9. Services will be provided in accordance with the utilization threshold requirements described in departmental regulations which are based on medical necessity and identified for providers in the MMIS Clinic Provider Manual. Such threshold requirements are applicable to specific provider service types including adult day health services, medical clinics, dental clinics and mental health clinics certified under Article 28 of the Public Health Law and/or Article 31 of the Mental Hygiene Law. The requirements mandate that providers obtain prior authorization based on medical necessity for the provision of services in excess of prescribed utilization thresholds per recipients per benefit year, unless the services provided were urgent or emergent in nature, or otherwise excluded.

Physical Therapy Services

- 11a. Effective on or after [October 1, 2011] July 1, 2018, services are limited to coverage of [twenty] forty visits per year; however, this limitation does not apply to enrollees who are less than 21 years of age, to individuals with traumatic brain injury, to persons with developmental disabilities, or to Medicare/Medicaid dually eligible recipients when that service is covered by Medicare. The benefit limit does not apply to inpatient hospital settings, services provided by a certified home health agency, or to nursing home inpatients receiving therapy in skilled nursing facilities in which they reside. The benefit limit is not subject to review or exception.

Occupational Therapy Services

- 11b. Effective on or after October 1, 2011, services are limited to coverage of twenty visits per year; however, this limitation does not apply to enrollees who are less than 21 years of age, to individuals with traumatic brain injury, to persons with developmental disabilities, or to Medicare/Medicaid dually eligible recipients when that service is covered by Medicare. The benefit limit does not apply to inpatient hospital settings, services provided by a certified home health agency, or to nursing home inpatients receiving therapy in skilled nursing facilities in which they reside. The benefit limit is not subject to review or exception.
