RE: SPA #23-0042
Long Term Care Facility Services

Dear Mr. McMillion:

The State requests approval of the enclosed amendment #23-0042 to the Title XIX (Medicaid) State Plan for long term care facility services to be effective April 1, 2023 (Appendix I). This amendment is being submitted based on enacted legislation. A summary of the proposed amendment is provided in Appendix II.

This amendment is submitted pursuant to §1902(a) of the Social Security Act (42 USC 1396a(a)) and Title 42 of the Code of Federal Regulations, Part 447, Subpart C, (42 CFR §447).

A copy of the pertinent section of enacted legislation is enclosed for your information (Appendix III). Copies of the public notice of this proposed amendment, which were given in the New York State Register on March 29, 2023, and clarified on July 12, 2023, are also enclosed for your information (Appendix IV). In addition, responses to the five standard funding questions are also enclosed (Appendix V).

If you have any questions regarding this State Plan Amendment submission, please do not hesitate to contact Regina Deyette, Medicaid State Plan Coordinator, Division of Finance and Rate Setting, Office of Health Insurance Programs at (518) 473-3658.

Sincerely,

Amir Bassiri
Medicaid Director
Office of Health Insurance Programs

A(a.1)

1905(a)(4)(A) Nursing Facility Services

Across the Board Increase

For dates of service on and after April 1, 2023, the operating component of the rates of reimbursement for Article 28 nursing homes, will be adjusted to reflect an across-the-board increase of seven and a half percent (7.5%).

- a. Sections subjected to the seven and a half percent (7.5%) increase are as follows:
 - i. Nursing Home Reimbursement
 - ii. Specialty care facilities
- b. The capital component of the rates is not subject to the seven and a half percent (7.5%) increase.

Summary

SUMMARY
SPA #23-0042

This State Plan Amendment proposes to provide a seven and a half percent (7.5%) across the board increase to Nursing Home operating rates effective on and after April 1, 2023.

Appendix III
2023 Title XIX State Plan
Second Quarter Amendment
Authorizing Provisions

SPA 23-0042

Section 7 of Part I of chapter 57 of the laws of 2023

§ 7. Part I of chapter 57 of the laws of 2022, providing a one percent across the board payment increase to all qualifying fee-for-service Medicaid rates, is amended by adding two new sections 1-a and 1-b to read as follows:

§ 1-a. Notwithstanding any provision of law to the contrary, for the state fiscal years beginning April 1, 2023, and thereafter, Medicaid payments made for the operating component of residential health care facilities services shall be subject to a uniform rate increase of 6.5 percent in addition to the increase contained in subdivision 1 of section 1 of this part, subject to the approval of the commissioner of the department of health and the director of the division of the budget; provided, however, that such Medicaid payments shall be subject to a uniform rate increase of up to 7.5

percent in addition to the increase contained in subdivision 1 of section 1 of this part contingent upon approval of the commissioner of the department of health, the director of the division of the budget, and the Centers for Medicare and Medicaid Services. Such rate increase shall be subject to federal financial participation.

§ 1-b. Notwithstanding any provision of law to the contrary, for the state fiscal years beginning April 1, 2023, and thereafter, Medicaid payments made for the operating component of assisted living programs as defined by paragraph (a) of subdivision one of section 461-1 of the social services law shall be subject to a uniform rate increase of 6.5 percent in addition to the increase contained in section one of this part, subject to the approval of the commissioner of the department of health and the director of division of the budget. Such rate increase shall be subject to federal financial participation.

Appendix IV
2023 Title XIX State Plan
Second Quarter Amendment
Public Notice

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

For state fiscal year beginning April 1, 2023, through March 31, 2024, this proposal continues supplemental payments to State government owned hospitals. These payments will not exceed the upper payment limit for inpatient services provided by state government-owned hospitals when aggregated with other Medicaid payments.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective for dates of service on or after April 1, 2023, the Department of Health will adjust inpatient rates for hospital providers, certified under Article 28 of the Public Health Law, by an additional five percent (5%) across the board increase to the operating portion of the rates.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2023-2024 is \$186.5 million.

