1905(a)(2)(B) Rural Health Clinic (RHC) Services and 1905(a)(2)(C) Federally Qualified Health Centers (FOHC)

Prospective Payment System (PPS) Uniform Rate Add-on:

Effective for services provided on or after April 1, 2026, and each state fiscal year thereafter, a uniform rate add-on of \$18.24 will be paid through the Prospective Payment System (PPS) rates for both freestanding and hospital-based Federally Qualified Health Centers (FOHCs) and Rural Health Clinics (RHCs).

The uniform rate add-on was calculated by dividing \$93.4 million (\$80 million freestanding clinics and \$13.4 million hospital-based clinics) by the total number of Medicaid Fee-for-Service and Medicaid Managed Care threshold visits for all freestanding and hospital-based FOHCs/RHCs, as reported in their respective 2024 Ambulatory Health Care Facility Cost Reports and 2024 Institutional Cost Reports.

The uniform rate add-on will not be subject to the annual Medicare Economic Index adjustment that is applied to the operating (non-capital) portion of the PPS rate each October 1st.

Public Notice
NYS Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 enacted executive budget. The following changes are proposed:

All Services

The following is a clarification to the March 25th, 2026, noticed proposal to adjust rates of payment statewide to reflect a 1.7 percent (1.7%) Targeted Inflationary Increase. With clarification, this increase will now be 2.7 percent (2.7%) and relating to the following: Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment,

Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$39.6 million.

Non-Institutional Services

The following is a clarification to the March 25, 2026, noticed provision to invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, by an aggregate amount up to \$60 million per year, effective on or after April 1, 2026.

With clarification, that State will invest up to \$80 million per year in diagnostic and treatment centers, designated as Federally Qualified Health Centers or Rural Health Clinics, effective on or after April 1, 2026.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$80 million.

The following is a clarification to the May 25, 2026, noticed provision to invest up to \$1.5 billion in hospital outpatient services, when combined with investments in hospital inpatient and residential health care facility services. The state would also invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

With clarification, the state will invest up to \$706 million in hospital outpatient services, including hospital-based Federally Qualified Health Center and Rural Health Clinic outpatient services, when combined with investments in hospital inpatient services, effective on or after April 1, 2026 and each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$706 million.

Institutional Services

The following is a clarification to the May 25, 2026, noticed provision to invest up to \$1.5 billion in hospital inpatient services, when combined with investments in hospital outpatient and residential health care facility services. The state would also invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

With clarification, the state will invest up to \$706 million in hospital inpatient services, when combined with investments in hospital outpatient services, including hospital-based Federally Qualified Health Center and Rural Health Clinic outpatient services, effective on or after April 1, 2026 and each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$706 million.

Long Term Care Services

The following is a clarification to the March 25, 2026, noticed provision to the distribution of the previously identified \$1.5 billion investment for residential health care facilities and hospitals. With clarification, effective on or after April 1, 2026, through March 31, 2027, the State will invest up to \$480 million in residential health care facility services when combined with investments in Adult Day Health Care, AIDS Adult Day Health Care, and Hospice programs. The State will invest up to \$480 million, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$480 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to reflect a 1.7% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$24.9 million.

Non-Institutional Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$85,000.

Effective on or after April 1, 2026, the State will invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, licensed under Article 28 of the Public Health Law, by an aggregate amount up to \$60 million per year.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$60 million.

Effective on April 1, 2026, for the 2026 rate year and thereafter, the reimbursement methodology for personal care services will be revised. Personal care direct services rates will be based on reported allowable costs not to exceed, or fall below, one standard deviation of the mean for the applicable geographic group. The administrative portion of the rate will not exceed 15 percent of the total rate. Providers' payments for nursing services will be a fee.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative is (\$15 million).

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital outpatient services when combined with investments in hospital inpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Effective on or after April 1, 2026, the State will provide Medicaid reimbursement to freestanding birth centers, including midwifery birth centers and birth centers licensed as diagnostic and treatment centers. The Ambulatory Patient Group (APG) payment methodology will be utilized to reimburse services provided in freestanding birth centers. A separate payment will also be made to the healthcare professionals providing services in freestanding birth centers.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after April 1, 2026, this proposal continues the indigent care pool payments made to general hospitals, subject to all provisions of PHL 2807-k.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part K, Section 6). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the

Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital inpatient services when combined with investments in hospital outpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Long Term Care

Effective on or after April 1, 2026, this proposal would end-date the previously enacted 10% reduction to nursing home capital reimbursement. The 10% reduction will not continue going forward.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$58 million.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in residential health care facility services when combined with investments in hospital inpatient and hospital outpatient services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

SUMMARY
SPA #26-0022

This State Plan Amendment proposes to **amend the Title XIX (Medicaid) State Plan for State Method on Cost Effectiveness and Voluntary Participation in Employer-Based Group Health Plans to comply with Social Security Act §1906A. The following changes are proposed:**

Participation in Employer-Based Group Health Plans

New York State Medicaid is requesting to update the State Plan Amendment (SPA) to reflect the process currently utilized for determining cost effectiveness of employer-based group health plans. The process compares the cost of Medicaid Managed Care premium(s) to the cost of group health plan coverage, adhering to Social Security Act §1906A. Applicants and recipients (A/R's) who have access to, or are currently enrolled in, employer sponsored group health coverage will be determined for cost effectiveness using NYS DOH form 5106 and any additional documentation necessary. The cost of the employer sponsored coverage, deductible, cost sharing, additional costs of services not covered by the health plan, cost for services paid as Fee-for-Service, and administrative fees will be compared to the cost of the Medicaid Managed Care premium to determine if the coverage is cost effective. The previous process compared the costs of the employer sponsored coverage to average claim expenditures based on age, sex, geographic region.

