

Meeting of the Ad Hoc Committee to Lead the State Health Improvement Process

February 1, 2012

Jo Ivey Boufford, MD

Chair

Goals for Meeting

- Understand purpose of the State Health Improvement Plan,
- Come to agreement on committee role, process, and timetable,
- Understand progress to date on Prevention Agenda process and priorities and current health status of NYS residents,
- Come to agreement on Vision, Goals, Priorities and criteria for selecting priorities for next five years,
- Leave with plan for obtaining stakeholder input on progress to date and priorities.

Meeting Agenda

- Welcome, Introductions and Working Lunch
- Charge to Committee, Process and Timetable
- Prevention Agenda Summary and Progress to Date
- Current Health Status, New York State
- Proposed Priorities and Criteria for Selection
- Process for Stakeholder and Public Input
- Next Steps

Charge to Committee

- Lead the development of New York's five year state health improvement plan for the period 2013-2017.
- Plan will consist of:
 - an assessment of progress on the 2008-2012 *Prevention Agenda toward the Healthiest State*,
 - the identification of new public health priorities for community based prevention for 2013-2017,
 - a plan for multi-sector action for the next 5 years on these priority health issues.

Timeline for State and Local Health Planning Processes

Workplan for Committee

Phase One: February – June, 2012

Committee as a whole will:

- review progress to date on priorities,
- determine criteria for selecting new priorities,
- obtain stakeholder input, and
- based on review of data, upcoming summary reports on each priority by NYSDOH staff and stakeholder input, finalize selection of new set of public health priorities for 2013-2017.

Workplan for Committee

Phase Two: July – November, 2012

Work in priority-specific committees to:

- establish process measures and outcome objectives,
- identify best practice/evidence-based improvement strategies,
- identify programmatic, environmental and policy interventions needed to accomplish objectives,
- identify organizations that accept responsibility for implementing strategies outlined in state health improvement plan.
