RE: SPA #24-0065
Non-Institutional Services

Dear Director McMillion:

The State requests approval of the enclosed amendment #24-0065 to the Title XIX (Medicaid) State Plan for non-institutional services to be effective October 1, 2024 (Appendix I). This amendment is being submitted based on enacted legislation. A summary of the plan amendment is provided in Appendix II.

The State of New York reimburses these services through the use of rates that are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available under the plan at least to the extent that such care and services are available to the general population in the geographic area as required by § 1902(a)(30) of the Social Security Act and 42 CFR § 447.204.

A copy of pertinent sections of proposed enacted legislation is enclosed for your information (Appendix III). Copies of the public notices of this plan amendment, which were given in the *New York State Register* on September 25, 2024, and subsequently clarified on December 11, 2024, are also enclosed for your information (Appendix IV). In addition, responses to the five standard funding questions are also enclosed (Appendix V).

If you have any questions regarding this State Plan Amendment submission, please do not hesitate to contact Regina Deyette, Medicaid State Plan Coordinator, Division of Finance and Rate Setting, Office of Health Insurance Programs at (518) 473-3658.

Sincerely,

Tribal Federally Qualified Health Center Payment Methodology:
Indian Health Service (IHS)/Tribal 638 facilities electing to be recognized/enrolled in New York State (NYS) Medicaid as a Tribal Federally Qualified Health Center (TFQHC) will be paid according to the following:

Effective on or after October 1, 2024, New York State will reimburse IHS/Tribal 638 facilities that are designated in New York State (NYS) Medicaid as a Tribal Federally Qualified Health Center (TFQHC) an alternative payment methodology (APM), which is equal to the federal all-inclusive rate (AIR) published annually in the Federal Register. TFQHCs will be reimbursed the full APM/AIR for eligible threshold visits rendered by qualified healthcare practitioners who are recognized/approved under the NYS Medicaid State Plan. This change will allow TFQHCs to be reimbursed the full APM/AIR for any eligible threshold visit provided onsite or outside the four walls of the TFQHC only for services rendered to American Indians/Alaskan Natives (AIs/ANs) under a written care coordination agreement and billed to Medicaid "Through" the TFQHC.

IHS/Tribal 638 facilities, including TFQHCs, will be able to be reimbursed for up to a total of five (5) encounters/services per member per day for any combination of medical, behavioral health, dental, and ambulatory visits delivered face-to-face (either in person or via telehealth/telemedicine) as part of an eligible threshold visit. Eligible threshold visits are limited to Medicaid-covered services rendered by qualified healthcare practitioners who are recognized/approved under the NYS Medicaid State Plan. IHS/Tribal 638/TFQHC's may offer an array of distinct, non-related services to a member during a single encounter. This change would allow IHS/Tribal 638/TFQHC providers the ability to be reimbursed the full APM/AIR for up to five (5) eligible threshold encounters/services rendered face-to-face (either in person or via telehealth/telemedicine) per member per day when distinct, non-related services are provided to a member during an eligible threshold visit, or for any encounter/service billed "Through" a TFQHC for services rendered offsite as a part of a care coordination agreement.

Summary

SUMMARY
SPA #24-0065

This State Plan Amendment proposes effective on or after October 1, 2024, New York State will reimburse Indian Health Service (IHS)/Tribal 638 facilities electing to be recognized/enrolled in New York State (NYS) Medicaid as a Tribal Federally Qualified Health Center (TFQHC) an alternative payment methodology (APM), which is equal to the federal all-inclusive rate (AIR). TFQHCs will be reimbursed the full APM/AIR for eligible threshold visits rendered by qualified healthcare practitioners. This change will allow TFQHC's facilities to be reimbursed the full APM/AIR for any eligible threshold visit provided onsite or outside the four walls of the TFQHC only for services rendered to American Indians/Alaska Natives (AI's/AN's) either outside the four walls of the IHS/Tribal facility or for services provided to AI's/AN's under a written care coordination agreement and billed to Medicaid "Through" TFQHC.

