DSRIP Implementation Timeline and Key Benchmarks

March 24, 2016

PPSs have transitioned from planning to implementing projects

Focus on Infrastructure Development

Focus on System/Clinical Development

Focus on Project Outcomes/Sustainability

PPSs are here

Q1|Q2|Q3|Q4   Q1|Q2|Q3|Q4   Q1|Q2|Q3|Q4   Q1|Q2|Q3|Q4   Q1|Q2|Q3|Q4

DY0   DY1   DY2   DY3   DY4   DY5

- Submission/Approval of Project Plan

- PPS Project Plan Valuation
- PPS first DSRIP Payment
- PPS Submission and approval of Implementation Plan
- PPS Submission of First Quarterly Report

Domain 3: Clinical Improvement P4P* Performance Measures begin

Domain 2: System Transformation P4P* Performance Measures begin

Domains 2 & 3 are completely P4P*

P4P = pay for performance

Domain 4 Overview

March 24, 2016

DSRIP milestones are organized into four domains, of which one is Domain 4 Population Health

- The **four Domains** represent groupings of project milestones and associated outcome metrics

- PPSs **report on progress and achievement** of metrics and milestones and are **evaluated using quality measures** associated with their chosen projects across all five demonstration years (DY1-5)

DOMAIN 1: Overall Project Progress	Includes **organizational milestones** (governance, workforce, cultural competency / health literacy, financial sustainability) and **project implementation milestone** reporting
DOMAIN 2: System Transformation	Projects are **divided between three domains** to meet overall goals of system transformation, clinical improvement and population health.
DOMAIN 3: Clinical Improvement	Examples are: • *Domain 2, project 2.a.i = Integrated delivery system* • *Domain 3, project 3.a.i = Integration of primary care and behavioral health* • *Domain 4, project 4.c.i = Prevent HIV/AIDS*
DOMAIN 4: Population Health	**Each project is associated with its own corresponding metrics or measures**

NEW YORK STATE OF OPPORTUNITY. | Department of Health

Domain 4 is aligned with NYSDOH's Prevention Agenda and addresses population-wide health

- **Alignment of DSRIP projects** with New York State Department of Health (NYSDOH) programs and initiatives

- **Overlap** of Prevention Agenda and DSRIP objectives

- PPSs are **encouraged to work in collaboration** with the community and other providers to address **statewide public health priorities**

- DSRIP plans were required to include **at least one project** from Domain 4

- Funding for Domain 4 is **pay for reporting (P4R)** and **stable over time**

Domain	Annual Funding Percentages				
	DY1	DY2	DY3	DY4	DY5
Domain 4 (Population Health Outcomes)	5%	5%	5%	5%	5%

NEW YORK STATE OF OPPORTUNITY. | Department of Health

Domain 4 is further divided into four subdomains with corresponding projects

Subdomain	Project Examples
A: Promote Mental Health and Prevent Substance Abuse (MHSA)	• Strengthen Mental Health and Substance Abuse Infrastructure across Systems • Promote Mental, Emotional, and Behavioral (MEB) Well-Being in Communities
B: Prevent Chronic Diseases	• Promote Tobacco Use Cessation, especially among low SES Populations and those with Poor Mental Health • Increase Access to High Quality Chronic Disease Preventive Care and Management in Both Clinical and Community Settings
C: Prevent HIV and STDs	• Decrease HIV Morbidity • Increase Early Access to, and Retention in, HIV Care
D: Promote Healthy Women, Infants and Children	• Reduce Premature Births

PPS Efforts – In Practice

March 24, 2016

Most PPSs chose projects in subdomains focusing on mental health / substance abuse and chronic disease

