15. The Department reserves the right to award payments to as many or as few applicants as it may select, to accept or reject any or all proposals which do not completely conform to the instructions and statutory requirements, and to cancel, in whole or in part, the Quality of Care Improvement Program applications, if the Department, in its sole discretion, deems it to be in its best interest to do so.
16. Submission of an application will be deemed to be the consent of the applicant to any inquiry made by the Department of third parties regarding the applicant's character, competence, experience, or other matters relevant to the proposal.
17. The Department reserves the right to request and consider additional information from any applicant beyond that requested or presented in the initial proposal. A payment, if any, may be made on condition of the receipt of any additional information requested.

24. The Applicant and the Department agree that the Applicant is an independent entity and not an employee or agent of the Department.
