarding approach to bed reduction for feedback, revision, to further inform forecasting   | On Hold | Governance Structure Minutes                    | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |    |
| <b>Task</b><br>Step 8. Establish high-level forecasts of the following (this forecast capacity model will be updated on a regular basis throughout the 5 years)<br>a. Reduced avoidable hospital use over time by bed type (and diagnoses if possible)<br>b. Changes in inpatient capacity, by bed type<br>c. Resulting changes in required community / outpatient capacity | On Hold | Draft forecasts with data elements as described | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |    |
| <b>Task</b><br>Step 9. Draft Bed Capacity Change Plan:<br>1. Providers impacted by forecast capacity change to determine their own 'first draft' capacity change plan, to be consolidate into a PPS-wde capacity change plan.<br>2. Bed Complement and Utilization Workgroup to develop first draft capacity change plans and vet through PPS Governance Structure.         | On Hold | Draft written Bed Capacity Change Plan          | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |    |
| <b>Task</b><br>Step 10. Data Collection and Analysis IT Platform--Phase 2: Finalize IT tools and infrastructure necessary for seamless updates and reporting of forecasts   | On Hold | Final summary re: IT platform                   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |    |
| <b>Task</b><br>Step 11. Final Bed Capacity Plan: Finalize and publish final capacity change / bed reduction   | On Hold | Final written plan                              | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |    |

**✓ IPQR Module 8.3 - Major Risks to Implementation & Risk Mitigation Strategies**

**Instructions :**

Please describe the key challenges or risks that you foresee in implementing these cross-cutting organizational strategies, including potential impacts on specific projects and, crucially, any risks that will undermine your ability to achieve outcome measure targets.

- Risk 1: Inadequate patient and community engagement.  
Mitigation: MSPPS will hold introductory and recurring community-based forums starting early in DY1 to educate and gather feedback from stakeholders about local DSRIP project implementation and the goal of an IDS. The PPS PMO will create a patient advisory board which will meet regularly to inform PPS governance of reactions and response to project and IDS implementation.
- Risk 2: Inadequate PPS Provider engagement may result in continued disjointed care.  
Mitigation: Our PPS will create regional "hubs" to tailor and implement PPS projects relevant to specific communities' and populations' clinical and social service needs, engaging local providers and service organizations to provide core project services. We are implementing a PPS Stakeholder Engagement Committee to proactively gather feedback on operational planning and future decisions across PPS domains. Workforce and Clinical technical committees are collaborating on a centralized training program for all provider types to deliver culturally sensitive and competent service that promote health literacy and address social determinants of health specific to our projects' target populations. Through MSHP, we will provide support for performance tracking and management, IT implementation, PCMH certification, and care management training or staff recruitment so partners with less infrastructure can achieve required DSRIP goals while also meeting other internal priorities.
- Risk 3: Challenges in workforce recruitment, training, and collaboration with labor groups to adequately meet demand.  
Mitigation: We will leverage and establish relationships with labor groups (e.g. SEIU, NYSNA) and training/advocacy organizations (e.g. PHI) to communicate DSRIP project plans, identify training needs and develop re/training programs that optimize workforce knowledge and skills in the successful delivery of DSRIP program services. We will work with recruitment agencies, health worker training programs and professional schools of social work, nursing, behavioral and health sciences to educate trainees about career opportunities in an integrated delivery system, and hold regular recruitment events.
- Risk 4: Inability to secure adequate resources to support population health infrastructure for all partners.  
Mitigation: We will leverage existing IT, clinical and care management resources, including PPS partners and Mount Sinai's population health infrastructure, MSHP, to provide the IDS's foundation. The IT, Clinical and Finance committees are meeting to ensure responsible decision-making regarding (1) adequate flow of funds to carry out initiatives at every site; (2) selection of the appropriate applications for a common IT platform that can accommodate existing HIE, EMRs and other application; (3) planning for ultimate financial sustainability of individual projects; and (4) engaging with MCOs to gradually but aggressively shift contracts from fee for service to fully risk-based as groups within the PPS are able.

**✓ IPQR Module 8.4 - Major Dependencies on Organizational Workstreams**

**Instructions :**

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

The success of the clinical projects relies on the ability to establish a shared IT platform to communicate and share clinical and care management data across PPS providers, and between PPSs. Likewise, engagement, training, performance feedback and incentivization of workforce to operate as a clinically integrated system will be integral to the effective implementation of clinical projects. Ongoing, timely analysis of patient-level data will facilitate identification of subgroups that require intervention, in order to achieve the goal of optimizing population health management and reducing disparities. Transparent and adequate financial models that support the IDS as well as the PPS projects, and successful development of relationships that result in risk-based contracts with payers, will determine long-term sustainability of the IDS and its providers.

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**✔ IPQR Module 8.5 - Roles and Responsibilities**

**Instructions :**

Please list and elaborate upon the key people/organizations responsible for this organizational work stream and describe what their responsibilities involve.

| <b>Role</b>   | <b>Name of person / organization (if known at this stage)</b> | <b>Key deliverables / responsibilities</b>   |
|---|---|--|
| PMO Director  | Edwidge Thomas  | Administrative oversight of PPS  |
| PMO Medical Director  | Edwidge Thomas  | Clinical oversight of PPS projects   |
| PMO Associate Directors   | Nina Bastian  | Assist PMO Director in oversight of PPS activities   |
| Leadership Committee  | PPS members   | Provide guidance and feedback on population health management system implementation  |
| Clinical Committee  | PPS members   | Develop, implement and modify PPS clinical projects  |
| Finance Committee   | PPS members   | Oversee and manage PPS financial operations; guiding processes towards value-based payer contracts and provider compensation models  |
| Workforce Committee   | PPS members   | Lead PPS workforce assessment and needs for each project; design and implementation of training programs for PPS; collaborate on value-based compensation and benefits model |
| IT Committee  | PPS members   | Lead PPS IT systems assessment, design and implementation  |
| Mount Sinai Health Partners (Population Health Managed Services Organization) | N/A   | Provide data, IT, clinical integration, care management, and contracting support for PPS and/or partners   |

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**✓ IPQR Module 8.6 - Key Stakeholders**

**Instructions :**

Please identify the key stakeholders involved, both within and outside the PPS.

| <b>Key stakeholders</b>                             | <b>Role in relation to this organizational workstream</b> | <b>Key deliverables / responsibilities</b>   |
|---|---|--|
| <b>Internal Stakeholders</b>                        |   |  |
| Mount Sinai Health System                           | Lead applicant  | Lead all PPS partners in clinical integration efforts to adequately deliver population-based health services |
| Mount Sinai Health Partners (Population Health MSO) | Support role as above                                     | Provide data, IT, clinical integration, care management, and contracting support for PPS and/or partners     |
| <b>External Stakeholders</b>                        |   |  |
| PPS partners  | Service providers   | Collaborate within PPS to implement clinical projects and redesign organizations to deliver care as an IDS   |
| FQHC partners                                       | Service providers   | Collaborate within PPS to implement clinical projects and redesign organizations to deliver care as an IDS   |
| Hospital partners                                   | Service providers   | Collaborate within PPS to implement clinical projects and redesign organizations to deliver care as an IDS   |
| LTC/SNF partners                                    | Service providers   | Collaborate within PPS to implement clinical projects and redesign organizations to deliver care as an IDS   |
| CHHA partners                                       | Service providers   | Collaborate within PPS to implement clinical projects and redesign organizations to deliver care as an IDS   |
| Other PPSs  | Serving overlapping populations/geographies               | Collaborate with each other in learning sessions; align clinical projects and/or infrastructural processes   |
| NYCDOHMH  | Local collaborator  | Convene HIV providers in common clinical project (4.c.ii)  |
| Managed Care Organizations                          | Long-term sustainability of PPSs as provider entities     | Work with PPSs to engage in value-based contracts which incorporate both clinical and non-clinical services  |

# New York State Department Of Health Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

### Mount Sinai PPS, LLC (PPS ID:34)

#### ✅ IPQR Module 8.7 - IT Expectations

##### Instructions :

Please describe the current Population Health Management IT capabilities in place throughout your PPS network and what your plans are at this stage for leveraging these capabilities and/or developing new IT infrastructure.

There are a number of population health management solutions implemented by The Mount Sinai Health System (MSHS) that will be leveraged for the MS PPS, under DSRIP, including a robust care management program for individuals living with HIV, an advanced multidisciplinary adolescent health program and a home-based primary and palliative care program, all of which rely on an existing IT infrastructure.

MS PPS will leverage and grow these capabilities through the deployment of a centralized data warehouse and associated analytic platforms that will include critical functions, such as clinical decision support, population health metrics, predictive analytics, reporting and registries for care management, and utilization management. Together with the HIE for all providers and programs, these tools will be used to measure population health status and to prioritize the deployment of high value interventions to improve outcomes.

#### ✅ IPQR Module 8.8 - Progress Reporting

##### Instructions :

Please describe how you will measure the success of this organizational workstream.

The PMO will be responsible for overseeing and tracking progress of the various Committees' responsibilities and deliverables towards development of a Population Health Management infrastructure. The PMO will track and report process and clinical outcomes on a monthly basis for high-priority projects, and meet at least monthly to update and receive updates from Clinical, IT, Finance, Workforce and Leadership Committees to ensure specific goals are being met within the proper timeline.

#### IPQR Module 8.9 - IA Monitoring

##### Instructions :

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**Section 09 – Clinical Integration**

**✅ IPQR Module 9.1 - Prescribed Milestones**

**Instructions :**

Please enter and update target dates, as well as breakdown tasks with target dates for prescribed milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement.

Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation.

| Milestone/Task Name   | Status    | Description  | Original Start Date | Original End Date | Start Date | End Date   | Quarter End Date | DSRIP Reporting Year and Quarter | AV |
|---|-----------|--|---------------------|-------------------|------------|------------|------------------|----------------------------------|----|
| <b>Milestone #1</b><br>Perform a clinical integration 'needs assessment'.   | Completed | Clinical integration 'needs assessment' document, signed off by the Clinical Quality Committee, including:<br>-- Mapping the providers in the network and their requirements for clinical integration (including clinical providers, care management and other providers impacting on social determinants of health)<br>-- Identifying key data points for shared access and the key interfaces that will have an impact on clinical integration<br>-- Identify other potential mechanisms to be used for driving clinical integration | 06/01/2015          | 12/31/2016        | 06/01/2015 | 12/31/2016 | 12/31/2016       | DY2 Q3                           | NO |
| <b>Task</b><br>STEP 1: Develop/Draft a plan for how we will conduct a clinical integration needs assessment including components not limited to: carrying out, measuring and reporting common evidence-based protocols and quality metrics, communication between providers across care settings, facilitation of care coordination by employing information technology solutions, and implementation of high-quality clinical programs for targeted populations. | Completed | Draft written work plan detailing action items for development of clinical integration needs assessment  | 06/01/2015          | 06/30/2016        | 06/01/2015 | 06/30/2016 | 06/30/2016       | DY2 Q1                           |    |
| <b>Task</b><br>STEP 2: Develop/Draft process metrics to track progress and success of plan.   | Completed | Documentation of process metrics and process of tracking success   | 06/01/2015          | 06/30/2016        | 06/01/2015 | 06/30/2016 | 06/30/2016       | DY2 Q1                           |    |
| <b>Task</b><br>STEP 3: Have draft reviewed by appropriate committees for input and submit to Leadership   | Completed | Documentation of review, meeting review minutes  | 06/01/2015          | 06/30/2016        | 06/01/2015 | 06/30/2016 | 06/30/2016       | DY2 Q1                           |    |

# New York State Department Of Health Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

### Mount Sinai PPS, LLC (PPS ID:34)

#### ✓ IPQR Module 9.3 - Major Risks to Implementation & Risk Mitigation Strategies

##### Instructions :

Please describe the key challenges or risks that you foresee in improving the level of clinical integration throughout your network and achieving the milestones described above. Describe potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

|  |
|--|
| <p>Risk 1: PPS partners not fully comprehending the IT requirements<br/>Mitigation Strategy: Engage in comprehensive community-based partner education through workshops, web-based learning tools and 1:1 interaction at partner sites; development of education materials by provider type to clearly state expectations and requirements.</p> <p>Risk 2: Partners inability to achieve meaningful adoption of IT capabilities to connect to centralized IT services and engage in data sharing<br/>Mitigation Strategy: PPS has planned for provision of technical assistance with relation to EHR adoption and PCMH certification. PPS will establish incremental IT adoption milestones and site visits to ensure progress towards defined requirements and performance objectives. Financial incentives will be put into place to encourage IT adoption by partners with DSRIP dollars.</p> <p>Risk 3: Breadth of EHRs and electronic platforms currently in use may pose significant barrier and/or cost for development of interfaces by vendors for HIE connectivity<br/>Mitigation Strategy: PPS IT committee will conduct a deeper assessment to better understand vendors within PPS, work to negotiate interfaces for top volume platforms first; as well as work with partners without IT platforms to adopt software from a select set of vendors.</p> <p>Risk 4: Consent process may inhibit ability to access and share pertinent patient data<br/>Mitigation Strategy: Continue to coordinate with GNYHA, other PPSs, RHIOs and stakeholders to drive policy change and consent education for patients through providers to continually improve level of consent and mitigate policy barriers.</p> <p>Risk 5: As with any collaborative, stakeholders may not reach consensus on strategic, business or governance decisions in a timely manner<br/>Mitigation Strategy: Implementation plan will carefully map out deliverable/decision points and risks of indecision will be raised immediately to PPS leadership for arbitration; PPS will leverage State guidance on key business and technical decisions where appropriate.</p> <p>Risk 6: Funding challenge to attain resources to help realize IT strategy and investments<br/>Mitigation Strategy: MS PPS has already submitted a capital request to help fund the IT needs for the PPS. Partners have also been encouraged to apply for a capital request, which many have done. Additionally, the PPS is providing information for alternative funding sources, such as PCIP, for partners to connect with.</p> <p>Risk 7: Partners fail to respond to the needs assessment<br/>Mitigation Strategy: MSPPS will reach out to each provider individually to ensure a response</p> <p>Risk 8: Partners do not commit to the new trainings for clinical integration and coordination.<br/>Mitigation Strategy: MSPPS will conduct extensive outreach to all partners to determine if the universal MSPPS training process is application or if modifications would serve the partner and community better.</p> |
|--|

#### ✓ IPQR Module 9.4 - Major Dependencies on Organizational Workstreams

##### Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

Clinical integration will require regular collaboration between all committees within the PPS as well as the other work groups created to address implementation planning. IT systems will need to collaborate with Clinical to ensure that universal consent is recognized through the PPS, provider engagement will be critical to ensure that all providers are able to communicate seamlessly when integrating health care delivery. Cultural competency will need to work with Workforce as well as Clinical to ensure that the right training are being provided by and provided to the right individuals.

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**✔ IPQR Module 9.5 - Roles and Responsibilities**

**Instructions :**

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

| <b>Role</b>                  | <b>Name of person / organization (if known at this stage)</b> | <b>Key deliverables / responsibilities</b> |
|------------------------------|---|--|
| Clinical Committee Co-Chair  | Dr. Theresa Soriano   | Clinical Committee Co-Chair                |
| Leadership Committee         | Ed Lucy   | Leadership Committee                       |
| MSO                          | Theresa Dolan   | MSO  |
| IT Committee Co-Chair        | Kumar Chatani   | IT Committee Co-Chair                      |
| Workforce Committee Co-Chair | Jane Maksoud  | Workforce Committee Co-Chair               |
| Clinical Director of PMO     | Edwidge Thomas  | Clinical Director of PMO                   |

# New York State Department Of Health Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

### Mount Sinai PPS, LLC (PPS ID:34)

#### ✅ IPQR Module 9.7 - IT Expectations

##### Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream.

Clinical integration is the ultimate goal of the MS PPS IT infrastructure, particularly through the widespread achievement of data exchange and interoperability. The PPS Health Information Exchange (HIE), as defined under the proposed architectural model, will build upon the PPS's robust network of Electronic Health Records systems and allow for the bidirectional sharing of information of clinical, behavioral and social determinants of health data across systems, providers and partners. This information will facilitate widespread integration, including data-supported care management and transitions of care. In addition, the MS PPS will deploy specific interfaces and enhancements that support clinical integration including: (1) RHIO interfaces that that allows partners to access a longitudinal patient record through RHIO-supported "subscription" services and to engage in direct messaging across systems; (2) CBO data conversion tools that allow community-based partners to exchange data and track outcomes as well as to produce standardized health data elements; and (3) Closed-loop referral management and tracking tools which will better enable consultation between PCP and Specialty providers. Interfaces to the PPS' RHIO partners will additionally allow for data contained and collected within the PPS, such as data from CBOs, to be accessible to the RHIOs, expanding their role as community clinical integrators.

#### ✅ IPQR Module 9.8 - Progress Reporting

##### Instructions :

Please describe how you will measure the success of this organizational workstream.

Initially, the Clinical Committee will develop the metrics that define success of clinical integration specific to this PPS. Then, progress reporting will be a collaborative process between IT and Clinical committee. Both committees will work together to develop a work plan and a set of metrics to define success. The PPS will accurately and timely submit quarterly reports which will detail the progress the MS PPS has accomplished over each time period. Once the state issues initial benchmarks, the MS PPS will ensure that the needs assessment and the clinical integration strategy are tailored to measure those benchmarks moving forward. To that end, IT will provide a measurement tool to track patient outcomes and present in a dashboard. The IT work stream leadership will develop a comprehensive implementation plan, supplemented by GANTT chart outlining quarterly milestones based on performance requirements (DSRIP) and implementation milestones for the PPS IT strategy. The implementation plan will provide a measurable guide for progress that will be regularly shared with Leadership and collaborating committees to ensure provision of deliverables, services and functionality in line with PPS scale and speed, and overall PPS IT requirements. In addition to IT implementation progress tracking and management, the committee will engage in PPS partner feedback requests through surveys and discussion forums to ensure solutions and services continually meet partner needs, expectations and deliver value.

#### IPQR Module 9.9 - IA Monitoring:

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**Instructions :**

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**Section 10 – General Project Reporting**

**✓ IPQR Module 10.1 - Overall approach to implementation**

**Instructions :**

Please summarize your intended approach to the implementation of your chosen DSRIP projects, including considerations around how this approach will allow for the successful development of concurrently implementing DSRIP projects.

MSPPS approach to implementation of its ten DSRIP projects is a delegated governance structure forming an LLC. All partners have a responsibility to the PPS. The PPS lead will facilitate decision making in conjunction with all partners. Also, establishment up of MSPPS Project Management Office will be critical to completing the milestones/metrics of DSRIP.

The PPS will have a strong focus on meaningful education, training of best practices and communication throughout the process. As expected of the clinical quality committee, standardization of clinical and operating processes and methodology will be a goal of the overall PPS with MS PMO support.

Using a delegated model, transitioning from Leadership committee to the Board of Managers of Mount Sinai PPS, LLC, 29 voting members have been selected reflective of the continuum of care and are geographically representative of the PPS. To ensure the Mount Sinai PPS provider network becomes increasingly integrated, it will be necessary for providers and clinicians to be educated on: (a) what these DSRIP-driven changes mean for their practice and how they will be affected at each step of implementation; and (b) what their role, expectations, and obligations are. Education and provider inclusion will be one of the key roles of our Clinical Quality Committee and its sub-committees for each project. Provider education is also a two-way process and MSPPS intends to work with the State to be involved in both the project breakthrough series and the annual learning collaborative conferences to maximize the impact of our DSRIP.

MSPPS invested in training, education and consistent bidirectional communication that is transparent across the PPS. Mount Sinai has been strong in its' stakeholder engagement and community outreach. The approach taken has been inclusive of all partners using weekly meetings, newsletters, webinars, strong notifications and communications to partners, town halls and ongoing opportunities for collaboration from our partners. PPS wide deliverables such as bed reductions have pulled in stakeholders who will be affected by the decrease in the number of staffed bed units. In planning for the bed reduction we included partners from the Brooklyn Hospital Center, Mount Sinai hospitals, SNFs and Board of Managers in helping with the overall plan of the bed reduction deliverable.