Selected Domain 4 Projects		
Population-wide Projects		**# of PPSs**
A. Promote Mental Health and Prevent Substance Abuse (MHSA)		
4.a.i	Promote mental, emotional and behavioral (MEB) well-being in communities	3
4.a.ii	Prevent substance abuse and other mental emotional behavioral disorders	2
4.a.iii	Strengthen mental health and substance abuse infrastructure across systems	14
B. Prevent Chronic Diseases		
4.b.i	Promote tobacco use cessation, especially among low socioeconomic populations and those with poor mental health.	11
4.b.ii	Increase access to high quality chronic disease preventive care and management in both clinical and community settings	11
C. Prevent HIV and STDs		
4.c.i	Decrease HIV morbidity	2
4.c.ii	Increase early access to, and retention in, HIV care	8
4.c.iii	Decrease STD morbidity	1
4.c.iv	Decrease HIV and STD disparities	1
D. Promote Healthy Women, Infants and Children		
4.d.i	Reduce premature births	3

NEW YORK STATE OF OPPORTUNITY. | Department of Health

Many Domain 4 projects are supported by Domain 3 efforts

Domain 4 Subdomain A: Promote Mental Health and Prevent Substance Abuse (MHSA)

- 3ai Integration of primary care and behavioral health
- 3aii Behavioral health community crisis stabilization services
- 3aiii Evidence-based medication adherence programs
- 3aiv Withdrawal management
- 3av Behavioral interventions paradigm in nursing homes

Domain 4 Subdomain C: Prevent HIV and STDs

- 3ei Decrease HIV/AIDS transmission

Adirondack Health Institute (AHI) PPS is pursuing: **Strengthen mental health and substance abuse infrastructure across systems** (4aiii) and **3 projects of subdomain 3a – Behavioral Health**

The New York and Presbyterian Hospital is pursuing: **Decrease HIV morbidity** (4ci) and **Comprehensive Strategy to decrease HIV/AIDS transmission to reduce avoidable hospitalizations development of a Center of Excellence for Management of HIV/AIDS** (3ei)

NEW YORK STATE OF OPPORTUNITY. | Department of Health

Subdomain A: Promote Mental Health and Substance Abuse

Project	Initiative	PPS
Strengthen mental health and substance abuse infrastructure across systems (4.a.iii)	Project will build the capacity of school-based staff across four NYC boroughs to **identify and address behavioral health needs within a school setting** and create linkages to community support resources	• OneCity Health • Maimonides • St. Barnabas • Bronx-Lebanon
Promote mental, emotional, and behavioral (MEB) well-being in communities (4ai)	Selected programs of the SAMHSA registry aim to **address community gaps** (depression, suicide prevention, prescription/illicit drug use & abuse)	• Community Partners of Western New York

NEW YORK STATE OF OPPORTUNITY. | Department of Health

Subdomain B: Prevent Chronic Diseases

Project	Initiative	PPS
Promote tobacco use cessation, especially among low SES populations and those with poor mental health (4bi)	PPSs **engage Local Government Units (LGUs) and Community Based Organizations (CBOs)** through key activities of the Hudson Region DSRIP Public Health Council	• Westchester Medical Center • Montefiore • Refuah
Increase access to high quality chronic disease preventative care and management in both clinical and community settings (4bii)	Tobacco Cessation Workgroup aims to initiate provider tobacco cessation **education county-wide**	• Suffolk Care Collaborative
	Adirondack Rural Health Network provides **community health data and analysis**, community health assessment outline, and works with partners to choose county level prevention agenda priorities	• Adirondack Health Institute

NEW YORK STATE OF OPPORTUNITY. | **Department of Health**

Subdomain C: Prevent HIV and STDs

Project	Initiative	PPS
Decrease HIV morbidity (4ci)	Improving **early identification**, connection, and retention in care	• New York Presbyterian
Increase early access to, and retention in, HIV care (4cii)	Established an **HIV project coalition**, which is being convened by the NYC Department of Health and Mental Hygiene and focuses on identifying best practices and resource-sharing	• Mount Sinai • OneCity Health (implemented 6 projects to support this effort) • St. Barnabas • Bronx-Lebanon • NYU Lutheran • Maimonides Medical Center • New York Presbyterian Queens • Montefiore

Subdomain D: Promote Health Women, Infants and Children

Project	Initiative	PPS
Reduce premature births (4di)	Healthy Women, Infants, and Children selected as Community Health Priority Areas **for all 11 member hospitals** in the PPS	• Central New York Care Collaborative
