**LISA J. PINO, M.A., J.D.**Executive Deputy Commissioner

December 30, 2020

Ms. Nicole McKnight
Acting Associate Regional Administrator
Department of Health & Human Services
Centers for Medicare & Medicaid Services
New York Regional Office
Division of Medicaid and Children's Health Operations
26 Federal Plaza - Room 37-100 North
New York, New York 10278

RE: SPA #21-0004 Non-Institutional Services

Dear Ms. McKnight:

The State requests approval of the enclosed amendment #21-0004 to the Title XIX (Medicaid) State Plan for non-institutional services to be effective January 1, 2021 (Appendix I). This amendment is being submitted based on enacted legislation. A summary of the plan amendment is provided in Appendix II.

The State of New York reimburses these services through the use of rates that are consistent with and promote efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available under the plan at least to the extent that such care and services are available to the general population in the geographic area as required by §1902(a)(30) of the Social Security Act and 42 CFR §447.204.

A copy of pertinent sections of enacted legislation is enclosed for your information (Appendix III). A copy of the public notice of this plan amendment, which was given in the <u>New York State Register</u> on April 1, 2020, is also enclosed for your information (Appendix IV). In addition, responses to the five standard funding questions are also enclosed (Appendix V).

If you have any questions regarding this State Plan Amendment submission, please do not hesitate to contact Regina Deyette, Medicaid State Plan Coordinator, Division of Finance and Rate Setting, Office of Health Insurance Programs at (518) 473-3658.

Sincerely,

Donna Frescatore Medicaid Director Office of Health Insurance Programs

### Appendix II 2020 Title XIX State Plan Fourth Quarter Amendment Summary

## **SUMMARY SPA** #21-0004

This State Plan Amendment proposes to implement Medicaid coverage for acupuncture and chiropractor services for patients with chronic lower back pain. Statewide coverage will be phased in, with initial coverage offered in select regions of the State and will be expanded as the Program gains experience in service delivery and member access. Early SPA submission is requested so that the State has an opportunity to discuss with CMS the merits of a phased in approach for program implementation.

### Appendix IV 2020 Title XIX State Plan Fourth Quarter Amendment Public Notice

# MISCELLANEOUS NOTICES/HEARINGS

### Notice of Abandoned Property Received by the State Comptroller

Pursuant to provisions of the Abandoned Property Law and related laws, the Office of the State Comptroller receives unclaimed monies and other property deemed abandoned. A list of the names and last known addresses of the entitled owners of this abandoned property is maintained by the office in accordance with Section 1401 of the Abandoned Property Law. Interested parties may inquire if they appear on the Abandoned Property Listing by contacting the Office of Unclaimed Funds, Monday through Friday from 8:00 a.m. to 4:30 p.m., at:

1-800-221-9311 or visit our web site at: www.osc.state.ny.us

Claims for abandoned property must be filed with the New York State Comptroller's Office of Unclaimed Funds as provided in Section 1406 of the Abandoned Property Law. For further information contact: Office of the State Comptroller, Office of Unclaimed Funds, 110 State St., Albany, NY 12236.

### PUBLIC NOTICE

### Department of Health

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for inpatient, long term care, and non-institutional services to comply with recently proposed statutory provisions. The following significant changes are proposed:

### All Services

Effective for dates of service April 1, 2020 through March 31, 2021, and each state fiscal year thereafter, all non-exempt Department of Health state funds Medicaid payments will be uniformly reduced by \$2.5 billion. Such reductions will be applied only to the extent that alternative methods that achieve Medicaid state share savings annually are not implemented. Medicaid payments that will be exempted from the uniform reduction include:

- 1. Payments whereby federal law precludes such reduction, including:
  - Federally Qualified Health Center services;
- Indian Health Services and services provided to Native Americans:
- Supplemental Medical Insurance Part A and Part B;
- State Contribution for Prescription Drug Benefit (aka Medicare Part D payments);
- Any local share cap payment required by the Federal Medical Assistance Percentage (FMAP) increase legislation;
  - Services provided to American citizen repatriates; and
  - Hospice Services.
- 2. Payments funded exclusively with federal and/or local funds include, but are not limited to, the following:
- Upper payment limit payments to non-state owned or operated governmental providers certified under Article 28 of the NYS Public Health Law:
- Certified public expenditure payments to the NYC Health and Hospital Corporation;
- Certain disproportionate share payments to non-state operated or owned governmental hospitals;

