MAR 19 2019

RE: SPA #19-0011  
Non-Institutional Services

Dear Mr. Holligan:

The State requests approval of the enclosed amendment #19-0011 to the Title XIX (Medicaid) State Plan for non-institutional services to be effective January 1, 2019 (Appendix I). This amendment is being submitted based on State statute. A summary of the plan amendment is provided in Appendix II.

The State of New York reimburses these services through the use of rates that are consistent with and promote efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available under the plan at least to the extent that such care and services are available to the general population in the geographic area as required by §1902(a)(30) of the Social Security Act and 42 CFR §447.204.

Copies of pertinent sections of State statute is enclosed for your information (Appendix III). A copy of the public notice of this plan amendment, which was given in the New York State Register on December 26<sup>th</sup>, 2018 is also enclosed for your information (Appendix IV). In addition, responses to the five standard funding questions are also enclosed (Appendix V).

If you have any questions regarding this State Plan Amendment submission, please do not hesitate to contact Regina Deyette, Medicaid State Plan Coordinator, Division of Finance and Rate Setting, Office of Health Insurance Programs at (518) 473-3658.

Sincerely,

Donna Frescatore  
Medicaid Director  
Office of Health Insurance Programs

**Ambulatory Patient Group System: Hospital-Based Outpatient**

For dates of service beginning December 1, 2008, for hospital outpatient clinic and ambulatory surgery services, and beginning January 1, 2009, for emergency department services, through December 31, [2018] 2019, the operating component of rates for hospital based outpatient services shall be reimbursed using a methodology that is prospective and associated with resource utilization to ensure that ambulatory services are economically and efficiently provided. The methodology is based upon the Ambulatory Patient Group (APG) classification and reimbursement system. This methodology incorporates payments for the separate covered Medicaid benefits in accordance with the payment methods for these services. Reimbursement for the capital component of these rates shall be made as an add-on to the operating component as described in the APG Rate Computation section.

If a clinic is certified by the Office of People with Developmental Disabilities (OPWDD), reimbursement will be as specified in the OPWDD section of the State Plan.

The Ambulatory Patient Group patient classification system is designed to explain the amount and type of resources used in an ambulatory visit by grouping patients with similar clinical characteristics and similar resource use into a specific APG. Each procedure code associated with a patient visit is assigned to an APG using the grouping logic developed by 3M Health Information Systems. When evaluation and management codes are coded, the APG grouping logic also uses the diagnosis code to make the APG assignment. Ultimately, the procedures and diagnoses coded for a patient visit will result in a list of APGs that correspond on a one-for-one basis with each procedure coded for the visit.

**Summary**

**SUMMARY**  
**SPA #19-0011**

This State Plan Amendment proposes to extend the Ambulatory Patient Group (APG) methodology for hospital-based clinic and ambulatory surgery services, including emergency room services for the effective period January 1, 2019 through December 31, 2019, and revise the APG methodology to reflect the recalculated weights with component updates to become effective January 1, 2019.

**Appendix III**  
**2019 Title XIX State Plan**  
**First Quarter Amendment**  
**Authorizing Provisions**

19-0011

PHL §2807(2-a)(e):

(e) (i) notwithstanding any inconsistent provisions of this subdivision, the commissioner shall promulgate regulations establishing, subject to the approval of the state director of the budget, methodologies for determining rates of payment for the services described in this subdivision. Such regulations shall reflect utilization of the ambulatory patient group (APG) methodology, in which patients are grouped based on their diagnosis, the intensity of the services provided and the medical procedures performed, and with each APG assigned a weight reflecting the projected utilization of resources. Such regulations shall provide for the development of one or more base rates and the multiplication of such base rates by the assigned weight for each APG to establish the appropriate payment level for each such APG. Such regulations may also utilize bundling, packaging and discounting mechanisms.

If the commissioner determines that the use of the APG methodology is not, or is not yet, appropriate or practical for specified services, the commissioner may utilize existing payment methodologies for such services or may promulgate regulations, and may promulgate emergency regulations, establishing alternative payment methodologies for such services.