Effective on or after April 1, 2023, and each state fiscal year (SFY) thereafter, this proposal would reduce the size of the voluntary hospital Indigent Care Pool by an additional \$85.4 million (gross). This reduction would be additive to the \$150 million (gross) reduction implemented in the FY 2021 Enacted Budget, for a total reduction of \$235.4 million. Similar to the previous \$150 million reduction, the \$85.4 million reduction would only apply to voluntary hospitals whose public payor (Medicare and Medicaid) mix is less than the statewide average. Additionally, hospitals qualifying as Enhanced Safety Net Hospitals under PHL 2807-c would be exempt from this reduction.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2023-2024 is (\$85.4 million).

Effective for the period January 1, 2023, through December 31, 2025, indigent care pool payments will be made using an uninsured unit's methodology. Each hospital's uncompensated care need amount will be determined as follows:

- Inpatient units of service for the cost report period two years prior to the distribution year (excluding hospital-based residential health care facility (RHCF) and hospice) will be multiplied by the average applicable Medicaid inpatient rate in effect for January 1 of the distribution year;
- Outpatient units of service for the cost report period two years prior to the distribution year (excluding referred ambulatory and home health) will be multiplied by the average applicable Medicaid outpatient rate in effect for January 1 of the distribution year (exclusive of the public goods surcharge);
- Inpatient and outpatient uncompensated care amounts will then be summed and adjusted by a statewide adjustment factor and reduced by cash payments received from uninsured patients; and
- Uncompensated care nominal need will be based on a weighted blend of the net adjusted uncompensated care and the Medicaid inpatient utilization rate. The result will be used to proportionally allocate and make Medicaid disproportionate share hospital (DSH) payments in the following amounts:
 - \$139.4 million to major public general hospitals, including hospitals operated by public benefit corporations; and
 - \$884.5 million to general hospitals, other than major public general hospitals.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Long Term Care Services

Effective on or after April 1, 2023, this proposal continues additional payments to non-state government operated public residential health care facilities, including public residential health care facilities located in Nassau, Westchester, and Erie Counties, but not excluding public residential health care facilities operating by a town or city within a county, in aggregate amounts of up to \$500 million. The amount allocated to each eligible public RHCF will be in accordance with the previously approved methodology, provided, however that patient days shall be utilized for such computation reflecting actual

reported data for 2021 and each representative succeeding year as applicable. Payments to eligible RHCF's may be added to rates of payment or made as aggregate payments.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2023, the Department of Health will adjust rates for Nursing Home (NH) providers by a 5% across the board increase to the most recently active Operating rate in effect on March 31, 2023, for each provider.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2023-2024 is \$314 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to comply with SSL 365-a (2)(jj). The following changes are proposed:

Non-Institutional Services

Effective on or after April 1, 2023, Medicaid will reimburse for services provided by certified dietitians and nutritionists to eligible populations.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2023/2024 is \$520,000.

Effective on or after April 1, 2023, Medicaid will reimburse for the services of Community Health Workers for services rendered to eligible populations. A Community Health Worker is a public health worker that reflects the community served (through lived experience that may include, but is not limited to pregnancy and birth, housing status, mental health conditions or substance use, shared race, ethnicity, language, or community of residence), and functions as a liaison between healthcare systems, social services, and community-based

Public Notice **NYS Department of Health**

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional, non-institutional and long-term care services to comply with statutory provisions. The following clarifications are proposed:

All Services

The following is a clarification to the March 29, 2023, noticed provision to adjust rates statewide to reflect a 2.5% Cost of Living Adjustment for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Children Family Treatment Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Outpatient Addiction Services, OASAS Freestanding (non-hospital) Inpatient Rehabilitation Services, OASAS Freestanding Inpatient Detox Services, OASAS Addiction Treatment Centers, OASAS Part 820 Residential Services, OASAS Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Health Home Services Provided by Care Coordination Organizations, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services. **With clarification**, the Cost of Living Adjustment will be four percent (4%) and includes the following services:

OMH Outpatient Services, OMH Inpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Children Family Treatment Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Outpatient Addiction Services, OASAS Freestanding (non-hospital) Inpatient Rehabilitation Services, OASAS Freestanding Inpatient Detox Services, OASAS Addiction Treatment Centers, OASAS Part 820 Residential Services, OASAS Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Health Home Services Provided by Care Coordination Organizations, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2023-2024 is \$89.8 million.

