RE: State Plan Amendment (SPA) 13-0008-A

Dear Commissioner Helgerson:

We have reviewed the proposed amendment to Attachment 4.19-A of your Medicaid State plan submitted under transmittal number (TN) 13-0008-A. Effective April 1, 2013, this amendment proposes to make supplemental payments to hospitals operated by Health and Hospitals Corporation in New York City other than specialty hospitals for the period April 1, 2013 through March 31, 2014 in the amount of \$300,246,179.

We conducted our review of your submittal according to the statutory requirements at sections 1902(a)(2), 1902(a)(13), 1902(a)(30), 1903(a) and 1923 of the Social Security Act and the implementing Federal regulations at 42 CFR Part 447. We have found that the proposed reimbursement methodology complies with applicable requirements and therefore have approved them with an effective date of April 1, 2013. We are enclosing the CMS-179 and the amended approved plan page.

If you have any questions, please contact Tom Brady at (518) 396-3810 or Rob Weaver at (410) 786-5914.

Sincerely,

Timothy Hill

Director

Additional Inpatient Hospital Payments (Continued)

[For state fiscal year beginning April 1, 2012 and ending March 31, 2013 the State will provide an additional supplemental payment for all inpatient services provided by eligible government general hospitals except Coney Island, Coler-Bird Memorial, and Coler-Goldwater. To be eligible, the other hospitals must (1) be a government general hospital, (2) not be operated by the State of New York or the State University of New York, and (3) be located in a city with a population over one million.

The amount of the supplemental payment will be \$341,030,040. Medical assistance payments will be made for all inpatient services for patients eligible for federal financial participation under Title XIX of the Federal Social Security Act initially using each such hospital's proportionate share of total Medicaid days of all eligible hospitals reported for the period from 1/1/2012 to 12/31/2012.

Upon completion of the annually required DSH audit for the rate year, a final reconciliation of the supplemental payment distribution to eligible facilities will be completed and such payments will be further adjusted, if necessary, to avoid payments from exceeding any hospital-specific DSH limit. Any adjustments will be calculated and redistributed proportionally using each hospital's remaining uncompensated care cost that is not in excess of their individual DSH limit.]