(ii) Notwithstanding this subdivision and any other contrary provision of law, the commissioner may incorporate within the payment methodology described in subparagraph (i) of this paragraph payment for services provided by facilities pursuant to licensure under the mental hygiene law, provided, however, that such APG payment methodology may be phased into effect in accordance with a schedule or schedules as jointly determined by the commissioner, the commissioner of mental health, the commissioner of alcoholism and substance abuse services, and the commissioner of mental retardation and developmental disabilities.

(iii) Regulations issued pursuant to this paragraph may incorporate quality related measures limiting or excluding reimbursement related to potentially preventable conditions and complications; provided however, such quality related measures shall not include any preventable conditions and complications not identified for Medicare nonpayment or limited payment.

Public Notice**

# MISCELLANEOUS NOTICES/HEARINGS

## Notice of Abandoned Property Received by the State Comptroller

Pursuant to provisions of the Abandoned Property Law and related laws, the Office of the State Comptroller receives unclaimed monies and other property deemed abandoned. A list of the names and last known addresses of the entitled owners of this abandoned property is maintained by the office in accordance with Section 1401 of the Abandoned Property Law. Interested parties may inquire if they appear on the Abandoned Property Listing by contacting the Office of Unclaimed Funds, Monday through Friday from 8:00 a.m. to 4:30 p.m., at:

1-800-221-9311  
or visit our web site at:  
[www.osc.state.ny.us](http://www.osc.state.ny.us)

Claims for abandoned property must be filed with the New York State Comptroller's Office of Unclaimed Funds as provided in Section 1406 of the Abandoned Property Law. For further information contact: Office of the State Comptroller, Office of Unclaimed Funds, 110 State St., Albany, NY 12236.

## PUBLIC NOTICE

### Department of Civil Service

PURSUANT to the Open Meetings Law, the New York State Civil Service Commission hereby gives public notice of the following:

Please take notice that the regular monthly meeting of the State Civil Service Commission for January 2019 will be conducted on January 9 and January 10 commencing at 10:00 a.m. This meeting will be conducted at NYS Media Services Center, Suite 146, South Concourse, Empire State Plaza, Albany, NY with live coverage available at <https://www.cs.ny.gov/commission/>

*For further information, contact:* Office of Commission Operations, Department of Civil Service, Empire State Plaza, Agency Bldg. One, Albany, NY 12239, (518) 473-6598

## PUBLIC NOTICE

### Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services. The following changes are proposed:

#### Non-Institutional Services

Effective on or after January 1, 2019, the State will implement a pilot program to cover doula services, as part of a larger State initiative to target maternal morbidity and reduce racial disparities in health outcomes for pregnant women. A doula is a trained childbirth coach who provides non-medical physical, emotional, and informational support to clients before, during, and after birth.

Doulas will provide support during labor and birth, along with prenatal and postpartum visits. Services will include up to 3 prenatal, 4 postpartum visits, and support during the labor and delivery process. During the pilot program, payment for services rendered will be limited to a subset of zip codes in Brooklyn (Kings County) and Buf-

falo (Erie County) that have the highest prevalence of maternal and infant mortality rates in New York State (as per NYS' Bureau of Vital Statistics).

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2018/2019 is \$3,822,705.00.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at [http://www.health.ny.gov/regulations/state\\_plans/status](http://www.health.ny.gov/regulations/state_plans/status). Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

For the New York City district, copies will be available at the following places:

New York County  
250 Church Street  
New York, New York 10018

Queens County, Queens Center  
3220 Northern Boulevard  
Long Island City, New York 11101

Staten Island, New York 10301

*For further information and to review and comment, please contact:* Department of Health, Division of Finance and Rate Setting, 99 Washington Ave., One Commerce Plaza, Suite 1432, Albany, NY 12210, or e-mail: [spa\\_inquiries@health.ny.gov](mailto:spa_inquiries@health.ny.gov)

## PUBLIC NOTICE

### Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to revise provisions of the Ambulatory Patient Group (APG) reimbursement methodology on and after January 1, 2019. The following changes are proposed:

The Ambulatory Patient Group (APG) reimbursement methodology is extended for the period January 1, 2019 through December 31, 2019. Such methodology is revised to include recalculated weight and component updates that will become effective on and after January 1, 2019.