Institutional Services and Non-Institutional

The following is a clarification to the March 29, 2023, noticed provision to adjust inpatient rates for hospital providers, certified under Article 28 of the Public Health Law, by an additional five percent (5%) across the board increase to the operating portion of the rates. **With clarification**, the across the board increase to the operating portion of the rates will now be seven and one-half percent (7.5%) and includes a non-institutional additional six and one-half percent (6.5%) across the board increase to the operating portion of outpatient rates for hospital providers, for services certified under Article 28 of the Public Health Law.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2023-2024 is \$244.4 million.

Non-Institutional

The following is a clarification to the March 29, 2023, noticed provision for the Assisted Living Program (ALP) and Adult Day Health Care (ADHC) which stated the Department of Health will adjust rates for these providers by a five percent (5%) across the board increase to the most recently active Operating rate in effect on 3/31/23. **With clarification**, the Department of Health will provide a seven and one-half percent (7.5%) across the board increase for Adult Day Health Care rates (ADHC) and a six and one-half percent (6.5%) across the board increase for Assisted Living Program rates (ALP), to the most recently active operating rate in effect on 3/31/23, for each provider.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2023-2024 is \$24.7 million.

Long Term Care Services

The following is a clarification to the March 29, 2023, noticed provision to adjust rates for Nursing Home (NH) providers by a five percent (5%) across the board increase to the most recently active Operating rate in effect on March 31, 2023, for each provider. **With clarification**, the across the board increase to the most recently active operating base rates will now be seven and one-half percent (7.5%).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2023-2024 is \$403 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

Appendix V
2023 Title XIX State Plan
Second Quarter Amendment
Responses to Standard Funding Questions

LONG-TERM SERVICES
State Plan Amendment #23-0042

CMS Standard Funding Questions

The following questions are being asked and should be answered in relation to all payments made to all providers reimbursed pursuant to a methodology described in Attachment 4.19-D of the state plan.

- 1. Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by States for services under the approved State plan. Do providers receive and retain the total Medicaid expenditures claimed by the State (includes normal per diem, supplemental, enhanced payments, other) or is any portion of the payments returned to the State, local governmental entity, or any other intermediary organization? If providers are required to return any portion of payments, please provide a full description of the repayment process. Include in your response a full description of the methodology for the return of any of the payments, a complete listing of providers that return a portion of their payments, the amount or percentage of payments that are returned and the disposition and use of the funds once they are returned to the State (i.e., general fund, medical services account, etc.).**

Response: Providers (except for OPWDD's ICF/DD) receive and retain 100 percent of total Medicaid expenditures claimed by the State and the State does not require any provider to return any portion of such payments to the State, local government entities, or any other intermediary organization.

OPWDD's ICF/DD facilities are subject to a 5.5% Medicaid-reimbursable tax on gross receipts that are not kept by the provider but remitted to the state general fund for both voluntary and State-operated ICF/DDs. This assessment is authorized by Public Law 102-234, Section 43.04 of the New York State Mental Hygiene Law, Federal Medicaid regulations at 42 CFR 433.68. OPWDD recoups the assessment from the ICF/DD Medicaid payment before the payment is sent to the voluntary provider. For State operated ICF/DDs, the legislature appropriates an amount for payment of the assessment. Aside from the assessments, providers receive and retain all the Medicaid payments for ICF/DD services.

- 2. Section 1902(a)(2) provides that the lack of adequate funds from local sources will not result in lowering the amount, duration, scope, or quality of care and services available under the plan. Please describe how the state share of each type of Medicaid payment (normal per diem, supplemental, enhanced, other) is funded. Please describe whether the state share is from appropriations from the legislature to the Medicaid agency, through intergovernmental transfer agreements (IGTs), certified public expenditures (CPEs), provider taxes, or any other mechanism used by the state to provide state share. Note that, if the appropriation is not to the Medicaid agency, the source of the state share would necessarily be derived through either through an IGT or CPE. In this case, please identify the agency to which the funds are appropriated. Please provide an estimate of total expenditure and State share amounts for each type of Medicaid**

payment. If any of the non-federal share is being provided using IGTs or CPEs, please fully describe the matching arrangement including when the state agency receives the transferred amounts from the local governmental entity transferring the funds. If CPEs are used, please describe the methodology used by the state to verify that the total expenditures being certified are eligible for Federal matching funds in accordance with 42 CFR 433.51(b). For any payment funded by CPEs or IGTs, please provide the following:

- (i) a complete list of the names of entities transferring or certifying funds;
- (ii) the operational nature of the entity (state, county, city, other);
- (iii) the total amounts transferred or certified by each entity;
- (iv) clarify whether the certifying or transferring entity has general taxing authority; and,
- (v) whether the certifying or transferring entity received appropriations (identify level of appropriations).