Mount Sinai PPS is also working towards adapting project plans, evaluating and improving the plan through a continuous quality improvement cycle. This approach was meant to ensure the PMO is constantly tracking the best practices and methodologies that will work in keeping partners accountable. In addition, the MSPPS is working to develop a CRM inclusive of its' network partners contacts and information for feasible and easy to reach of partners within a centralized area. The process of standardizing clinical and operational protocols is likely to be the most difficult task facing the Mount Sinai PMO. It is not just about aligning systems, but also achieving a common language between providers, a common method of performance measurement for the PPS, and a common culture focused on patient outcomes – all of which will underpin the transition to VBP.

The following initiatives are central to our drive for increasing standardization across our network:

- Development of shared IT infrastructure and data sharing, ensuring that patient information is seamlessly and securely transferred.

# New York State Department Of Health Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

### Mount Sinai PPS, LLC (PPS ID:34)

- Care transitions strategy and the buy-in to this strategy from practitioners throughout the network.
- The sharing of best practice and performance information, through the network of project clinical committees
- Hiring, training, and redeployment of staff that will happen as part of our workforce transition strategy

#### IPQR Module 10.2 - Major dependencies between work streams and coordination of projects

##### Instructions :

Please describe how your approach will handle interdependencies between complementary projects, as well as between projects and cross-cutting PPS initiatives - for example, an IT infrastructure upgrade, or the establishment of data sharing protocols.

The Mount Sinai PPS is one of the largest PPS provider network in the DSRIP program. With 10 Projects, interdependencies between projects and between cross-cutting PPS-development initiatives will be inevitable requiring synergy between all projects. Because partners may be in multiple projects, implementation of the 10 DSRIP projects will require surveying to compliment the deliverables that are overlapping and interdependent of each other. Development of current and future state gap analysis, use of tools to find overlapping milestones and metrics, in addition development of a metrics manual to understand the similarities and differences of each project will be imperative in our approach of complementary projects. Additionally, for different projects with similar goals and project requirements, a framework will be developed to capture the overlap of the providers. This framework will entail geomapping and a network analysis of our partners to determine which providers share which projects, their locations and their levels of overlap.

For example, managing transitions of care more effectively will be a central part of multiple projects and without a proactive approach to our Care Transitions Strategy there is a risk that different protocols will be developed at different sites or in different projects. Many projects also share same or similar project requirements. Taking that into account, we have taken a robust approach to predicting, planning for, and managing the overlap between project requirements. For those project requirements that are most pervasive, we have set up cross-functional work groups tasked with driving consistent, coordinated implementation. For example, achieving PCMH 2014 Level 3 certification will be a priority for many providers and will be an important success factor in many projects. We have therefore set up a dedicated PCMH Certification Team that will be responsible for all relevant providers meeting this project requirement according to the timetable set out in our project speed of implementation forecasts. We will set up task teams for the following most overlapping requirements to track:

- Use of EHRs to track all patients engaged in projects;
- Ensure that all PPS safety net providers are actively sharing EHR systems with local HIE/RHIO/SHIN-NY and sharing health information among clinical partners by the end of Demonstration Year (DY) 3;
- Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards by the end of DY 3; and
- Establish agreements with the Medicaid MCOs serving the affected population to provide coverage for the service array under a specific project.

We believe this is a starting point for identifying the clinical, financial, administrative, or technological initiatives that will be most important for the successful delivery of our DSRIP projects. Most likely our approach will change accordingly as we determine what works best for our network and how to assess it accordingly. All projects will be managed and directed by the Mount Sinai PPS PMO.

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**✔ IPQR Module 10.3 - Project Roles and Responsibilities**

**Instructions :**

Please outline the key individuals & organizations that play a role in the delivery of your PPS's DSRIP projects, as well as what their responsibilities are regarding governance, implementation, monitoring and reporting on your DSRIP projects.

| Role                                       | Name of person / organization (if known at this stage)                                       | Key deliverables / responsibilities  |
|--|--|--|

**✓ IPQR Module 10.5 - IT Requirements**

**Instructions :**

Information technology will play a crucial role in the development of an effective, integrated performing provider system. It is likely that most projects will require some level of supporting IT infrastructure. Please describe the key elements of IT infrastructure development that will play a role in multiple projects.

Two central themes that carry through the MS PPS DSRIP project selection are improved transitions of care between settings and improved disease management. The proposed IT infrastructure will support these objectives in a number of ways. First, a central component of the MS PPS IT infrastructure is the significant expansion of the organizations HIE capabilities. Once fully realized, HIE will allow for the real-time sharing of information on clinical, behavioral and social determinants of health across all participating providers and CBOs -- ensuring that all relevant information is available at the site of care, and that data follows care transitions. A second feature of the MS PPS IT infrastructure that will be imperative for successful project implementation is the development of a data warehouse. This and the associated analytic platforms will drive PPS capabilities to leverage clinical and claims data to drive projects associated with population health improvement as well as care coordination and management activities. Additional tools that will be centrally implemented to specifically target improved care coordination and management will allow for the deployment of disease management platforms, patient monitoring techniques, care alerts, automated data transmission triggers, sharing of and collaboration around patient care plans, referral management and tracking, and development of robust and dynamic patient registries. Additional key IT infrastructure improvements that will be important to overall project success include implementation of a flat file/CBO data conversion process, which more fully links community-based interventions to the PPS, to be integrated, monitored and evaluated by the health system, and a Learning Management System (LMS) which will support the widespread deployment of project-related protocols and procedures.

To meet the requirements for population health analytics and sophisticated care management in an integrated network, MS PPS will develop a data warehouse populated with data from the RHIO, PPS partners and other relevant sources. Population health, risk monitoring, and care management applications deployed as a part of the central MS PPS infrastructure will utilize the data in this warehouse. These services will be accessed through a user portal in one consolidated location to minimize disruption for PPS partners in their workflows as they work to enhance care coordination, and actively participate and realize value from these central PPS components. Finally, in order to monitor overall program performance, MS PPS will develop business intelligence tools including a participant data management system, performance dashboards and measures tracking, and a robust DSRIP reporting system, which include a centralized customer relationship management (CRM) service to track partners' progress and drive partner engagement.

**✓ IPQR Module 10.6 - Performance Monitoring**

**Instructions :**

Please explain how your DSRIP projects will fit into your development of a quality performance reporting system and culture.

The Mount Sinai PPS will be using the outcome measures and actively engaged patient definitions provided by the state as a benchmark of achievement to meet the quality performance that it has set each DSRIP Quarter. A system will be created to monitor the quality performance of each project by partner to meet metrics within the committed time frame and total set number of patients. This system will require a robust Health informations exchange technology that pulls the data from all of our partners and RHIOs. Additionally, ongoing data reports will be provided to the

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

MS PPS to get an idea of where the PPS is regarding the specific projects and any outstanding deliverables that need to be met. We will also ensure to track our patient population's improved health and review how this effects hospitalizations with regards to where this will fit. The PPS will also work on incentivizing to partners when meeting the milestones and metrics through bonus payments. Performance reporting and monitoring will be expected by all partners to complete and be successful. With the MS PPS PMO, each project manager as assigned from the MS PPS Project Management Office will oversee the projects and the deliverables where they will maintain the relationship with our partners to ensure quality measurements and maintenance of an ongoing reporting system. System informatics and data analytic tools will be used by the DSRIP MS PMO office to secure seamless information transfer. Additionally, a stakeholder engagement group will assist in securing partner buy in for projects and understanding the reporting of information to the PMO office.

Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**✔ IPQR Module 10.7 - Community Engagement**

**Instructions :**

Please describe your PPS's planned approach for driving community involvement in the DSRIP projects, how you will contract with CBOs for these projects, how community engagement will contribute to the success of the projects, and any risks associated with this.

For CBOs in our PPS, we will be entering into the same partner agreement as our other partners and we will evaluate if we need additional CBO engagement throughout DSRIP. We will make a concerted effort to reach out to CBOs, making sure to engage a diverse array of CBOs including Legal Services and God's Love We Deliver. As DSRIP rolls along, we will continue to engage the CBOs in our PPS network by providing opportunities to participate in the governance structure, and to build upon the services they provide to ensure our PPS meets all milestones and metrics. Additionally, as part of our Stakeholder engagement cross functional workgroup, we will be working on engaging the CBOs more by having a partner CBO lead these efforts. Our Project Advisory Committee will also consist of community board members and some Medicaid beneficiaries to guide the DSRIP projects and contribute to the success.

The risks we see associated with our aforementioned approach is how we will get buy-in from our CBOs and community board. We also are concerned in the level of understanding each partner CBO and community board will have regarding DSRIP. We anticipate a significant amount of partner engagement and stakeholder engagement will be needed to make this successful.

**Section 11 – Workforce**

**✅ IPQR Module 11.1 - Workforce Strategy Spending (Baseline)**

**Instructions :**

Please include details on expected workforce spending on a semi-annual basis. Funds may be shifted from one funding type category to another within the workforce strategy spending table, as long as the PPS adheres to their overall spend commitments. However, the PPS may apply a 25% discount factor to the DY1 Workforce Strategy Spend target. If the PPS applies this discount in DY1, the PPS will be expected to reallocate those funds appropriately in DY2-4 to fully meet their DY1-4 total commitment.

| Funding Type              | Year/Quarter      |                   |                     |                     |                     |                     |                     |                     |                   |                   | Total Spending (\$)  |

# New York State Department Of Health Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

### Mount Sinai PPS, LLC (PPS ID:34)

#### ✅ IPQR Module 11.4 - Major Risks to Implementation & Risk Mitigation Strategies

##### Instructions :

Please describe the key challenges and risks that you foresee in achieving the milestones set out above, including potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

- There is a strong co-dependency between the Clinical Committee and the Workforce Committee. The work task that the Clinical Committee creates must dictate the work structure the Workforce Committee supports in order for implementation to be successful. It is a potential risk, that with such a large undertaking, the work may become siloed within functional groups. To mitigate this risk, the MSPPS will coordinate cross-functional workgroups to ensure collaboration. This will also serve to make estimates more realistic, as workforce will not examine each clinical project in isolation, but rather as part of a larger system change.
- The future state analysis of the workforce is similarly dependent on the outcomes of the Clinical Committee work. Workforce and Clinical leadership will work together to ensure necessary information is provided to the committees in order to achieve milestones.
- The MSPPS anticipates significant competition for talent in certain roles with other PPSs as the DSRIP initiative moves forward. The MSPPS plans on collaborating with other PPSs as well as key stakeholders and educational institutions to reduce potential difficulties.
- An additional concern is that the MSPPS clinical work will need to scale faster than the training initiatives can support. Once training needs have been identified, curriculum may need to be developed, and the training itself may take time to be done effectively. The MSPPS will work with training providers to ensure we can scale appropriately, as well as collaborate internally to address clinical needs with the resources available.
- Each partner and employees at each partner will join the PPS at differing levels of education, experience, and baseline knowledge. The training strategy will take into account these different levels in designing training initiatives and timelines.
  
- Preliminary discussions with some of our community-based providers suggest that there may be regulatory issues impact staffing, roles, and capacity of their workforces. The PPS will work with its partners and NYS to identify and implement solutions to such issues.
- The MSPPS may also face a risk of exposing confidential information as a result of sharing data across the various partners. There will be strict controls put in place as part of the assessment steps of implementation plan so as to minimize this risk.

#### ✅ IPQR Module 11.5 - Major Dependencies on Organizational Workstreams

##### Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

The success of the MSPPS Workforce Committee hinges on several key interdependencies. The analysis and actualization of the changes in workforce due to DSRIP depend heavily on the work of the Clinical Committee. The transformation of the delivery system and the work tasks that will be done must determine the structure of the workforce deployed in order to ensure success. Similarly, this delivery system change will require financial resources to adequately staff the transformational effort, and support recruitment, redeploying, and retraining costs. The Workforce Committee will also contribute information to inform the decisions of that transformation, and jointly the two committees will inform budgetary

Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

decisions made at the Finance and Leadership Committee levels. The Workforce Committee is also dependent on the IT Committee and IT initiatives to support the deployment of assessment and training tools, which is further described in the IT Expectations section below.

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**✅ IPQR Module 11.6 - Roles and Responsibilities**

**Instructions :**

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

| <b>Role</b>                  | <b>Name of person / organization (if known at this stage)</b> | <b>Key deliverables / responsibilities</b>  |
|------------------------------|---|---|
| Workforce Committee Co-Chair | Jane Maksoud, Mount Sinai Health System                       | Approve policies and procedures; lead and maintain oversight of committee activities and projects   |
| Workforce Committee Co-Chair | Linda Reid, VNSNY   | Approve policies and procedures; lead and maintain oversight of committee activities and projects   |
| Workforce Committee          | PPS Members, including partner and union representation       | Complete implementation plan steps; Assess and define the current and future states of the workforce; conduct a gap and benefits/compensation analysis; create a transition roadmap and training strategy |
| Workforce Project Management | Daniel Liss, Mount Sinai Health System; MSPPS PMO Members     | Drive completion of Implementation Plan deliverables; manage community and stakeholder engagement.  |
| Consultants                  | Undetermined  | Help prepare workforce and training analyses and materials.   |

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**✓ IPQR Module 11.7 - Key Stakeholders**

**Instructions :**

Please identify the key stakeholders involved in your workforce transformation plans, both within and outside the PPS.

| <b>Key stakeholders</b>                  | <b>Role in relation to this organizational workstream</b> | <b>Key deliverables / responsibilities</b>   |
|--|---|--|
| <b>Internal Stakeholders</b>             |   |  |
| Mount Sinai Health System                | Lead Applicant  | Leadership; operation of centralized functions   |
| Clinical, Finance, and IT Committees     | Key partners in developing workforce goals                | Collaborate with Workforce Committee to determine needs, funding, and reporting mechanisms                               |
| <b>External Stakeholders</b>             |   |  |
| VNSNY                                    | Workforce Committee Co-chair Partner                      | Leadership   |
| Other MSPPS Partners                     | Partners in PPS   | Participate in Workforce Committee   |
| 1199 SEIU                                | Partners in PPS   | Participate in Workforce Committee; will play prominent role in the coordination of training and other workforce efforts |
| NYSNA                                    | Partners in PPS   | Participate in Workforce Committee   |
| Other, non-MSPPS, organizations and PPSs | External Stakeholder                                      | Potentially collaborate with Workforce Committee and MSPPS on joint activities   |

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**✔ IPQR Module 11.8 - IT Expectations**

**Instructions :**

Please describe how the development of shared IT infrastructure across the PPS will support your plans for workforce transformation.

The IT infrastructure proposed by MS PPS will be an important tool as the PPS drives workforce transformation. First and foremost, included within the MS PPS IT infrastructure is a Learning Management System (LMS) which will allow the PPS to deploy and track workforce training initiatives, including PPS-developed project-driven protocols. As key priority of the MS PPS, this system will be used to support the advancement of front line staff and team-based care. Furthermore, under the auspice of Rapid Cycle Evaluation, the LMS will allow the PPS to facilitate the learning of processes and competencies in a consistent and standardized manner, particularly as performance improvement opportunities are identified.

An additional piece of the IT infrastructure that will support workforce transformation is the MS PPS User Portal. This web-based tool will provide a one-stop-shop for all PPS-related health information and analytic support, including a PPS level performance management and monitoring function, which will be linked to a Customer Relationship Management (CRM) database for provider and performance queries. This tool will support PPS workforce transformation by ensuring high levels of transparency and relevant benchmarking to analyze the impact of workforce-related interventions and guide provider and partner improvement, all accessible in a consolidated fashion in order to improve efficiency and reduce workflow impacts.

**✔ IPQR Module 11.9 - Progress Reporting**

**Instructions :**

Please describe how you will measure the success of this organizational workstream.

The Workforce Committee and Workforce Project Group, as a governance structure, will drive to the completion of each step listed above to ensure the successful completion of each Workforce Milestone. As a general overview, the committee will first develop its structure and assess the tools it will use during DY1, Q1. The committee will then deploy those tools, aggregate results, and report back on the completion of each milestone in DY1, Q1 and Q2. In addition to the individual milestones, the outcome of the DY1 effort will include baseline workforce transition process measures and numerical commitments. There will be a Project Management function that will be responsible for coordinating milestone outcomes, pulling together supporting documentation, and submitting them back to the state for review.

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**✔ IPQR Module 11.11 - Workforce Strategy Spending (Quarterly):**

**Instructions :**

Please include details on workforce spending. The workforce spending actuals should reflect only what was spent during the relevant quarters and is not cumulative across semi-annual periods. The PPS can shift funding across categories; e.g., from Retraining to New Hires. Please note that the "Cumulative Percent of Commitments Expended through Current DSRIP Year" section is calculated based on the total yearly commitments.

| Benchmarks   |               |
|--|---------------|
| Year   | Amount(\$)    |
| Total Cumulative Spending Commitment through Current DSRIP Year(DY5) | 10,000,000.00 |

| Funding Type              | Workforce Spending Actuals |                | Cumulative Spending to Date (DY1-DY5)(\$) | Cumulative Percent of Commitments Expended through Current DSRIP Year (DY5) |
|---------------------------|----------------------------|----------------|---|---|
|                           | DY5(Q1/Q2)(\$)             | DY5(Q3/Q4)(\$) |   |   |
| Retraining                | 0.00                       | 0.00           | 5,737,797.43                              | 159.11%   |
| Redeployment              | 0.00                       | 0.00           | 225,000.00                                | 11.39%  |
| New Hires                 | 0.00                       | 0.00           | 216,475.69                                | 6.26%   |
| Other                     | 0.00                       | 0.00           | 2,930,230.49                              | 304.44%   |
| <b>Total Expenditures</b> | <b>0.00</b>                | <b>0.00</b>    | <b>9,109,503.61</b>                       | <b>91.10%</b>   |

**Mount Sinai PPS, LLC (PPS ID:34)**

**Project 2.a.i – Create Integrated Delivery Systems that are focused on Evidence-Based Medicine / Population Health Management**

**✓ IPQR Module 2.a.i.1 - Major Risks to Implementation and Mitigation Strategies**

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

|  |
|--|
| <p>Risk 1: Inadequate patient and community engagement about DSRIP and IDS<br/>Mitigation: MSPPS will hold recurring community-based forums to educate and gather feedback from stakeholders about DSRIP project implementation and the IDS. The PPS PMO will create a "patient/community advisory board" which will meet regularly to inform PPS governance of reactions and response to project and IDS implementation. For high-priority communities, staff will be engaged to ensure open and tailored communication and engagement with patients and the community.</p> <p>Risk 2: Inadequate PPS Provider engagement in development of IDS. Mitigation: The PPS will create regional "hubs" to outreach, tailor and implement projects relevant to specific communities' clinical and social service needs, supporting local providers and CBOs to provide services. We are implementing a PPS Stakeholder Committee to gather feedback on operational planning and future decisions across PPS domains. Workforce and Clinical committees are collaborating on a centralized training program to deliver culturally sensitive and competent services that promote health literacy and address social determinants of health specific to the target populations.</p> <p>Risk 3: Difficulty establishing constructive partnerships with MCOs that may hinder timely value-based contracts . Mitigation: We will establish regular meetings between MCOs and PPS leadership, leveraging existing MCO relationships with Mount Sinai and other PPS partners (including affiliated lead Health Homes), to discuss performance metrics and move towards value-based programs among select PPS partners. To educate and engage PPS partners, we will plan training modules in collaboration with payers to understand and operationalize value-based reimbursement.</p> <p>Risk 4 Challenges in workforce recruitment, training, and collaboration with labor groups to successfully implement IDS projects. Mitigation: We will leverage and create collaborative relationships with labor groups (e.g. SEIU, NYSNA) and training/advocacy organizations (e.g. PHI) to communicate DSRIP project plans, identify training needs and develop re/training programs that optimize workforce knowledge and skills in the successful delivery of DSRIP program services. We will work with recruitment agencies, health worker training programs and professional schools of social work, nursing, behavioral and health sciences to educate trainees about career opportunities and hold regular recruitment events.</p> <p>Risk 5: Inability to secure adequate resources to support IDS infrastructure development . Mitigation: We will leverage existing IT, clinical and care management resources, including PPS partners and Mount Sinai's population health infrastructure, MSHP, to provide the IDS's foundation. The IT, Clinical and Finance committees are meeting to ensure responsible decision-making regarding (1) adequate flow of funds to carry out initiatives at every site; (2) selection of the appropriate applications for a common IT platform that can accommodate existing HIE, EMRs and other application; (3) planning for ultimate financial sustainability of individual projects; and (4) engaging with MCOs to gradually but aggressively shift contracts from fee for service to fully risk-based as groups within the PPS are able.</p> |

Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

Risk 6: Inability to achieve successful collaboration and coordination with other PPSs . Mitigation: We have begun to establish relationships with other PPSs (e.g. Bronx Lebanon Hospital Center, Bronx Partners PPS) and plan outreach to other PPSs with overlapping service areas (e.g. HHC) to share best practices, and collaborate on interoperability plans. We will participate in regional and state-wide learning collaborative, using lessons learned from these activities to modify and improve our PPS.