The estimated annual net aggregate increase in gross Medicaid

expenditures attributable to this initiative contained in the budget for state fiscal year 2019/2020 is \$1,908,000.

The public is invited to review and comment on this proposed State Plan Amendment. Copies of which will be available for public review on the Department's website at: [http://www.health.ny.gov/regulations/state\\_plans/status](http://www.health.ny.gov/regulations/state_plans/status)

Copies of the proposed State Plan Amendments will be on file in each local (county) social services district and available for public review.

For the New York City district, copies will be available at the following places:

New York County  
250 Church Street  
New York, New York 10018

Queens County, Queens Center  
3220 Northern Boulevard  
Long Island City, New York 11101

## PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services to comply with Public Health Law Section 2808 (2-c)(d). The following changes are proposed:

### Long Term Care Services

Effective on and after January 1, 2019, the quality incentive program for non-specialty nursing homes will continue to recognize improvement in performance and provide for other minor modifications.

There is no additional estimated annual change to gross Medicaid expenditures attributable to this initiative for State Fiscal year 2019/2020.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at [http://www.health.ny.gov/regulations/state\\_plans/status](http://www.health.ny.gov/regulations/state_plans/status). Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

## PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health and Office for People With Developmental Disabilities (OPWDD), hereby give public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to make New York, Systemic, Therapeutic Assessment, Resources and Treatment (NYSTART) available as a Medicaid State Plan service. This action is being taken based on (OPWDD)'s statutory responsibility to provide and encourage the provision of appropriate programs, supports, and services in the areas of care, treatment, habilitation, rehabilitation, and other education and training of persons with developmental disabilities (NYS Mental Hyg. Law § 13.07). OPWDD also has the authority to plan, promote, establish, develop, coordinate, evaluate, and conduct programs and services for prevention, diagnosis, examination, care treatment, rehabilitation, training, and research for the benefit of individuals with developmental disabilities, to take all actions necessary, desirable, or proper to implement the purposes of the Mental Hygiene Law, and to carry out its purposes and objectives within available funding (Mental Hyg. Law § 13.15(a)).

The following changes are proposed:

### Non-Institutional Services

NYSTART is a community-based program that provides crisis prevention and response services to individuals with intellectual and developmental disabilities who present with complex behavioral and mental health needs, and will be available to those individuals, their families and others in the community who provide support, effective on or after Jan 1, 2019. NYSTART uses a person-centered, positive, evidence-informed approach to help individuals, families, caregivers, agencies, and other providers.

NYSTART offers training, consultation and technical assistance on the use of positive behavioral supports services and other therapeutic tools. The program builds on existing resources by providing clinical assessments (including psychiatric, behavioral and medical), consultation, education and training, crisis response and therapeutic intervention. NYSTART services are available to individuals age 6 or over who have intellectual and developmental disabilities and present with behavioral and mental health concerns. An OPWDD eligibility determination is required to receive the full array of NYSTART services, including clinical team support, In Home stabilization supports and short term Resource Center (site-based) stabilization services. Services are provided based on clinical assessment and individual needs.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2018/2019 is \$22 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at <http://www.health.ny.gov/regulations/>

**Appendix V**  
**2019 Title XIX State Plan**  
**First Quarter Amendment**  
**Responses to Standard Funding Questions**

**NON-INSTITUTIONAL SERVICES**  
**State Plan Amendment #19-0011**

**CMS Standard Funding Questions**

The following questions are being asked and should be answered in relation to all payments made to all providers reimbursed pursuant to a methodology described in Attachment 4.19-B of the state plan. For SPAs that provide for changes to payments for clinic or outpatient hospital services or for enhanced or supplemental payments to physician or other practitioners, the questions must be answered for all payments made under the state plan for such service.