Response: The Non-Federal share Medicaid provider payment (normal per diem and supplemental) is funded by a combination of the following funds/funding sources through enacted appropriations authority to the Department of Health (DOH) for the New York State Medicaid program or is funded by an IGT transferred from the counties.

Payment Type	Non-Federal Share Funding	4/1/22 – 3/31/23	
		Non-Federal	Gross
Nursing Homes Normal Per Diem	General Fund; Special Revenue Funds; County Contribution	\$3.215B	\$6.429B
Intermediate Care Facilities Normal Per Diem	General Fund; County Contribution	\$409M	\$818M
Nursing Homes Supplemental	General Fund	\$279M	\$558M
Intermediate Care Facilities Supplemental	General Fund	\$33M	\$65M
Nursing Homes UPL	IGT	\$148M	\$296M
Totals		\$4.083B	\$8.166B

- A. **General Fund:** Revenue resources for the State’s General Fund includes taxes (e.g., income, sales, etc.), and miscellaneous fees (including audit recoveries and provider assessments). Medicaid expenditures from the State’s General Fund are authorized from Department of Health Medicaid.
- 1) New York State Audit Recoveries: The Department of Health collaborates with the Office of the Medical Inspector General (OMIG) and the Office of the Attorney General (AG) in recovering improperly expended Medicaid funds. OMIG conducts and coordinates the investigation, detection, audit, and review of Medicaid providers and recipients to ensure they are complying with all applicable laws and regulation. OMIG recovers any improper payments through cash collections and voided claim recoveries. Cash collections are deposited into the State’s General Fund to offset Medicaid costs.

In addition to cash collections, OMIG finds inappropriately billed claims within provider claims. To correct an error, OMIG and DOH process the current accurate claim, and reduce this claim by the inappropriate claim value to recoup the previous overclaim and decrease state spending.

- 2) Intermediate Care Facilities (ICF) Provider Service Assessment: Pursuant to New York State Mental Hygiene Law 43.04, a provider's gross receipts received on a cash basis for all services rendered at all ICFs is assessed at 5.5 percent. This assessment is deposited directly into the State's General Fund.

B. Special Revenue Funds:

Health Facility Cash Assessment Program (HFCAP) Fund: Pursuant to New York State Public Health Law 2807-d and Section 90 of Part H of Chapter 59 of the Laws of 2011, the total state assessment on each residential health care facility's gross receipts received from all patient care services and other operating income on a cash basis for residential health care facilities, including adult day service, but excluding, gross receipts attributable to payments received pursuant to Title XVIII of the federal Social Security Act (Medicare), is 6.8 percent.

NOTE: New York's Health Care taxes are either broad based and uniform (as in all HFCAP assessments except for the Personal Care Provider Cash Assessment) or have a specific exemption known as the "D'Amato provision (Federal PHL section 105-33 4722 (c))" which allows the HCRA surcharges to exist in their current format. The single tax which has been determined by the State to be an impermissible provider tax is the HFCAP charge on Personal Care Providers. The State does not claim any Federal dollars for the surcharge collected in this manner in order to comply with all Federal provider tax rules.

C. Additional Resources for Non-Federal Share Funding:

County Contribution: In State Fiscal Year 2006, through enacted State legislation (Part C of Chapter 58 of the laws of 2005), New York State "capped" the amount localities contributed to the non-Federal share of providers claims. This was designed to relieve pressure on county property taxes and the NYC budget by limiting local contributions having New York State absorb all local program costs above this fixed statutory inflation rate (3% at the time).