- $\bullet~$  Certain managed care payments pursuant to section 3-d of Part B of the Chapter 58 of the Laws of 2010; and
  - Services provided to inmates of local correctional facilities.
  - 3. Other Payments that are not subject to the reduction include:
- Payments pursuant to Article 32, Article 31 and Article 16 of the Mental Hygiene Law;
- Required payments related to the School Supportive Health Services Program and Preschool Supportive Health Services Program;
  - Early Intervention;
- Payments for services provided by Other State Agencies including Office of Children and Family Services, State Education Department, and the Department of Corrections and Community Supervision.
- Vital Access Providers and Vital Access Provider Assurance Program;
  - Physician Administered Drugs;
  - · Court orders and judgments; and
  - Family Planning services.

Copies of the proposed state plan amendments will be on file in each local (county) social services district and available for public review.

### **PUBLIC NOTICE**

### Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional, non-institutional or long term care services to comply with proposed Medicaid Redesign Team II (MRT) initiatives. The following changes are proposed:

### **All Services**

Effective for dates of service April 1, 2020 through March 31, 2021, and each State Fiscal Year (SFY) thereafter, all non-exempt Department of Health state funds Medicaid payments will be uniformly reduced by 1.875 percent. Medicaid payments that will be exempted from the uniform reduction include:

- Payments whereby federal law precludes such reduction, including:
  - Federally Qualified Health Center services;
  - Indian Health Services and services provided to Native Americans:
  - Supplemental Medical Insurance Part A and Part B;
  - State Contribution for Prescription Drug Benefit (aka Medicare Part D payments);
  - Any local share cap payment required by the Federal Medical Assistance Percentage (FMAP) increase legislation;
  - Services provided to American citizen repatriates; and
  - Hospice Services.
- Payments funded exclusively with federal and/or local funds include, but are not limited to, the following:
  - Upper payment limit payments to non-state owned or operated governmental providers certified under Article 28 of the NYS Public Health Law;
  - Certified public expenditure payments to the NYC Health and Hospitals Corporation;
  - Certain disproportionate share payments to non-state oper-

ated or owned governmental hospitals;

- Certain managed care payments pursuant to section 3-d of Part B of the Chapter 58 of the Laws of 2010; and
- Services provided to inmates of local correctional facilities.
- Other Payments that are not subject to the reduction include:
   Payments pursuant to Article 32, Article 31 and Article 16
  - Fayments pursuant to Article 32, Article 31 and Article 10 of the Mental Hygiene Law;
     Required payments related to the School Supportive Health
  - Required payments related to the School Supportive Health Services Program and Preschool Supportive Health Services Program;
  - Early Intervention;
  - Payments for services provided by Other State Agencies including Office of Children and Family Services, State Education Department, and the Department of Corrections and Community Supervision;
  - Vital Access Providers and Vital Access Provider Assurance Program;
  - Physician Administered Drugs;
  - Children and Family Treatment and Support Services (CFTSS);
  - · Court orders and judgments; and
  - Family Planning services.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for SFY 2020-21 is (\$438 million).

### **Non-Institutional Services**

### Care Management

Effective on or after April 1, 2020 and SFY thereafter, these proposals will:

- Implement Health Home Improvement, Efficiency, Consolidation and Standardization: These efficiencies include eliminating outreach payments, reducing unnecessary documentation, revising the criteria for admission, and re-evaluating the benchmarks for stepping patients down to lower levels of care management or graduation from a Health Home. Finally, placing the most seriously mentally ill clients in care management arrangements with appropriate caseload sizes overseen by the Office of Mental Health while moving lower acuity members into less intensive care management arrangements will both improve program quality and achieve efficiencies.
- Promote Further Adoption of Patient-Centered Medical Homes (PCMH): Continues incentive payments at current levels for lower cost, higher value PCMH programs while incorporating a tiered quality component into the incentive payments to align with other State initiatives such as the Prevention Agenda.
- Comprehensive Prevention and Management of Chronic Disease: Advances the use of evidence-based prevention strategies to manage highly prevalent chronic diseases, including diabetes, hypertension, asthma, smoking, osteoarthritis, chronic kidney disease, HIV/AIDS, and sickle cell disease. Specifically, the proposal will: (1) promote the use of evidence-based, self-care education, and prevention strategies; (2) implement an awareness campaign to educate Medicaid Managed Care (MMC) Plans, providers, and Medicaid members on the various resources and programs that are available; (3) educate the provider community relative to adherence to established evidence-based practice guidelines; (4) optimize services that are already covered by Medicaid, including expanding who can provide services; (5) optimize pharmacist services and leverage the frequency of patient visits to the pharmacy by expanding Collaborative Drug Therapy Management (CDTM) to the community setting, enable pharmacists to administer point-of-care testing for designated CLIAwaived tests and to initiate prescriptions for certain medications; (6) focus on chronic condition management within Patient-Centered Medical Homes (PCMHs) and Health Homes; initially, focus treatment and care management resources on adults with diabetes and hypertension, and children with asthma.
- Children's Preventive Care and Care Transitions: Promotes behavioral health integration in pediatrics by continuing ongoing pilot work focused on pregnancy and early childhood (e.g., preschool screening and universal, light-touch home visits) and leverages participation in CMMI's Integrated Care for Kids (InCK) model of