- 1. Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by States for services under the approved State plan. Do providers receive and retain the total Medicaid expenditures claimed by the State (includes normal per diem, supplemental, enhanced payments, other) or is any portion of the payments returned to the State, local governmental entity, or any other intermediary organization? If providers are required to return any portion of payments, please provide a full description of the repayment process. Include in your response a full description of the methodology for the return of any of the payments, a complete listing of providers that return a portion of their payments, the amount or percentage of payments that are returned and the disposition and use of the funds once they are returned to the State (i.e., general fund, medical services account, etc.).**

**Response:** Providers do retain the payments made pursuant to this amendment. However, this requirement in no way prohibits the public provider, including county providers, from reimbursing the sponsoring local government for appropriate expenses incurred by the local government on behalf of the public provider. The State does not regulate the financial relationships that exist between public health care providers and their sponsoring governments, which are extremely varied and complex. Local governments may provide direct and/or indirect monetary subsidies to their public providers to cover on-going unreimbursed operational expenses and assure achievement of their mission as primary safety net providers. Examples of appropriate expenses may include payments to the local government which include reimbursement for debt service paid on a provider's behalf, reimbursement for Medicare Part B premiums paid for a provider's retirees, reimbursement for contractually required health benefit fund payments made on a provider's behalf, and payment for overhead expenses as allocated per federal Office of Management and Budget Circular 2 CFR 200 regarding Cost Principles for State, Local, and Indian Tribal Governments. The existence of such transfers should in no way negate the legitimacy of these facilities' Medicaid payments or result in reduced Medicaid federal financial participation for the State. This position was further supported by CMS in review and approval of SPA 07-07C when an on-site audit of these transactions for New York City's Health and Hospitals Corporation was completed with satisfactory results.

2. **Section 1902(a)(2) provides that the lack of adequate funds from local sources will not result in lowering the amount, duration, scope, or quality of care and services available under the plan. Please describe how the state share of each type of Medicaid payment (normal per diem, supplemental, enhanced, other) is funded. Please describe whether the state share is from appropriations from the legislature to the Medicaid agency, through intergovernmental transfer agreements (IGTs), certified public expenditures (CPEs), provider taxes, or any other mechanism used by the state to provide state share. Note that, if the appropriation is not to the Medicaid agency, the source of the state share would necessarily be derived through either through an IGT or CPE. In this case, please identify the agency to which the funds are appropriated. Please provide an estimate of total expenditure and State share amounts for each type of Medicaid payment. If any of the non-federal share is being provided using IGTs or CPEs, please fully describe the matching arrangement including when the state agency receives the transferred amounts from the local governmental entity transferring the funds. If CPEs are used, please describe the methodology used by the state to verify that the total expenditures being certified are eligible for Federal matching funds in accordance with 42 CFR 433.51(b). For any payment funded by CPEs or IGTs, please provide the following:**
- (i) **a complete list of the names of entities transferring or certifying funds;**
  - (ii) **the operational nature of the entity (state, county, city, other);**
  - (iii) **the total amounts transferred or certified by each entity;**
  - (iv) **clarify whether the certifying or transferring entity has general taxing authority; and,**
  - (v) **whether the certifying or transferring entity received appropriations (identify level of appropriations).**

**Response:** Payments made to service providers under the provisions of this SPA are funded through a budget appropriation received by the State agency that oversees medical assistance (Medicaid), which is the Department of Health.

The source of the appropriation is the Medicaid General Fund Local Assistance Account, which is part of the Global Cap. The Global Cap is funded by General Fund and HCRA resources.

3. **Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan. If supplemental or enhanced payments are made, please provide the total amount for each type of supplemental or enhanced payment made to each provider type.**

**Response:** The payments authorized for this provision are not supplemental or enhanced payments.

- 4. For clinic or outpatient hospital services please provide a detailed description of the methodology used by the state to estimate the upper payment limit (UPL) for each class of providers (State owned or operated, non-state government owned or operated, and privately owned or operated). Please provide a current (i.e., applicable to the current rate year) UPL demonstration.**

**Response:** The State's clinic UPL demonstration utilizes a cost per visit methodology. The 2019 demonstration has not yet been submitted.

