July Webinars

Webinars provide us with an opportunity to share in-depth information on Meaningful Use (MU) topics and the NY Medicaid EHR Incentive Program. We strive to make webinars as interactive and valuable for attendees as possible. In doing so, attendees are encouraged to ask any questions they may have about the topic throughout the duration of the webinar. We will answer as many questions as possible during the Question & Answer session at the end of each webinar.

Here are our upcoming webinars in **July**:

[Security Risk Analysis \(SRA\)](#) – July 8, 2020 at 11:00am

This webinar will define what HIE is and review terminology and concepts to help you better understand the Meaningful Use Objective associated with it.

[Health Information Exchange \(HIE\)](#)– July 21, 2020 11:00am

Health information exchange (HIE) allows providers and patients to share data electronically, making sure that providers have access to the most accurate and up-to-date information about patients' health and treatment history. This webinar will define what HIE is and will review terminology and concepts to help you better understand the associated Meaningful Use Objective.

Regional Extension Center (REC) Webinars & Events

You may already know that the RECs provide free support services to providers, but did you know that this includes helpful webinars and events? To see what topics and options are available, please contact the REC for your area using the information below.