**✅ IPQR Module 2.a.i.2 - Prescribed Milestones**

**Instructions :**

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for prescribed milestones. For milestones that are due and completed within the reporting period, documentation is required to provide evidence of project requirement achievement. Any explanations regarding altered or missed provider commitments should be included within the narrative box, not as text within uploaded documentation.

| Project Requirements (Milestone/Task Name)   | Prescribed Due Date | Reporting Level | Provider Type | Status    | Original Start Date | Original End Date | Start Date | End Date   | Quarter End Date | DSRIP Reporting Year and Quarter |
|--|---------------------|-----------------|---------------|-----------|---------------------|-------------------|------------|------------|------------------|----------------------------------|
| <b>Milestone #1</b><br>All PPS providers must be included in the Integrated Delivery System. The IDS should include all medical, behavioral, post-acute, long-term care, and community-based service providers within the PPS network; additionally, the IDS structure must include payers and social service organizations, as necessary to support its strategy. | DY4 Q2              | Project         | N/A           | Completed | 04/01/2015          | 09/30/2018        | 04/01/2015 | 09/30/2018 | 09/30/2018       | DY4 Q2                           |
| <b>Task</b><br>PPS includes continuum of providers in IDS, including medical, behavioral health, post-acute, long-term care, and community-based providers.  |                     | Project         |               | Completed | 04/01/2016          | 09/30/2018        | 04/01/2016 | 09/30/2018 | 09/30/2018       | DY4 Q2                           |
| <b>Task</b><br>Step 1. Create PPS operational infrastructure (PMO) that includes central and regional Stakeholder Engagement teams to promote partner education and engagement in IDSD   |                     | Project         |               | Completed | 04/01/2015          | 09/30/2016        | 04/01/2015 | 09/30/2016 | 09/30/2016       | DY2 Q2                           |
| <b>Task</b><br>Step 2. Inventory all providers and social service agencies in PPS by provider type, services delivered, geography served and distribute across regional teams to identify and address gaps   |                     | Project         |               | Completed | 04/01/2015          | 06/30/2016        | 04/01/2015 | 06/30/2016 | 06/30/2016       | DY2 Q1                           |
| <b>Task</b><br>Step 3. Identify all managed Medicaid payers in PPS footprint, and establish regular working meetings and learning forums between MCOs and PPS partners   |                     | Project         |               | Completed | 04/01/2015          | 09/30/2016        | 04/01/2015 | 09/30/2016 | 09/30/2016       | DY2 Q2                           |
| <b>Task</b><br>Step 4. Set up regular sessions to convene regional providers, social service agencies and payers for PPS update and feedback Town Halls and Networking events  |                     | Project         |               | Completed | 10/01/2015          | 09/30/2016        | 10/01/2015 | 09/30/2016 | 09/30/2016       | DY2 Q2                           |
| <b>Task</b><br>Step 5. Establish regular reporting and updating of partner participation, supporting current partners and/or onboarding of new partners as deemed necessary by PPS governance or project needs.  |                     | Project         |               | Completed | 10/01/2015          | 09/30/2016        | 10/01/2015 | 09/30/2016 | 09/30/2016       | DY2 Q2                           |
| <b>Task</b>  |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |

| Step 6: PPS includes continuum of providers in IDS, including medical, behavioral health, post-acute, long-term care, and community-based providers.   |                                |                            |                      |               |                                |                              |                   |                 |                             |   |
| <b>Milestone #2</b><br>Utilize partnering HH and ACO population health management systems and capabilities to implement the PPS' strategy towards evolving into an IDS.  | DY2 Q4                         | Project                    | N/A                  | Completed     | 04/01/2015                     | 03/31/2017                   | 04/01/2015        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>PPS produces a list of participating HHs and ACOs.  |                                | Project                    |                      | Completed     | 04/01/2016                     | 03/31/2017                   | 04/01/2016        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Participating HHs and ACOs demonstrate real service integration which incorporates a population management strategy towards evolving into an IDS.   |                                | Project                    |                      | Completed     | 04/01/2016                     | 03/31/2017                   | 04/01/2016        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Regularly scheduled formal meetings are held to develop collaborative care practices and integrated service delivery.   |                                | Project                    |                      | Completed     | 04/01/2016                     | 03/31/2017                   | 04/01/2016        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 1. Engage Mount Sinai Health Partners (MSHP) to provide IT, clinical, care management, and MCO contracting support to establish foundational IDS   |                                | Project                    |                      | Completed     | 04/01/2015                     | 09/30/2015                   | 04/01/2015        | 09/30/2015      | 09/30/2015                  | DY1 Q2  |
| <b>Task</b><br>Step 2. PPS PMO will inventory active population health IT, clinical and care management initiatives throughout PPS   |                                | Project                    |                      | Completed     | 04/01/2015                     | 03/31/2016                   | 04/01/2015        | 03/31/2016      | 03/31/2016                  | DY1 Q4  |
| <b>Task</b><br>Step 3. Through the inventory, PPS partners will convene to establish baseline core competencies, identify gaps, and achieve initial best practice guidelines for implementation of IDS.                    |                                | Project                    |                      | Completed     | 04/01/2015                     | 09/30/2016                   | 04/01/2015        | 09/30/2016      | 09/30/2016                  | DY2 Q2  |
| <b>Task</b><br>Step 4. PPS will identify specific providers and CBO's in which to pilot best practices relating to IT, clinical and care management initiatives.   |                                | Project                    |                      | Completed     | 04/01/2015                     | 09/30/2016                   | 04/01/2015        | 09/30/2016      | 09/30/2016                  | DY2 Q2  |
| <b>Task</b><br>Step 5. PPS workgroup will monitor best practice implementation, modify practices as needed, identify successful initiatives to be implemented across the PPS and those best implemented in selected sites. |                                | Project                    |                      | On Hold       | 04/01/2015                     | 03/31/2020                   | 04/01/2015        | 03/31/2020      | 03/31/2020                  | DY5 Q4  |
| <b>Task</b><br>Step 6. PMO will conduct a staged implementation of a common IT platform for communication of PHI within and between PPSs, leveraging existing EMR, HIE resources as much as possible                       |                                | Project                    |                      | On Hold       | 04/01/2015                     | 03/31/2020                   | 04/01/2015        | 03/31/2020      | 03/31/2020                  | DY5 Q4  |

**Mount Sinai PPS, LLC (PPS ID:34)**

| Project Requirements (Milestone/Task Name)   | Prescribed Due Date | Reporting Level | Provider Type | Status    | Original Start Date | Original End Date | Start Date | End Date   | Quarter End Date | DSRIP Reporting Year and Quarter |
|--|---------------------|-----------------|---------------|-----------|---------------------|-------------------|------------|------------|------------------|----------------------------------|
| <b>Task</b><br>Step 2. Leverage MSHP (MSO) and partner data analytics to identify baseline performance gaps for key clinical process and outcome measures across PPS, prioritizing clinical and care management support to areas of highest need   |                     | Project         |               | Completed | 04/01/2015          | 09/30/2016        | 04/01/2015 | 09/30/2016 | 09/30/2016       | DY2 Q2                           |
| <b>Task</b><br>Step 3. Establish universal patient assessment and care plan across PPS for standardized assessment of and goal-setting for medical, behavioral, public health and community support needs  |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 4. Establish specific clinical protocols and outcome benchmarks for each PPS project and determine workforce/care team member(s) responsible for carrying out each measure   |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 5. For each PPS project, educate all clinical and care management providers across PPS re: provision of services using standardized clinical protocols and care pathways   |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 6. Set up a schedule to track and report on a quarterly basis clinical performance metrics at each project site, including patient satisfaction and fulfillment of care plan, providing support and remediation to low-performing practices and spreading best practices from high-achieving sites |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 7: Clinically Interoperable System is in place for all participating providers.  |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 8: PPS has protocols in place for care coordination and has identified process flow changes required to successfully implement IDS.  |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 9: PPS trains staff on IDS protocols and processes.  |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 10: PPS has process for tracking care outside of hospitals to ensure that all critical follow-up services and appointment reminders are followed.  |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Milestone #4</b><br>Ensure that all PPS safety net providers are actively sharing EHR systems with local health information exchange/RHIO/SHIN-NY and sharing health information among clinical partners, including directed exchange (secure messaging), alerts and patient record                                 | DY3 Q4              | Project         | N/A           | Completed | 10/01/2015          | 09/30/2017        | 10/01/2015 | 09/30/2017 | 09/30/2017       | DY3 Q2                           |

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

| Project Requirements (Milestone/Task Name)   | Prescribed Due Date | Reporting Level | Provider Type | Status    | Original Start Date | Original End Date | Start Date | End Date   | Quarter End Date | DSRIP Reporting Year and Quarter |
|--|---------------------|-----------------|---------------|-----------|---------------------|-------------------|------------|------------|------------------|----------------------------------|
| EHR meets Meaningful Use Stage 2 CMS requirements (Note: any/all MU requirements adjusted by CMS will be incorporated into the assessment criteria.)   |                     |                 |               |           |                     |                   |            |            |                  |                                  |
| <b>Task</b><br>Step 1. Develop methodology for tracking PCMH and MU status of all participating PCPs   |                     | Project         |               | Completed | 07/01/2015          | 06/30/2016        | 07/01/2015 | 06/30/2016 | 06/30/2016       | DY2 Q1                           |
| <b>Task</b><br>Step 2. Begin tracking PCMH and MU status of all participating PCPs   |                     | Project         |               | Completed | 10/01/2015          | 06/30/2016        | 10/01/2015 | 06/30/2016 | 06/30/2016       | DY2 Q1                           |
| <b>Task</b><br>Step 3. Develop initial reporting mechanism for participating PCPs that meet L3 PCMH and MU   |                     | Project         |               | Completed | 10/01/2015          | 06/30/2016        | 10/01/2015 | 06/30/2016 | 06/30/2016       | DY2 Q1                           |
| <b>Task</b><br>Step 4. Develop technical assistance (TA) program to support participating PCPs, to include EHR system purchasing decision support, dissemination of EHR implementation best practices via the PPS Learning Management System, and specific PCMH training programs and resources to be disseminated via the PPS Learning Management System (LMS).                 |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 5. Implement technical assistance (TA) program to support participating PCPs   |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 6. Final report on participating PCPs that meet L4 PCMH and MU   |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Milestone #9</b><br>Establish monthly meetings with Medicaid MCOs to discuss utilization trends, performance issues, and payment reform.  | DY2 Q4              | Project         | N/A           | Completed | 07/01/2015          | 03/31/2017        | 07/01/2015 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>PPS holds monthly meetings with Medicaid Managed Care plans to evaluate utilization trends and performance issues and ensure payment reforms are instituted.  |                     | Project         |               | Completed | 04/01/2016          | 03/31/2017        | 04/01/2016 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>Step 1. Identify Managed Medicaid payers and schedule monthly meetings to discuss dashboard items such as utilization trends, performance/outcome issues, associated costs and resulting overall efficiencies and improvements in care delivery, including the provision of services within the IDS by non-traditional organizations (e.g. social services, CBOs) |                     | Project         |               | Completed | 07/01/2015          | 09/30/2016        | 07/01/2015 | 09/30/2016 | 09/30/2016       | DY2 Q2                           |
| <b>Task</b>  |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

| Project Requirements (Milestone/Task Name)   | Prescribed Due Date | Reporting Level | Provider Type | Status    | Original Start Date | Original End Date | Start Date | End Date   | Quarter End Date | DSRIP Reporting Year and Quarter |
|--|---------------------|-----------------|---------------|-----------|---------------------|-------------------|------------|------------|------------------|----------------------------------|
| Step 2. Share performance data amongst entire PPS and establish more granular PPS provider report card. Compare performance data with other PPS's  |                     |                 |               |           |                     |                   |            |            |                  |                                  |
| <b>Task</b><br>Step 3. Establish monthly reporting to PPS leadership and the State   |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 4. Identify PPS partners who show strong performance based outcomes and elicit their educational assistance with those PPS providers whose performance and outcomes are not as strong  |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 5. Utilize established PPS learning collaborative to meet collectively with the MCO plan to optimize rates, measures and processes and avoid redundancy or inconsistencies among plans and/or PPSs                                   |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 6. Utilize strong PPS partners for participation in pilot value-based contracts with payers  |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 7. Transition PPS providers into separate contracting entity (akin to an IPA) with Managed MCD plans for risk-based arrangements   |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Milestone #10</b><br>Re-enforce the transition towards value-based payment reform by aligning provider compensation to patient outcomes.  | DY4 Q2              | Project         | N/A           | Completed | 07/01/2015          | 09/30/2018        | 07/01/2015 | 09/30/2018 | 09/30/2018       | DY4 Q2                           |
| <b>Task</b><br>PPS submitted a growth plan outlining the strategy to evolve provider compensation model to incentive-based compensation  |                     | Project         |               | Completed | 01/01/2018          | 09/30/2018        | 01/01/2018 | 09/30/2018 | 09/30/2018       | DY4 Q2                           |
| <b>Task</b><br>Providers receive incentive-based compensation consistent with DSRIP goals and objectives.  |                     | Project         |               | Completed | 01/01/2018          | 09/30/2018        | 01/01/2018 | 09/30/2018 | 09/30/2018       | DY4 Q2                           |
| <b>Task</b><br>Step 1. Explore methods and models of payment by identifying partners experienced in performance-based reimbursement, develop payment reform models with the payers   |                     | Project         |               | Completed | 07/01/2015          | 06/30/2016        | 07/01/2015 | 06/30/2016 | 06/30/2016       | DY2 Q1                           |
| <b>Task</b><br>Step 2. PPS governance will inventory any established value-based compensation models among PPS providers (e.g. Mount Sinai Primary Care Institute) to develop benchmark metrics and pilot compensation models for each type of workforce |                     | Project         |               | Completed | 10/01/2015          | 09/30/2016        | 10/01/2015 | 09/30/2016 | 09/30/2016       | DY2 Q2                           |

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

| <b>Project Requirements<br/>(Milestone/Task Name)</b>   | <b>Prescribed<br/>Due Date</b> | <b>Reporting<br/>Level</b> | <b>Provider Type</b> | <b>Status</b> | <b>Original<br/>Start Date</b> | <b>Original<br/>End Date</b> | <b>Start Date</b> | <b>End Date</b> | <b>Quarter<br/>End Date</b> | <b>DSRIP<br/>Reporting Year<br/>and Quarter</b> |
|---|--------------------------------|----------------------------|----------------------|---------------|--------------------------------|------------------------------|-------------------|-----------------|-----------------------------|---|
| <b>Task</b><br>Step 3. Through the collaboration of managed care payers and the finance committee, establish concrete definitions and whenever possible, standardization of value based outcomes for payment purposes, for all disciplines of PPS providers.  |                                | Project                    |                      | Completed     | 10/01/2015                     | 09/30/2018                   | 10/01/2015        | 09/30/2018      | 09/30/2018                  | DY4 Q2  |
| <b>Task</b><br>Step 4. Finance committee along with the IT committee, and in collaboration with payers, will define performance measures and outcomes and then equate dollar values to those defined outcomes and performance measures. The outcomes especially would need to be precisely qualified and measurable. This will result in pilot compensation models for the PPS  |                                | Project                    |                      | Completed     | 07/01/2015                     | 09/30/2018                   | 07/01/2015        | 09/30/2018      | 09/30/2018                  | DY4 Q2  |
| <b>Task</b><br>Step 5. Engage and train PPS providers on definitions and agree to standardizations across PPS providers.  |                                | Project                    |                      | Completed     | 01/01/2016                     | 09/30/2018                   | 01/01/2016        | 09/30/2018      | 09/30/2018                  | DY4 Q2  |
| <b>Task</b><br>Step 6. Pilot and evaluate performance-based compensation models among select providers/organizations, representing all provider types in PPS  |                                | Project                    |                      | Completed     | 01/01/2017                     | 09/30/2018                   | 01/01/2017        | 09/30/2018      | 09/30/2018                  | DY4 Q2  |
| <b>Task</b><br>Step 7. Finalize adoption of compensation models that incentivizes and compensates each type of PPS provider based on performance and outcomes   |                                | Project                    |                      | Completed     | 01/01/2018                     | 09/30/2018                   | 01/01/2018        | 09/30/2018      | 09/30/2018                  | DY4 Q2  |
| <b>Milestone #11</b><br>Engage patients in the integrated delivery system through outreach and navigation activities, leveraging community health workers, peers, and culturally competent community-based organizations, as appropriate.   | DY4 Q2                         | Project                    | N/A                  | Completed     | 04/01/2015                     | 09/30/2017                   | 04/01/2015        | 09/30/2017      | 09/30/2017                  | DY3 Q2  |
| <b>Task</b><br>Community health workers and community-based organizations utilized in IDS for outreach and navigation activities.   |                                | Project                    |                      | Completed     | 04/01/2016                     | 09/30/2017                   | 04/01/2016        | 09/30/2017      | 09/30/2017                  | DY3 Q2  |
| <b>Task</b><br>Step 1. Hold introductory and recurring PPS-led patient-engagement and educational events in which PPS leadership and local clinical and service providers educate community about the PPS programs, population health and DSRIP goals to develop an IDS. During and following these events, the PPS will gather baseline and follow-up attendance, attendee knowledge about current patient/community understanding of clinical integration, participation in projects. |                                | Project                    |                      | Completed     | 04/01/2015                     | 09/30/2016                   | 04/01/2015        | 09/30/2016      | 09/30/2016                  | DY2 Q2  |

| <b>Project Requirements<br/>(Milestone/Task Name)</b>   | <b>Prescribed<br/>Due Date</b> | <b>Reporting<br/>Level</b> | <b>Provider Type</b> | <b>Status</b> | <b>Original<br/>Start Date</b> | <b>Original<br/>End Date</b> | <b>Start Date</b> | <b>End Date</b> | <b>Quarter<br/>End Date</b> | <b>DSRIP<br/>Reporting Year<br/>and Quarter</b> |
|---|--------------------------------|----------------------------|----------------------|---------------|--------------------------------|------------------------------|-------------------|-----------------|-----------------------------|---|
| <b>Task</b><br>Step 2. Establish patient advisory board whose role in PPS governance will be to monitor and advise on outreach, navigation activities and the progress that the PPS makes in engaging patients in IDS.  |                                | Project                    |                      | Completed     | 04/01/2015                     | 09/30/2016                   | 04/01/2015        | 09/30/2016      | 09/30/2016                  | DY2 Q2  |
| <b>Task</b><br>Step 3. Launch online and/or print resources for patients to educate about DSRIP as well as specific clinical and care management programs, including the local organizations which will be providing services. Track utilization of online site, as well as incoming telephone or written correspondence from patients. |                                | Project                    |                      | Completed     | 07/01/2015                     | 06/30/2016                   | 07/01/2015        | 06/30/2016      | 06/30/2016                  | DY2 Q1  |
| <b>Task</b><br>Step 4. Leverage and train local peers, CHWs, and CBOs to provide culturally sensitive education, outreach and care management to immediate patient community, tying in efforts to larger goals of DSRIP and IDS   |                                | Project                    |                      | On Hold       | 04/01/2015                     | 03/31/2020                   | 04/01/2015        | 03/31/2020      | 03/31/2020                  | DY5 Q4  |
| <b>Task</b><br>Step 5. PPS clinical quality committee will utilize established and PPS-specific patient satisfaction assessments to assess monthly outcomes, continually modifying and tailoring programs and communications to meet patients' needs.   |                                | Project                    |                      | On Hold       | 04/01/2015                     | 03/31/2020                   | 04/01/2015        | 03/31/2020      | 03/31/2020                  | DY5 Q4  |
| <b>Task</b><br>Step 6. With input from patient advisory board, and PPS IT support, PMO will establish a protocol to promotes use of patient portal for self-management and communication of patients with their providers, including ongoing tracking of portal use and communication.  |                                | Project                    |                      | On Hold       | 04/01/2015                     | 03/31/2020                   | 04/01/2015        | 03/31/2020      | 03/31/2020                  | DY5 Q4  |
| <b>Task</b><br>Step 7. Monitoring of integrated delivery system tracked by number of activities, number of participating community health workers, peers and culturally competent community based organizations.  |                                | Project                    |                      | On Hold       | 04/01/2015                     | 03/31/2020                   | 04/01/2015        | 03/31/2020      | 03/31/2020                  | DY5 Q4  |
| <b>Task</b><br>Step 8. Stakeholder Engagement cross functional work group will participate and serve as a clearing house of sharing best practices for provider types including CBOs to engage patients in the IDS.   |                                | Project                    |                      | On Hold       | 04/01/2015                     | 03/31/2020                   | 04/01/2015        | 03/31/2020      | 03/31/2020                  | DY5 Q4  |

