RE: SPA #25-0020
Non-Institutional Services

Dear Director McMillion:

The State requests approval of the enclosed amendment #25-0020 to the Title XIX (Medicaid) State Plan for non-institutional services to be effective July 1, 2025 (Appendix I). This amendment is being submitted based on enacted legislation. A summary of the plan amendment is provided in Appendix II.

The State of New York reimburses these services through the use of rates that are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available under the plan at least to the extent that such care and services are available to the general population in the geographic area as required by § 1902(a)(30) of the Social Security Act and 42 CFR § 447.204.

A copy of pertinent sections of enacted legislation is enclosed for your information (Appendix III). A copy of the public notice of this plan amendment, which was given in the *New York State Register* on March 26, 2025, is also enclosed for your information (Appendix IV). In addition, responses to the five standard funding questions are also enclosed (Appendix V).

If you have any questions regarding this State Plan Amendment submission, please do not hesitate to contact Regina Deyette, Medicaid State Plan Coordinator, Division of Finance and Rate Setting, Office of Health Insurance Programs at (518) 473-3658.

Sincerely,

A black rectangular box redacting the signature of Amir Bassiri.

Appendix II
2025 Title XIX State Plan
Third Quarter Amendment
Summary

SUMMARY
SPA #25-0020

This State Plan Amendment proposes to award \$31,227,750 to St. Mary's Healthcare, to be paid over a three-year award period beginning 7/1/2025 and ending 3/31/2028. The funding supports a strategic plan to stabilize cash flow and ensure long-term sustainability to further invest in practice transformation and expansion efforts that will enhance the organization's financial status.

Appendix III
2025 Title XIX State Plan
Third Quarter Amendment
Authorizing Provisions

Public Health Law

§ 2826. Temporary adjustment to reimbursement rates. (a) Notwithstanding any provision of law to the contrary, within funds appropriated and subject to the availability of federal financial participation, the commissioner may grant approval of a temporary adjustment to the non-capital components of rates, or make temporary lump-sum Medicaid payments, to eligible general hospitals, skilled nursing facilities, clinics and home care providers, provided however, that should federal financial participation not be available for any eligible provider, then payments pursuant to this subdivision may be made as grants and shall not be deemed to be medical assistance payments.

(b) Eligible providers shall include:

- (i) providers undergoing closure;
- (ii) providers impacted by the closure of other health care providers;
- (iii) providers subject to mergers, acquisitions, consolidations or restructuring; or
- (iv) providers impacted by the merger, acquisition, consolidation or restructuring of other health care providers.

(c) Providers seeking temporary rate adjustments under this section shall demonstrate through submission of a written proposal to the commissioner that the additional resources provided by a temporary rate adjustment will achieve one or more of the following:

- (i) protect or enhance access to care;
- (ii) protect or enhance quality of care;
- (iii) improve the cost effectiveness of the delivery of health care services; or
- (iv) otherwise protect or enhance the health care delivery system, as determined by the commissioner.

(c-1) The commissioner, under applications submitted to the department pursuant to subdivision (d) of this section, shall consider criteria that includes, but is not limited to:

- (i) Such applicant's financial condition as evidenced by operating margins, negative fund balance or negative equity position;
- (ii) The extent to which such applicant fulfills or will fulfill an unmet health care need for acute inpatient, outpatient, primary or residential health care services in a community;
- (iii) The extent to which such application will involve savings to the Medicaid program;
- (iv) The quality of the application as evidenced by such application's long term solutions for such applicant to achieve sustainable health care services, improving the quality of patient care, and/or transforming the delivery of health care services to meet community needs;
- (v) The extent to which such applicant is geographically isolated in relation to other providers; or
- (vi) The extent to which such applicant provides services to an underserved area in relation to other providers.

