JAMES V. McDONALD, MD, MPH Commissioner

JOHANNE E. MORNE, MS Executive Deputy Commissioner

March 28, 2025

Todd McMillion Director Department of Health and Human Services Centers for Medicare and Medicaid Services 233 North Michigan Ave, Suite 600 Chicago, IL 60601

> RE: SPA #25-0002 Non-Institutional Services

Dear Director McMillion:

The State requests approval of the enclosed amendment #25-0002 to the Title XIX (Medicaid) State Plan for non-institutional services to be effective January 1, 2025 (Appendix I). This amendment is being submitted based on enacted legislation. A summary of the plan amendment is provided in Appendix II.

The State of New York reimburses these services through the use of rates that are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available under the plan at least to the extent that such care and services are available to the general population in the geographic area as required by § 1902(a)(30) of the Social Security Act and 42 CFR § 447.204.

A copy of pertinent sections of enacted legislation is enclosed for your information (Appendix III). A copy of the public notice of this plan amendment, which was given in the *New York State Register* on December 31, 2024, is also enclosed for your information (Appendix IV). In addition, responses to the five standard funding questions are also enclosed (Appendix V).

If you have any questions regarding this State Plan Amendment submission, please do not hesitate to contact Regina Deyette, Medicaid State Plan Coordinator, Division of Finance and Rate Setting, Office of Health Insurance Programs at (518) 473-3658.

Sincerely,

Amir Bassiri Medicaid Director Office of Health Insurance Programs

New York 4(a)(i)(10)

1905(a)(2)(C) Federally Qualified Health Centers (FQHC)

Federally Qualified Health Center Non-Visit Telehealth

Effective on or after January 1, 2025, the Department will reimburse Federally Qualified Health Centers for non-visit telehealth services, meaning the service does not meet the definition of a threshold visit and does not require onsite presence of the patient or provider to deliver care. Examples of non-visit services include interprofessional consultations (also known as eConsults) and remote patient monitoring.

Federally Qualified Health Centers will be reimbursed for non-visit services using the procedure codes and fees listed on the ordered ambulatory fee schedule in lieu of the Prospective Payment System rate. All rates are published on the agency's eMedNY website found at the following link: https://www.emedny.org/ProviderManuals/index.aspx.

Appendix II 2025 Title XIX State Plan First Quarter Amendment Summary

SUMMARY SPA #25-0002

This State Plan Amendment proposes to reimburse Federally Qualified Health Centers a separate payment in lieu of the Prospective Payment System for non-visit services, such as eConsults, remote patient monitoring, virtual check-ins, and eVisits. Federally Qualified Health Centers will bill these services through the ordered ambulatory fee schedule. Appendix III 2025 Title XIX State Plan First Quarter Amendment Authorizing Provisions

SSL § 367-u

§ 367-u. Payment for home telehealth services. 1. Subject to the approval of the state director of the budget, the commissioner may authorize the payment of medical assistance funds for demonstration rates or fees established for home telehealth services provided pursuant to subdivision three-c of section thirty-six hundred fourteen of the public health law. 2. Subject to federal financial participation and the approval of the director of the budget, the commissioner shall not exclude from the payment of medical assistance funds the delivery of health care services through telehealth, as defined in subdivision four of section two thousand nine hundred ninety-nine-cc of the public health law. Such services shall meet the requirements of federal law, rules and regulations for the provision of medical assistance pursuant to this title.

PHL § 2999-dd

§ 2999-dd. Telehealth delivery of services. * 1. Health care services delivered by means of telehealth shall be entitled to reimbursement under section three hundred sixty-seven-u of the social services law on the same basis, at the same rate, and to the same extent the equivalent services, as may be defined in regulations promulgated by the commissioner, are reimbursed when delivered in person; provided, however, that health care services delivered by means of telehealth shall not require reimbursement to a telehealth provider for certain costs, including but not limited to facility fees or costs reimbursed through ambulatory patient groups or other clinic reimbursement methodologies set forth in section twenty-eight hundred seven of this chapter, if such costs were not incurred in the provision of telehealth services due to neither the originating site nor the distant site occurring within a facility or other clinic setting; and further provided, however, reimbursement for additional modalities, provider categories and originating sites specified in accordance with section twenty-nine hundred ninety-nine-ee of this article, and audio-only telephone communication defined in regulations promulgated pursuant to subdivision four of section twenty-nine hundred ninety-nine-cc of this article, shall be contingent upon federal financial participation. Notwithstanding the provisions of this subdivision, for services licensed, certified or otherwise authorized pursuant to article sixteen, article thirty-one or article thirty-two of the mental hygiene law, such services provided by telehealth, as deemed appropriate by the relevant commissioner, shall be reimbursed at the applicable in person rates or fees established by law, or otherwise established or certified by the