**Prescribed Milestones Narrative Text**

| Milestone Name  | Narrative Text |
|---|----------------|
| All PPS providers must be included in the Integrated Delivery System. The IDS should include all medical, behavioral, post-acute, long-term care, and community-based service providers within the PPS network; additionally, the IDS structure must include payers and social service organizations, as necessary to support its strategy. |                |
| Utilize partnering HH and ACO population health management systems and capabilities to implement the PPS' strategy towards evolving into an IDS.  |                |
| Ensure patients receive appropriate health care and community support, including medical and behavioral health, post-acute care, long term care and public health services.   |                |
| Ensure that all PPS safety net providers are actively sharing EHR systems with local health information exchange/RHIO/SHIN-NY and sharing health information among clinical partners, including directed exchange (secure messaging), alerts and patient record look up, by the end of Demonstration Year (DY) 3.                           |                |
| Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3.   |                |
| Perform population health management by actively using EHRs and other IT platforms, including use of targeted patient registries, for all participating safety net providers.   |                |
| Achieve 2014 Level 3 PCMH primary care certification and/or meet state-determined criteria for Advanced Primary Care Models for all eligible participating PCPs, expand access to primary care providers, and meet EHR Meaningful Use standards by the end of DY 3.   |                |
| Establish monthly meetings with Medicaid MCOs to discuss utilization trends, performance issues, and payment reform.  |                |
| Re-enforce the transition towards value-based payment reform by aligning provider compensation to patient outcomes.   |                |
| Engage patients in the integrated delivery system through outreach and navigation activities, leveraging community health workers, peers, and culturally competent community-based organizations, as appropriate.   |                |

**Project 2.b.iv – Care transitions intervention model to reduce 30 day readmissions for chronic health conditions**

**✓ IPQR Module 2.b.iv.1 - Major Risks to Implementation and Mitigation Strategies**

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1. One risk to implementation is inappropriate identification and engagement of the target population. To mitigate risk, we will:
  - (a) Base patient identification off the PACT model, whose data validates using patient utilization history of 1 in 30 days or 2 in 6 months. (b) Leverage PACT model: recruit staff, train and empower them to interact with patients and their caregivers to establish trust using previously implemented curricula and role modeling (c) Update and use PACT screening tool to identify high risk populations and key causes of readmission (housing, income instability, lack of transportation), (d) Encourage FACE TO FACE interaction between patients and care coordinators, (e) Assure all patients have PCP and follow-up appointment with PCP and subspecialist (if needed), (f) Recruit staff from local neighborhoods who can be matched with patients both culturally and by language
  - (g) Assure that patients with behavioral health or substance abuse needs are reconnected to behavioral health providers and/or referred to the appropriate providers (h) Analyze data to predict who will be best served with these interventions and which engagement strategy may work best, (i) Inform relevant doctor at time of admission (as opposed to time of discharge) if patient is currently undergoing treatment with a PCP.
2. Patients might not accept post acute intervention if they are not approached in a sensitive, patient-focused manner to assure engagement. To mitigate risk, we will:
  - (a) Recruit staff from within communities, being mindful of economic, ethnic, linguistic, and cultural identities (b) Train staff on appropriate patient engagement to reduce likelihood of unintentional alienation of patients and enhance staff's capacity for implementing empathic work (c) Train staff on a suite of tools for effective clinical assessment and intervention (d) Train staff to identify social determinants of readmission (e) Use Motivational Interviewing tactics, assessment of readiness and confidence rulers as indicators and social problem solving styles to inform approach (f) Educate/Empower family/caregivers on how to assist/support patient.
3. Possible risk that we will not be able to ensure access to medical and social services appropriately for patients upon discharge. To mitigate risk, we will:
  - (a) Train staff to educate patients and identify challenges to achieving appropriate post-discharge follow-up (b) Establish early contact with PCP to arrange timely follow-up of post discharge needs, medication reconciliation and other clinical needs during this vulnerable time (c) Establish linkage to appropriate primary care (if without PCP), correct care coordination site and/or behavioral health/substance abuse services. (d) Establish linkage to proper social and legal services depending on patient's needs. (e) Create streamlined communication protocols between PACT SWs and outpatient providers
4. Partners involved in the project may fail to properly communicate in the time following discharge. To mitigate risk, we will:
  - (a) Create standardized process to communicate between organizations regarding patients engaged in the project for days/weeks following discharge. (b) Engage our partner organizations early in the development of project staff training. (c) Develop a mechanism to provide feedback to PPS regarding challenges (d) Develop an interim plan prior to IT solution/supporting infrastructure and a back-up plan for communication exchange of this interim plan (e) Develop monitoring/evaluation process for interim and long-term solutions re: standardized process
5. PPS does not properly address patient coverage issues, which are important to getting patients services necessary to avoid readmission. To mitigate risk, we will:
  - (a) Develop a pre-discharge assessment for any missing entitlement and include it in patient's care plan

**✔ IPQR Module 2.b.iv.2 - Patient Engagement Speed**

**Instructions :**

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

| Benchmarks             |                        |

| Step 7: Identify provider types that will need early notification of planned discharges and patient admitted to hospital  |                                |                            |                      |               |                                |                              |                   |                 |                             |   |
| <b>Task</b><br>Step 8: Modify current discharge protocols and create new protocols working with IT to integrate notifications for care managers to work with providers to visit patient in hospital before discharge      |                                | Project                    |                      | Completed     | 04/01/2016                     | 03/31/2017                   | 04/01/2016        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 9: Develop training tools to train hospital staff in collaboration with Workforce including care managers, identified discharge hospital staff and partners on discharge planning protocols           |                                | Project                    |                      | Completed     | 07/01/2016                     | 03/31/2017                   | 07/01/2016        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 10: Develop policies/procedures that allow care managers and provider representation on-site at hospitals to meet with patients advise on care transition services                                    |                                | Project                    |                      | Completed     | 10/01/2016                     | 03/31/2017                   | 10/01/2016        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 11: Develop policies/procedures that allow PPS providers access to hospitals outside of the PPS to develop care plan and arrange for transitional care services.                                      |                                | Project                    |                      | Completed     | 01/01/2017                     | 03/31/2017                   | 01/01/2017        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Milestone #5</b><br>Protocols will include care record transitions with timely updates provided to the members' providers, particularly primary care provider.   | DY2 Q4                         | Project                    | N/A                  | Completed     | 07/01/2015                     | 03/31/2017                   | 07/01/2015        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Policies and procedures are in place for including care transition plans in patient medical record and ensuring medical record is updated in interoperable EHR or updated in primary care provider record. |                                | Project                    |                      | Completed     | 10/01/2015                     | 03/31/2017                   | 10/01/2015        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 1: Engage IT to identify solution/platform that will be used for documenting and sharing discharge and care plan  |                                | Project                    |                      | Completed     | 07/01/2015                     | 12/31/2015                   | 07/01/2015        | 12/31/2015      | 12/31/2015                  | DY1 Q3  |
| <b>Task</b><br>Step 2: Discuss with IT how care plan will be integrated into electronic medical record  |                                | Project                    |                      | Completed     | 10/01/2015                     | 12/31/2015                   | 10/01/2015        | 12/31/2015      | 12/31/2015                  | DY1 Q3  |
| <b>Task</b><br>Step 3: Actively participate in Care Coordination Cross Functional Workgroup sessions to ensure care transition plans are incorporated into patient medical records  |                                | Project                    |                      | Completed     | 10/01/2015                     | 12/31/2015                   | 10/01/2015        | 12/31/2015      | 12/31/2015                  | DY1 Q3  |
| <b>Milestone #6</b><br>Ensure that a 30-day transition of care period is established.   | DY2 Q4                         | Project                    | N/A                  | Completed     | 10/01/2015                     | 03/31/2017                   | 10/01/2015        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |

**Project 2.b.viii – Hospital-Home Care Collaboration Solutions**

**✓ IPQR Module 2.b.viii.1 - Major Risks to Implementation and Mitigation Strategies**

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1. Caregiver unavailable or unidentified at the time of patient discharge. To mitigate risk, will (a) Assess level of caregiver support per patient upon admission (b) Link caregivers to supportive services (c) Employ language concordant care coordination staff and recruit staff from neighborhoods we serve to optimize community engagement.
2. Without a shared EHR system, there is risk of ineffective communication between hospital and home-care services, leading to disruption in care coordination. To mitigate this risk, will (a) Integrate HIT/EHRs to facilitate health information exchange between hospitals and SNFs/home care agencies.
3. If we do not address and document advance directives goals of care and patient/caregiver preferences at each transition, we risk fragmenting care. To mitigate risk, will  
(a) Leverage existing RN home services and care coordination, primary care and/or sub-specialty care services to increase goals of care training  
(b) Increase home and office-based palliative care consultations for chronically ill (c) Educate staff about Medical Orders for Life Sustaining Treatment (MOLST) (d) Work to communicate these wishes throughout patients' care pathways, within and outside our PPS
4. Collaboration with multiple experts and disciplines can lead to disagreements and delay completion of evidence-based care pathways. To mitigate risk, will  
(a) Establish clear protocols and evidence-based guidelines for co-morbid patients (b) Develop a learning collaborative, training guides, and opportunities for providers from various settings to meet face-to face (c) Identify and appoint a "Lead" and create an escalation process; the escalation pathways are stratified on actual/potential domains (clinical, medical, psycho-social, behavioral, finance)
5. Patients may not have strong links to health care sites, particularly when patients leave facility AMA, "early dismissal". To mitigate risk, will  
(a) Trigger a process for activation of Rapid Response Team (RRT) for such conditions; targeted skill set, explore possibility of Mobile RRT in community
6. Lack of integrated health IT infrastructure, need for expanded telemedicine services, and parsimony resource allocation and sharing. To mitigate risk,  
(a) Significant investments to be made in shared HIT infrastructure, functioning HIE, and telemedicine services, requiring innovative payment models (b) Early and continued engagement with MCOs and policy/regulatory changes will facilitate integration and collaboration among competitive parties (c) Stratification method will be needed based on established criteria for assigned resources up to and including diffusion of care and intervention mapping
7. Regulations impacting provider-to-provider hospital-home care. To mitigate risk, will  
(a) Work with DOH to seek regulatory relief if regulatory barriers are identified
8. Patients may be faced with psycho-social strain (unstable housing, limited access to phone). To mitigate risk,  
(a) Rapid Response Team (RRT) will assess patients for psycho-social strain and refer to Health Home, NORC program, Senior Center or other CBO to address these.
9. May be difficult to engage CHHAs, SNFs and patients with INTERACT-like principles. To mitigate risk, will train all providers through validated methodology (motivational interviewing, patient centered assessments, etc.) to deal with culturally diverse patients with poor health literacy. Our PPS partners have experience with this and will share best practices to improve engagement and retention with INTERACT principles.

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

10. Another potential risk is some Home Care agencies might become overburdened trying to meet the requirements of this project (resulting in lower performance). To mitigate risk, we will assess staffing, financial or compliance challenges on ongoing basis and support partners to improve quality

**✔ IPQR Module 2.b.viii.2 - Patient Engagement Speed**

**Instructions :**

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

| Benchmarks             |                        |
|------------------------|------------------------|
| Actively Engaged Speed | Actively Engaged Scale |
| DY4,Q4                 | 19,000                 |

|              | Year,Quarter             | DY5,Q1 | DY5,Q2 | DY5,Q3 | DY5,Q4 |

| Milestone Name  | Narrative Text |
|---|----------------|
| to patient risks for readmission, as well as to support evidence-based medicine and chronic care management.  |                |
| Develop care pathways and other clinical tools for monitoring chronically ill patients, with the goal of early identification of potential instability and intervention to avoid hospital transfer. |                |
| Educate all staff on care pathways and INTERACT-like principles.  |                |
| Develop Advance Care Planning tools to assist residents and families in expressing and documenting their wishes for near end of life and end of life care.  |                |
| Create coaching program to facilitate and support implementation.   |                |
| Educate patient and family/caretakers, to facilitate participation in planning of care.   |                |
| Integrate primary care, behavioral health, pharmacy, and other services into the model in order to enhance coordination of care and medication management.  |                |
| Utilize telehealth/telemedicine to enhance hospital-home care collaborations.   |                |
| Utilize interoperable EHR to enhance communication and avoid medication errors and/or duplicative services.   |                |
| Measure outcomes (including quality assessment/root cause analysis of transfer) in order to identify additional interventions.  |                |
| Use EHRs and other technical platforms to track all patients engaged in the project.  |                |

**Project 2.c.i – Development of community-based health navigation services**

**✓ IPQR Module 2.c.i.1 - Major Risks to Implementation and Mitigation Strategies**

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

|  |
|--|
| <p>Associated Risk: Workforce Development<br/>Part of the diminished capacity is the difficulty in hiring staff into a program without a standardized means of timely reimbursement.</p> <p>Risk Mitigation: The financial and workforce investment in this project will be clearly defined. Our path to achieving more clarity involves close collaboration with the financial and workforce development entities to understand any potential burdens that fall outside of the scope of our expectations and strategize avenues for successfully managing those burdens.</p> <p>Associated Risk: Minimal supervisory structure</p> <p>Risk Mitigation: Through this project, part of the staff will include licensed clinical SWs and RNs to provide support in a standardized manner to the community navigation staff. The hub of resources will also be helpful for consultations.</p> <p>Associated Risk: Lack of IT infrastructure</p> <p>Risk Mitigation: Use of the MAPP portal will allow for some of the tracking mentioned. Partners in this project will need to be well versed in MAPP through various roll out phases. Additionally, infrastructure will be created through collaboration with IT development entities for the project and current HH dashboards and partner care coordination platforms will be leveraged.</p> <p>Associated Risk: Potential duplication of services</p> <p>Risk Mitigation: Policies and best practices will be developed to facilitate warm handoffs to various members of a patient's care team. These policies and and best practices will be created through collaboration with other DSRIP projects and current programs (i.e. Health Homes, transitional care).</p> <p>Associated Risk: Low Patient Compliance</p> <p>Risk Mitigation: Investment in collaboration with workforce development to ensure that patient navigators are adequately trained and equipped to ameliorate patient ambivalence and compliance barriers.</p> <p>Associated Risk: Inadequate Supply of Resources, i.e. Housing and Transportation</p> |
|--|

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

Risk Mitigation: The PPS will employ experts in each area of need to assist patients in navigating and accessing the resources. The resource hub and resource guide will include details re: wait times, languages spoken, and services provided to help patients better access appropriate resources that are not limited.

Associated Risk: Difficulty determining the need for longitudinal vs. short-term services, caseload sizes, and patient graduation

Risk Mitigation: Needs assessments, clinical pathways, and associated policies and workflows for patients will be created so that the patient is matched with the right level of care needed.

Associated Risk: The assumptions for community navigators number

"Table #1 - This number reflects the individual community-based navigators that we have committed to this project. This number reflects community-based navigators specific to this particular project only..."

Risk Mitigation: The initial assumption is not accurate. We're also sharing resources with lead HHs and community based organizations providing HH services. We will integrate Care coordination models to include community navigators as a shared resource and will be able to include those who provide services in other projects ie 2ai etc. This will enable us to reach the 250 goal by DY4.

**Mount Sinai PPS, LLC (PPS ID:34)**

**✔ IPQR Module 2.c.i.2 - Patient Engagement Speed**

**Instructions :**

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

| Benchmarks             |                        |
|------------------------|------------------------|
| Actively Engaged Speed | Actively Engaged Scale |

**✔ IPQR Module 2.c.i.3 - Prescribed Milestones**

**Instructions :**

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for prescribed milestones. For milestones that are due and completed within the reporting period, documentation is required to provide evidence of project requirement achievement. Any explanations regarding altered or missed provider commitments should be included within the narrative box, not as text within uploaded documentation.

