RE: SPA #24-0021  
Non-Institutional Services

Dear Mr. McMillion:

The State requests approval of the enclosed amendment #24-0021 to the Title XIX (Medicaid) State Plan for non-institutional services to be effective January 1, 2024 (Appendix I). This amendment is being submitted based on enacted legislation. A summary of the plan amendment is provided in Appendix II.

The State of New York reimburses these services through the use of rates that are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available under the plan at least to the extent that such care and services are available to the general population in the geographic area as required by § 1902(a)(30) of the Social Security Act and 42 CFR § 447.204.

A copy of pertinent sections of enacted legislation is enclosed for your information (Appendix III). A copy of the public notices of this plan amendment, which were given in the New York State Register on December 27, 2023, and clarified on March 27, 2024, is also enclosed for your information (Appendix IV). In addition, responses to the five standard funding questions are also enclosed (Appendix V).

If you have any questions regarding this State Plan Amendment submission, please do not hesitate to contact Regina Deyette, Medicaid State Plan Coordinator, Division of Finance and Rate Setting, Office of Health Insurance Programs at (518) 473-3658.

Sincerely,

Amir Bassiri  
Medicaid Director  
Office of Health Insurance Programs

The actual payroll as reported in the AHCF cost report is then subtracted from the projected payroll resulting in the expected wage costs increase.~~
    - ~~3. The facility's fringe-benefit costs directly affected by the wage increase are identified, and the average fringe-benefit percentage is calculated.~~
    - ~~4. The fringe-benefit percentage is applied to the increased wage costs and added resulting in the minimum wage costs.~~~~

**Summary**

**SUMMARY**  
**SPA #24-0021**

This State Plan Amendment proposes a continuation of minimum wage adjustments through the current Ambulatory Patient Group (APG) rates for Article 28 freestanding clinics and ambulatory surgery centers, as a result of New York state statutory increases to minimum wage on and after January 1, 2024.

**Appendix III**  
**2024 Title XIX State Plan**  
**First Quarter Amendment**  
**Authorizing Provisions**

**SPA 24-0021**

§652(1-a) of the Labor Law:

1-a. Annual minimum wage from January 1, 2024 to December 31, 2026.

(a) New York city. Notwithstanding subdivision one of this section, every employer regardless of size shall pay to each of its employees for each hour worked in the city of New York a wage of not less than:

\$16.00 on and after January 1, 2024,

\$16.50 on and after January 1, 2025,

\$17.00 on and after January 1, 2026, or, if greater, such other wage as may be established by federal law pursuant to 29 U.S.C. section 206 or its successors or such other wage as may be established in accordance with the provisions of this article.

(b) Remainder of downstate. Notwithstanding subdivision one of this section, every employer shall pay to each of its employees for each hour worked in the counties of Nassau, Suffolk, and Westchester, a wage of not less than:

\$16.00 on and after January 1, 2024,

\$16.50 on and after January 1, 2025,

\$17.00 on and after January 1, 2026, or, if greater, such other wage as may be established by federal law pursuant to 29 U.S.C. section 206 or its successors or such other wage as may be established in accordance with the provisions of this article.

(c) Remainder of state. Notwithstanding subdivision one of this section, every employer shall pay to each of its employees for each hour worked outside the city of New York and the counties of Nassau, Suffolk, and Westchester, a wage of not less than:

\$15.00 on and after January 1, 2024,

\$15.50 on and after January 1, 2025,

\$16.00 on and after January 1, 2026, or, if greater, such other wage as may be established by federal law pursuant to 29 U.S.C. section 206 or its successors or such other wage as may be established in accordance with the provisions of this article.

1-b. Annual minimum wage increase beginning on January first, two thousand twenty-seven. (a) New York city. On and after January first, two thousand twenty-seven, every employer regardless of size shall pay to each of its employees for each hour worked in the city of New York, a wage of not less than the adjusted minimum wage rate established annually by the commissioner. Such adjusted minimum wage rate shall be determined by increasing the then current year's minimum wage rate by the rate of change in the average of the three most recent consecutive twelve-month periods between the first of August and the thirty-first of July, each over their preceding twelve-month periods published by the United States department of labor non-seasonally adjusted consumer price index for northeast region urban wage earners and clerical workers (CPI-W) or any successor index as calculated by the United States department of labor, with the result rounded to the nearest five cents.