office for people with developmental disabilities, office of mental health, or the office of addiction services and supports pursuant to article forty-three of the mental hygiene law. * NB Effective until April 1, 2024 * 1. Health care services delivered by means of

telehealth shall be entitled to reimbursement under section three hundred sixty-seven-u of the social services law; provided however, reimbursement for additional modalities, provider categories and originating sites specified in accordance with section twenty-nine hundred ninety-nine-ee of this article, and audio-only telephone communication defined in regulations promulgated pursuant to subdivision four of section twenty-nine hundred ninety-nine-cc of this article, shall be contingent upon federal financial participation. * NB Effective April 1, 2024 2. The department of health, the office of mental health, the office of alcoholism and substance abuse services, and the office for people with developmental disabilities shall coordinate on the issuance of a single guidance document, to be updated as appropriate, that shall: (a) identify any differences in regulations or policies issued by the agencies, including with respect to reimbursement pursuant to section three hundred sixty-seven-u of the social services law; and (b) be designed to assist consumers, providers, and health plans in understanding and facilitating the appropriate use of telehealth in addressing barriers to care. 3. (a) Dental telehealth services shall adhere to the standards of appropriate patient care required in other dental health care settings, including but not limited to appropriate patient examination, taking of x-rays, and review of a patient's medical and dental history. All dental telehealth providers shall identify themselves to patients, including providing the professional's New York state license number. No dental telehealth provider shall attempt to waive liability for its telehealth services in advance of delivering such telehealth services and no dental telehealth provider shall attempt to prevent a patient from filing any complaint with any governmental agency or authority. (b) This subdivision shall not be construed to diminish requirements for other telehealth services. 4. Nothing in this article shall be deemed to allow any person to provide any service for which a license, registration, certification or other authorization under title eight of the education law is required and which the person does not possess.

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to comply with the federal statutory requirements in Section 5121 of the Consolidated Appropriations Act, 2023 (CAA, 2023) (P.L. 117-328). The following changes are proposed:

Non-Institutional Services

Effective on or after January 1, 2025, State Medicaid programs are federally required to have a plan in place and, in accordance with such plan, provide any screenings and diagnostic services which meet reasonable standards of medical and dental practice, as determined by the state, or as otherwise indicated as medically necessary, in accordance with the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) requirements, including a behavioral health screening or diagnostic service, for an eligible individual who is within 30 days of their scheduled date of release from a public carceral setting following adjudication.

Effective on or after January 1, 2025, State Medicaid programs are also federally required to have a plan in place and, in accordance with such plan, provide Targeted Case Management (TCM) services in the 30 days prior to release, and for at least 30 days following release, including referrals to appropriate care and services available in the geographic region of the home or residence of the eligible juvenile.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$1.5 million for screenings and diagnostic services, and \$3 million for TCM services.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/ state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

For the New York City district, copies will be available at the following places:

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to comply with PHL 2999-D and SSL § 367-u. The following changes are proposed:

Non-Institutional Services

Effective on or after January 1, 2025, The Department of Health will reimburse Federally Qualified Health Centers and Rural Health Clinics a separate payment in lieu of the Prospective Payment System rate for non-visit services, such as eConsults and remote patient monitoring.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$86,000.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/ state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

Appendix V 2025 Title XIX State Plan First Quarter Amendment Responses to Standard Funding Questions

NON-INSTITUTIONAL SERVICES State Plan Amendment #25-0002

CMS Standard Funding Questions

The following questions are being asked and should be answered in relation to all payments made to all providers reimbursed pursuant to a methodology described in Attachment 4.19-B of the state plan.

 Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by States for services under the approved State plan. Do providers receive and retain the total Medicaid expenditures claimed by the State (includes normal per diem, supplemental, enhanced payments, other) or is any portion of the payments returned to the State, local governmental entity, or any other intermediary organization? If providers are required to return any portion of payments, please provide a full description of the repayment process. Include in your response a full description of the methodology for the return of any of the amount or percentage of payments that are returned and the disposition and use of the funds once they are returned to the State (i.e., general fund, medical services account, etc.)

