High-level Timeline

<u>Event</u>	<u>Date</u>
Statewide Aggregator Technical Collaboration Calls	April 2020
Final Statewide Aggregator Technical Specifications published	Mid-Late May 2020
Implementation Technical Assistance Calls	April-December 2020 * DOH will determine the need to continue these calls for Home Health Services in September and will extend these calls as necessary
Providers Begin Registering Selected EVV Solutions with the Statewide Aggregator	August 2020
Statewide Aggregator Testing Begins	October 2020
Final Date for Providers to Implement EVV for Medicaid Personal Care Services (PCS)	December 31st 2020

* Providers should assess all CMS guidance when setting up their EVV Systems

Technical Update

- NYSDOH will leverage the existing Medicaid Management Information System (MMIS), eMedNY, for aggregation of EVV data
- NYSDOH will be as flexible as possible with Statewide Aggregator requirements. Technical Calls will be used to collaborate with providers and their chosen vendors
- Submission Interface requirements:
 - eMedNY will immediately begin work on a RESTful API
 - NYSDOH will also consider an SFTP connection if need is identified (please respond to survey)
 - Preliminary list of data elements for initial implementation has been developed
 - Technical calls will be used to solicit feedback on final data requirements
 - Interface requirements will be published in an Interface Control Document (ICD)
 - NYSDOH will continue to evaluate EVV data needs after the January 1st 2021 implementation deadline, and **may add additional requirements at a later date**