integration of medical and behavioral health care, using resources already available in the community. In addition, this proposal improves care transitions for children with chronic medical and behavioral conditions, with a special focus on children with sickle cell disease (SCD) moving from pediatric to adult care settings.

- Children and Family Treatment and Support Services (CFTSS) Restores specialized transition rates for CFTSS.
- Invest in Medically Fragile Children: Invests Medicaid resources to improve access to private duty nursing (PDN) for medically fragile children in order to prevent hospitalization and emergency visits, by leveraging additional utilization of telehealth, commercial insurance coverage for PDN, further PDN network development and enhanced rates. Specifically, the proposal would increase fee-for-service PDN rates over a three year period to benchmark to the current Medicaid Managed Care rates; create a PDN Network whereby PDN providers would receive a negotiated enhanced rate of payment for PDN services.
- Preventive Dentistry: Promotes evidence-based preventative dentistry using fluoride varnish and silver diamine fluoride. Specifically, the proposal increases the application of fluoride varnish by primary care providers, including Registered Nurses, which will decrease early childhood decay and associated restorative costs. In addition, the proposal expands Medicaid dental coverage to include silver diamine fluoride which stops tooth decay and prevents additional oral complications.
- Emergency Room Avoidance and Cost Reductions: this proposal reduces unnecessary Emergency Department (ED) utilization and/or cost by redesigning care pathways for high ED utilizing patients and transitions navigation to community services by: allowing sharing of individualized patient treatment plans for chronic conditions (through Qualified Entity (QEs)); expanding access to Urgent Care Centers by increasing co-location with Emergency Rooms; requiring Urgent Care Centers to accept Medicaid; and exploring a lower ED triage fee for non-emergency conditions.
- Addressing Barriers to Opioid Care: Implements a series of Opioid related interventions to address certain barriers to care for Medicaid members, including but not limited to, better bundled payments that support opiate treatment through the adjustment of Ambulatory Patient Groups (APG) payments to eliminate unnecessary volume incentive and to promote more appropriate access including take home medication, when clinically appropriate; reduced Medicaid Coverage Limits for Rehabilitation Services as pathway to nonpharmacologic treatment alternative for pain management, and increased utilization of the Opioid Medical Maintenance (OMM) Model.
- Promote Maternal Health to Reduce Maternal Mortality: Focuses on optimizing the health of individuals of reproductive age, including discussions on comprehensive family planning and patient centered primary and preventive care. The proposal aims to improve access to quality prenatal care, free from implicit bias, and ensuring postpartum home visits are available to all individuals who agree have a home visit after giving birth, by working with Medicaid Managed Care plans to identify and address the barriers to achieving these goals. The proposal also includes ensuring all pregnant individuals have access to childbirth education and supports the participation of birthing centers in the Perinatal Quality Collaborative.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to these initiatives contained in the budget for SFY 2020-2021 is \$86 million and for SFY 2021-2022 is \$140 million.

### **Pharmacy**

Effective on or after April 1, 2020 and SFY thereafter, these proposals would:

- Reduce Drug Cap Growth by Enhancing Purchasing Power to Lower Drug Costs by providing the ability to negotiate supplemental rebates for new blockbuster drugs and gene therapies that do not yet have utilization; and the authority to negotiate value-based agreements with manufacturers.
- Reducing coverage of certain OTC products and increasing copayments (with exceptions for the most vulnerable populations).

bursement by 5 percent and eliminate funding associated with return on equity payments to for-profit nursing homes.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to these initiatives contained in the budget for SFY 2020/2021 is \$854 million and for SFY 2021/2022 is \$1.672 billion.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state\_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

For the New York City district, copies will be available at the following places:

New York County 250 Church Street New York, New York 10018

Queens County, Queens Center 3220 Northern Boulevard Long Island City, New York 11101

