### Payment Year 2014 and 2014 Edition Certified EHR Technology

**Please be aware** that CMS Meaningful Use [Stage 2 Final Rule](#) now requires EPs attesting to Payment Year 2014 of the NY Medicaid EHR Incentive Program to acquire a 2014-Edition Certified EHR Technology to meet the Adopt, Implement or Upgrade (A/I/U) requirement or demonstrate being a Meaningful EHR User.

- Providers must update their Payment Year 2014 attestation in MEIPASS to only include a valid 2014-Edition EHR Certification Number(s).
- Attestations that do not include a 2014-Edition EHR Certification Number(s) in

Payment Year 2014 will be rejected resulting in delays and rework on the providers' behalf.

- For additional information on this requirement and how to verify/change your EHR Certification Number(s), please review [FAQ: M03](#).

## MEIPASS and Meaningful Use Stage 2 (MU2) Functionality

MEIPASS has not yet implemented MU2 attestation functionality for EPs seeking to attest for Participation Year 4 in Payment Year 2014. No further information or release date is available at this time.