| Project Requirements (Milestone/Task Name)  | Prescribed Due Date | Reporting Level | Provider Type | Status    | Original Start Date | Original End Date | Start Date | End Date   | Quarter End Date | DSRIP Reporting Year and Quarter |
|---|---------------------|-----------------|---------------|-----------|---------------------|-------------------|------------|------------|------------------|----------------------------------|
| <b>Milestone #1</b><br>Create community-based health navigation services, with the goal of assisting patients in accessing healthcare services efficiently.   | DY3 Q4              | Project         | N/A           | Completed | 04/01/2015          | 09/30/2017        | 04/01/2015 | 09/30/2017 | 09/30/2017       | DY3 Q2                           |
| <b>Task</b><br>Community-based health navigation services established.  |                     | Project         |               | Completed | 07/01/2015          | 09/30/2017        | 07/01/2015 | 09/30/2017 | 09/30/2017       | DY3 Q2                           |
| <b>Task</b><br>Step 1. Finalize a plan to hire additional staff to assist in execution.   |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 2. Identify key elements of community-based health navigation   |                     | Project         |               | Completed | 06/12/2015          | 12/31/2015        | 06/12/2015 | 12/31/2015 | 12/31/2015       | DY1 Q3                           |
| <b>Task</b><br>Step 3. Outline/ Diagram PPS care coordination. Actively participate in Care Coordination Cross Functional Workgroup sessions  |                     | Project         |               | Completed | 06/12/2015          | 09/30/2017        | 06/12/2015 | 09/30/2017 | 09/30/2017       | DY3 Q2                           |
| <b>Task</b><br>Step 4. Leverage Care Coordination Cross Functional Workgroup's resources  |                     | Project         |               | Completed | 06/12/2015          | 09/30/2017        | 06/12/2015 | 09/30/2017 | 09/30/2017       | DY3 Q2                           |
| <b>Task</b><br>Step 5. Collaborate with CCCFW to develop CCCFW processes, workflows, and protocols as they relate to the CCCFW Charter (Care Coordination documents have been uploaded to the Clinical Integration Section 09-> MAPP Module 9.1<br>• Prescribed Milestones #2-" Develop a Clinical Integration strategy." ; In order to achieve milestones for this project project 2ci will collaborate and has been involved in CCCFW. Page 2 of CCCFW charter, deliverables 1-9 will help project team to meet this milestone) |                     | Project         |               | Completed | 06/12/2015          | 09/30/2017        | 06/12/2015 | 09/30/2017 | 09/30/2017       | DY3 Q2                           |
| <b>Task</b><br>Step 6. Identify services needed using CNA   |                     | Project         |               | Completed | 06/12/2015          | 09/30/2017        | 06/12/2015 | 09/30/2017 | 09/30/2017       | DY3 Q2                           |
| <b>Task</b><br>Step 7. Identify sites and agencies and Health Homes already doing community-based health navigation   |                     | Project         |               | Completed | 06/30/2015          | 09/30/2017        | 06/30/2015 | 09/30/2017 | 09/30/2017       | DY3 Q2                           |

| <b>Project Requirements<br/>(Milestone/Task Name)</b>   | <b>Prescribed<br/>Due Date</b> | <b>Reporting<br/>Level</b> | <b>Provider Type</b> | <b>Status</b> | <b>Original<br/>Start Date</b> | <b>Original<br/>End Date</b> | <b>Start Date</b> | <b>End Date</b> | <b>Quarter<br/>End Date</b> | <b>DSRIP<br/>Reporting Year<br/>and Quarter</b> |
|---|--------------------------------|----------------------------|----------------------|---------------|--------------------------------|------------------------------|-------------------|-----------------|-----------------------------|---|
| <b>Task</b><br>Step 8. Create Patient Work Flow chart   |                                | Project                    |                      | Completed     | 06/12/2015                     | 09/30/2017                   | 06/12/2015        | 09/30/2017      | 09/30/2017                  | DY3 Q2  |
| <b>Task</b><br>Step 9. Create subgroups to work on developing community based services (data, workforce, patient engagement)  |                                | Project                    |                      | Completed     | 06/30/2015                     | 03/31/2018                   | 06/30/2015        | 03/31/2018      | 03/31/2018                  | DY3 Q4  |
| <b>Task</b><br>Step 10. Determine how community based health navigation services will collaborate with other clinical call centers to ease access and connect patients to resources and further community navigation services.  |                                | Project                    |                      | On Hold       | 04/01/2015                     | 03/31/2020                   | 04/01/2015        | 03/31/2020      | 03/31/2020                  | DY5 Q4  |
| <b>Milestone #2</b><br>Develop a community care resource guide to assist the community resources and ensure compliance with protocols, under direction from a collaborating program oversight group of medical/behavioral health, community nursing, and social support services providers. | DY2 Q4                         | Project                    | N/A                  | Completed     | 06/12/2015                     | 03/31/2017                   | 06/12/2015        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Resource guide completed, detailing medical/behavioral/social community resources and care protocols developed by program oversight committee.   |                                | Project                    |                      | Completed     | 06/12/2015                     | 03/31/2017                   | 06/12/2015        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 1.Finalize a staffing plan to execute project (do research, create written content, compile materials)  |                                | Project                    |                      | On Hold       | 04/01/2015                     | 03/31/2020                   | 04/01/2015        | 03/31/2020      | 03/31/2020                  | DY5 Q4  |
| <b>Task</b><br>Step 2.Develop a collaborating program oversight group of med/beh health, community nursing, and social support services providers   |                                | Project                    |                      | Completed     | 09/01/2015                     | 03/31/2016                   | 09/01/2015        | 03/31/2016      | 03/31/2016                  | DY1 Q4  |
| <b>Task</b><br>Step 3.Identify key contributors within the workgroup and resources from within partner organizations.   |                                | Project                    |                      | Completed     | 09/01/2015                     | 03/31/2016                   | 09/01/2015        | 03/31/2016      | 03/31/2016                  | DY1 Q4  |
| <b>Task</b><br>Step 4.Identify and compile contents of resource guide   |                                | Project                    |                      | Completed     | 09/01/2015                     | 03/31/2017                   | 09/01/2015        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 5.Collaborate with other PPS projects to ensure that the content of guide will support their needs  |                                | Project                    |                      | Completed     | 09/01/2015                     | 06/30/2016                   | 09/01/2015        | 06/30/2016      | 06/30/2016                  | DY2 Q1  |
| <b>Task</b><br>Step 6.Identify / finalize resource guide mediums - web and phone-based  |                                | Project                    |                      | Completed     | 09/01/2015                     | 06/30/2016                   | 09/01/2015        | 06/30/2016      | 06/30/2016                  | DY2 Q1  |
| <b>Task</b><br>Step 7. Determine workflow to effectively use the resource guide, and how it can be leveraged for other clinical call centers.   |                                | Project                    |                      | Completed     | 09/01/2015                     | 03/31/2017                   | 09/01/2015        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |

**Prescribed Milestones Narrative Text**

| Milestone Name   | Narrative Text |
|--|----------------|
| Create community-based health navigation services, with the goal of assisting patients in accessing healthcare services efficiently.   |                |
| Develop a community care resource guide to assist the community resources and ensure compliance with protocols, under direction from a collaborating program oversight group of medical/behavioral health, community nursing, and social support services providers. |                |
| Recruit for community navigators, ideally spearheaded by residents in the targeted area to ensure community familiarity.   |                |
| Resource appropriately for the community navigators, evaluating placement and service type.  |                |
| Provide community navigators with access to non-clinical resources, such as transportation and housing services.   |                |
| Establish case loads and discharge processes to ensure efficiency in the system for community navigators who are following patients longitudinally.  |                |
| Market the availability of community-based navigation services.  |                |
| Use EHRs and other technical platforms to track all patients engaged in the project.   |                |

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**Project 3.a.i – Integration of primary care and behavioral health services**

**✔ IPQR Module 3.a.i.1 - Major Risks to Implementation and Mitigation Strategies**

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

A key challenge will be developing competent clinical workforce for this project. The primary risk is direct negative impact to patient engagement and care. We will address this by a multi-pronged approach: 1) In-depth and diverse methods of training which will draw from internal PPS expertise, external organizations, and utilizing "train the trainer" techniques. Focused curricula will include basic concepts of integrated and collaborative care; various roles in integrated care settings (i.e., collaborative supervising psychiatrist for IMPACT; Depression Care Managers); core clinical trainings (i.e., motivational interviewing; screening questionnaires); working with patients with behavioral health conditions (for Model B physical health practitioners). We will also work with the selected primary PPS workforce training vendor, local educational institutions, as well as nationally available training (i.e., the AIMS Center) to create comprehensive training modules for all disciplines in all three models. Trainings will occur via multiple venues, including formal in-services, hands-on workshops, grand rounds, staff meetings, web-based training modules, as well as individual supervision. 2) Ensure potential future workforce members receive training and clinical exposure to integrated care settings. We hope to include trainees from multiple clinical disciplines at sites across the PPS, and they will be included in trainings as appropriate. This will also help develop a pool of trained potential workforce members in later years of DSRIP, and ensure the foundations for this new clinical field of integrated care.

A second major challenge is creating standardized operational models and workflows at each site to minimize practice variation. Risks with not implementing standardized models include significant impact on outcomes, risk of inefficiencies, and lower quality of care. We are developing standardized models and protocols of care for each clinical model, with detailed clinical and administrative workflows and implementation checklists. We will also work closely with the PPS IT to maximize automation and standardization of clinical documentation, handoffs, and notifications. The standardization will be based on available evidence and best practices, as well as allow for some flexibility due to the variety of different sites and phases of operational readiness for integrated care across sites. In addition, as one of the four PPS's involved in the KPMG Target Operating Model development for 3ai, we are using this platform to further refine models and workflows for our PPS, as well as contribute to the standardization of this level of care for other PPS's.

Another related challenge is the variation in sites of not only EHR availability, but the readiness of their EHRs to incorporate both physical health and behavioral health clinical documentation. IT clinical documentation integration will be key to minimize the risks of separate or "opaque" documentation systems between physical and behavioral health, which can have significant safety and quality impact. Some CBOs have limited EHRs which may not easily be able to incorporate physical health documentation modules. We will work closely with the PPS IT to evaluate all partner IT capabilities, and implement any and all solutions with minimal workarounds.

A final challenge will be adequate and appropriate clinical space for integrated care. Inadequate space and patient care room conditions may cause long wait times for appointments and patients dissatisfied with the care setting, leading to missed appointments and disengagement from treatment. Creative scheduling, room shares, modest expansions, and other innovative solutions will be employed. Privacy and confidentiality safeguards will be in place at the patient, provider, facility, and EHR levels.

**✔ IPQR Module 3.a.i.2 - Patient Engagement Speed**

**Instructions :**

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

| Benchmarks             |                        |
|------------------------|------------------------|
| Actively Engaged Speed | Actively Engaged Scale |
| DY4,Q4                 | 55,000                 |

**Prescribed Milestones Narrative Text**

| Milestone Name  | Narrative Text |
|---|----------------|
| Conduct preventive care screenings, including behavioral health screenings (PHQ-2 or 9 for those screening positive, SBIRT) implemented for all patients to identify unmet needs. |                |
| Use EHRs or other technical platforms to track all patients engaged in this project.  |                |
| Co-locate primary care services at behavioral health sites.   |                |
| Develop collaborative evidence-based standards of care including medication management and care engagement process.   |                |
| Conduct preventive care screenings, including physical and behavioral health screenings.  |                |
| Use EHRs or other technical platforms to track all patients engaged in this project.  |                |
| Implement IMPACT Model at Primary Care Sites.   |                |
| Utilize IMPACT Model collaborative care standards, including developing coordinated evidence-based care standards and policies and procedures for care engagement.                |                |
| Employ a trained Depression Care Manager meeting requirements of the IMPACT model.  |                |
| Designate a Psychiatrist meeting requirements of the IMPACT Model.  |                |
| Measure outcomes as required in the IMPACT Model.   |                |
| Provide "stepped care" as required by the IMPACT Model.   |                |
| Use EHRs or other technical platforms to track all patients engaged in this project.  |                |

**Mount Sinai PPS, LLC (PPS ID:34)**

**Project 3.a.iii – Implementation of evidence-based medication adherence programs (MAP) in community based sites for behavioral health medication compliance**

**✓ IPQR Module 3.a.iii.1 - Major Risks to Implementation and Mitigation Strategies**

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

The foremost project risk pertains to the identified vulnerabilities and needs of the target population itself. Adherence to medication treatment specifically and both behavioral and physical health treatment generally comprise final common pathway problems and primary targets for project intervention.

Challenge 1: Development of a scalable evidence-based adherence intervention targeting both behavioral health and physical health medications and related clinical encounters aligned with provider mandates. Strategy: Expand/adapt existing evidence based strategies for the behavioral health population, including both behavioral and physical health medications and related clinical engagement supported by tailored technologies, including a mobile platform to support extra-mural engagement and deployment, integrated into established workflows.

Challenge 2: Implement a scalable standardized adherence intervention across Manhattan, Brooklyn and Queens and diverse professional and non-professional staff. Strategy: Interventions and related training will be piloted with discrete staff and patient cohorts then replicated with project partners supported by standardized training protocols. Each site will develop self-sustaining autonomy and network integration.

Challenge 3: Complex impediments to the progressive engagement and activation of a culturally diverse, vulnerable population with prevalent multiple morbidities, social, financial, and housing problems, and family stressors. Engaging this population requires a highly committed culturally fluent staff familiar with population challenges. Strategy: A robust, established PPS apparatus for workforce recruitment, training and supervision, employing an assembled workforce of care coordinators, care navigators and peers will be oriented to population needs and 3a.iii project interventions supported by a mobile technology platform. A major focus will be consumer education and health literacy in which peers may play an exceptional role. Education and treatment materials will be provided in multiple languages.

Challenge 4: Assuring staff competency and adherence to prescribed interventions, related reporting, including measures of intervention efficacy. Strategy: Across the PPS, each practice setting and node will report ongoing assessment of staff adherence to the prescribed interventions and discrete performance metrics and outcomes using an integrated/mobile technology platform.

Challenge 5: Other IT integration including data capture from pharmacy and other resource utilization both within and outside the PPS, including emergency services and hospitalization. Strategy: The project specific technology platform will integrate other data resources including regional and health information exchanges, and PSYCKES. Work related to the primary pilot, currently underway, is expected to produce viable scalable solutions to such integration then available to project partners.

Challenge 6: Duplication of PPS services, which could complicate and impede the delivery of organized, efficient services. Strategy: Coordination at both the PPS and project level, through use of the MRT Innovation eXchange (MIX) idea bank as well as other direct collaborative initiatives, including sharing standardized approaches and protocols, experience and data, and collaborate on project development when possible.

Challenge 7: Ensuring access to mobile technologies. Strategy: Access to mobile technologies and multiple points of access is a key project component of this project. When direct consumer access is not possible, case managers/care coordinators and peers may utilize other project funded mobile technologies (laptop/pad devices) to implement the adherence model.

**✔ IPQR Module 3.a.iii.2 - Patient Engagement Speed**

**Instructions :**

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

| Benchmarks             |                        |
|------------------------|------------------------|
| Actively Engaged Speed | Actively Engaged Scale |
| DY4,Q4                 | 45,000                 |

Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**Project 3.b.i – Evidence-based strategies for disease management in high risk/affected populations (adult only)**

**✓ IPQR Module 3.b.i.1 - Major Risks to Implementation and Mitigation Strategies**

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

Many of the major risks within 3.b.i stem from a few underpinning topics: The difficulty of clinical workflow adjustments, patient engagement, and IT Integration dependencies

Due to the number and complexity of Clinical workflow adjustments, we need to pay particular attention when implementing changes to the workflow. For example, in order to be successful when implementing workflow changes, the CVD working group, and in coordination with the diabetes working group, we will develop practical CV disease screening and management protocols which can be implemented across the PPS. In another example, when the PPS implements the 5 A's for Tobacco control, the CVD workgroup will work with care teams to train office staff to initiate the 5 A's during the initial work-up of the patient, with completion of the 5 A's to be left up to the provider. With this change, the burden of completing the 5 A's will no longer exclusively fall on the provider. This is a practical workflow adjustment

There are several risks surrounding patient engagement and IT Integration. Typically, patients with elevated blood pressure but no formal diagnosis of hypertension will go undetected and untreated. To address this risk, the CVD Workgroup will work with IT to develop site reports of patients with elevated office blood pressure both with and without a formal diagnosis of hypertension. This strategy of leveraging IT to flag patients will be used across the project to mitigate risk. In another risk, the PPS may be unable to engage all participating providers in the 5 A's tobacco control program. To mitigate this risk, the CVD workgroup will work with IT to develop a hard-stop in EHR's to ensure the 5 A's are addressed prior to signing and locking a note.

Risk: Low patient compliance with lifestyle recommendations is a real and potential risk related to the implementation of this project.

Mitigation Strategy: To address these concerns, the PPS will ensure that its treatment protocols and lifestyle interventions are simple, efficacious and cost-effective. Furthermore, through the use of health coaches and care management teams, the PPS will ensure that engaged patients are actively participating and following up on recommendations for lifestyle modification.

Risk: Due to the varying levels of readiness of PPS members for PCMH Level 3 recognition, there is a risk that not all providers will meet this deliverable.

Mitigation Strategy: Through regular PPS meetings and monthly reports, providers not achieving PCMH level 3 will be identified and targeted for additional support to ensure adherence with DSRIP implementation plans. Additionally, the Clinical Committee is creating a task force/focus group specific to bringing providers to PCMH Level 3. These initiatives will mitigate the implementation risk.

Risk: Due to the nature of organizational change, there is a risk that providers will fail to adopt new clinical protocols and guidelines that the PPS adopts.

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

Mitigation Strategy: If participating providers are struggling to adopt new clinical guidelines, need assistance with implementing clinical guidelines, or simply fail to comply with clinical guidelines, the PPS will identify these providers as outliers, and ensure that adequate resources are allocated for additional support, guidance and/or oversight. Additionally, the PPS will develop templates that can be adopted to varying levels of organizational maturity. This will allow for flexible adoption.

**✔ IPQR Module 3.b.i.2 - Patient Engagement Speed**

**Instructions :**

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

| Benchmarks             |                        |

**✔ IPQR Module 3.b.i.3 - Prescribed Milestones**

**Instructions :**

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for prescribed milestones. For milestones that are due and completed within the reporting period, documentation is required to provide evidence of project requirement achievement. Any explanations regarding altered or missed provider commitments should be included within the narrative box, not as text within uploaded documentation.

| Project Requirements (Milestone/Task Name)   | Prescribed Due Date | Reporting Level | Provider Type | Status    | Original Start Date | Original End Date | Start Date | End Date   | Quarter End Date | DSRIP Reporting Year and Quarter |
|--|---------------------|-----------------|---------------|-----------|---------------------|-------------------|------------|------------|------------------|----------------------------------|
| <b>Milestone #1</b><br>Implement program to improve management of cardiovascular disease using evidence-based strategies in the ambulatory and community care setting.   | DY3 Q4              | Project         | N/A           | Completed | 04/01/2015          | 09/30/2017        | 04/01/2015 | 09/30/2017 | 09/30/2017       | DY3 Q2                           |
| <b>Task</b><br>PPS has implemented program to improve management of cardiovascular disease using evidence-based strategies in the ambulatory and community care setting.   |                     | Project         |               | Completed | 04/01/2017          | 09/30/2017        | 04/01/2017 | 09/30/2017 | 09/30/2017       | DY3 Q2                           |
| <b>Task</b><br>Step 1. Identify evidence based best practices to improve management of cardiovascular disease in the ambulatory and community care setting.  |                     | Project         |               | Completed | 04/01/2015          | 12/31/2015        | 04/01/2015 | 12/31/2015 | 12/31/2015       | DY1 Q3                           |
| <b>Task</b><br>Step 2. Create an evidence-based screening and management program to improve the health of patients with known (or high risk for) cardiovascular disease in the ambulatory care and community care setting.   |                     | Project         |               | Completed | 04/01/2015          | 03/31/2016        | 04/01/2015 | 03/31/2016 | 03/31/2016       | DY1 Q4                           |
| <b>Task</b><br>Step 3. Receive approval from Clinical Committee on the use of the management program and protocols .   |                     | Project         |               | Completed | 01/01/2016          | 09/30/2016        | 01/01/2016 | 09/30/2016 | 09/30/2016       | DY2 Q2                           |
| <b>Task</b><br>Step 4. Identify and inventory all ambulatory care practitioners and community care settings by provider type, services delivered, and geography served to identify locations to implement evidence-based strategies that improve management of cardiovascular disease. |                     | Project         |               | Completed | 04/01/2015          | 12/31/2015        | 04/01/2015 | 12/31/2015 | 12/31/2015       | DY1 Q3                           |
| <b>Task</b><br>Step 5. Set up monthly meetings with ambulatory care practitioners to design best practices for information management, and coordination across multiple settings to address patients with cardiovascular disease.  |                     | Project         |               | Completed | 10/01/2016          | 12/31/2016        | 10/01/2016 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Task</b><br>Step 6. Work with IT to develop quality measurements using new and existing HIT systems to facilitate screening at risk individuals   |                     | Project         |               | Completed | 10/01/2016          | 12/31/2016        | 10/01/2016 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |

|---|--------------------------------|----------------------------|----------------------|---------------|--------------------------------|------------------------------|-------------------|-----------------|-----------------------------|---|
| Step 1. Finalize patient inclusion criteria and identification per NYS and PPS criteria including risk stratification criteria  |                                |                            |                      |               |                                |                              |                   |                 |                             |   |
| <b>Task</b><br>Step 2. Select an IT platform(s) to use for the PPS  |                                | Project                    |                      | Completed     | 04/01/2015                     | 03/31/2016                   | 04/01/2015        | 03/31/2016      | 03/31/2016                  | DY1 Q4  |
| <b>Task</b><br>Step 3. Build discrete variables to track patients into EHR/Template to identify engaged patients.   |                                | Project                    |                      | Completed     | 08/01/2015                     | 06/30/2016                   | 08/01/2015        | 06/30/2016      | 06/30/2016                  | DY2 Q1  |
| <b>Task</b><br>Step 4. Create tracking and reporting system with IT platform with the support of the IT Committee.  |                                | Project                    |                      | Completed     | 10/01/2015                     | 12/31/2016                   | 10/01/2015        | 12/31/2016      | 12/31/2016                  | DY2 Q3  |
| <b>Task</b><br>Step 5. Train providers on how to input patient information and track patients in the IT Platform  |                                | Project                    |                      | Completed     | 01/01/2016                     | 12/31/2016                   | 01/01/2016        | 12/31/2016      | 12/31/2016                  | DY2 Q3  |
| <b>Task</b><br>Step 6. Develop ongoing webinars and trainings for providers to learn how to access, analyze and read the data inputted into the IT platform   |                                | Project                    |                      | Completed     | 01/01/2016                     | 12/31/2016                   | 01/01/2016        | 12/31/2016      | 12/31/2016                  | DY2 Q3  |
| <b>Task</b><br>Step 7. Maintain ongoing monitoring of staff adherence and patient engagement reporting by organization. When organizations actively engaged patient trends downward, the PPS will follow-up   |                                | Project                    |                      | Completed     | 10/01/2016                     | 12/31/2016                   | 10/01/2016        | 12/31/2016      | 12/31/2016                  | DY2 Q3  |
| <b>Milestone #5</b><br>Use the EHR to prompt providers to complete the 5 A's of tobacco control (Ask, Assess, Advise, Assist, and Arrange).   | DY3 Q4                         | Project                    | N/A                  | Completed     | 09/01/2015                     | 09/30/2017                   | 09/01/2015        | 09/30/2017      | 09/30/2017                  | DY3 Q2  |
| <b>Task</b><br>PPS has implemented an automated scheduling system to facilitate tobacco control protocols.  |                                | Project                    |                      | Completed     | 09/01/2015                     | 09/30/2017                   | 09/01/2015        | 09/30/2017      | 09/30/2017                  | DY3 Q2  |
| <b>Task</b><br>PPS provides periodic training to staff to incorporate the use of EHR to prompt the use of 5 A's of tobacco control.   |                                | Project                    |                      | Completed     | 09/01/2015                     | 09/30/2017                   | 09/01/2015        | 09/30/2017      | 09/30/2017                  | DY3 Q2  |
| <b>Task</b><br>Step 1. Develop plan with IT to integrate prompt of 5 A's of tobacco control within EHR for patients identified as being active tobacco users. The prompts will direct providers to use the 5 A's of tobacco control to counsel, provide support and assist patients with smoking cessation. |                                | Project                    |                      | Completed     | 09/01/2015                     | 09/30/2016                   | 09/01/2015        | 09/30/2016      | 09/30/2016                  | DY2 Q2  |
| <b>Task</b><br>Step 2. Create education plan teaching providers on how to use 5A's of tobacco control and NY Quits for at-risk patients.  |                                | Project                    |                      | Completed     | 09/01/2015                     | 12/31/2016                   | 09/01/2015        | 12/31/2016      | 12/31/2016                  | DY2 Q3  |
| <b>Task</b>   |                                | Project                    |                      | Completed     | 11/01/2015                     | 12/31/2016                   | 11/01/2015        | 12/31/2016      | 12/31/2016                  | DY2 Q3  |

| Step 3. Work with workforce to incorporate 5 A's of tobacco control into Learning Management as a PPS wide training.  |                                |                            |                      |               |                                |                              |                   |                 |                             |   |
| <b>Task</b><br>Step 4. Implement training in learning management for providers on how to use EHR prompt of 5 A's of tobacco control.  |                                | Project                    |                      | Completed     | 11/01/2015                     | 09/30/2017                   | 11/01/2015        | 09/30/2017      | 09/30/2017                  | DY3 Q2  |
| <b>Task</b><br>Step 5. Assess using continuous quality review of providers completing 5 A's of tobacco.   |                                | Project                    |                      | Completed     | 10/01/2016                     | 09/30/2017                   | 10/01/2016        | 09/30/2017      | 09/30/2017                  | DY3 Q2  |
| <b>Task</b><br>Step 6. Provide quarterly training to providers on how to use prompt of 5 A's of tobacco control.  |                                | Project                    |                      | Completed     | 10/01/2016                     | 09/30/2017                   | 10/01/2016        | 09/30/2017      | 09/30/2017                  | DY3 Q2  |
| <b>Milestone #6</b><br>Adopt and follow standardized treatment protocols for hypertension and elevated cholesterol.   | DY2 Q4                         | Project                    | N/A                  | Completed     | 10/01/2016                     | 12/31/2016                   | 10/01/2016        | 12/31/2016      | 12/31/2016                  | DY2 Q3  |
| <b>Task</b><br>Practice has adopted treatment protocols aligned with national guidelines, such as the National Cholesterol Education Program (NCEP) or US Preventive Services Task Force (USPSTF).  |                                | Project                    |                      | Completed     | 10/01/2016                     | 12/31/2016                   | 10/01/2016        | 12/31/2016      | 12/31/2016                  | DY2 Q3  |
| <b>Task</b><br>Step 1. Identify team of providers who have treatment protocols aligned with national guidelines such as National Cholesterol Education Program (NCEP) or US Preventive Services Task Force (USPSTF).  |                                | Project                    |                      | Completed     | 04/01/2015                     | 12/31/2015                   | 04/01/2015        | 12/31/2015      | 12/31/2015                  | DY1 Q3  |
| <b>Task</b><br>Step 2. Work with designated team to create plan to integrate standardized treatment protocols for hypertension and elevated cholesterol using screening and management guidelines set forth in the NCEP/ATP-III update. For hypertension, the PPS will follow the screening and management guidelines set forth by JNC-8. |                                | Project                    |                      | Completed     | 04/01/2015                     | 12/31/2015                   | 04/01/2015        | 12/31/2015      | 12/31/2015                  | DY1 Q3  |
| <b>Task</b><br>Step 3. Collaborate with IT to integrate standardize screening and treatment protocols into EHRs for the PPS.  |                                | Project                    |                      | Completed     | 10/01/2016                     | 12/31/2016                   | 10/01/2016        | 12/31/2016      | 12/31/2016                  | DY2 Q3  |
| <b>Task</b><br>Step 4. Create education and training plan for providers working with the Stakeholder Engagement team and Clinical committee.  |                                | Project                    |                      | Completed     | 10/01/2016                     | 12/31/2016                   | 10/01/2016        | 12/31/2016      | 12/31/2016                  | DY2 Q3  |
| <b>Task</b><br>Step 5. Work with workforce and IT to train providers on standardized treatment protocols for hypertension and elevated cholesterol.   |                                | Project                    |                      | Completed     | 10/01/2016                     | 12/31/2016                   | 10/01/2016        | 12/31/2016      | 12/31/2016                  | DY2 Q3  |
| <b>Task</b>   |                                | Project                    |                      | Completed     | 09/01/2015                     | 09/30/2016                   | 09/01/2015        | 09/30/2016      | 09/30/2016                  | DY2 Q2  |

| Project Requirements (Milestone/Task Name)   | Prescribed Due Date | Reporting Level | Provider Type | Status    | Original Start Date | Original End Date | Start Date | End Date   | Quarter End Date | DSRIP Reporting Year and Quarter |
|--|---------------------|-----------------|---------------|-----------|---------------------|-------------------|------------|------------|------------------|----------------------------------|
| Step 1. Work with workforce to develop protocol for PCPs in PPS to provide follow up blood pressure checks without copayment or advanced appointments.   |                     |                 |               |           |                     |                   |            |            |                  |                                  |
| <b>Task</b><br>Step 2. Develop plan to train and educate primary care providers to follow-up on blood pressure checks.   |                     | Project         |               | Completed | 09/01/2015          | 12/31/2016        | 09/01/2015 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Task</b><br>Step 3. Work with workforce to design training of PCPs and supporting staff across the PPS on follow up blood pressure checks.  |                     | Project         |               | Completed | 10/31/2015          | 12/31/2016        | 10/31/2015 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Task</b><br>Step 4. Integrate training into Learning Management for all PCPs in PPS.  |                     | Project         |               | Completed | 10/31/2015          | 12/31/2016        | 10/31/2015 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Task</b><br>Step 5. Work with Stakeholder engagement team to socialize protocol to all primary care practices in the PPS on follow-up blood pressure checks without copayment or advanced appointments. |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 6. Implement Learning Management tool for all PCPs to access.  |                     | Project         |               | Completed | 10/31/2015          | 12/31/2016        | 10/31/2015 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Task</b><br>Step 7. Analyze data of number of PCPs completed Learning management on blood pressure checks.  |                     | Project         |               | Completed | 10/01/2016          | 12/31/2016        | 10/01/2016 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Task</b><br>Step 8. Perform quality improvement to review design and implementation of process and correct accordingly.   |                     | Project         |               | Completed | 10/01/2016          | 12/31/2016        | 10/01/2016 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Milestone #9</b><br>Ensure that all staff involved in measuring and recording blood pressure are using correct measurement techniques and equipment.  | DY2 Q4              | Project         | N/A           | Completed | 10/01/2016          | 12/31/2016        | 10/01/2016 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Task</b><br>PPS has protocols in place to ensure blood pressure measurements are taken correctly with the correct equipment.  |                     | Project         |               | Completed | 10/01/2016          | 12/31/2016        | 10/01/2016 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Task</b><br>Step 1. Design standard protocol for measuring and recording blood pressure using correct measurement techniques and equipment.   |                     | Project         |               | Completed | 11/01/2015          | 03/31/2016        | 11/01/2015 | 03/31/2016 | 03/31/2016       | DY1 Q4                           |
| <b>Task</b><br>Step 2. Review protocol with clinical committee for approval.   |                     | Project         |               | Completed | 12/31/2015          | 09/30/2016        | 12/31/2015 | 09/30/2016 | 09/30/2016       | DY2 Q2                           |
| <b>Task</b>  |                     | Project         |               | Completed | 10/01/2016          | 12/31/2016        | 10/01/2016 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |

| Project Requirements (Milestone/Task Name)  | Prescribed Due Date | Reporting Level | Provider Type | Status    | Original Start Date | Original End Date | Start Date | End Date   | Quarter End Date | DSRIP Reporting Year and Quarter |
|---|---------------------|-----------------|---------------|-----------|---------------------|-------------------|------------|------------|------------------|----------------------------------|
| Step 2. Identify current PPS protocols for determining preferential drugs based on ease of medication adherence.  |                     |                 |               |           |                     |                   |            |            |                  |                                  |
| <b>Task</b><br>Step 3. Incorporate protocol and policy for providers through EHR reminder.  |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 4. Work with IT to generate reports to ensure these regimens are followed.  |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 5. Collaborate with workforce committee to train staff on protocols.  |                     | Project         |               | Completed | 12/31/2015          | 12/31/2016        | 12/31/2015 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Task</b><br>Step 6. Quality improve process and monitor participating organizations for improvement.   |                     | Project         |               | Completed | 10/01/2016          | 12/31/2016        | 10/01/2016 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Milestone #12</b><br>Document patient driven self-management goals in the medical record and review with patients at each visit.   | DY3 Q4              | Project         | N/A           | Completed | 07/01/2015          | 09/30/2017        | 07/01/2015 | 09/30/2017 | 09/30/2017       | DY3 Q2                           |
| <b>Task</b><br>Self-management goals are documented in the clinical record.   |                     | Project         |               | Completed | 11/01/2015          | 09/30/2017        | 11/01/2015 | 09/30/2017 | 09/30/2017       | DY3 Q2                           |
| <b>Task</b><br>PPS provides periodic training to staff on person-centered methods that include documentation of self-management goals.  |                     | Project         |               | Completed | 11/01/2015          | 09/30/2017        | 11/01/2015 | 09/30/2017 | 09/30/2017       | DY3 Q2                           |
| <b>Task</b><br>Step 1. Develop plan to determine the structure of self-management goals (i.e. free text or structured data), identify the workflow, and strategy on self-management goals   |                     | Project         |               | Completed | 07/01/2015          | 03/31/2016        | 07/01/2015 | 03/31/2016 | 03/31/2016       | DY1 Q4                           |
| <b>Task</b><br>Step 2. Collaborate with project work groups and PCMH workgroup(s) to ensure both the PCMH and DSRIP workflows on Self-management goals align.   |                     | Project         |               | Completed | 10/31/2015          | 06/30/2016        | 10/31/2015 | 06/30/2016 | 06/30/2016       | DY2 Q1                           |
| <b>Task</b><br>Step 3. Engage IT to build self-management goal templates into EMR. Explore hard stops, alerts, and flags to ask the clinician to complete the self-management goal. IT will also create reports to identify organizations with low rates of self-management goals |                     | Project         |               | Completed | 10/31/2015          | 12/31/2016        | 10/31/2015 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Task</b><br>Step 4. Create documentation for self-management goals such as a self-management checklist, which patients can complete in the waiting room.   |                     | Project         |               | Completed | 03/31/2016          | 06/30/2016        | 03/31/2016 | 06/30/2016 | 06/30/2016       | DY2 Q1                           |
| <b>Task</b><br>Step 5. Education and train clinicians to review the patient's self  |                     | Project         |               | Completed | 03/31/2016          | 12/31/2016        | 03/31/2016 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |

Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

| <b>Project Requirements<br/>(Milestone/Task Name)</b>   | <b>Prescribed<br/>Due Date</b> | <b>Reporting<br/>Level</b> | <b>Provider Type</b> | <b>Status</b> | <b>Original<br/>Start Date</b> | <b>Original<br/>End Date</b> | <b>Start Date</b> | <b>End Date</b> | <b>Quarter<br/>End Date</b> | <b>DSRIP<br/>Reporting Year<br/>and Quarter</b> |
|---|--------------------------------|----------------------------|----------------------|---------------|--------------------------------|------------------------------|-------------------|-----------------|-----------------------------|---|
| <b>Task</b><br>Step 1. Develop specific protocols for home as well as ambulatory blood pressure monitoring.   |                                | Project                    |                      | Completed     | 04/01/2015                     | 12/31/2015                   | 04/01/2015        | 12/31/2015      | 12/31/2015                  | DY1 Q3  |
| <b>Task</b><br>Step 2. Train Nurse educators within the PPS of protocols.   |                                | Project                    |                      | Completed     | 01/01/2017                     | 03/31/2017                   | 01/01/2017        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 3. Nurse educators within the PPS will disseminate these protocols throughout the PPS to ensure a systematic approach to blood pressure screening and management is used. Offices within the PPS will assist patients with blood pressure monitoring, feedback , equipment checks, medication adjustments, as well as follow routine follow-up blood pressure checks without a formal appointment or copayment. |                                | Project                    |                      | Completed     | 01/01/2017                     | 03/31/2017                   | 01/01/2017        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 4. IT will build fields in the EMR to collect data on Home Blood pressure monitoring  |                                | Project                    |                      | Completed     | 01/01/2017                     | 03/31/2017                   | 01/01/2017        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 5. Leverage community resources, such as the pharmacies, to offer Blood Pressure Monitoring   |                                | Project                    |                      | Completed     | 10/01/2016                     | 12/31/2016                   | 10/01/2016        | 12/31/2016      | 12/31/2016                  | DY2 Q3  |
| <b>Task</b><br>Step 6. Train staff involved in referral process on the developed protocols  |                                | Project                    |                      | Completed     | 01/01/2017                     | 03/31/2017                   | 01/01/2017        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 7. IT will create a report, which will monitor the use of home blood pressure monitoring.   |                                | Project                    |                      | Completed     | 01/01/2017                     | 03/31/2017                   | 01/01/2017        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 8. Educate providers of the benefits of ongoing/home blood pressure monitoring  |                                | Project                    |                      | Completed     | 10/01/2016                     | 03/31/2017                   | 10/01/2016        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 9. Collect data on patients who received ongoing blood pressure monitoring and follow up.   |                                | Project                    |                      | Completed     | 10/01/2016                     | 03/31/2017                   | 10/01/2016        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 10. Perform continuous quality improvement for processes where applicable.  |                                | Project                    |                      | Completed     | 10/01/2016                     | 03/31/2017                   | 10/01/2016        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Milestone #15</b><br>Generate lists of patients with hypertension who have not had a recent visit and schedule a follow up visit.  | DY2 Q4                         | Project                    | N/A                  | Completed     | 08/01/2015                     | 03/31/2017                   | 08/01/2015        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>PPS has implemented an automated scheduling system to facilitate scheduling of targeted hypertension patients.   |                                | Project                    |                      | Completed     | 09/01/2015                     | 03/31/2017                   | 09/01/2015        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b>   |                                | Project                    |                      | Completed     | 08/01/2015                     | 03/31/2016                   | 08/01/2015        | 03/31/2016      | 03/31/2016                  | DY1 Q4  |

**New York State Department Of Health

**Mount Sinai PPS, LLC (PPS ID:34)**

| Project Requirements (Milestone/Task Name)   | Prescribed Due Date | Reporting Level | Provider Type | Status    | Original Start Date | Original End Date | Start Date | End Date   | Quarter End Date | DSRIP Reporting Year and Quarter |
|--|---------------------|-----------------|---------------|-----------|---------------------|-------------------|------------|------------|------------------|----------------------------------|
| Step 1. Define report criteria and automated alert criteria with risk stratification (outlined in above milestones) for lists of patients with hypertension who have not had a recent visit. |                     |                 |               |           |                     |                   |            |            |                  |                                  |
| <b>Task</b><br>Step 2. IT develops report and automated alert within EMR to aid schedulers within practices with identifying hypertensive patients.  |                     | Project         |               | Completed | 08/01/2015          | 03/31/2017        | 08/01/2015 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>Step 3. Developing education materials to train staff on how to use list of patients with hypertension.   |                     | Project         |               | Completed | 10/01/2015          | 03/31/2017        | 10/01/2015 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>Step 4. Provide training to ensure the lists and tools IT has developed are adopted and scheduling system is adopted.   |                     | Project         |               | Completed | 01/01/2016          | 03/31/2017        | 01/01/2016 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>Step 5. Evaluate log of patients to ensure these patients are scheduled for follow-up.  |                     | Project         |               | Completed | 03/01/2016          | 03/31/2017        | 03/01/2016 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Milestone #16</b><br>Facilitate referrals to NYS Smoker's Quitline.   | DY2 Q4              | Project         | N/A           | Completed | 04/01/2015          | 03/31/2017        | 04/01/2015 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>PPS has developed referral and follow-up process and adheres to process.  |                     | Project         |               | Completed | 04/01/2015          | 03/31/2017        | 04/01/2015 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>Step 1. Design referral and follow up process for NYS Smokers Quit Line for the PPS.  |                     | Project         |               | Completed | 10/01/2015          | 06/30/2016        | 10/01/2015 | 06/30/2016 | 06/30/2016       | DY2 Q1                           |
| <b>Task</b><br>Step 2. Train providers and care coordinators on protocol to use NYS Smoker's Quit line.  |                     | Project         |               | Completed | 03/31/2016          | 03/31/2017        | 03/31/2016 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>Step 3. Work with workforce to provide ongoing trainings to new hires into learning management tool.  |                     | Project         |               | Completed | 03/31/2016          | 12/31/2016        | 03/31/2016 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Task</b><br>Step 4. Develop communications material to share about NY Quits to patients.  |                     | Project         |               | Completed | 06/30/2016          | 12/31/2016        | 06/30/2016 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Task</b><br>Step 5. Develop a referral network by working with care coordination work group.  |                     | Project         |               | Completed | 10/01/2016          | 03/31/2017        | 10/01/2016 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>Step 6. Deploy training to providers in the PPS to complete an online smoking cessation counseling and treatment training module.   |                     | Project         |               | Completed | 09/30/2016          | 03/31/2017        | 09/30/2016 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>Step 7. Work with IT to build materials into EMR to include an  |                     | Project         |               | Completed | 09/30/2016          | 03/31/2017        | 09/30/2016 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |

| <b>Task</b><br>Step 8. Perform Continuous Quality Improvement to identify effectiveness and areas of improvement for care coordination.   |                     | Project         |               | Completed | 10/01/2016          | 03/31/2017        | 10/01/2016 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Milestone #17</b><br>Perform additional actions including "hot spotting" strategies in high risk neighborhoods, linkages to Health Homes for the highest risk population, group visits, and implementation of the Stanford Model for chronic diseases.   | DY3 Q4              | Project         | N/A           | Completed | 01/01/2017          | 03/31/2017        | 01/01/2017 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>If applicable, PPS has Implemented collection of valid and reliable REAL (Race, Ethnicity, and Language) data and uses the data to target high risk populations, develop improvement plans, and address top health disparities.  |                     | Project         |               | Completed | 01/01/2017          | 03/31/2017        | 01/01/2017 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>If applicable, PPS has established linkages to health homes for targeted patient populations.  |                     | Project         |               | Completed | 01/01/2017          | 03/31/2017        | 01/01/2017 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>If applicable, PPS has implemented Stanford Model through partnerships with community-based organizations.   |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 1. Collaborate with Care Coordination Cross Functional Workgroup design model for hot spotting strategy of identifying high risk neighborhoods, linkages in health homes for highest risk patients, linkages to Health Homes for the highest risk population, and group visits. |                     | Project         |               | Completed | 07/01/2015          | 12/31/2016        | 07/01/2015 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Task</b><br>Step 2. Develop plan and identifying the Stanford Model (if applicable), including self-management approaches. These will be documented in the EMR, so the providers/care coordinators can discuss the progress with the patient on an ongoing basis.                                |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 3. Work with IT to establish REAL data collection of high risk populations.   |                     | Project         |               | Completed | 10/01/2016          | 12/31/2016        | 10/01/2016 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Task</b><br>Step 4. Create plan for group visits and programs, where a centralized PPS members can perform group visits. This may include events at churches, food pantries, etc. This will occur in conjunction with 3.c.i.   |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b>   |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |

| <b>Task</b><br>Step 1. Document project workgroups Key decisions(i.e. a master document containing models of care the PPS is pursuing, protocols, etc.), outlining PCP's responsibilities, roles, and description of the project  |                     | Project         |               | Completed | 04/01/2015          | 11/01/2015        | 04/01/2015 | 11/01/2015 | 12/31/2015       | DY1 Q3                           |
| <b>Task</b><br>Step 2. Work with PCMH workgroup to identify Primary Care providers in the network.  |                     | Project         |               | Completed | 07/01/2015          | 06/30/2016        | 07/01/2015 | 06/30/2016 | 06/30/2016       | DY2 Q1                           |
| <b>Task</b><br>Step 3. Engage primary care providers in project through outreach and communications by working with Stakeholder Engagement work group.  |                     | Project         |               | Completed | 04/01/2015          | 12/31/2016        | 04/01/2015 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Task</b><br>Step 4. Create training materials for providers interested in the project  |                     | Project         |               | Completed | 04/01/2015          | 12/31/2016        | 04/01/2015 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Task</b><br>Step 5. Hire key positions to act as liaisons between the project and PCP's (i.e. Traveling Lab tech, Physician Champion Liaison)  |                     | Project         |               | Completed | 07/01/2015          | 06/30/2016        | 07/01/2015 | 06/30/2016 | 06/30/2016       | DY2 Q1                           |
| <b>Task</b><br>Step 6. Negotiate and install financial incentives that connect pps goals with remuneration  |                     | Project         |               | Completed | 07/01/2015          | 12/31/2016        | 07/01/2015 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Task</b>   |                     | Project         |               | Completed | 07/01/2015          | 12/31/2016        | 07/01/2015 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |

**New York State Department Of Health

Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**Prescribed Milestones Narrative Text**

| Milestone Name  | Narrative Text |
|---|----------------|
| Use EHRs or other technical platforms to track all patients engaged in this project.  |                |
| Use the EHR to prompt providers to complete the 5 A's of tobacco control (Ask, Assess, Advise, Assist, and Arrange).  |                |
| Adopt and follow standardized treatment protocols for hypertension and elevated cholesterol.  |                |
| Develop care coordination teams including use of nursing staff, pharmacists, dieticians and community health workers to address lifestyle changes, medication adherence, health literacy issues, and patient self-efficacy and confidence in self-management. |                |
| Provide opportunities for follow-up blood pressure checks without a copayment or advanced appointment.  |                |
| Ensure that all staff involved in measuring and recording blood pressure are using correct measurement techniques and equipment.  |                |
| Identify patients who have repeated elevated blood pressure readings in the medical record but do not have a diagnosis of hypertension and schedule them for a hypertension visit.  |                |
| Prescribe once-daily regimens or fixed-dose combination pills when appropriate.   |                |
| Document patient driven self-management goals in the medical record and review with patients at each visit.   |                |
| Follow up with referrals to community based programs to document participation and behavioral and health status changes.  |                |
| Develop and implement protocols for home blood pressure monitoring with follow up support.  |                |
| Generate lists of patients with hypertension who have not had a recent visit and schedule a follow up visit.  |                |
| Facilitate referrals to NYS Smoker's Quitline.  |                |
| Perform additional actions including "hot spotting" strategies in high risk neighborhoods, linkages to Health Homes for the highest risk population, group visits, and implementation of the Stanford Model for chronic diseases.                             |                |
| Adopt strategies from the Million Hearts Campaign.  |                |
| Form agreements with the Medicaid Managed Care organizations serving the affected population to coordinate services under this project.   |                |
| Engage a majority (at least 80%) of primary care providers in this project.   |                |

**Project 3.c.i – Evidence-based strategies for disease management in high risk/affected populations (adults only)**

**✓ IPQR Module 3.c.i.1 - Major Risks to Implementation and Mitigation Strategies**

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

The Diabetes Management project has a number of risks documented below with an associated mitigation plan:

**Risk:** Linguistic, cultural diversity, as well as variation in learning and literacy levels: Vulnerable populations face greater barriers in self-management of health and navigating services due to low/no literacy, language barriers, poverty and other factors. In some clinical environments, patients do not have a consistent point of contact with a clinician educator to support better self-management, answer questions and help coordinate with external services. This is disruptive to the patient experience and thus challenges the likelihood that the patient will make and maintain behavior changes.

**Mitigation strategy:**

1. Locally hired Health Coaches will follow patients longitudinally across settings while keeping the full care team abreast of developments in the individual's self-management, self-monitoring, urgent medical needs, and psycho-social challenges. The Health Coach can serve as a central, trusted point of contact to the health system, community resources / health homes, etc. to develop greater trust between patient and caregivers in larger care team.
2. Because the Coaches are hired from the neighborhood they serve, they serve as ambassadors to clinics to help with translation during clinic visits, culturally appropriate education and social support.
- 3) Large number of staff that needs to be trained: will be mitigated by HR processes in place to recruit adequate number of suitable trainers

**Risk:** Resource Utilization: Using too many resources (particularly through the time of providers) on patients; overlapping use of resources.

**Mitigation:** Create tiered risk profiling tool to provide varying levels of intensity of support to patients with varying levels of medical, social, behavioral and economic risk profiles.

**Risk:** Quality monitoring and Flexible adaptation: Coordinating across sectors while maintaining quality: Expanding these specific programs in a standardized way while maintaining quality of care will require a strong data collection and a continuous quality improvement component aiming at coordination between the various layers/components of the overall program.

**Mitigation strategies:**

1. Conduct assessments at each primary care site to determine existing care team structures, staffing roles, and approaches used to provide disease prevention and management coaching and care coordination.
2. Create blueprint for Care Coordination Teams and care processes that should apply across sites, with a framework to enable flexible adaptation of features to small and large sites. Include steps to ensure the blueprint is culturally appropriate for the context / neighborhood that each clinic serves.

**Mount Sinai PPS, LLC (PPS ID:34)**

**✔ IPQR Module 3.c.i.2 - Patient Engagement Speed**

**Instructions :**

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

| Benchmarks             |                        |
|------------------------|------------------------|
| Actively Engaged Speed | Actively Engaged Scale |
| DY3,Q4                 | 15,950                 |

|                     | Year,Quarter             | DY5,Q1 | DY5,Q2 | DY5,Q3 | DY5,Q4 |
|---------------------|--------------------------|--------|--------|--------|--------|
| <b>PPS Reported</b> | Baseline Commitment      | 3,850  | 7,700  | 11,550 | 15,950 |
|                     | Quarterly Update         | 0      | 0      | 0      | 0      |
|                     | Percent(%) of Commitment | 0.00%  | 0.00%  | 0.00%  | 0.00%  |

| <b>Task</b><br>Step 1. With Stakeholder Engagement, identify the PCPs that are ready to pilot the project   |                     | Project         |               | Completed | 10/01/2015          | 03/31/2016        | 10/01/2015 | 03/31/2016 | 03/31/2016       | DY1 Q4                           |
| <b>Task</b><br>Step 2. Conduct outreach to engage additional PCPs in the PPS's network with the support of the Stakeholder Engagement Workgroup through community forums, town halls and outreach activities  |                     | Project         |               | Completed | 10/01/2015          | 06/30/2016        | 10/01/2015 | 06/30/2016 | 06/30/2016       | DY2 Q1                           |
| <b>Task</b><br>Step 3. Develop with Stakeholder Engagement and Workforce Committee the training materials needed for providers participating in the project   |                     | Project         |               | Completed | 07/01/2015          | 09/30/2016        | 07/01/2015 | 09/30/2016 | 09/30/2016       | DY2 Q2                           |
| <b>Task</b><br>Step 4. Implement with Workforce Committee the training sessions for providers participating in the project to learn about project workflow and protocols  |                     | Project         |               | Completed | 01/01/2017          | 03/31/2017        | 01/01/2017 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>Step 5. Develop and implement a quiz to test the effectiveness of the training program to be administered immediately following the training to all staff who received the training  |                     | Project         |               | Completed | 01/01/2017          | 03/31/2017        | 01/01/2017 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>Step 6. Hire key positions to act as liaisons between the project and PCP's (i.e. Traveling Lab tech, Physician Champion Liaison, CDE to visit practices and supervise implementation)   |                     | Project         |               | Completed | 10/01/2015          | 06/30/2016        | 10/01/2015 | 06/30/2016 | 06/30/2016       | DY2 Q1                           |
| <b>Task</b><br>Step 7. Install POC A1c machines in at least 10 PPS practices, including at least 5 community partner practices, to help increase interest of PCP's within the PPS   |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 8. Apply for CME credits with Office of Medical Education for selected pieces of provider education covered within the project  |                     | Project         |               | Completed | 12/01/2015          | 09/30/2016        | 12/01/2015 | 09/30/2016 | 09/30/2016       | DY2 Q2                           |
| <b>Task</b><br>Step 9. Work with IT to develop the project dashboard to be able to track engagement and monitor use of best practices by PCPs   |                     | Project         |               | Completed | 10/01/2015          | 06/30/2016        | 10/01/2015 | 06/30/2016 | 06/30/2016       | DY2 Q1                           |
| <b>Task</b><br>Step 10. Work with IT to install and train on use of the dashboard to supervise implementation across PPS, which will highlight organizations metrics.   |                     | Project         |               | Completed | 12/01/2015          | 12/31/2016        | 12/01/2015 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |

**Mount Sinai PPS, LLC (PPS ID:34)**

| <b>Project Requirements<br/>(Milestone/Task Name)</b>   | <b>Prescribed<br/>Due Date</b> | <b>Reporting<br/>Level</b> | <b>Provider Type</b> | <b>Status</b> | <b>Original<br/>Start Date</b> | <b>Original<br/>End Date</b> | <b>Start Date</b> | <b>End Date</b> | <b>Quarter<br/>End Date</b> | <b>DSRIP<br/>Reporting Year<br/>and Quarter</b> |
|---|--------------------------------|----------------------------|----------------------|---------------|--------------------------------|------------------------------|-------------------|-----------------|-----------------------------|---|
| <b>Task</b><br>Step 4. Collaborate with the Care Coordination Cross Functional Workgroup and Health home, health coaches, and Community Health Workers to address the needs for this project to be consistent with the PPS to ensure uniformity and to implement a clinically interoperable system for care coordination across the PPS |                                | Project                    |                      | Completed     | 07/01/2015                     | 12/31/2016                   | 07/01/2015        | 12/31/2016      | 12/31/2016                  | DY2 Q3  |
| <b>Task</b><br>Step 5. Train care coordination teams on patient flow and protocols in conjunction with the Care Coordination Cross Functional Workgroup   |                                | Project                    |                      | Completed     | 04/01/2016                     | 03/31/2017                   | 04/01/2016        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 6. Develop and implement a quiz to test the effectiveness of the training program to be administered immediately following the training to all staff who received the training  |                                | Project                    |                      | Completed     | 04/01/2016                     | 03/31/2017                   | 04/01/2016        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 7. Establish an annual training session to ensure that care coordination teams are up to speed on the latest protocols and well-versed in the workflow for this project   |                                | Project                    |                      | Completed     | 07/01/2016                     | 03/31/2017                   | 07/01/2016        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 8. Coordinate with IT Committee and pharmacy representatives to promote medication safety and adherence, as well as develop optimal dosing best practices to share with all participating sites   |                                | Project                    |                      | Completed     | 01/01/2016                     | 03/31/2017                   | 01/01/2016        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 9. All identified high-risk patients will work with Registered dietitians, Health Homes, community health coaches (care coordination team) to identify health behavior change, health literacy and patient self-efficacy.   |                                | Project                    |                      | Completed     | 07/01/2016                     | 03/31/2017                   | 07/01/2016        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 10. Develop a report to monitor the effectiveness of the implemented care model, including linkages to care.  |                                | Project                    |                      | Completed     | 07/01/2016                     | 03/31/2017                   | 07/01/2016        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 11. Perform a site specific assessment of information sharing capabilities to be used to define the approach and the deployment to be taken by the Care Coordinator at that site to communicate information with the PPS and other providers  |                                | Project                    |                      | Completed     | 01/01/2016                     | 03/31/2017                   | 01/01/2016        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |
| <b>Task</b><br>Step 12. Implement performance evaluations of participating providers and organizations including monitoring the health outcomes of the care coordinator teams   |                                | Project                    |                      | Completed     | 04/01/2016                     | 03/31/2017                   | 04/01/2016        | 03/31/2017      | 03/31/2017                  | DY2 Q4  |

| Project Requirements (Milestone/Task Name)  | Prescribed Due Date | Reporting Level | Provider Type | Status    | Original Start Date | Original End Date | Start Date | End Date   | Quarter End Date | DSRIP Reporting Year and Quarter |
|---|---------------------|-----------------|---------------|-----------|---------------------|-------------------|------------|------------|------------------|----------------------------------|
| the model by outreaching to Partners with interested CBO with support of Stakeholder Engagement Workgroup   |                     |                 |               |           |                     |                   |            |            |                  |                                  |
| <b>Task</b><br>Step 8. Make partnership agreement with community based organization to deliver the model with support of Stakeholder Engagement Workgroup   |                     | Project         |               | Completed | 07/01/2016          | 12/31/2016        | 07/01/2016 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Task</b><br>Step 9. Train staff to deliver the model in the PPS  |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 10. Develop and implement a quiz to test the effectiveness of the training program to be administered immediately following the training to all staff who received the training   |                     | Project         |               | Completed | 10/01/2016          | 03/31/2017        | 10/01/2016 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>Step 11. Employ strategies identified in the Stanford Model, including self-management approaches and document in the EMR so the providers/care coordinators can discuss the progress with the patient on an ongoing basis by establishing linkage with health homes in PPS. |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 12. In conjunction with 3bi, implement group visits and programs, where a centralized PPS members can perform group visits.   |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 13. IT committee to assist in the delivery of IT/EHR "prompts" for referrals to the model   |                     | Project         |               | Completed | 01/01/2016          | 03/31/2017        | 01/01/2016 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>Step 14. Instruct PCP's core managers in use of QTAC electronic patient referral portal to Stanford classes.   |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 15. Community group/ peer outreach to patients living in hot spots  |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 16. Provide the Stanford course or other such courses to designated populations such as patients in high risk neighborhoods   |                     | Project         |               | On Hold   | 04/01/2015          | 03/31/2020        | 04/01/2015 | 03/31/2020 | 03/31/2020       | DY5 Q4                           |
| <b>Task</b><br>Step 17. Work with IT to create dashboards highlighting engagement and goal achievement by geography and by PPS partner  |                     | Project         |               | Completed | 10/01/2016          | 12/31/2016        | 10/01/2016 | 12/31/2016 | 12/31/2016       | DY2 Q3                           |
| <b>Milestone #5</b><br>Ensure coordination with the Medicaid Managed Care   | DY3 Q4              | Project         | N/A           | Completed | 07/01/2017          | 03/30/2018        | 07/01/2017 | 03/30/2018 | 03/31/2018       | DY3 Q4                           |

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

|---|---------------------|-----------------|---------------|-----------|---------------------|-------------------|------------|------------|------------------|----------------------------------|
| organizations serving the target population.  |                     |                 |               |           |                     |                   |            |            |                  |                                  |
| <b>Task</b><br>PPS has agreement in place with MCO related to coordination of services for high risk populations, including smoking cessation services, hypertension screening, cholesterol screening, and other preventive services relevant to this project.                                  |                     | Project         |               | Completed | 01/01/2017          | 06/30/2017        | 01/01/2017 | 06/30/2017 | 06/30/2017       | DY3 Q1                           |
| <b>Task</b><br>Step 1. Collect feedback on current agreements in place in PPS with MCOs throughout the PPS  |                     | Project         |               | Completed | 01/01/2017          | 06/30/2017        | 01/01/2017 | 06/30/2017 | 06/30/2017       | DY3 Q1                           |
| <b>Task</b><br>Step 2. Perform analysis on current agreements as well as opportunities for collaboration with the MCO (specifically for services for high risk populations, including smoking cessation services, hypertension screening, cholesterol screening, and other preventive services) |                     | Project         |               | Completed | 01/01/2017          | 06/30/2017        | 01/01/2017 | 06/30/2017 | 06/30/2017       | DY3 Q1                           |
| <b>Task</b><br>Step 3. Identify organizations interested in obtaining PPS agreements  |                     | Project         |               | Completed | 01/01/2017          | 06/30/2017        | 01/01/2017 | 06/30/2017 | 06/30/2017       | DY3 Q1                           |
| <b>Task</b><br>Step 4. Meet with MCOs to discuss possible areas of collaboration. If an MCO does not like any of the proposed areas of collaboration, the PPS will request other options from the MCO. This will be done in conjunction with 3.c.i  |                     | Project         |               | Completed | 01/01/2017          | 06/30/2017        | 01/01/2017 | 06/30/2017 | 06/30/2017       | DY3 Q1                           |
| <b>Task</b><br>Step 5. Execute agreements with MCOs based on above discussions  |                     | Project         |               | Completed | 01/01/2017          | 06/30/2017        | 01/01/2017 | 06/30/2017 | 06/30/2017       | DY3 Q1                           |
| <b>Milestone #6</b><br>Use EHRs or other technical platforms to track all patients engaged in this project.   | DY2 Q4              | Project         | N/A           | Completed | 04/01/2015          | 03/31/2017        | 04/01/2015 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>PPS identifies targeted patients and is able to track actively engaged patients for project milestone reporting.   |                     | Project         |               | Completed | 04/01/2015          | 03/31/2017        | 04/01/2015 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>PPS uses a recall system that allows staff to report which patients are overdue for which preventive services and to track when and how patients were notified of needed services.   |                     | Project         |               | Completed | 04/01/2015          | 03/31/2017        | 04/01/2015 | 03/31/2017 | 03/31/2017       | DY2 Q4                           |
| <b>Task</b><br>Step 1. Finalize patient inclusion criteria and identification per NYS and PPS criteria including risk stratification criteria   |                     | Project         |               | Completed | 04/01/2015          | 03/31/2016        | 04/01/2015 | 03/31/2016 | 03/31/2016       | DY1 Q4                           |
| <b>Task</b><br>Step 2. Select an IT platform to use for the PPS   |                     | Project         |               | Completed | 04/01/2015          | 03/31/2016        | 04/01/2015 | 03/31/2016 | 03/31/2016       | DY1 Q4                           |

**Project 4.b.ii – Increase Access to High Quality Chronic Disease Preventive Care and Management in Both Clinical and Community Settings (Note: This project targets chronic diseases that are not included in domain 3, such as cancer)**

**✓ IPQR Module 4.b.ii.1 - Major Risks to Implementation and Mitigation Strategies**

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

Risk: Important to this project are patient engagement, patient education and self-management skills which lead to compliance of services. Challenges include difficulty in navigating the system, language barriers, lack of education of preventive services, access and availability to services (see #3), and lack of culturally appropriate education materials. Mitigation: Our patient and community interventions will use culturally appropriate traditional and nontraditional media and communications to build awareness of disease prevention through seminars. We will assess and improve our trust and engagement with patients in the community through culturally appropriate training programs for staff and providers by: improving cultural competency, increasing health literacy, use of motivational interviewing and patient empowerment through shared decision making.