Kings County, Fulton Center 114 Willoughby Street Brooklyn, New York 11201

Bronx County, Tremont Center 1916 Monterey Avenue Bronx, New York 10457

Richmond County, Richmond Center 95 Central Avenue, St. George Staten Island, New York 10301

For further information and to review and comment, please contact: Department of Health, Division of Finance and Rate Setting, 99 Washington Ave., One Commerce Plaza, Suite 1432, Albany, NY 12210, spa\_inquiries@health.ny.gov

### **PUBLIC NOTICE**

New York City Deferred Compensation Plan & NYCE IRA

The New York City Deferred Compensation Plan & NYCE IRA (the "Plan") is seeking proposals from qualified vendors to provide master custodial services to the City of New York Deferred Compensation Plan. The Request for Proposals ("RFP") will be available beginning on Wednesday, March 18, 2020. Responses are due no later than 4:30 p.m. Eastern Time on Thursday, May 28, 2020. To obtain a copy of the RFP, please visit the Plan's web site at www1.nyc.gov/site/olr/about/about-rfp.page and download and review the applicable documents.

If you have any questions, please submit them by fax to Georgette Gestely, Director, at (212) 306-7376.

Consistent with the policies expressed by the City, proposals from certified minority-owned and/or women-owned businesses or proposals that include partnering arrangements with certified minority-owned and/or women-owned firms are encouraged. Additionally, proposals from small and New York City-based businesses are also encouraged.

### PUBLIC NOTICE

Department of State F-2019-1176

Date of Issuance – April 1, 2020

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with

and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2019-1176 or the "Morgenstern Residence", the applicant Richard Morgenstern, is proposing to maintain as completed 4' x 100.5' pier with 4' x 15' "T" and 3'6" x 10' steps. Maintain as completed 4'8" of additional 4' wide "T", 6' davit, 4'-5' x 31.6" pier and 4' x 32'6" pier, one boat lift, two boat whips and two safety ladders. The authorized work is located at 300 Riviera Drive, Town of Oyster Bay, Nassau County, Great South Bay.

The applicant's consistency certification and supporting information are available for review at: http://www.dos.ny.gov/opd/programs/pdfs/Consistency/F-2019-1176\_Morgenstern\_App.pdf

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or, May 1, 2020.

Comments should be addressed to: Consistency Review Unit, Department of State, Office of Planning, Development & Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000, Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

### PUBLIC NOTICE

Department of State Uniform Code Variance / Appeal Petitions

Pursuant to 19 NYCRR Part 1205, the variance and appeal petitions below have been received by the Department of State. Unless otherwise indicated, they involve requests for relief from provisions of the New York State Uniform Fire Prevention and Building Code. Persons wishing to review any petitions, provide comments, or receive actual notices of any subsequent proceeding may contact Brian Tollisen or Neil Collier, Building Standards and Codes, Department of State, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-4073 to make appropriate arrangements.

2020-0134 Matter of William Szmala, Nine Cedar Avenue, Medford, NY 11763, for a variance concerning safety requirements, including the height under a girder/soffit. Involved is an existing one family dwelling located at 269 Hampton Avenue, Town of Brookhaven, NY 11772, County of Suffolk, State of New York.

2020-0141 Matter of Nassau Expeditors Inc., Scott Tirone, 75 Albertson Avenue, Albertson, NY 11507, for a variance concerning safety requirements, including the heights under a girder/soffit. Involved is an existing one family dwelling located at 190 Strattford Road, Town of North Hempstead, NY 11040, County of Nassau, State of New York.

2020-0144 Matter of JL Drafting, John Lagoudes, 707 Route 110, Suite A, Farmingdale, NY 11735, for a variance concerning safety requirements, including the height under a girder/soffit. Involved is an existing one family dwelling located at 474 Wolf Hill Road, Town Of Huntington, NY 11746, County of Suffolk, State of New York.

2020-0153 Matter of Todd Oconnell Architect PC, Todd Oconnell, 1200 Veteran Memorial Hwy. S120, Hauppauge, NY 11788, for a variance concerning safety requirements, including the height under a girder/soffit. Involved is an existing one family dwelling located at Six Whitney Court, Town of Huntington, NY 11746, County of Suffolk, State of New York.

