Temporary Rate Adjustments for Mergers, Acquisitions, Consolidations, Restructurings, and Closures – Nursing Homes

A temporary rate adjustment will be provided to eligible residential health care providers that are subject to or impacted by the closure, merger, and acquisition, consolidation or restructuring of a health care provider. The rate adjustment is intended to:

- Protect or enhance access to care;
- Protect or enhance quality of care; or
- Improve the cost effectiveness.

Eligible residential health care providers, the [annual] amount of the temporary rate adjustment, and the duration of [the] each rate adjustment period shall be listed in the table which follows. The total [annual] adjustment amount for each period shown below will be paid quarterly during each period in equal installments [with the amount of each quarterly payment being equal to one fourth of the total annual amount established for each provider]. The [quarterly] temporary payment made under this section will be an add-on to services payments made under this Attachment to such facilities during the quarter.

To remain eligible, providers must submit benchmarks and goals acceptable to the Commissioner and must submit periodic reports, as requested by the Commissioner, concerning the achievement of such benchmarks and goals. Failure to achieve satisfactory progress in accomplishing such benchmarks and goals will result in termination of the provider's temporary rate adjustment prior to the end of the specified timeframe. Once a provider's temporary rate adjustment ends, the provider will be reimbursed in accordance with the otherwise applicable rate-setting methodology as set forth in this Attachment.

Temporary rate adjustments have been approved for the following providers in the amounts and for the effective periods listed.