IHS/Tribal 638 facilities, including TFQHCs, will be able to be reimbursed for up to a total of five (5) encounters/services per member per day for any combination of medical, behavioral health, dental, and ambulatory visits delivered face-to-face (either in person or via telehealth/telemedicine) as part of an eligible threshold visit. Tribal FQHC's may offer an array of distinct, non-related services to a member during a single encounter. This change would allow IHS/Tribal providers the ability to be reimbursed the full APM/AIR for up to five (5) eligible threshold encounters/services rendered face-to-face (either in person or via telehealth/telemedicine) when distinct, non-related services are provided to a member during an eligible threshold visit, or for any encounter/service billed "Through" a TFQHC for services rendered offsite as a part of a care coordination agreement.

PUBLIC NOTICE
Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to outpatient clinics operated by a tribe or tribal organization and funded by the Indian Self-Determination Act (Public Law 93-638). The following changes are proposed:

Non-Institutional Services

Effective on or after October 1, 2024, the Department of Health will amend the New York Medicaid State Plan for Tribal 638 outpatient facilities to clarify that outpatient services provided by or through facilities of the Indian Health Services (IHS) which includes, at the option of the tribe, facilities operated by a tribe or tribal organization and funded by Title I or V of the Indian Self Determination and Education Assistance Act, also known as Tribal 638 facilities are paid at the most current applicable rates published in the Federal Register or Federal Register Notices by IHS.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after October 1, 2024, New York State will reimburse Indian Health Service (IHS) /Tribal 638 facilities enrolled in New York State (NYS) Medicaid as a Tribal Federally Qualified Health Center (TFQHC) an alternative payment methodology (APM), which is equal to the federal all-inclusive rate (AIR) published annually in the Federal Register. TFQHCs will be reimbursed the full APM/AIR for eligible threshold visits rendered by qualified healthcare practitioners who are recognized/approved under the NYS Medicaid State Plan. This change will allow TFQHC's to be reimbursed the full APM/AIR for services provided to American Indians/Alaska Natives (AI's/AN's) either outside the four walls of the IHS/Tribal facility or for services provided to AI's/AN's "Through" the TFQHC under a written care coordination agreement.

IHS/Tribal 638 facilities, including TFQHCs, will be able to be reimbursed for up to a total of three (3) services per member per day for any combination of medical, behavioral health, dental, and ambulatory visits delivered face-to-face (either in person or via telehealth/telemedicine) as part of an eligible threshold visit. Eligible threshold visits are limited to Medicaid-covered services rendered by qualified healthcare practitioners who are recognized/approved under the NYS Medicaid State Plan. Tribal FQHC's may provide an array of distinct, non-related services to a member during a single encounter. This change would allow IHS/Tribal facilities the ability to be reimbursed the full APM/AIR for up to three (3) eligible threshold visits rendered face-to-face (either in person or via telehealth/telemedicine) when distinct, non-related services are provided to a member during a member encounter or when delivered as a part of a care coordination agreement per member per day.

The estimated net aggregate increase in gross Medicaid expenditures as a result of this proposed amendment for state fiscal year 2024-2025 is $2.6 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to outpatient clinics operated by a tribe or tribal organization and funded by the Indian Self-Determination Act (Public Law 93-638). The following changes are proposed:

Non-Institutional Services

The following is a clarification to the September 25, 2024, noticed provision to amend the total of encounters/services per member per day from three (3) to five (5), that Indian Health Services (IHS)/Tribal 638 facilities, including Tribal Federally Qualified Health Centers (TFQHCs), will be reimbursed for any combination of medical, behavioral health, dental, and ambulatory visits delivered face-to-face (either in-person or via telehealth/telemedicine) as part of an eligible threshold visit. Eligible threshold visits are limited to Medicaid-covered services rendered by qualified healthcare practitioners who are recognized/approved under the NYS Medicaid State Plan. IHS/Tribal 638/TFQHC providers may offer an array of distinct, non-related services to a member during a single encounter. This change would allow IHS/Tribal 638/TFQHC providers the ability to be reimbursed the full alternative payment methodology (APM)/all-inclusive rate (AIR) for up to a total of five (5) eligible threshold visits rendered face-to-face (either in person or via telehealth/telemedicine) when distinct, non-related services are provided to a member during a member encounter or when delivered as a part of a care coordination agreement per member per day.