## Appendix V 2020 Title XIX State Plan Fourth Quarter Amendment Responses to Standard Funding Questions

### NON-INSTITUTIONAL SERVICES State Plan Amendment #21-0004

### **CMS Standard Funding Questions**

The following questions are being asked and should be answered in relation to all payments made to all providers reimbursed pursuant to a methodology described in Attachment 4.19-B of the state plan. For SPAs that provide for changes to payments for <a href="clinic or outpatient hospital services">clinic or outpatient hospital services</a> or for <a href="enhanced or supplemental payments to physician or other practitioners">enhanced or supplemental payments to physician or other practitioners</a>, the questions must be answered for all payments made under the state plan for such service.

1. Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by States for services under the approved State plan. Do providers receive and retain the total Medicaid expenditures claimed by the State (includes normal per diem, supplemental, enhanced payments, other) or is any portion of the payments returned to the State, local governmental entity, or any other intermediary organization? If providers are required to return any portion of payments, please provide a full description of the repayment process. Include in your response a full description of the methodology for the return of any of the payments, a complete listing of providers that return a portion of their payments, the amount or percentage of payments that are returned and the disposition and use of the funds once they are returned to the State (i.e., general fund, medical services account, etc.).

**Response:** Providers do retain the payments made pursuant to this amendment. However, this requirement in no way prohibits the public provider, including county providers, from reimbursing the sponsoring local government for appropriate expenses incurred by the local government on behalf of the public provider. The State does not regulate the financial relationships that exist between public health care providers and their sponsoring governments, which are extremely varied and complex. Local governments may provide direct and/or indirect monetary subsidies to their public providers to cover on-going unreimbursed operational expenses and assure achievement of their mission as primary safety net providers. Examples of appropriate expenses may include payments to the local government which include reimbursement for debt service paid on a provider's behalf, reimbursement for Medicare Part B premiums paid for a provider's retirees, reimbursement for contractually required health benefit fund payments made on a provider's behalf, and payment for overhead expenses as allocated per federal Office of Management and Budget Circular 2 CFR 200 regarding Cost Principles for State, Local, and Indian Tribal Governments. The existence of such transfers should in no way negate the legitimacy of these facilities' Medicaid payments or result in reduced Medicaid federal financial participation for the State. This position was further supported by CMS in review and approval of SPA 07-07C when an on-site audit of these transactions for New York City's Health and Hospitals Corporation was completed with satisfactory results.

- 2. Section 1902(a)(2) provides that the lack of adequate funds from local sources will not result in lowering the amount, duration, scope, or quality of care and services available under the plan. Please describe how the state share of each type of Medicaid payment (normal per diem, supplemental, enhanced, other) is funded. Please describe whether the state share is from appropriations from the legislature to the Medicaid agency, through intergovernmental transfer agreements (IGTs), certified public expenditures (CPEs), provider taxes, or any other mechanism used by the state to provide state share. Note that, if the appropriation is not to the Medicaid agency, the source of the state share would necessarily be derived through either through an IGT or CPE. In this case, please identify the agency to which the funds are appropriated. Please provide an estimate of total expenditure and State share amounts for each type of Medicaid payment. If any of the non-federal share is being provided using IGTs or CPEs, please fully describe the matching arrangement including when the state agency receives the transferred amounts from the local governmental entity transferring the funds. If CPEs are used, please describe the methodology used by the state to verify that the total expenditures being certified are eligible for Federal matching funds in accordance with 42 CFR 433.51(b). For any payment funded by CPEs or IGTs, please provide the following:
  - a complete list of the names of entities transferring or certifying funds;
  - (ii) the operational nature of the entity (state, county, city, other);
  - (iii) the total amounts transferred or certified by each entity;
  - (iv) clarify whether the certifying or transferring entity has general taxing authority: and,
  - (v) whether the certifying or transferring entity received appropriations (identify level of appropriations).

**Response:** Payments made to service providers under the provisions of this SPA are funded through a general appropriation received by the State agency that oversees medical assistance (Medicaid), which is the Department of Health.

The source of the appropriation is the Medicaid General Fund Local Assistance Account, which is part of the Global Cap. The Global Cap is funded by General Fund and HCRA resources.

There have been no new provider taxes and no existing taxes have been modified.

3. Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan. If supplemental or enhanced payments are made, please provide the total amount for each type of supplemental or enhanced payment made to each provider type.

**Response:** For the period January 1, 2021 through September 30, 2021 supplemental payments authorized in this Attachment will be paid to providers of services in an amount totaling \$0.3 million. These payments will be made to the non-state owned or operated provider category.