(b) Remainder of downstate. On and after January first, two thousand twenty-seven, every employer shall pay to each of its employees for each hour worked in the counties of Nassau, Suffolk, and Westchester, a wage of not less than the adjusted minimum wage rate established annually by the commissioner. Such adjusted minimum wage rate shall be determined by increasing the then current year's minimum wage rate by the rate of change in the average of the three most recent consecutive twelve-month periods between the first of August and the thirty-first of July, each

over their preceding twelve-month periods published by the United States department of labor non-seasonally adjusted consumer price index for the northeast region urban wage earners and clerical workers (CPI-W) or any successor index as calculated by the United States department of labor, with the result rounded to the nearest five cents.

(c) Remainder of state. On and after January first, two thousand twenty-seven, every employer shall pay to each of its employees for each hour worked outside of the city of New York and the counties of Nassau, Suffolk, and Westchester a wage of not less than the adjusted minimum wage rate established annually by the commissioner. Such adjusted minimum wage rate shall be determined by increasing the then current year's minimum wage rate by the rate of change in the average of the three most recent consecutive twelve-month periods between the first of August and the thirty-first of July, each over their preceding twelve-month periods published by the United States department of labor non-seasonally adjusted consumer price index for northeast region urban wage earners and clerical workers (CPI-W) or any successor index as calculated by the United States department of labor, with the result rounded to the nearest five cents.

(d) Exceptions. Effective January first, two thousand twenty-seven and thereafter, notwithstanding paragraphs (a), (b) and (c) of this subdivision, there shall be no increase in the minimum wage in the state for the following year if any of the following conditions are met, provided, however, that such exception shall be limited to no more than two consecutive years:

(i) the rate of change in the average of the most recent period of the first of August to the thirty-first of July over the preceding period of the first of August to the thirty-first of July published by the United States department of labor non-seasonally adjusted consumer price index for the northeast region urban wage earners and clerical workers (CPI-W), or any successor index as calculated by the United States department of labor, is negative;

(ii) the three-month moving average of the seasonally adjusted New York state unemployment rate as determined by the U-3 measure of labor underutilization for the most recent period ending the thirty-first of July as calculated by the United States department of labor rises by one-half percentage point or more relative to its low during the previous twelve months; or

(iii) seasonally adjusted, total non-farm employment for New York state in July, calculated by the United States department of labor, decreased from the seasonally adjusted, total non-farm employment for New York state in April, and seasonally adjusted, total non-farm employment for New York state in July, calculated by the United States department of labor, decreased from the seasonally adjusted, total non-farm employment for New York state in January.

(e) The commissioner shall publish the adjusted minimum wage rates no later than the first of October of each year to take effect on the following first day of January.

### Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional and non-institutional services to comply with subparagraph (iv-a) of paragraph (b) of subdivision 35 of section 2807-c of the Public Health Law. The following changes are proposed:

#### Institutional Services

Effective on or after January 1, 2024, the Department of Health will invest in Medicaid inpatient reimbursement rates, through the development of acute and specialty hospital rate add-ons based on Medicaid patient days and discharges, for public hospitals in a city with a population of one million or more.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$325 million.

#### Non-Institutional Services

Effective on or after January 1, 2024, the Department of Health will invest in Medicaid outpatient reimbursement rates, through the development of general clinic, emergency department and ambulatory surgery rate add-ons based on Medicaid patient visits, for public hospitals in a city with a population of one million or more.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget is \$80 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at [http://www.health.ny.gov/regulations/state\\_plans/status](http://www.health.ny.gov/regulations/state_plans/status). **State Plan Amendment #24-0021**

**CMS Standard Funding Questions**

The following questions are being asked and should be answered in relation to all payments made to all providers reimbursed pursuant to a methodology described in Attachment 4.19-B of the state plan.

- 1. Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by States for services under the approved State plan. Do providers receive and retain the total Medicaid expenditures claimed by the State (includes normal per diem, supplemental, enhanced payments, other) or is any portion of the payments returned to the State, local governmental entity, or any other intermediary organization? If providers are required to return any portion of payments, please provide a full description of the repayment process. Include in your response a full description of the methodology for the return of any of the amount or percentage of payments that are returned and the disposition and use of the funds once they are returned to the State (i.e., general fund, medical services account, etc.)**

**Response:** Providers receive and retain 100 percent of total Medicaid expenditures claimed by the State and the State does not require any provider to return any portion of such payments to the State, local government entities, or any other intermediary organization.

