Public Health Reporting LISTSERV: 11/15/2017

EHR Incentive Program Public Health
Reporting Objective

15-Day Deadline Reminder

All providers must register their intent to submit data to public health before or within 60 days of the start of their EHR Reporting Period.

The last 90-day EHR Reporting Period available in 2017 is from October 3, 2017 - December 31, 2017. The final day a registration of intent may be submitted for that period is **Friday, December 1, 2017**. Registration of Intent is submitted via the Meaningful Use Registration for Public Health (MURPH) System, which is hosted on the NYS Health Commerce System (HCS).

Note: Only one registration is required. If you have previously registered, you may "edit" the existing registration with any changes. A new registration should NOT be submitted.

Available Registries

Below are the NYS Department of Health (NYSDOH) and NYC Department of Health & Mental Hygiene (NYC DOHMH) sponsored registries. Registration of intent for the below registries is completed in the MURPH System.

Reminder: Registration of intent to report data to any other specialized registries would be completed directly with that registry.

Providers Located Outside the 5 Boroughs of NYC

- [NYS Immunization Information System \(NYSIIS\)](#)
- [NYSDOH Syndromic Surveillance Reporting](#)
- [Electronic Clinical Laboratory Reporting System \(ECLRS\)](#)

Resources

MURPH Access Instructions

The purpose of this LISTSERV is to offer providers, vendors, and other subscribers the opportunity to receive notifications regarding the EHR Incentive Program Public Health Reporting Objective. These email notifications are provided as a free service to subscribers and the notifications will contain information on the Medicare and Medicaid EHR Incentive Programs. This includes information on updates, changes, and initiatives that may impact the provider community.

This notification serves as an informational reference for providers participating in the NY Medicaid or Medicare EHR Incentive Programs. Although reasonable effort has been made to ensure the accuracy of the information within this document at the time of posting, it is the responsibility of each provider to comply with the current policies and requirements of the program.