4. For clinic or outpatient hospital services please provide a detailed description of the methodology used by the state to estimate the upper payment limit (UPL) for each class of providers (State owned or operated, non-state government owned or operated, and privately owned or operated). Please provide a current (i.e., applicable to the current rate year) UPL demonstration.

**Response:** The State will include this SPA in the 2021 UPL Outpatient and Clinic UPL demonstration upon submission.

5. Does any governmental provider receive payments that in the aggregate (normal per diem, supplemental, enhanced, other) exceed their reasonable costs of providing services? If payments exceed the cost of services, do you recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report?

**Response:** Freestanding D&TCs and Ambulatory Surgery Centers: The rate methodology included in the State Plan for freestanding diagnostic and treatment and ambulatory surgery center services is based upon the Ambulatory Patient Group (APG) system with the exception of Federally Qualified Health Centers who have the option to opt into the APG system or remain on the Prospective Payment Methodology (PPS) as approved by CMS in SPA 01-03. We are unaware of any requirement under current federal law or regulation that limits individual providers' payments to their actual costs.

Hospital-Based Outpatient: The rate methodologies included in the State Plan for outpatient hospital services are either cost-based subject to ceilings or based upon the Ambulatory Patient Group (APG) system. We are unaware of any requirement under current federal law or regulation that limits individual provider's payments to their actual costs.

### **ACA Assurances:**

1. Maintenance of Effort (MOE). Under section 1902(gg) of the Social Security Act (the Act), as amended by the Affordable Care Act, as a condition of receiving any Federal payments under the Medicaid program during the MOE period indicated below, the State shall not have in effect any eligibility standards, methodologies, or procedures in its Medicaid program which are more restrictive than such eligibility provisions as in effect in its Medicaid program on March 10, 2010.

### **MOE Period.**

Begins on: March 10, 2010, and

 Ends on: The date the Secretary of the Federal Department of Health and Human Services determines an Exchange established by a State under the provisions of section 1311 of the Affordable Care Act is fully operational.

**Response:** This SPA complies with the conditions of the MOE provision of section 1902(gg) of the Act for continued funding under the Medicaid program.

2. Section 1905(y) and (z) of the Act provides for increased FMAPs for expenditures made on or after January 1, 2014 for individuals determined eligible under section 1902(a)(10)(A)(i)(VIII) of the Act. Under section 1905(cc) of the Act, the increased FMAP under sections 1905(y) and (z) would not be available for States that require local political subdivisions to contribute amounts toward the non-Federal share of the State's expenditures at a greater percentage than would have been required on December 31, 2009.

Prior to January 1, 2014 States may potentially require contributions by local political subdivisions toward the non-Federal share of the States' expenditures at percentages greater than were required on December 31, 2009. However, because of the provisions of section 1905(cc) of the Act, it is important to determine and document/flag any SPAs/State plans which have such greater percentages prior to the January 1, 2014 date in order to anticipate potential violations and/or appropriate corrective actions by the States and the Federal government.

**Response:** This SPA would [ ] / would  $\underline{not}$  [  $\checkmark$  ] violate these provisions, if they remained in effect on or after January 1, 2014.

3. Please indicate whether the State is currently in conformance with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

**Response:** The State does comply with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

### **Tribal Assurance:**

Section 1902(a)(73) of the Social Security Act the Act requires a State in which one or more Indian Health Programs or Urban Indian Organizations furnish health care services to establish a process for the State Medicaid agency to seek advice on a regular ongoing basis from designees of Indian health programs whether operated by the Indian Health Service HIS Tribes or Tribal organizations under the Indian Self Determination and Education Assistance Act ISDEAA or Urban Indian Organizations under the Indian Health Care Improvement Act.

IHCIA Section 2107(e)(I) of the Act was also amended to apply these requirements to the Children's Health Insurance Program CHIP.

Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and Urban Indian organizations.

- a) Please describe the process the State uses to seek advice on a regular ongoing basis from federally recognized tribes Indian Health Programs and Urban Indian Organizations on matters related to Medicaid and CHIP programs and for consultation on State Plan Amendments waiver proposals waiver extensions waiver amendments waiver renewals and proposals for demonstration projects prior to submission to CMS.
- b) Please include information about the frequency inclusiveness and process for seeking such advice.
- c) Please describe the consultation process that occurred specifically for the development and submission of this State Plan Amendment when it occurred and who was involved.

**Response:** Tribal consultation was performed in accordance with the State's tribal consultation policy as approved in SPA 17-0065, and documentation of such is included with this submission. To date, no feedback has been received from any tribal representative in response to the proposed change in this SPA.