(d) (i) Such written proposal shall be submitted to the commissioner at least sixty days prior to the requested effective date of the temporary rate adjustment, and shall include a proposed budget to achieve the goals of the proposal. Any Medicaid payment issued pursuant to this section shall be in effect for a specified period of time as determined by the commissioner, of up to three years. At the end of the

specified timeframe such payments or adjustments to the non-capital component of rates shall cease, and the provider shall be reimbursed in accordance with the otherwise applicable rate-setting methodology as set forth in applicable statutes and regulations. The commissioner may establish, as a condition of receiving such temporary rate adjustments or grants, benchmarks and goals to be achieved in conformity with the provider's written proposal as approved by the commissioner and may also require that the facility submit such periodic reports concerning the achievement of such benchmarks and goals as the commissioner deems necessary. Failure to achieve satisfactory progress, as determined by the commissioner, in accomplishing such benchmarks and goals shall be a basis for ending the facility's temporary rate adjustment or grant prior to the end of the specified timeframe. (ii) The commissioner may require that applications submitted pursuant to this section be submitted in response to and in accordance with a Request For Applications or a Request For Proposals issued by the commissioner.

(e) Notwithstanding any law to the contrary, general hospitals defined as critical access hospitals pursuant to title XVIII of the federal social security act shall be allocated no less than seven million five hundred thousand dollars annually pursuant to this section. The department of health shall provide a report to the governor and legislature no later than June first, two thousand fifteen providing recommendations on how to ensure the financial stability of, and preserve patient access to, critical access hospitals, including an examination of permanent Medicaid rate methodology changes.

(e-1) Thirty days prior to executing an allocation or modification to an allocation made pursuant to this section, the commissioner shall provide written notice to the chair of the senate finance committee and the chair of the assembly ways and means committee with regards to the intent to distribute such funds. Such notice shall include, but not be limited to, information on the methodology used to distribute the funds, the facility specific allocations of the funds, any facility specific project descriptions or requirements for receiving such funds, the multi-year impacts of these allocations, and the availability of federal matching funds. The commissioner shall provide quarterly reports to the chair of the senate finance committee and the chair of the assembly ways and means committee on the distribution and disbursement of such funds. Within sixty days of the effectiveness of this subdivision, the commissioner shall provide a written report to the chair of the senate finance committee and the chair of the assembly ways and means committee on all awards made pursuant to this section prior to the effectiveness of this subdivision, including all information that is required to be included in the notice requirements of this subdivision.

(f) Notwithstanding any provision of law to the contrary, and subject to federal financial participation, no less than ten million dollars shall be allocated to providers described in this subdivision; provided, however that if federal financial participation is unavailable for any eligible provider, or for any potential investment under this subdivision then the non-federal share of payments pursuant to this subdivision may be made as state grants.

(i) Providers serving rural areas as such term is defined in section two thousand nine hundred fifty-one of this chapter, including but not limited to hospitals, residential health care facilities, diagnostic and treatment centers, ambulatory surgery centers and clinics shall be eligible for enhanced payments or reimbursement under a supplemental rate methodology for the purpose of promoting access and improving the quality of care.

(ii) Notwithstanding any provision of law to the contrary, and subject to federal financial participation, essential community providers, which, for the purposes of this section, shall mean a provider that offers health services within a defined and isolated geographic region where such services would otherwise be unavailable to the population of such region, shall be eligible for enhanced payments or reimbursement under a supplemental rate methodology for the purpose of promoting access and improving quality of care. Eligible providers under this paragraph may include, but are not limited to, hospitals, residential health care facilities, diagnostic and treatment centers, ambulatory surgery centers and clinics.

(iii) In making such payments the commissioner may contemplate the extent to which any such provider receives assistance under subdivision (a) of this section and may require such provider to submit a written proposal demonstrating that the need for monies under this subdivision exceeds monies otherwise distributed pursuant to this section.

(iv) Payments under this subdivision may include, but not be limited to, temporary rate adjustments, lump sum Medicaid payments, supplemental rate methodologies and any other payments as determined by the commissioner.

(v) Payments under this subdivision shall be subject to approval by the director of the budget.

(vi) The commissioner may promulgate regulations to effectuate the provisions of this subdivision.

