# Acronyms Glossary – Medicaid EHR Team (MeT)

- CEHRT Certified EHR Technology
- CMS Centers for Medicare and Medicaid Services
- CQM Clinical Quality Measure
- EHR Electronic Health Records
- MEIPASS Medicaid EHR Incentive Program Administrative Support Service
- MURPH Meaningful Use Registration for Public Health

# Program Eligibility Overview: Medicaid Patient Volume

# NY Medicaid EHR Incentive Program, a CMS Promoting Interoperability Program

May 2019

# IMPORTANT NOTE:

Providers must have received at least one incentive payment for PY2016 or earlier.

# Certified EHR Technology (CEHRT)

Required: 2015 Edition CEHRT ID: <https://chpl.healthit.gov/>

# Meaningful Use

**50% or more...**

of your patient encounters are at locations equipped with certified EHR technology

**80% or more...**

of your unique patients have data stored in your certified EHR technology

# Meaningful Use

EPs must report on data from ALL locations equipped with CEHRT.

# Medicaid Patient Volume (MPV)

Eligible Professional  
30% patient volume from  
Medicaid Recipients

Pediatrician  
20% patient volume from  
Medicaid Recipients

May 2019

# Medicaid Encounters/Needy Encounters

Type of Service	Medicaid Encounter	Needy Encounter
Medicaid Fee-for-Service	✓	✓
Medicaid Managed Care	✓	✓
Child Health Plus		✓
Uncompensated Care		✓
Sliding Scale		✓

# MPV Reporting Period

Continuous 90-day period from either:

Previous calendar  
year

OR

Preceding 12  
months from the  
date of attestation

# MPV Reporting Period Scenario 1

Payment Year → 2019  
Date of Attestation → June 10, 2020  
Attestation Method → Previous Calendar Year

May 2019

# MPV Reporting Period Scenario 2

Payment Year → 2019  
Date of Attestation → June 10, 2020  
Attestation Method → Previous 12 months

May 2019

# Calculate Your MPV

## Standard Calculation Method

Medicaid Encounters

---

Total Encounters

## Alternate Calculation Method

(Medicaid Patient Panel) + (Medicaid Encounters)

---

Total Patient Panel + Total Encounters

# Stage 3 Meaningful Use

# Stage 3 EHR Reporting Period - 2019

90 day Continuous Time  
Frame

May 2019

# Information Blocking

I have not knowingly and willfully taken action (such as to disable functionality) to limit or restrict the compatibility or interoperability of certified EHR technology. I have implemented technologies, standards, policies, practices and agreements reasonably calculated to ensure, to the greatest extent practicable and permitted by law, that the certified EHR technology was, at all relevant times -

- i. Connected in accordance with applicable laws;
- ii. Compliant with all standards applicable to the exchange of information, including the standards, implementation specifications, and certification criteria adopted under 42 CFR part 170;
- iii. Implemented in a manner that allowed for timely access by patients to their electronic health information; and
- iv. Implemented in a manner that allowed for the timely, secure, and trusted bi-directional exchange of structured electronic health information with other health care providers (as defined by 42 U.S.C. 300jj (3)), including unaffiliated providers, and with disparate certified EHR technology and vendors.

EXAMPLE

Included here prior to PY2018

Will be moved here beginning in PY2018

**EP Meaningful Use Objectives**

**Demonstration of Meaningful Use:**  
In order to qualify for incentive payments for meaningful use of Certified EHR Technology (CEHRT), EPs must demonstrate that they have met minimum thresholds for meaningful use objectives.

- **EHR Reporting:** For 2017 and 2018, the minimum measurement period for the meaningful use objectives is a continuous 90-day EHR reporting period during the calendar year. For subsequent payment years, the EHR reporting period is the full calendar year.
- **Stage 3:** Providers must pass all objectives by either meeting the minimum thresholds or qualifying for the exclusion criteria. Objectives with exclusions will not prevent a provider from successfully demonstrating meaningful use.
- **Providers practicing in multiple locations:** When calculating meaningful use measures, providers must aggregate data from all locations equipped with CEHRT during the EHR reporting period.