- 2. Section 1902(a)(2) provides that the lack of adequate funds from local sources will not result in lowering the amount, duration, scope, or quality of care and services available under the plan. Please describe how the state share of each type of Medicaid payment (normal per diem, supplemental, enhanced, other) is funded. Please describe whether the state share is from appropriations from the legislature to the Medicaid agency, through intergovernmental transfer agreements (IGTs), certified public expenditures (CPEs), provider taxes, or any other mechanism used by the state to provide state share. Note that, if the appropriation is not to the Medicaid agency, the source of the state share would necessarily be derived through either an IGT or CPE. In this case, please identify the agency to which the funds are appropriated. Please provide an estimate of total expenditure and State share amounts for each type of Medicaid payment. If any of the non-federal share is being provided using IGTs or CPEs, please fully describe the matching arrangement including when the state agency receives the transferred amounts from the local government entity transferring the funds. If CPEs are used, please describe the methodology used by the state to verify that the total expenditures being certified are eligible for Federal matching funds in accordance with 42 CFR 433.51(b). For any payment funded by CPEs or IGTs, please provide the following:**
  - (i) a complete list of the names of entities transferring or certifying funds;**
  - (ii) the operational nature of the entity (state, county, city, other);**

- (iii) the total amounts transferred or certified by each entity;
- (iv) clarify whether the certifying or transferring entity has general taxing authority; and,
- (v) whether the certifying or transferring entity received appropriations (identify level of appropriations).

**Response:** The Non-Federal share Medicaid provider payment is funded by a combination of the following funds/funding sources through enacted appropriations authority to the Department of Health (DOH) for the New York State Medicaid program.

Payment Type	Non-Federal Share Funding	4/1/23 – 3/31/24	
		Non-Federal	Gross
Normal Per Diem	General Fund; Special Revenue Funds; County Contribution	\$551M	\$1,260M

A. **General Fund:** Revenue resources for the State’s General Fund includes taxes (e.g., income, sales, etc.), and miscellaneous fees (including audit recoveries). Medicaid expenditures from the State’s General Fund are authorized from Department of Health Medicaid.

- 1) New York State Audit Recoveries: The Department of Health collaborates with the Office of the Medical Inspector General (OMIG) and the Office of the Attorney General (AG) in recovering improperly expended Medicaid funds. OMIG conducts and coordinates the investigation, detection, audit, and review of Medicaid providers and recipients to ensure they are complying with all applicable laws and regulation. OMIG recovers any improper payments through cash collections and voided claim recoveries. Cash collections are deposited into the State’s General Fund to offset Medicaid costs.

In addition to cash collections, OMIG finds inappropriately billed claims within provider claims. To correct an error, OMIG and DOH process the current accurate claim, and reduce this claim by the inappropriate claim value to recoup the previous overclaim and decrease state spending.

**B. Special Revenue Funds:**

- 1) Health Care Reform Act (HCRA) Resource Fund: as authorized in section 92-dd of New York State Finance Law and was established in 1996, pursuant to New York State Public Health Law 2807-j. HCRA resources include:
  - Surcharge on net patient service revenues for specified provider types including Comprehensive Diagnostic and Treatment Centers and Ambulatory Surgery Centers.
    - The rate for commercial payors is 9.63 percent.
    - The rate for governmental payors, including Medicaid, is 7.04 percent.
    - Federal payors, including Medicare, are exempt from the surcharge.

NOTE: New York's Health Care taxes are either broad based and uniform (as in all HFCAP assessments except for the Personal Care Provider Cash Assessment) or have a specific exemption known as the "D'Amato provision (Federal PHL section 105-33 4722 (c))" which allows the HCRA surcharges to exist in their current format. The single tax which has been determined by the State to be an impermissible provider tax is the HFCAP charge on Personal Care Providers. The State does not claim any Federal dollars for the surcharge collected in this manner in order to comply with all Federal provider tax rules.

**C. Additional Resources for Non-Federal Share Funding:**

County Contribution: In State Fiscal Year 2006, through enacted State legislation (Part C of Chapter 58 of the laws of 2005), New York State "capped" the amount localities contributed to the non-Federal share of providers claims. This was designed to relieve pressure on county property taxes and the NYC budget by limiting local contributions having New York State absorb all local program costs above this fixed statutory inflation rate (3% at the time).

However, in State Fiscal Year 2013 New York State provided additional relief to Localities by reducing local contributions annual growth from three percent to zero over a three-year period. Beginning in State Fiscal Year 2016, counties began paying a fixed cost in perpetuity as follows:

<b>Entity</b>	<b>Annual Amount</b>
New York City	\$5.200B
Suffolk County	\$226M
Nassau County	\$217M
Westchester County	\$204M
Erie County	\$194M
Rest of State (53 Counties)	\$1.187B
<b>Total</b>	<b>\$7.228B</b>

By eliminating the growth in localities Medicaid costs, the State has statutorily capped total Statewide County Medicaid expenditures at 2015 levels. All additional county Medicaid costs are funded by the State through State funding as described above. DOH provides annual letters to counties providing weekly contributions. Contributions are deposited directly into State escrow account and used to offset 'total' State share Medicaid funding.