With clarification, the estimated net aggregate increase in gross Medicaid expenditures as a result of this proposed amendment for state fiscal year 2024-2025 is $2.7 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional, non-institutional and long-term care services to comply with statutory provisions. The following changes are proposed:

Non-Institutional Services

Effective on or after January 1, 2025, this proposal continues the supplemental upper payment limit payments made to general hospitals, other than major public general hospitals under non-institutional services of $339 million annually.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

For the period beginning January 1, 2025 through December 31, 2025, this proposal continues hospital outpatient payment adjustments that increase the operating cost components of rates of payment for hospital outpatient and emergency departments on and after April 1, 2011, for public general hospitals other than those operated by the State of New York or the State University of New York, which are located in a city with a population of over one million. The amount to be paid will be up to $287 million annually based on the current criteria and methodology set by the Commissioner of Health, which the Commissioner may periodically set through a memorandum of understanding with the New York City Health and Hospitals Corporation. Such adjustments shall be paid by means of one or more estimated payments. Payments may be added to rates of payment or made as aggregate payments.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

For the period beginning January 1, 2025 through December 31, 2025, this proposal continues payment of up to $5.4 million in additional annual Medicaid payments to county operated free-standing clinics, not including facilities operated by the New York City Health and Hospitals Corporation, for services provided by such DTC and those provided by a county operated freestanding mental health or substance abuse DTC. Distributions shall be based on each eligible facility's proportionate share of the sum of all DTC and clinic visits for all eligible facilities receiving payments for the base year two years prior to the rate year. The proportionate share payments may be added to rates of payment or made as aggregate payments to eligible facilities.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after January 1, 2025, this proposal continues the supplemental upper payment limit payments made to general hospitals, other than major public general hospitals under institutional services of $339 million annually.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

For the period beginning January 1, 2025 through December 31, 2025, this proposal continues adjustments for hospital inpatient services provided on and after April 1, 2012, to public general hospitals, other than those operated by the State of New York or the State University of New York, located in a city with a population of over one million and receiving reimbursement of up to $1.08 billion annually based on the current criteria and methodology set by the Commissioner of Health, which the Commissioner may periodically set through a memorandum of understanding with the New York City Health and Hospitals Corporation. Such adjustments shall be paid by means of one or more estimated payments. Payments to eligible public general hospitals may be added to rates of payment or made as aggregate payments.

There is no change to the annual gross Medicaid expenditures as a result of this proposed amendment.

For the period beginning January 1, 2025 through December 31, 2025, this proposal continues supplemental payments to State government owned hospitals. These payments will not exceed the upper payment limit for inpatient services provided by State government-owned hospitals when aggregated with other Medicaid payments.

There is no change to the annual gross Medicaid expenditures as a result of this amendment.

Long Term Care Services

Effective on or after January 1, 2025, this proposal continues additional payments to non-state government operated public residential health care facilities, including public residential health care facilities located in Nassau, Westchester, and Erie Counties, but not excluding public residential health care facilities operating by a town or city

NON-INSTITUTIONAL SERVICES
State Plan Amendment #24-0065

CMS Standard Funding Questions

The following questions are being asked and should be answered in relation to all payments made to all providers reimbursed pursuant to a methodology described in Attachment 4.19-B of the state plan.

1. **Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by States for services under the approved State plan. Do providers receive and retain the total Medicaid expenditures claimed by the State (includes normal per diem, supplemental, enhanced payments, other) or is any portion of the payments returned to the State, local governmental entity, or any other intermediary organization? If providers are required to return any portion of payments, please provide a full description of the repayment process. Include in your response a full description of the methodology for the return of any of the amount or percentage of payments that are returned and the disposition and use of the funds once they are returned to the State (i.e., general fund, medical services account, etc.)**

   Response: Providers receive and retain 100 percent of total Medicaid expenditures claimed by the State and the State does not require any provider to return any portion of such payments to the State, local government entities, or any other intermediary organization.