Risk: Our patient population lives in health professional shortage areas. Complaints include long appointment wait times, languages barriers, difficulty navigating the health delivery system, lack of transportation to services and affordable care (see #5). There is a high no show rate of this population. There is difficulty tracking referrals, diagnostic test results and confirming diagnostic test results and specialist reports sent to the primary care physicians.

Mitigation: In DY1 we will assess our current workflows on care coordination to identify gaps. For PCMH accredited practices with gaps in care coordination we will use the IHI PDSA cycle to make rapid progress including IT infrastructure and staff changes. We will assess our current workflows on access and availability, phone triage, diagnostic test tracking including receipt of completed reports, referral tracking including the receipt of completed specialist reports and referrals to community based programs.

Risk: We will increase specific preventive services in concert with the New York State Prevention Agenda. Challenges include lack of continuity of care and patient engagement, difficulty in the access and availability to services, unaffordable preventive services, provider beliefs about screening, limited physician time during office visit, lack of reminders in the EMR for preventive services, difficulty getting timely completed reports of diagnostic tests, limited workforce for outreach, lack of patient education of preventive services and lack of a registry of patients who need screening.

Mitigation: Over the past 3 years, the Mount Sinai St. Luke's/Roosevelt (MSLR) and Mount Sinai Beth Israel (MSBI) hospitals have performed in the top 10 of 30 hospitals in the Healthfirst HEDIS/QARR quality incentive programs. They built systems outside the office visit using a team of patient navigators, nurses and a data analyst. This team has been successful at improving quality improvement scores for these hospitals and will be able to provide technical support to designated or newly hired staff at other practices. In DY1, we plan to collect baseline data on our screening rates of colorectal, breast cancer, cervical/chlamydia screening and preventive visits for children aged 3-6 and adolescents. We will build a registry of patients who qualify for the various preventive screenings and visits. The teams from MSLR and MSBI will share best practices with other hospitals by providing technical support through, webinars, seminars and designating clinical leads at each site to champion the PDSA cycles needed to systematically address and improve preventive screening services and/or connection to specialized disease management programs. In DY1, we will educate primary care providers on high-risk populations to screen for Hepatitis C. We will increase community awareness of Hepatitis C transmission, screening and treatment by providing culturally appropriate educational seminars through traditional and nontraditional media.

**PPS Defined Milestones Narrative Text**

| Milestone Name   | Narrative Text |
|--|----------------|
| 1. Convene a Learning Collaborative on Colorectal Cancer, Cervical cancer, Breast Cancer and Chlamydia screening   |                |
| 2. Establish a shared work plan and timeline for project implementation  |                |
| 3. Schedule a Speaker Series to inform providers on national best practices, payment and care delivery for selected diseases (Colorectal Cancer, Cervical cancer, Breast Cancer and Chlamydia screening) |                |
| 4. Increase specific Preventive services: Colorectal Cancer, Cervical cancer, Breast Cancer and Chlamydia screening  |                |
| 5. Increase Hep C screening and Management   |                |
| 6. Enhance patient engagement, patient education, self-management and compliance to preventive services  |                |
| 7. Developing best practice for coordinating with other PPS's using the MIX  |                |
| 8. Establishing Quality Improvement (QI) Teams to manage implementation pieces that require technical support  |                |
| 9. Increasing access and availability to services  |                |
| Mid-Point Assessment   |                |

**Instructions :**

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

**Project 4.c.ii – Increase early access to, and retention in, HIV care**

**✓ IPQR Module 4.c.ii.1 - Major Risks to Implementation and Mitigation Strategies**

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1. Individuals may not feel welcomed by providers/healthcare centers. There may also be continued resistance from some providers who inappropriately perceive they have sufficient knowledge to provide quality PEP, PrEp and/or primary care. We will work with other PPS organizations that have experience with outreach, community engagement programs that attract targeted populations, and peer education models. We will increase cultural competency training for medical providers and health services staff and use the participation of members of the target populations in the development and distribution of educational and promotional materials.
2. Funds and resources must be aligned to support needed 4cii services. Resources will be aligned to support services; Funds appropriated based on need to ensure desired outcomes. Patients will be screened for insurance eligibility and enrollment into exchange or other coverage. Uninsured partners linked to enrollers and patient assistance programs. Provide Technical Assistance to implement Sexually Transmitted Infection rapid testing through stand-alone services. Training provided on increasing 3rd party billing revenues.
3. Clinical providers and CBOs work in silos, hindering collaboration and integration. Share/align information/message among CBOs, private sector, RHIOs, and HEALTHX using open forums (MRT Exchange), best practices and resources/tools. Establish relationships with training centers and other grant funded projects. Cross collaborate with city-wide PPSs and other PPS projects to increase resource and funding opportunities; as well as increase the menu of service options for providers.
4. Currently there is no standardized certification criteria and no funding stream for peer health navigators. Create and resource peer credentialing that is integrated into DSRIP care teams, providing health education; case finding; enrollment; referral follow-up; escorts to appointments; adherence support.
5. Current HIV practitioners are aging and retiring. Young physicians replacing them generally lack the knowledge necessary to treat the disease. There is also a lack of incentives to treat HIV patients. Create HIV and cultural competency trainings for providers, using a Model of assessment, training, and ongoing implementation. Use existing training resources from CBOs, NYS, and NYC DOH. Promote NYSDOH SNP standards for HIV PCP credentialing for all MCO plans. Incorporate HIV continuum of care and treatment cascades in PPS activities and provide technical assistance for utilizing data such as VL and adherence monitoring. Trainings will incorporate information on End of AIDS campaign. Require all providers to achieve standard certifications attained via state and AAHIVM.
6. Enhance IT capacity to increase the quality of HIV care: Limited IT expertise and use of tech tools across PPS. Use capital requests for user friendly, integrated system and capacity building (equipment/staff training) for all PPS partners. Develop IT training programs for patients i.e. education on accessing charts on their smartphones/computers. Staff training will provide IT skills, tech support and incentives to use new technology.
7. Create safe environment for HIV community. Move to strength based approach in one-to-one interactions, group settings and marketing. Adapt language to create positive engagement and response. Develop materials for both individual and group interventions to address prevention, empowerment, disclosure, and assertiveness in negotiating with providers, at a minimum. Train providers about communication to increase patient's comfort and security to improve visit engagement and treatment discussion. Use peer educators to teach, encourage and empower patients.

New York State Department Of Health  
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

Mount Sinai PPS, LLC (PPS ID:34)

Attestation

The Lead Representative has been designated by the Primary Lead PPS Provider (PPS Lead Entity) as the signing officiate for the DSRIP Quarterly Report. The Lead Representative has the authority to complete this attestation on behalf of the PPS network. The Lead Representative and PPS Lead Entity are responsible for the authenticity and accuracy of the material submitted in this report.

The Lead Representative of the Performing Provider System (PPS) must complete this attestation form in order for the project application to be accepted by the NYS Department of Health. Once the attestation is complete, the Quarterly Report will be locked down from any further editing. Do not complete this section until the entire Quarterly Report is complete.

If the Quarterly Report becomes locked in error and additional changes are necessary, please use the contact information on the Home Page to request that the Quarterly Report be unlocked.

To electronically sign this Quarterly Report, please enter the required information and check the box below:

I here by attest, as the Lead Representative of the 'Mount Sinai PPS, LLC', that all information provided on this Quarterly report is true and accurate to the best of my knowledge, and that, following initial submission in the current quarterly reporting period as defined by NY DOH, changes made to this report were pursuant only to documented instructions or documented approval of changes from DOH or DSRIP Independent Assessor.

**DSRIP Implementation Plan Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

| Project ID  | Module Name / Milestone #  | Review Status   |  |
|---|--|-----------------|--|
| 2.a.i   | Module 2.a.i.2 - Prescribed Milestones   |                 |  |
|   | Milestone #1 All PPS providers must be included in the Integrated Delivery System. The IDS should include all medical, behavioral, post-acute, long-term care, and community-based service providers within the PPS network; additionally, the IDS structure must include payers and social service organizations, as necessary to support its strategy. | Fail            |  |
|   | Milestone #2 Utilize partnering HH and ACO population health management systems and capabilities to implement the PPS' strategy towards evolving into an IDS.  | Pass & Complete |  |
|   | Milestone #3 Ensure patients receive appropriate health care and community support, including medical and behavioral health, post-acute care, long term care and public health services.   | Pass & Complete |  |
|   | Milestone #4 Ensure that all PPS safety net providers are actively sharing EHR systems with local health information exchange/RHIO/SHIN-NY and sharing health information among clinical partners, including directed exchange (secure messaging), alerts and patient record look up, by the end of Demonstration Year (DY) 3.                           | Pass & Complete |  |
|   | Milestone #5 Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3.   | Fail            |  |
|   | Milestone #6 Perform population health management by actively using EHRs and other IT platforms, including use of targeted patient registries, for all participating safety net providers.   | Fail            |  |
|   | Milestone #7 Achieve 2014 Level 3 PCMH primary care certification and/or meet state-determined criteria for Advanced Primary Care Models for all eligible participating PCPs, expand access to primary care providers, and meet EHR Meaningful Use standards by the end of DY 3.   | Fail            |  |
|   | Milestone #9 Establish monthly meetings with Medicaid MCOs to discuss utilization trends, performance issues, and payment reform.  | Pass & Complete |  |
|   | Milestone #10 Re-enforce the transition towards value-based payment reform by aligning provider compensation to patient outcomes.  | Pass & Complete |  |
|   | Milestone #11 Engage patients in the integrated delivery system through outreach and navigation activities, leveraging community health workers, peers, and culturally competent community-based organizations, as appropriate.  | Pass & Complete |  |
| 2.b.iv  | Module 2.b.iv.2 - Patient Engagement Speed   | Pass & Ongoing  |  |
|   | Module 2.b.iv.3 - Prescribed Milestones  |                 |  |
|   | Milestone #1 Develop standardized protocols for a Care Transitions Intervention Model with all participating hospitals, partnering with a home care service or other appropriate community agency.   | Pass & Complete |  |
|   | Milestone #2 Engage with the Medicaid Managed Care Organizations and Health Homes to develop transition of care protocols that will ensure appropriate post-discharge protocols are followed.  | Pass & Complete |  |
|   | Milestone #3 Ensure required social services participate in the project.   | Pass & Complete |  |
| Milestone #4 Transition of care protocols will include early notification of planned discharges and the ability of the transition care manager to visit the patient in the hospital to develop the transition of care services. | Pass & Complete  |                 |  |

**New York State Department Of Health  
Delivery System Reform Incentive Payment Project**

**Mount Sinai PPS, LLC (PPS ID:34)**

| Project ID | Module Name / Milestone #   | Review Status   |  |
|------------|---|-----------------|--|
|            | Milestone #5 Protocols will include care record transitions with timely updates provided to the members' providers, particularly primary care provider.   | Pass & Complete |  |
|            | Milestone #6 Ensure that a 30-day transition of care period is established.   | Pass & Complete |  |
|            | Milestone #7 Use EHRs and other technical platforms to track all patients engaged in the project.   | Pass & Complete |  |
| 2.b.viii   | Module 2.b.viii.2 - Patient Engagement Speed  | Pass & Ongoing  |  |
|            | Module 2.b.viii.3 - Prescribed Milestones   |                 |  |
|            | Milestone #1 Assemble Rapid Response Teams (hospital/home care) to facilitate patient discharge to home and assure needed home care services are in place, including, if appropriate, hospice.  | Pass & Complete |  |
|            | Milestone #2 Ensure home care staff have knowledge and skills to identify and respond to patient risks for readmission, as well as to support evidence-based medicine and chronic care management.  | Pass & Complete |  |
|            | Milestone #3 Develop care pathways and other clinical tools for monitoring chronically ill patients, with the goal of early identification of potential instability and intervention to avoid hospital transfer.  | Pass & Complete |  |
|            | Milestone #4 Educate all staff on care pathways and INTERACT-like principles.   | Pass & Complete |  |
|            | Milestone #5 Develop Advance Care Planning tools to assist residents and families in expressing and documenting their wishes for near end of life and end of life care.   | Pass & Complete |  |
|            | Milestone #6 Create coaching program to facilitate and support implementation.  | Pass & Complete |  |
|            | Milestone #7 Educate patient and family/caretakers, to facilitate participation in planning of care.  | Pass & Complete |  |
|            | Milestone #8 Integrate primary care, behavioral health, pharmacy, and other services into the model in order to enhance coordination of care and medication management.   | Pass & Complete |  |
|            | Milestone #9 Utilize telehealth/telemedicine to enhance hospital-home care collaborations.  | Pass & Complete |  |
|            | Milestone #10 Utilize interoperable EHR to enhance communication and avoid medication errors and/or duplicative services.   | Pass & Complete |  |
| 2.c.i      | Module 2.c.i.2 - Patient Engagement Speed   | Pass & Ongoing  |  |
|            | Module 2.c.i.3 - Prescribed Milestones  |                 |  |
|            | Milestone #1 Create community-based health navigation services, with the goal of assisting patients in accessing healthcare services efficiently.   | Pass & Complete |  |
|            | Milestone #2 Develop a community care resource guide to assist the community resources and ensure compliance with protocols, under direction from a collaborating program oversight group of medical/behavioral health, community nursing, and social support services providers. | Pass & Complete |  |
|            | Milestone #3 Recruit for community navigators, ideally spearheaded by residents in the targeted area to ensure community familiarity.   | Pass & Complete |  |

**Mount Sinai PPS, LLC (PPS ID:34)**

| Project ID   | Module Name / Milestone #   | Review Status   |  |
|--|---|-----------------|--|
|  | Milestone #4 Resource appropriately for the community navigators, evaluating placement and service type.  | Pass & Complete |  |
|  | Milestone #5 Provide community navigators with access to non-clinical resources, such as transportation and housing services.   | Pass & Complete |  |
|  | Milestone #6 Establish case loads and discharge processes to ensure efficiency in the system for community navigators who are following patients longitudinally.  | Pass & Complete |  |
|  | Milestone #7 Market the availability of community-based navigation services.  | Pass & Complete |  |
|  | Milestone #8 Use EHRs and other technical platforms to track all patients engaged in the project.   | Pass & Complete |  |
| 3.a.i  | Module 3.a.i.2 - Patient Engagement Speed   | Pass & Ongoing  |  |
|  | Module 3.a.i.3 - Prescribed Milestones  |                 |  |
|  | Milestone #1 Co-locate behavioral health services at primary care practice sites. All participating eligible primary care practices must meet 2014 NCQA level 3 PCMH or Advance Primary Care Model standards by DY 3. | Pass & Complete |  |
|  | Milestone #2 Develop collaborative evidence-based standards of care including medication management and care engagement process.  | Pass & Complete |  |
|  | Milestone #3 Conduct preventive care screenings, including behavioral health screenings (PHQ-2 or 9 for those screening positive, SBIRT) implemented for all patients to identify unmet needs.                        | Pass & Complete |  |
|  | Milestone #4 Use EHRs or other technical platforms to track all patients engaged in this project.   | Pass & Complete |  |
|  | Milestone #5 Co-locate primary care services at behavioral health sites.  | Pass & Complete |  |
|  | Milestone #6 Develop collaborative evidence-based standards of care including medication management and care engagement process.  | Pass & Complete |  |
|  | Milestone #7 Conduct preventive care screenings, including physical and behavioral health screenings.   | Pass & Complete |  |
|  | Milestone #8 Use EHRs or other technical platforms to track all patients engaged in this project.   | Pass & Complete |  |
|  | Milestone #9 Implement IMPACT Model at Primary Care Sites.  | Pass & Complete |  |
|  | Milestone #10 Utilize IMPACT Model collaborative care standards, including developing coordinated evidence-based care standards and policies and procedures for care engagement.                                      | Pass & Complete |  |
|  | Milestone #11 Employ a trained Depression Care Manager meeting requirements of the IMPACT model.  | Pass & Complete |  |
|  | Milestone #12 Designate a Psychiatrist meeting requirements of the IMPACT Model.  | Pass & Complete |  |
|  | Milestone #13 Measure outcomes as required in the IMPACT Model.   | Fail            |  |
| Milestone #14 Provide "stepped care" as required by the IMPACT Model.                              | Pass & Complete   |                 |  |
| Milestone #15 Use EHRs or other technical platforms to track all patients engaged in this project. | Pass & Complete   |                 |  |
| 3.a.iii  | Module 3.a.iii.2 - Patient Engagement Speed   | Fail            |  |

| Project ID   | Module Name / Milestone #  | Review Status   |  |
|--|--|-----------------|--|
|  | Milestone #1 Develop a medication adherence program to improve behavioral health medication adherence through culturally-competent health literacy initiatives including methods based on the Fund for Public Health NY's Medication Adherence Project (MAP).  | Pass & Complete |  |
|  | Milestone #2 Form care teams including practitioners, care managers including Health Home care managers, social workers and pharmacists who are engaged with the behavioral health population.   | Pass & Complete |  |
|  | Milestone #3 Use EHRs or other technical platforms to track all patients engaged in this project.  | Pass & Complete |  |
|  | Milestone #4 Coordinate with Medicaid Managed Care Plans to improve medication adherence.  | Pass & Complete |  |
| 3.b.i  | Module 3.b.i.2 - Patient Engagement Speed  | Fail            |  |
|  | Module 3.b.i.3 - Prescribed Milestones   |                 |  |
|  | Milestone #1 Implement program to improve management of cardiovascular disease using evidence-based strategies in the ambulatory and community care setting.   | Pass & Complete |  |
|  | Milestone #2 Ensure that all PPS safety net providers are actively connected to EHR systems with local health information exchange/RHIO/SHIN-NY and share health information among clinical partners, including direct exchange (secure messaging), alerts and patient record look up, by the end of DY 3. | Fail            |  |
|  | Milestone #3 Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or ACPM by the end of Demonstration Year 3.   | Fail            |  |
|  | Milestone #4 Use EHRs or other technical platforms to track all patients engaged in this project.  | Pass & Complete |  |
|  | Milestone #5 Use the EHR to prompt providers to complete the 5 A's of tobacco control (Ask, Assess, Advise, Assist, and Arrange).  | Pass & Complete |  |
|  | Milestone #6 Adopt and follow standardized treatment protocols for hypertension and elevated cholesterol.  | Pass & Complete |  |
|  | Milestone #7 Develop care coordination teams including use of nursing staff, pharmacists, dieticians and community health workers to address lifestyle changes, medication adherence, health literacy issues, and patient self-efficacy and confidence in self-management.                                 | Pass & Complete |  |
|  | Milestone #8 Provide opportunities for follow-up blood pressure checks without a copayment or advanced appointment.  | Pass & Complete |  |
|  | Milestone #9 Ensure that all staff involved in measuring and recording blood pressure are using correct measurement techniques and equipment.  | Pass & Complete |  |
|  | Milestone #10 Identify patients who have repeated elevated blood pressure readings in the medical record but do not have a diagnosis of hypertension and schedule them for a hypertension visit.   | Pass & Complete |  |
|  | Milestone #11 Prescribe once-daily regimens or fixed-dose combination pills when appropriate.  | Pass & Complete |  |
|  | Milestone #12 Document patient driven self-management goals in the medical record and review with patients at each visit.  | Pass & Complete |  |
| Milestone #13 Follow up with referrals to community based programs to document participation and behavioral and health status changes. | Pass & Complete  |                 |  |
| Milestone #14 Develop and implement protocols for home blood pressure monitoring with follow up support.                               | Pass & Complete  |                 |  |

**Additional Project Scale Commitments**

**Instructions:**

Please indicate the scale of the categories below that meet all of the project requirements committed to in the Project Plan Application. Documentation must be submitted in Excel format in the quarter when the PPS provider speed commitments for a particular project are due. This documentation should include the target category(e.g. Medical Villages, Emergency Departments with Care Triage, Community-based navigators, etc.), the project ID(e.g. 2.a.iv,2.a.v,3.a.ii, etc.), and the name of the providers/entities/individuals associated with this project, if applicable.

| Project Scale Category                              | Project  | Selected | Committed |
|---|----------|----------|-----------|
| Community-based navigators participating in project | 2.c.i    | 0        | 250       |
| Home Care Facilities                                | 2.b.viii | 25       | 25        |