NOTE: The Local Contribution is not tied to a specific claim or service category and instead is a capped amount based on 2015 county spending levels as stated above.

- Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan. If supplemental or enhanced payments are made, please provide the total amount for each type of supplemental or enhanced payment made to each provider type.**

**Response:** The Medicaid payments under this State Plan Amendment are not supplemental payments.

- 4. For clinic or outpatient hospital services please provide a detailed description of the methodology used by the state to estimate the upper payment limit (UPL) for each class of providers (state owned or operated, non-state government owned or operated, and privately owned or operated). Please provide a current (i.e., applicable to the current rate year) UPL demonstration. Under regulations at 42 CFR 447.272, States are prohibited from setting payment rates for Medicaid inpatient services that exceed a reasonable estimate of the amount that would be paid under Medicare payment principals.**

**Response:** The clinic UPL demonstration utilizes cost-to-payment methodology to estimate the upper payment limit for each class of providers. The Medicaid payments under this State Plan Amendment will be included in the 2024 clinic UPL when it is submitted to CMS.

- 5. Does any governmental provider receive payments that in the aggregate (normal per diem, supplemental, enhanced, other) exceed their reasonable costs of providing services? If payments exceed the cost of services, do you recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report?**

**Response:** Providers do not receive payments that in the aggregate exceed their reasonable costs of providing services. If any providers received payments that in the aggregate exceeded their reasonable costs of providing services, the State would recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report.

#### **ACA Assurances:**

- 1. Maintenance of Effort (MOE). Under section 1902(gg) of the Social Security Act (the Act), as amended by the Affordable Care Act, as a condition of receiving any Federal payments under the Medicaid program during the MOE period indicated below, the State shall not have in effect any eligibility standards, methodologies, or procedures in its Medicaid program which are more restrictive than such eligibility provisions as in effect in its Medicaid program on March 10, 2010.**

#### **MOE Period.**

- **Begins on: March 10, 2010, and**
- **Ends on: The date the Secretary of the Federal Department of Health and Human Services determines an Exchange established by a State under the provisions of section 1311 of the Affordable Care Act is fully operational.**

**Response:** This SPA complies with the conditions of the MOE provision of section 1902(gg) of the Act for continued funding under the Medicaid program.

2. **Section 1905(y) and (z) of the Act provides for increased FMAPs for expenditures made on or after January 1, 2014 for individuals determined eligible under section 1902(a)(10)(A)(i)(VIII) of the Act. Under section 1905(cc) of the Act, the increased FMAP under sections 1905(y) and (z) would not be available for States that require local political subdivisions to contribute amounts toward the non-Federal share of the State's expenditures at a greater percentage than would have been required on December 31, 2009.**

**Prior to January 1, 2014 States may potentially require contributions by local political subdivisions toward the non-Federal share of the States' expenditures at percentages greater than were required on December 31, 2009. However, because of the provisions of section 1905(cc) of the Act, it is important to determine and document/flag any SPAs/State plans which have such greater percentages prior to the January 1, 2014 date in order to anticipate potential violations and/or appropriate corrective actions by the States and the Federal government.**

**Response:** This SPA would [ ] / would not [✓] violate these provisions, if they remained in effect on or after January 1, 2014.

3. **Please indicate whether the State is currently in conformance with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.**

**Response:** The State complies with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

**Tribal Assurance:**

**Section 1902(a)(73) of the Social Security Act the Act requires a State in which one or more Indian Health Programs or Urban Indian Organizations furnish health care services to establish a process for the State Medicaid agency to seek advice on a regular ongoing basis from designees of Indian health programs whether operated by the Indian Health Service HIS Tribes or Tribal organizations under the Indian Self Determination and Education Assistance Act ISDEAA or Urban Indian Organizations under the Indian Health Care Improvement Act.**

**IHCIA Section 2107(e)(I) of the Act was also amended to apply these requirements to the Children's Health Insurance Program CHIP. Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and Urban Indian organizations.**

- a) **Please describe the process the State uses to seek advice on a regular ongoing basis from federally recognized tribes Indian Health Programs and Urban Indian Organizations on matters related to Medicaid and CHIP programs and for consultation on State Plan Amendments waiver proposals waiver extensions waiver amendments waiver renewals and proposals for demonstration projects prior to submission to CMS.**

- b) Please include information about the frequency inclusiveness and process for seeking such advice.**
- c) Please describe the consultation process that occurred specifically for the development and submission of this State Plan Amendment when it occurred and who was involved.**

**Response:** Tribal consultation was performed in accordance with the State's tribal consultation policy as approved in SPA 17-0065, and documentation of such is included with this submission. To date, no feedback has been received from any tribal representative in response to the proposed change in this SPA.