Objectives	Status
<a href="#">Objective One (1): Protect Patient Health Information</a>	✓
<a href="#">Objective Two (2): Electronic Prescribing (eRx)</a>	✓
<a href="#">Objective Three (3): Clinical Decision Support</a>	✓
<a href="#">Objective Four (4): Computerized Provider Order Entry (CPOE)</a>	✓
<a href="#">Objective Five (5): Patient Electronic Access to Health Information</a>	✓
<a href="#">Objective Six (6): Coordination of Care through Patient Engagement</a>	✓
<a href="#">Objective Seven (7): Health Information Exchange</a>	✓
<a href="#">Objective Eight (8): Public Health and Population Reporting</a>	✓

[Continue to Clinical Quality Measures](#)

EXAMPLE

# Objective 1: Protect Patient Health Information

## Measure(s):

1. Perform a Security Risk Analysis

## Objective 2: Electronic Prescribing

### Measure(s):

1. More than 60% of prescriptions queried for a drug formulary

## Objective 3: Clinical Decision Support (CDS)

### Measure(s):

1. 5 CDS interventions
2. 100% Drug-to-drug and drug-to-allergy checks

# Objective 4: Computerized Provider Order Entry (CPOE)

## Measure(s):

Use computerized order entry for:

1. More than 60% medication orders
2. More than 60% laboratory orders
3. More than 60% radiology orders

# Objective 5: Patient Electronic Access

## Measure(s):

1. Provide timely access for more than 80% of patients
2. CEHRT identifies patient-specific educational resources for more than 35% of patients

## Objective 6: Coordination of Care through Patient Engagement

### Measure(s):

Must meet at least 2 measures:

1. More than 5% of patients view, download, transmit or access their health info via API
2. Send a secure message to more than 5% of patients
3. Patient generated health data or non-clinical setting data incorporated into CEHRT for more than 5% of patients

# Objective 7: Health Information Exchange

## Measure(s):

Must meet at least 2 measures:

## For transitions or referrals:

1. CEHRT created summary of care record is electronically transmitted for more than 50%
2. Incorporate electronic summary of care into new patients' EHR for more than 40%
3. Clinical information reconciliation for more than 80% received.

# Objective 8: Public Health Reporting

## Measure(s):

Must meet at least 2 measures:

1. Immunization
2. Syndromic Surveillance
3. Electronic Case
4. Public Health Registry
5. Clinical Data Registry

# Record keeping and Program Integrity

**MEIPASS ATTESTATION**

Thank you for submitting your attestation. Please open the PDF document and save it for your records. In the event of a possible post-payment audit, providers should retain documentation to support all attestations for no less than six years after each payment year.

[MEIPASS Attestation Document](#)

Done

# Program Reminders

# Preparing for 2019

- ✓ Use 2015 Edition Certified EHR Technology exclusively
- ✓ Choose your minimum 90-day EHR reporting period
- ✓ Choose 6 clinical quality measures (CQMs) to include one outcome or high priority measure
- ✓ Prepare to report CQMs for the entire calendar year
- ✓ Make sure your information is accurate in MEIPASS, CMS, and eMedNY and your payee affiliation is up to date

# Preparing for 2019

- ✓ Conduct your Security Risk Assessment (SRA) within calendar year 2019
- ✓ Utilize the MURPH Audit Report Card
- ✓ Invite all of your patients to sign up for your patient portal

# Preparing for 2019

- ✓ Check out our other webinars:
  - ✓ Patient Engagement
  - ✓ Security Risk Assessment (SRA)
  - ✓ Public Health Reporting
  
- ✓ Watch our tutorial series
  - ✓ Meaningful Use Attestation
  - ✓ MURPH Walkthrough
  - ✓ Post-Payment Audit