However, in State Fiscal Year 2013 New York State provided additional relief to Localities by reducing local contributions annual growth from three percent to zero over a three-year period. Beginning in State Fiscal Year 2016, counties began paying a fixed cost in perpetuity as follows:

Entity	Annual Amount
New York City	\$4.882B
Suffolk County	\$216M
Nassau County	\$213M
Westchester County	\$199M

Erie County	\$185M
Rest of State (53 Counties)	\$979M
Total	\$6.835B

By eliminating the growth in localities Medicaid costs, the State has statutorily capped total Statewide County Medicaid expenditures at 2015 levels. All additional county Medicaid costs are funded by the State through State funding as described above. DOH provides annual letters to counties providing weekly contributions. Contributions are deposited directly into State escrow account and used to offset 'total' State share Medicaid funding.

NOTE: The Local Contribution is not tied to a specific claim or service category and instead is a capped amount based on 2015 county spending levels as stated above. Each deposit received is reviewed and compared to the amount each county is responsible to contribute to the Medicaid program to verify the county funds received are eligible for Medicaid expenses.

D. IGT Funding:

New York State requests the transfer of the IGT amounts from entities prior to the release of payments to the providers. The entities transferring IGT amounts are all units of government, and the nonfederal share is derived from state or local tax revenue funded accounts only. The providers keep and retain Medicaid payments. Please note that entities have taxing authority, and the State does not provide appropriations to the entities for IGTs.

Provider	Entity Transferring IGT Funds	4/1/22-3/31/23 IGT Amount
A Holly Patterson Extended Care Facility	Nassau County	\$14M
Albany County Nursing Home	Albany County	\$5M
Chemung County Health Center	Chemung County	\$4M
Clinton County Nursing Home	Clinton County	\$2M
Coler Rehabilitation & Nursing Care Center	New York City	\$12M
Dr. Susan Smith Mckinney Nursing and Rehab Center	Kings County	\$7M
Glendale Home	Schenectady County	\$5M
Henry J. Carter Nursing Home	New York City	\$5M
Lewis County General Hospital-Nursing Home Unit	Lewis County	\$4M
Livingston County Center for Nursing and Rehabilitation	Livingston County	\$7M
Monroe Community Hospital-Nursing Home Unit	Monroe County	\$16M
New Gouverneur Hospital-Nursing Home Unit	New York City	\$5M
Sea View Hospital Rehabilitation Center and Home	Richmond County	\$8M
Sullivan County Adult Care Center	Sullivan County	\$2M
Terrace View Long Term Care	Erie County	\$11M
The Pines Healthcare & Rehab Centers Machias Camp	Cattaraugus County	\$3M
The Pines Healthcare & Rehab Centers Olean Camp	Cattaraugus County	\$3M
The Valley View Center for Nursing Care and Rehab	Orange County	\$11M
Van Rensselaer Manor	Rensselaer County	\$10M

Wayne County Nursing Home	Wayne County	\$4M
Willow Point Rehabilitation & Nursing Center	Broome County	\$6M
Wyoming County Community Hospital-NH Unit	Wyoming County	\$4M
Total		\$148M

3. Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan. If supplemental or enhanced payments are made, please provide the total amount for each type of supplemental or enhanced payment made to each provider type.

Response: Below is a list of nursing home and ICF supplemental payments:

Payment Type	Private	State Government	Non-State Government	4/1/22-3/31/23 Gross Total
Nursing Home Reforms	\$187M	\$0	\$0	\$187M
2% Supplemental Payment	\$130M	\$1M	\$9M	\$140M
1.5% ATB Restoration	\$88M	\$0.6M	\$5M	\$94M
Workforce Vital Access Program	\$51M	\$0	\$0	\$51M
Advanced Training Initiative	\$43M	\$0	\$3M	\$46M
Cinergy	\$30M	\$0	\$0	\$30M
Vital Access Program	\$7M	\$0	\$0	\$7M
Bridgeview Settlement	\$2M	\$0	\$0	\$2M
Nursing Home Quality Pool	(\$1.2M)	\$0.4M	\$0.8M	\$0
Nursing Home UPL	\$0	\$0	\$295M	\$295M
ICF Worker Bonus	\$65M	\$0	\$0	\$65M
Total	\$603M	\$2M	\$313M	\$918M

The Medicaid payments under this State Plan Amendment are not supplemental payments.

4. Please provide a detailed description of the methodology used by the state to estimate the upper payment limit (UPL) for each class of providers (State owned or operated, non-state government owned or operated, and privately owned or operated). Please provide a current (i.e. applicable to the current rate year) UPL demonstration. Under regulations at 42 CFR 447.272, States are prohibited from setting payment rates for Medicaid inpatient services that exceed a reasonable estimate of the amount that would be paid under Medicare payment principals.