2. **Section 1902(a)(2) provides that the lack of adequate funds from local sources will not result in lowering the amount, duration, scope, or quality of care and services available under the plan. Please describe how the state share of each type of Medicaid payment (normal per diem, supplemental, enhanced, other) is funded. Please describe whether the state share is from appropriations from the legislature to the Medicaid agency, through intergovernmental transfer agreements (IGTs), certified public expenditures (CPEs), provider taxes, or any other mechanism used by the state to provide state share. Note that, if the appropriation is not to the Medicaid agency, the source of the state share would necessarily be derived through either an IGT or CPE. In this case, please identify the agency to which the funds are appropriated. Please provide an estimate of total expenditure and State share amounts for each type of Medicaid payment. If any of the non-federal share is being provided using IGTs or CPEs, please fully describe the matching arrangement including when the state agency receives the transferred amounts from the local government entity transferring the funds. If CPEs are used, please describe the methodology used by the state to verify that the total expenditures being certified are eligible for Federal matching funds in accordance with 42 CFR 433.51(b). For any payment funded by CPEs or IGTs, please provide the following:**
   - **(i) a complete list of the names of entities transferring or certifying funds;**
   - **(ii) the operational nature of the entity (state, county, city, other);**

(iii) the total amounts transferred or certified by each entity;
(iv) clarify whether the certifying or transferring entity has general taxing authority: and,
(v) whether the certifying or transferring entity received appropriations (identify level of appropriations).

Response: The Non-Federal share Medicaid provider payment is funded by a combination of the following funds/funding sources through enacted appropriations authority to the Department of Health (DOH) for the New York State Medicaid program.

		4/1/24 – 3/31/25	
Payment Type	**Non-Federal Share Funding**	**Non-Federal**	**Gross**
Normal Per Diem	General Fund; County Contribution	$63,160	$1.3M

A. **General Fund:** Revenue resources for the State's General Fund includes taxes (e.g., income, sales, etc.), and miscellaneous fees (including audit recoveries). Medicaid expenditures from the State's General Fund are authorized from Department of Health Medicaid.

1) New York State Audit Recoveries: The Department of Health collaborates with the Office of the Medical Inspector General (OMIG) and the Office of the Attorney General (AG) in recovering improperly expended Medicaid funds. OMIG conducts and coordinates the investigation, detection, audit, and review of Medicaid providers and recipients to ensure they are complying with all applicable laws and regulation. OMIG recovers any improper payments through cash collections and voided claim recoveries. Cash collections are deposited into the State's General Fund to offset Medicaid costs.

   In addition to cash collections, OMIG finds inappropriately billed claims within provider claims. To correct an error, OMIG and DOH process the current accurate claim, and reduce this claim by the inappropriate claim value to recoup the previous overclaim and decrease state spending.

B. Additional Resources for Non-Federal Share Funding:

County Contribution: In State Fiscal Year 2006, through enacted State legislation (Part C of Chapter 58 of the laws of 2005), New York State "capped" the amount localities contributed to the non-Federal share of providers claims. This was designed to relieve pressure on county property taxes and the NYC budget by limiting local contributions having New York State absorb all local program costs above this fixed statutory inflation rate (3% at the time).

However, in State Fiscal Year 2013 New York State provided additional relief to Localities by reducing local contributions annual growth from three precent to zero over a three-year period. Beginning in State Fiscal Year 2016, counties began paying a fixed cost in perpetuity as follows:

Entity	Annual Amount
New York City	$5.210B
Suffolk County	$243M
Nassau County	$231M
Westchester County	$215M
Erie County	$205M
Rest of State (53 Counties)	$1.260B
Total	**$7.364B**

By eliminating the growth in localities Medicaid costs, the State has statutorily capped total Statewide County Medicaid expenditures at 2015 levels. All additional county Medicaid costs are funded by the State through State funding as described above. DOH provides annual letters to counties providing weekly contributions. Contributions are deposited directly into State escrow account and used to offset 'total' State share Medicaid funding.

NOTE: The Local Contribution is not tied to a specific claim or service category and instead is a capped amount based on 2015 county spending levels as stated above.

3. **Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan. If supplemental or enhanced payments are made, please provide the total amount for each type of supplemental or enhanced payment made to each provider type.**

   Response: The Medicaid payments under this State Plan Amendment are not supplemental payments.