Response: Providers receive and retain 100 percent of total Medicaid expenditures claimed by the State and the State does not require any provider to return any portion of such payments to the State, local government entities, or any other intermediary organization.

- 2. Section 1902(a)(2) provides that the lack of adequate funds from local sources will not result in lowering the amount, duration, scope, or quality of care and services available under the plan. Please describe how the state share of each type of Medicaid payment (normal per diem, supplemental, enhanced, other) is funded. Please describe whether the state share is from appropriations from the legislature to the Medicaid agency, through intergovernmental transfer agreements (IGTs), certified public expenditures (CPEs), provider taxes, or any other mechanism used by the state to provide state share. Note that, if the appropriation is not to the Medicaid agency, the source of the state share would necessarily be derived through either an IGT or CPE. In this case, please identify the agency to which the funds are appropriated. Please provide an estimate of total expenditure and State share amounts for each type of Medicaid payment. If any of the non-federal share is being provided using IGTs or CPEs, please fully describe the matching arrangement including when the state agency receives the transferred amounts from the local government entity transferring the funds. If CPEs are used, please describe the methodology used by the state to verify that the total expenditures being certified are eligible for Federal matching funds in accordance with 42 CFR 433.51(b). For any payment funded by CPEs or IGTs, please provide the following:
 - (i) a complete list of the names of entities transferring or certifying funds;
 - (ii) the operational nature of the entity (state, county, city, other);

- (iii) the total amounts transferred or certified by each entity;
- (iv) clarify whether the certifying or transferring entity has general taxing authority: and,
- (v) whether the certifying or transferring entity received appropriations (identify level of appropriations).

Response: The Non-Federal share Medicaid provider payment is funded by a combination of the following funds/funding sources through enacted appropriations authority to the Department of Health (DOH) for the New York State Medicaid program.

		4/1/24 - 3/31/25	
Payment Type	Non-Federal Share Funding	Non-Federal	Gross
Normal Per Diem	General Fund; County Contribution	\$43,000	\$86,000

- A. General Fund: Revenue resources for the State's General Fund includes taxes (e.g., income, sales, etc.), and miscellaneous fees (including audit recoveries). Medicaid expenditures from the State's General Fund are authorized from Department of Health Medicaid.
 - 1) New York State Audit Recoveries: The Department of Health collaborates with the Office of the Medicaid Inspector General (OMIG) and the Office of the Attorney General (AG) in recovering improperly expended Medicaid funds. OMIG conducts and coordinates the investigation, detection, audit, and review of Medicaid providers and recipients to ensure they are complying with all applicable laws and regulation. OMIG recovers any improper payments through cash collections and voided claim recoveries. Cash collections are deposited into the State's General Fund to offset Medicaid costs. In addition to cash collections, OMIG finds inappropriately billed claims within provider claims. To correct an error, OMIG and DOH process the current accurate claim, and reduce this claim by the inappropriate claim value to recoup the previous overclaim and decrease state spending.

B. Additional Resources for Non-Federal Share Funding:

County Contribution: In State Fiscal Year 2006, through enacted State legislation (Part C of Chapter 58 of the laws of 2005), New York State "capped" the amount localities contributed to the non-Federal share of providers claims. This was designed to relieve pressure on county property taxes and the NYC budget by limiting local contributions having New York State absorb all local program costs above this fixed statutory inflation rate (3% at the time).

However, in State Fiscal Year 2013 New York State provided additional relief to Localities by reducing local contributions annual growth from three precent to zero over a three-year period. Beginning in State Fiscal Year 2016, counties began paying a fixed cost in perpetuity as follows:

Entity	Annual Amount
New York City	\$5.210B
Suffolk County	\$243M
Nassau County	\$231M
Westchester County	\$215M
Erie County	\$205M
Rest of State (53 Counties)	\$1.260B
Total	\$7.364B

By eliminating the growth in localities Medicaid costs, the State has statutorily capped total Statewide County Medicaid expenditures at 2015 levels. All additional county Medicaid costs are funded by the State through State funding as described above. DOH provides annual letters to counties providing weekly contributions. Contributions are deposited directly into State escrow account and used to offset 'total' State share Medicaid funding.

NOTE: The Local Contribution is not tied to a specific claim or service category and instead is a capped amount based on 2015 county spending levels as stated above.

3. Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan. If supplemental or enhanced payments are made, please provide the total amount for each type of supplemental or enhanced payment made to each provider type.