- 5. Does any governmental provider receive payments that in the aggregate (normal per diem, supplemental, enhanced, other) exceed their reasonable costs of providing services? If payments exceed the cost of services, do you recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report?**

**Response:** The rate methodologies included in the State Plan for outpatient hospital services are either cost-based subject to ceilings or based upon the Ambulatory Patient Group (APG) system. We are unaware of any requirement under current federal law or regulation that limits individual provider's payments to their actual costs.

#### **ACA Assurances:**

- 1. Maintenance of Effort (MOE). Under section 1902(gg) of the Social Security Act (the Act), as amended by the Affordable Care Act, as a condition of receiving any Federal payments under the Medicaid program during the MOE period indicated below, the State shall not have in effect any eligibility standards, methodologies, or procedures in its Medicaid program which are more restrictive than such eligibility provisions as in effect in its Medicaid program on March 10, 2010.**

#### **MOE Period.**

- **Begins on: March 10, 2010, and**
- **Ends on: The date the Secretary of the Federal Department of Health and Human Services determines an Exchange established by a State under the provisions of section 1311 of the Affordable Care Act is fully operational.**

**Response:** This SPA complies with the conditions of the MOE provision of section 1902(gg) of the Act for continued funding under the Medicaid program.

- 2. Section 1905(y) and (z) of the Act provides for increased FMAPs for expenditures made on or after January 1, 2014 for individuals determined eligible under section 1902(a)(10)(A)(i)(VIII) of the Act. Under section 1905(cc) of the Act, the increased FMAP under sections 1905(y) and (z) would not be available for States that require local political subdivisions to contribute amounts toward the non-Federal share of the State's**

expenditures at a greater percentage than would have been required on December 31, 2009.

**Prior to January 1, 2014** States may potentially require contributions by local political subdivisions toward the non-Federal share of the States' expenditures at percentages **greater than** were required on December 31, 2009. **However**, because of the provisions of section 1905(cc) of the Act, it is important to determine and document/flag any SPAs/State plans which have such greater percentages prior to the January 1, 2014 date in order to **anticipate potential violations and/or appropriate corrective actions** by the States and the Federal government.

**Response:** This SPA would [ ] / would not [✓] violate these provisions, if they remained in effect on or after January 1, 2014.

- 3. Please indicate whether the State is currently in conformance with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.**

**Response:** The State does comply with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

**Tribal Assurance:**

**Section 1902(a)(73) of the Social Security Act the Act requires a State in which one or more Indian Health Programs or Urban Indian Organizations furnish health care services to establish a process for the State Medicaid agency to seek advice on a regular ongoing basis from designees of Indian health programs whether operated by the Indian Health Service HIS Tribes or Tribal organizations under the Indian Self Determination and Education Assistance Act ISDEAA or Urban Indian Organizations under the Indian Health Care Improvement Act.**

**IHCIA Section 2107(e)(I) of the Act was also amended to apply these requirements to the Children's Health Insurance Program CHIP. Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and Urban Indian organizations.**

- a) Please describe the process the State uses to seek advice on a regular ongoing basis from federally recognized tribes Indian Health Programs and Urban Indian Organizations on matters related to Medicaid and CHIP programs and for consultation on State Plan Amendments waiver proposals waiver extensions waiver amendments-waiver renewals and proposals for demonstration projects prior to submission to CMS.**
- b) Please include information about the frequency inclusiveness and process for seeking such advice.**
- c) Please describe the consultation process that occurred specifically for the development and submission of this State Plan Amendment when it occurred and who was involved.**

**Response:** Tribal consultation was performed in accordance with the State's tribal consultation policy as approved in SPA 17-0065, and documentation of such is included with this submission. To date, no feedback has been received from any tribal representative in response to the proposed change in this SPA.