(vii) Thirty days prior to adopting or applying a methodology or procedure for making an allocation or modification to an allocation made pursuant to this subdivision, the commissioner shall provide written notice to the chairs of the senate finance committee, the assembly ways and means committee, and the senate and assembly health committees with regard to the intent to adopt or apply the methodology or procedure, including a detailed explanation of the methodology or procedure.

(viii) Thirty days prior to executing an allocation or modification to an allocation made pursuant to this subdivision, the commissioner shall provide written notice to the chairs of the senate finance committee, the assembly ways and means committee, and the senate and assembly health committees with regard to the intent to distribute such funds. Such notice shall include, but not be limited to, information on the methodology used to distribute the funds, the facility specific allocations of the funds, any facility specific project descriptions or requirements for receiving such funds, the multi-year impacts of these allocations, and the availability of federal matching funds. The commissioner shall provide quarterly reports to the chair of the senate finance committee and the chair of the assembly ways and means committee on the distribution and disbursement of such funds.

(g) Notwithstanding subdivision (a) of this section, and within amounts appropriated for such purposes as described herein, for the period of April first, two thousand fifteen through March thirty-first, two thousand sixteen, the commissioner may award a temporary adjustment to the non-capital components of rates, or make temporary lump-sum Medicaid payments to eligible general hospitals in severe financial distress to enable such facilities to maintain operations and vital services while such facilities establish long term solutions to achieve sustainable health services.

(i) Eligible general hospitals shall include:

(A) a public hospital, which for purposes of this subdivision, shall mean a general hospital operated by a county or municipality, but shall exclude any such hospital operated by a public benefit corporation;

(B) a federally designated critical access hospital;
(C) a federally designated sole community hospital; or
(D) a general hospital that is a safety net hospital, which for purposes of this subdivision shall mean:

(1) such hospital has at least thirty percent of its inpatient discharges made up of Medicaid eligible individuals, uninsured individuals or Medicaid dually eligible individuals and with at least thirty-five percent of its outpatient visits made up of Medicaid eligible individuals, uninsured individuals or Medicaid dually-eligible individuals; or

(2) such hospital serves at least thirty percent of the residents of a county or a multi-county area who are Medicaid eligible individuals, uninsured individuals or Medicaid dually-eligible individuals.

(ii) Eligible applicants must demonstrate that without such award, they will be in severe financial distress through March thirty-first, two thousand sixteen, as evidenced by:

(A) certification that such applicant has less than fifteen days cash and equivalents;

(B) such applicant has no assets that can be monetized other than those vital to operations; and

(C) such applicant has exhausted all efforts to obtain resources from corporate parents and affiliated entities to sustain operations.

(iii) Awards under this subdivision shall be made upon application to the department.

(A) Applications under this subdivision shall include a multi-year transformation plan that is aligned with the delivery system reform incentive payment ("DSRIP") program goals and objectives. Such plan shall be approved by the department and shall demonstrate a path towards long term sustainability and improved patient care.

(B) The department may authorize initial award payments to eligible applicants based solely on the criteria pursuant to paragraphs (i) and (ii) of this subdivision.

(C) Notwithstanding subparagraph (B) of this paragraph, the department may suspend or repeal an award if an eligible applicant fails to submit a multi-year transformation plan pursuant to subparagraph (A) of this paragraph that is acceptable to the department by no later than the thirtieth day of September two thousand fifteen.

(D) Applicants under this subdivision shall detail the extent to which the affected community has been engaged and consulted on potential projects of such application, as well as any outreach to stakeholders and health plans.

(E) The department shall review all applications under this subdivision, and determine:

(1) applicant eligibility;

(2) each applicant's projected financial status;

(3) each applicant's proposed use of funds to maintain critical services needed by its community; and

(4) the anticipated impact of the loss of such services.

(F) After review of all applications under this subdivision, and a determination of the aggregate amount of requested funds, the department shall make awards to eligible applicants; provided, however, that such awards may be in an amount lower than such requested funding, on a per applicant or aggregate basis.

(iv) Awards under this subdivision may not be used for:

(A) capital expenditures, including, but not limited to: construction, renovation and acquisition of capital equipment, including major medical equipment;

- (B) consultant fees;
- (C) retirement of long term debt; or
- (D) bankruptcy-related costs.