Response: The nursing home UPL calculation is a payment-to-payment calculation for state government and private facilities. Non-state Governmental facilities undergo a payment-to-cost calculation. The Medicaid payments under this State Plan Amendment will be included in the 2023 nursing home UPL submitted when it is submitted to CMS.

The Intermediate Care Facilities (ICFs) UPL calculation is a payment-to-charges calculation for state government and private facilities (note: there are no non-state governmental ICFs). The Medicaid payments under this State Plan Amendment will be included in the 2023 ICF UPL when it is submitted to CMS.

- 5. Does any governmental provider receive payments that in the aggregate (normal per diem, supplemental, enhanced, other) exceed their reasonable costs of providing services? If payments exceed the cost of services, do you recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report?**

Response: Providers do not receive payments that in the aggregate exceed their reasonable costs of providing services. If any providers received payments that in the aggregate exceeded their reasonable costs of providing services, the State would recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report.

ACA Assurances:

- 1. Maintenance of Effort (MOE). Under section 1902(gg) of the Social Security Act (the Act), as amended by the Affordable Care Act, as a condition of receiving any Federal payments under the Medicaid program during the MOE period indicated below, the State shall not have in effect any eligibility standards, methodologies, or procedures in its Medicaid program which are more restrictive than such eligibility provisions as in effect in its Medicaid program on March 10, 2010.**

MOE Period.

- **Begins on: March 10, 2010, and**
- **Ends on: The date the Secretary of the Federal Department of Health and Human Services determines an Exchange established by a State under the provisions of section 1311 of the Affordable Care Act is fully operational.**

Response: This SPA complies with the conditions of the MOE provision of section 1902(gg) of the Act for continued funding under the Medicaid program.

- 2. Section 1905(y) and (z) of the Act provides for increased FMAPs for expenditures made on or after January 1, 2014 for individuals determined eligible under section 1902(a)(10)(A)(i)(VIII) of the Act. Under section 1905(cc) of the Act, the increased FMAP under sections 1905(y) and (z) would not be available for States that require local political subdivisions to contribute amounts toward the non-Federal share of the State's expenditures at a greater percentage than would have been required on December 31, 2009.**

Prior to January 1, 2014 States may potentially require contributions by local political subdivisions toward the non-Federal share of the States' expenditures at percentages greater than were required on December 31, 2009. However, because of the provisions of section 1905(cc) of the Act, it is important to determine and document/flag any SPAs/State plans which have such greater

percentages prior to the January 1, 2014 date in order to anticipate potential violations and/or appropriate corrective actions by the States and the Federal government.

Response: This SPA would [] / would not [✓] violate these provisions, if they remained in effect on or after January 1, 2014.

3. Please indicate whether the State is currently in conformance with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

Response: The State complies with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

Tribal Assurance:

Section 1902(a)(73) of the Social Security Act the Act requires a State in which one or more Indian Health Programs or Urban Indian Organizations furnish health care services to establish a process for the State Medicaid agency to seek advice on a regular ongoing basis from designees of Indian health programs whether operated by the Indian Health Service HIS Tribes or Tribal organizations under the Indian Self Determination and Education Assistance Act ISDEAA or Urban Indian Organizations under the Indian Health Care Improvement Act.

IHCIA Section 2107(e)(I) of the Act was also amended to apply these requirements to the Children's Health Insurance Program CHIP. Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and Urban Indian organizations.

- a) Please describe the process the State uses to seek advice on a regular ongoing basis from federally recognized tribes Indian Health Programs and Urban Indian Organizations on matters related to Medicaid and CHIP programs and for consultation on State Plan Amendments waiver proposals waiver extensions waiver amendments waiver renewals and proposals for demonstration projects prior to submission to CMS.**
- b) Please include information about the frequency inclusiveness and process for seeking such advice.**
- c) Please describe the consultation process that occurred specifically for the development and submission of this State Plan Amendment when it occurred and who was involved.**

Response: Tribal consultation was performed in accordance with the State's tribal consultation policy as approved in SPA 17-0065, and documentation of such is included with this submission. To date, no feedback has been received from any tribal representative in response to the proposed change in this SPA.
