MURPH Registration

Access the MURPH Application on the HCS website.

The screenshot shows the login and registration interface for the MURPH application. At the top right, the New York State Health Commerce System logo is displayed. Below the logo, a yellow box contains a message: "Difficulties signing in? Use the self-service **Forgot your Password?** or **Forgot your User ID?** links below." The main form area includes a "User ID" label and a text input field containing "User ID". Below that is a "Password" label and a text input field containing "Password". To the right of the password field is a "Remember HCS ID" toggle switch, which is currently set to "OFF". At the bottom of the form, there are two yellow buttons: "Sign In" and "Create an HCS Account", separated by a horizontal line with the word "OR" in the center.

The Eligible Professional (EP), Eligible Hospital (EH), or Critical Access Hospital (CAH) is in active engagement with a Public Health Agency (PHA) or Clinical Data Registry (CDR) to submit electronic public health data in a meaningful way using Certified EHR Technology (CEHRT), except where prohibited and in accordance with applicable law and practice.

Announcements

Have you Registered Intent to Report to Public Health?

Providers must have registered intent to submit data to Public Health any time before or within 60-days of the start of their chosen EHR Reporting Period. Providers may select any continuous 90-day period within the calendar year for the 2018 Payment Year.

If you have not registered intent to report to Public Health earlier this year or in a prior year, please register your intent on the [MURPH System](#). Registration of Intent should NOT be re-done each year. You may edit an existing registration with any changes.

Providers may choose to meet the Modified Stage 2 or Stage 3 requirements in 2018. Please see additional details here: [2018 – Modified Stage 2](#) or [2018 – Stage 3](#).