(v) Payments made to awardees pursuant to this subdivision shall be made on a monthly basis. Such payments will be based on the applicant's actual monthly financial performance during such period and the reasonable cash amount necessary to sustain operations for the following month. The applicant's monthly financial performance shall be measured by such applicant's monthly financial and activity reports, which shall include, but not be limited to, actual revenue and expenses for the prior month, projected cash need for the current month, and projected cash need for the following month.

(vi) The department shall provide a report on a quarterly basis to the chairs of the senate finance, assembly ways and means, senate health and assembly health committees. Such reports shall be submitted no later than sixty days after the close of the quarter, and shall include for each award, the name of the applicant, the amount of the award, payments to date, and a description of the status of the multi-year transformation plan pursuant to paragraph (iii) of this subdivision.

Appendix IV
2025 Title XIX State Plan
Third Quarter Amendment
Public Notice

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$84,000.

Institutional Services

Effective on or after April 1, 2025, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part Y). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025 the provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, hospitals owned and operated by the New York City Health and Hospitals Corporation are removed from participation in the Indigent Care Pool (ICP). Hospitals will continue to be funded in DSH via other DSH transactions.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is (\$113 million).

Long Term Care Services

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for residential health care facilities.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$378.9 million.

Effective on or after April 1, 2025, the Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services related to temporary rate adjustments to long term care providers that are undergoing closure, merger, consolidation, acquisition or restructuring themselves or other health care providers. These payments are authorized by current State statutory and regulatory provisions. The temporary rate adjustments will be reviewed and approved by the CINERGY Collaborative.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$30 million.

Effective on or after April 1, 2025 a demonstration program for aging adults with medical fragility shall be established. The aging adults with medical fragility demonstration will certify a medical fragility facility, as defined by Public Health Law § 2808-f, for the purpose of improving the quality of care for aging adults with medical fragility. The facility shall support the continuing needs for adults from age 35 years old to end of life who have a chronic debilitating condition or

conditions, are at risk of hospitalization, are technology-dependent for life or health sustaining functions, require complex medication regimens or medical interventions to maintain or to improve their health status, and/or are in need of ongoing assessment or intervention to prevent serious deterioration of their health status or medical complications that place their life, health or development at risk.

The State intends to utilize its current nursing home reimbursement rates for adults and take into account the methodology used to establish the operating component of the rates with an increase or decrease adjustment as appropriate to account for any discrete expenses associated with caring for aging adults with medical fragility, including addressing their distinct needs as aging adults for medical and psychological support services.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$59.6 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional Services as authorized by § 2826 of New York Public Health Law. The following changes are proposed:

Non-Institutional Services

Effective on or after April 1, 2025, temporary rate adjustments have been approved for services related to providers that are undergoing closure, merger, consolidation, acquisition or restructuring themselves or other health care providers. The temporary rate adjustments have been reviewed and approved for the following Hospital:

• St. Mary's Healthcare

The aggregate payment amounts totaling up to \$11,370,250 for the period April 1, 2025, through March 31, 2026.

The aggregated payment amounts totaling up to \$10,220,250 for the period of April 1, 2026, through March 31, 2027.

The aggregated payment amounts totaling up to \$9,637,250 for the period of April 1, 2027, through March 31, 2028.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

PUBLIC NOTICE

New York City Deferred Compensation Plan

The New York City Deferred Compensation Plan (the "Plan") is seeking qualified vendors to provide US small-cap equity growth investment management services for the Small Cap Equity Fund ("the Fund") investment option of the Plan. The objective of the Fund is to provide long term growth of capital by investing primarily in the stocks of smaller rapidly growing companies.

To be considered, vendors must submit their product information to Segal Marco Advisors at the following e-mail address: nycdep.procurement@segalmarco.com. Please complete the submission of product information no later than 4:30 P.M. Eastern Time on March 31, 2025.

Consistent with the policies expressed by the City, proposals from certified minority-owned and/or women-owned businesses or proposals that include partnering arrangements with certified minority-owned and/or women-owned firms are encouraged. Additionally, proposals from small and New York City-based businesses are also encouraged.