<u>Response</u>: The Medicaid payments under this State Plan Amendment are not supplemental payments.

4. For clinic or outpatient hospital services please provide a detailed description of the methodology used by the state to estimate the upper payment limit (UPL) for each class of providers (state owned or operated, non-state government owned or operated, and privately owned or operated). Please provide a current (i.e., applicable to the current rate year) UPL demonstration. Under regulations at 42 CFR 447.272, States are prohibited from setting payment rates for Medicaid inpatient services that exceed a reasonable estimate of the amount that would be paid under Medicare payment principals.

<u>Response</u>: The Medicaid payments authorized under this State Plan Amendment do not impact the UPL demonstrations.

5. Does any governmental provider receive payments that in the aggregate (normal per diem, supplemental, enhanced, other) exceed their reasonable costs of providing services? If payments exceed the cost of services, do you recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report?

Response: Providers do not receive payments that in the aggregate exceed their reasonable costs of providing services. If any providers received payments that in the aggregate exceeded their reasonable costs of providing services, the State would recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report.

ACA Assurances:

1. <u>Maintenance of Effort (MOE)</u>. Under section 1902(gg) of the Social Security Act (the Act), as amended by the Affordable Care Act, as a condition of receiving <u>any</u> Federal payments under the Medicaid program <u>during the MOE period</u> indicated below, the State shall <u>not</u> have in effect any eligibility standards, methodologies, or procedures in its Medicaid program which are more restrictive than such eligibility provisions as in effect in its Medicaid program on March 10, 2010.

MOE Period.

- Begins on: March 10, 2010, and
- <u>Ends on:</u> The date the Secretary of the Federal Department of Health and Human Services determines an Exchange established by a State under the provisions of section 1311 of the Affordable Care Act is fully operational.

Response: This SPA complies with the conditions of the MOE provision of section 1902(gg) of the Act for continued funding under the Medicaid program.

2. Section 1905(y) and (z) of the Act provides for increased FMAPs for expenditures made on or after January 1, 2014 for individuals determined eligible under section 1902(a)(10)(A)(i)(VIII) of the Act. Under section 1905(cc) of the Act, the increased FMAP under sections 1905(y) and (z) would not be available for States that require local political subdivisions to contribute amounts toward the non-Federal share of the State's expenditures at a greater percentage than would have been required on December 31, 2009.

<u>Prior to January 1, 2014</u> States may potentially require contributions by local political subdivisions toward the non-Federal share of the States' expenditures at percentages <u>greater than</u> were required on December 31, 2009. <u>However</u>, because of the provisions of section 1905(cc) of the Act, it is important to determine and document/flag any SPAs/State plans which have such greater percentages prior to the January 1, 2014 date in order to <u>anticipate potential violations and/or appropriate corrective actions</u> by the States and the Federal government.

Response: This SPA would [] / would <u>not</u> $[\checkmark]$ violate these provisions, if they remained in effect on or after January 1, 2014.

3. Please indicate whether the State is currently in conformance with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

Response: The State complies with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

Tribal Assurance:

Section 1902(a)(73) of the Social Security Act the Act requires a State in which one or more Indian Health Programs or Urban Indian Organizations furnish health care services to establish a process for the State Medicaid agency to seek advice on a regular ongoing basis from designees of Indian health programs whether operated by the Indian Health Service HIS Tribes or Tribal organizations under the Indian Self Determination and Education Assistance Act ISDEAA or Urban Indian Organizations under the Indian Health Care Improvement Act.

IHCIA Section 2107(e)(I) of the Act was also amended to apply these requirements to the Children's Health Insurance Program CHIP. Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and Urban Indian organizations.

- a) Please describe the process the State uses to seek advice on a regular ongoing basis from federally recognized tribes Indian Health Programs and Urban Indian Organizations on matters related to Medicaid and CHIP programs and for consultation on State Plan Amendments waiver proposals waiver extensions waiver amendments waiver renewals and proposals for demonstration projects prior to submission to CMS.
- b) Please include information about the frequency inclusiveness and process for seeking such advice.
- c) Please describe the consultation process that occurred specifically for the development and submission of this State Plan Amendment when it occurred and who was involved.

Response: Tribal consultation was performed in accordance with the State's tribal consultation policy as approved in SPA 17-0065, and documentation of such is included with this submission. To date, no feedback has been received from any tribal representative in response to the proposed change in this SPA.