4. **For clinic or outpatient hospital services please provide a detailed description of the methodology used by the state to estimate the upper payment limit (UPL) for each class of providers (state owned or operated, non-state government owned or operated, and privately owned or operated). Please provide a current (i.e., applicable to the current rate year) UPL demonstration. Under regulations at 42 CFR 447.272, States are prohibited from setting payment rates for Medicaid inpatient services that exceed a reasonable estimate of the amount that would be paid under Medicare payment principals.**

   Response: The Medicaid payments authorized under this State Plan Amendment do not impact the UPL demonstrations.

5. **Does any governmental provider receive payments that in the aggregate (normal per diem, supplemental, enhanced, other) exceed their reasonable costs of providing services? If payments exceed the cost of services, do you recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report?**

Response: Providers do not receive payments that in the aggregate exceed their reasonable costs of providing services. If any providers received payments that in the aggregate exceeded their reasonable costs of providing services, the State would recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report.

ACA Assurances:

1. **Maintenance of Effort (MOE). Under section 1902(gg) of the Social Security Act (the Act), as amended by the Affordable Care Act, as a condition of receiving any Federal payments under the Medicaid program during the MOE period indicated below, the State shall not have in effect any eligibility standards, methodologies, or procedures in its Medicaid program which are more restrictive than such eligibility provisions as in effect in its Medicaid program on March 10, 2010.**

   MOE Period.
   - **Begins on: March 10, 2010, and**
   - **Ends on: The date the Secretary of the Federal Department of Health and Human Services determines an Exchange established by a State under the provisions of section 1311 of the Affordable Care Act is fully operational.**

   Response: This SPA complies with the conditions of the MOE provision of section 1902(gg) of the Act for continued funding under the Medicaid program.

2. **Section 1905(y) and (z) of the Act provides for increased FMAPs for expenditures made on or after January 1, 2014 for individuals determined eligible under section 1902(a)(10)(A)(i)(VIII) of the Act. Under section 1905(cc) of the Act, the increased FMAP under sections 1905(y) and (z) would not be available for States that require local political subdivisions to contribute amounts toward the non-Federal share of the State's expenditures at a greater percentage than would have been required on December 31, 2009.**

   Prior to January 1, 2014 States may potentially require contributions by local political subdivisions toward the non-Federal share of the States' expenditures at percentages greater than were required on December 31, 2009. However, because of the provisions of section 1905(cc) of the Act, it is important to determine and document/flag any SPAs/State plans which have such greater percentages prior to the January 1, 2014 date in order to anticipate potential violations and/or appropriate corrective actions by the States and the Federal government.

   Response: This SPA would [ ] / would not [✓] violate these provisions, if they remained in effect on or after January 1, 2014.

3. **Please indicate whether the State is currently in conformance with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.**

Response: The State complies with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

Tribal Assurance:

Section 1902(a)(73) of the Social Security Act the Act requires a State in which one or more Indian Health Programs or Urban Indian Organizations furnish health care services to establish a process for the State Medicaid agency to seek advice on a regular ongoing basis from designees of Indian health programs whether operated by the Indian Health Service HIS Tribes or Tribal organizations under the Indian Self Determination and Education Assistance Act ISDEAA or Urban Indian Organizations under the Indian Health Care Improvement Act.

IHCIA Section 2107(e)(I) of the Act was also amended to apply these requirements to the Children's Health Insurance Program CHIP. Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and Urban Indian organizations.

a) **Please describe the process the State uses to seek advice on a regular ongoing basis from federally recognized tribes Indian Health Programs and Urban Indian Organizations on matters related to Medicaid and CHIP programs and for consultation on State Plan Amendments waiver proposals waiver extensions waiver amendments waiver renewals and proposals for demonstration projects prior to submission to CMS.**
b) **Please include information about the frequency inclusiveness and process for seeking such advice.**
c) **Please describe the consultation process that occurred specifically for the development and submission of this State Plan Amendment when it occurred and who was involved.**

Response: Tribal consultation was performed in accordance with the State's tribal consultation policy as approved in SPA 17-0065, and documentation of such is included with this submission. To date, no feedback has been received from any tribal representative in response to the proposed change in this SPA.