PUBLIC NOTICE

Public Service Commission

Office of Renewable Energy Siting and Electric Transmission Extension of Public Comment Period

Notice of Proposed Rule Making, I.D. No. PSC-51-24-00004-P

Case 24-M-0433 - In the Matter of the Rules and Regulations for the Environmental Review, Permitting, and Siting in this State of Major Renewable Energy Facilities and Major Electric Transmission Facilities Under the Renewable Action Through Project Interconnection and Deployment Act.

Please take notice that the deadline for the filing of written comments on the proposed rulemaking and DGEIS has been extended to

Friday, April 18, 2025. Comments should be submitted by close of business, April 18, 2025, and should refer to Case 24-M-0433.

Persons filing written comments are strongly encouraged to post their comments on the Department's Document and Matter Management (DMM) system. To post a comment, go to www.dps.ny.gov, click on "File Search" (located under the heading "Commission Files"), enter "24-M-0433" in the "Search by Case Number" field, and click on "Post Comments" in the upper right-hand corner of the screen.

PUBLIC NOTICE

Department of State

F-2024-0601

Date of Issuance – March 26, 2025

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2024-0601, The Hampton Shipyard (Boack, LLC), proposes the expansion of their boatyard currently consisting of 14 slips to approximately 36 slips by reconfiguring existing docks, installing new docks and replacing/installing (55) 8"-10" diameter piles, replacing 187-linear feet of bulkhead, installing a 207-linear foot bulkhead and dredging up to 100 CY adjacent to and within 10 ft of the bulkheads. Also proposed is the placement of 70 CY of clean fill behind the restored bulkhead and install a forklift drainage gravel pad and install (8) 10-foot dry wells.

3 Carter Lane, 5 Carter Lane and 7 Carter Lane, East Quogue, Town of Southampton, Suffolk County, Shinnecock Bay.

The stated purpose of the proposed action is to allow access to the waterway and boat dockage.

The applicant's consistency certification and supporting information are available for review at:

<https://dos.ny.gov/system/files/documents/2025/03/f-2024-0601.pdf> or at <https://dos.ny.gov/public-notices>

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or April 25, 2025.

Comments should be addressed to: Consistency Review Unit, Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State

F-2024-0671

Date of Issuance – March 26, 2025

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2024-0671, Mike Collichio, is proposing the repair a 40-linear foot wooden bulkhead and in-kind/in-place replacement of 40' x 10'

Appendix V
2025 Title XIX State Plan
Third Quarter Amendment
Responses to Standard Funding Questions

NON-INSTITUTIONAL SERVICES
State Plan Amendment #25-0020

CMS Standard Funding Questions

The following questions are being asked and should be answered in relation to all payments made to all providers reimbursed pursuant to a methodology described in Attachment 4.19-B of the state plan.

- 1. Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by States for services under the approved State plan. Do providers receive and retain the total Medicaid expenditures claimed by the State (includes normal per diem, supplemental, enhanced payments, other) or is any portion of the payments returned to the State, local governmental entity, or any other intermediary organization? If providers are required to return any portion of payments, please provide a full description of the repayment process. Include in your response a full description of the methodology for the return of any of the amount or percentage of payments that are returned and the disposition and use of the funds once they are returned to the State (i.e., general fund, medical services account, etc.)**

Response: Providers receive and retain 100 percent of total Medicaid expenditures claimed by the State and the State does not require any provider to return any portion of such payments to the State, local government entities, or any other intermediary organization.

- 2. Section 1902(a)(2) provides that the lack of adequate funds from local sources will not result in lowering the amount, duration, scope, or quality of care and services available under the plan. Please describe how the state share of each type of Medicaid payment (normal per diem, supplemental, enhanced, other) is funded. Please describe whether the state share is from appropriations from the legislature to the Medicaid agency, through intergovernmental transfer agreements (IGTs), certified public expenditures (CPEs), provider taxes, or any other mechanism used by the state to provide state share. Note that, if the appropriation is not to the Medicaid agency, the source of the state share would necessarily be derived through either an IGT or CPE. In this case, please identify the agency to which the funds are appropriated. Please provide an estimate of total expenditure and State share amounts for each type of Medicaid payment. If any of the non-federal share is being provided using IGTs or CPEs, please fully describe the matching arrangement including when the state agency receives the transferred amounts from the local government entity transferring the funds. If CPEs are used, please describe the methodology used by the state to verify that the total expenditures being certified are eligible for Federal matching funds in accordance with 42 CFR 433.51(b). For any payment funded by CPEs or IGTs, please provide the following:**
 - (i) a complete list of the names of entities transferring or certifying funds;**
 - (ii) the operational nature of the entity (state, county, city, other);**

- (iii) the total amounts transferred or certified by each entity;
- (iv) clarify whether the certifying or transferring entity has general taxing authority: and,
- (v) whether the certifying or transferring entity received appropriations (identify level of appropriations).

Response: The Non-Federal share Medicaid provider payment is funded by a combination of the following funds/funding sources through enacted appropriations authority to the Department of Health (DOH) for the New York State Medicaid program.

		4/1/25 – 3/31/26	
Payment Type	Non-Federal Share Funding	Non-Federal	Gross
Vital Access Provider (VAP) Program	General Fund; Special Revenue Funds	\$122.2M	\$244.4M

- A. **General Fund:** Revenue resources for the State's General Fund includes taxes (e.g., income, sales, etc.), and miscellaneous fees (including audit recoveries). Medicaid expenditures from the State's General Fund are authorized from Department of Health Medicaid.

- 1) New York State Audit Recoveries: The Department of Health collaborates with the Office of the Medicaid Inspector General (OMIG) and the Office of the Attorney General (AG) in recovering improperly expended Medicaid funds. OMIG conducts and coordinates the investigation, detection, audit, and review of Medicaid providers and recipients to ensure they are complying with all applicable laws and regulation. OMIG recovers any improper payments through cash collections and voided claim recoveries. Cash collections are deposited into the State's General Fund to offset Medicaid costs.

In addition to cash collections, OMIG finds inappropriately billed claims within provider claims. To correct an error, OMIG and DOH process the current accurate claim, and reduce this claim by the inappropriate claim value to recoup the previous overclaim and decrease state spending.

B. Special Revenue Funds:

- 1) Health Care Reform Act (HCRA) Resource Fund: as authorized in section 92-dd of New York State Finance Law and was established in 1996, pursuant to New York State Public Health Law 2807-j. HCRA resources include:
 - Surcharge on net patient service revenues for specified provider types including Comprehensive Diagnostic and Treatment Centers and Ambulatory Surgery Centers.
 - The rate for commercial payors is 9.63 percent.
 - The rate for governmental payors, including Medicaid, is 7.04 percent.
 - Federal payors, including Medicare, are exempt from the surcharge.

NOTE: New York's Health Care taxes are either broad based and uniform (as in all HFCAP assessments except for the Personal Care Provider Cash Assessment) or have a specific exemption known as the "D'Amato provision (Federal PHL section 105-33 4722 (c))" which allows the HCRA surcharges to exist in their current format. The single tax which has been determined by the State to be an impermissible provider tax is the HFCAP charge on Personal Care Providers. The State does not claim any Federal dollars for the surcharge collected in this manner in order to comply with all Federal provider tax rules.

- 3. Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan. If supplemental or enhanced payments are made, please provide the total amount for each type of supplemental or enhanced payment made to each provider type.**

Response: The Medicaid payments authorized under this State Plan Amendment are supplemental payments and total \$11.37 million for State Fiscal Year 2025-26.

Vital Access Providers (VAP) Program	Private	State Government	Non-State Government	4/1/25-3/31/26 Total
Supplemental	\$11.37M	-	-	\$11.37M

- 4. For clinic or outpatient hospital services please provide a detailed description of the methodology used by the state to estimate the upper payment limit (UPL) for each class of providers (state owned or operated, non-state government owned or operated, and privately owned or operated). Please provide a current (i.e., applicable to the current rate year) UPL demonstration. Under regulations at 42 CFR 447.272, States are prohibited from setting payment rates for Medicaid inpatient services that exceed a reasonable estimate of the amount that would be paid under Medicare payment principals.**

Response: The outpatient UPL demonstration utilizes a cost-to-payment methodology to estimate the upper payment limit for each class of providers. The Medicaid payments under this State Plan Amendment will be included in the 2025 outpatient UPL when it is submitted to CMS.

- 5. Does any governmental provider receive payments that in the aggregate (normal per diem, supplemental, enhanced, other) exceed their reasonable costs of providing services? If payments exceed the cost of services, do you recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report?**

Response: Providers do not receive payments that in the aggregate exceed their reasonable costs of providing services. If any providers received payments that in the

aggregate exceeded their reasonable costs of providing services, the State would recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report.

ACA Assurances:

- 1. Maintenance of Effort (MOE).** Under section 1902(gg) of the Social Security Act (the Act), as amended by the Affordable Care Act, as a condition of receiving any Federal payments under the Medicaid program during the MOE period indicated below, the State shall not have in effect any eligibility standards, methodologies, or procedures in its Medicaid program which are more restrictive than such eligibility provisions as in effect in its Medicaid program on March 10, 2010.

MOE Period.

- **Begins on:** March 10, 2010, and
- **Ends on:** The date the Secretary of the Federal Department of Health and Human Services determines an Exchange established by a State under the provisions of section 1311 of the Affordable Care Act is fully operational.

Response: This SPA complies with the conditions of the MOE provision of section 1902(gg) of the Act for continued funding under the Medicaid program.

- 2. Section 1905(y) and (z) of the Act provides for increased FMAPs for expenditures made on or after January 1, 2014 for individuals determined eligible under section 1902(a)(10)(A)(i)(VIII) of the Act. Under section 1905(cc) of the Act, the increased FMAP under sections 1905(y) and (z) would not be available for States that require local political subdivisions to contribute amounts toward the non-Federal share of the State's expenditures at a greater percentage than would have been required on December 31, 2009.**

Prior to January 1, 2014 States may potentially require contributions by local political subdivisions toward the non-Federal share of the States' expenditures at percentages greater than were required on December 31, 2009. **However,** because of the provisions of section 1905(cc) of the Act, it is important to determine and document/flag any SPAs/State plans which have such greater percentages prior to the January 1, 2014 date in order to anticipate potential violations and/or appropriate corrective actions by the States and the Federal government.

Response: This SPA would [] / would not [✓] violate these provisions, if they remained in effect on or after January 1, 2014.

- 3. Please indicate whether the State is currently in conformance with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.**

Response: The State complies with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

Tribal Assurance:

Section 1902(a)(73) of the Social Security Act the Act requires a State in which one or more Indian Health Programs or Urban Indian Organizations furnish health care services to establish a process for the State Medicaid agency to seek advice on a regular ongoing basis from designees of Indian health programs whether operated by the Indian Health Service HIS Tribes or Tribal organizations under the Indian Self Determination and Education Assistance Act ISDEAA or Urban Indian Organizations under the Indian Health Care Improvement Act.

IHCIA Section 2107(e)(I) of the Act was also amended to apply these requirements to the Children's Health Insurance Program CHIP. Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and Urban Indian organizations.

- a) Please describe the process the State uses to seek advice on a regular ongoing basis from federally recognized tribes Indian Health Programs and Urban Indian Organizations on matters related to Medicaid and CHIP programs and for consultation on State Plan Amendments waiver proposals waiver extensions waiver amendments waiver renewals and proposals for demonstration projects prior to submission to CMS.
- b) Please include information about the frequency inclusiveness and process for seeking such advice.
- c) Please describe the consultation process that occurred specifically for the development and submission of this State Plan Amendment when it occurred and who was involved.

Response: Tribal consultation was performed in accordance with the State's tribal consultation policy as approved in SPA 17-0065, and documentation of such is included with this submission. To date, no feedback has been received from any tribal representative in response to the proposed change in this SPA.