The requirements in Social Security Act §1906A, for determining if the employer-based group health plan may be considered for cost effective determinations include:

- The coverage must qualify as creditable under section 2701 (c) (1) of the Public Health Service Act.
- The employer must contribute 40 percent of the total premium.
- The coverage must be offered to all individuals in a manner that is considered a nondiscriminatory eligibility classification.

In addition to the requirements of Social Security Act §1906A, NYS Medicaid also requires the coverage to be comprehensive.

An updated Employer Sponsored Health Insurance Request for Information, DOH Form 5106, will be utilized to collect all necessary information. Information regarding the employer contribution will be captured within the new form.

Enrollment in the cost-effective coverage is optional and will allow Medicaid to reimburse the A/R for such costs after they have been paid and A/R can request a cost-effective determination prior to or after enrolling in coverage. As participation is optional, the A/R will also be able to terminate the coverage and will no longer receive reimbursement of the healthcare premium(s).

There is no estimated changes to gross Medicaid expenditure as a result of this proposed amendment. Based on the updated processes, there is minimal change expected, and any changes are anticipated to be offsetting.

PUBLIC NOTICE **Department of Health**

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to reflect a 1.7% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$24.9 million.

Non-Institutional Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$85,000.

Effective on or after April 1, 2026, the State will invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, licensed under Article 28 of the Public Health Law, by an aggregate amount up to \$60 million per year.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$60 million.

Effective on April 1, 2026, for the 2026 rate year and thereafter, the reimbursement methodology for personal care services will be revised. Personal care direct services rates will be based on reported allowable costs not to exceed, or fall below, one standard deviation of the mean for the applicable geographic group. The administrative portion of the rate will not exceed 15 percent of the total rate. Providers' payments for nursing services will be a fee.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative is (\$15 million).

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital outpatient services when combined with investments in hospital inpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Effective on or after April 1, 2026, the State will provide Medicaid reimbursement to freestanding birth centers, including midwifery birth centers and birth centers licensed as diagnostic and treatment centers. The Ambulatory Patient Group (APG) payment methodology will be utilized to reimburse services provided in freestanding birth centers. A separate payment will also be made to the healthcare professionals providing services in freestanding birth centers.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after April 1, 2026, this proposal continues the indigent care pool payments made to general hospitals, subject to all provisions of PHL 2807-k.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part K, Section 6). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the

Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital inpatient services when combined with investments in hospital outpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Long Term Care

Effective on or after April 1, 2026, this proposal would end-date the previously enacted 10% reduction to nursing home capital reimbursement. The 10% reduction will not continue going forward.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$58 million.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in residential health care facility services when combined with investments in hospital inpatient and hospital outpatient services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Public Notice
NYS Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 enacted executive budget. The following changes are proposed:

All Services

The following is a clarification to the March 25th, 2026, noticed proposal to adjust rates of payment statewide to reflect a 1.7 percent (1.7%) Targeted Inflationary Increase. With clarification, this increase will now be 2.7 percent (2.7%) and relating to the following: Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment,

Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$39.6 million.

Non-Institutional Services

The following is a clarification to the March 25, 2026, noticed provision to invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, by an aggregate amount up to \$60 million per year, effective on or after April 1, 2026.

With clarification, that State will invest up to \$80 million per year in diagnostic and treatment centers, designated as Federally Qualified Health Centers or Rural Health Clinics, effective on or after April 1, 2026.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$80 million.

The following is a clarification to the May 25, 2026, noticed provision to invest up to \$1.5 billion in hospital outpatient services, when combined with investments in hospital inpatient and residential health care facility services. The state would also invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

With clarification, the state will invest up to \$706 million in hospital outpatient services, including hospital-based Federally Qualified Health Center and Rural Health Clinic outpatient services, when combined with investments in hospital inpatient services, effective on or after April 1, 2026 and each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$706 million.

Institutional Services

The following is a clarification to the May 25, 2026, noticed provision to invest up to \$1.5 billion in hospital inpatient services, when combined with investments in hospital outpatient and residential health care facility services. The state would also invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

With clarification, the state will invest up to \$706 million in hospital inpatient services, when combined with investments in hospital outpatient services, including hospital-based Federally Qualified Health Center and Rural Health Clinic outpatient services, effective on or after April 1, 2026 and each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$706 million.

Long Term Care Services

The following is a clarification to the March 25, 2026, noticed provision to the distribution of the previously identified \$1.5 billion investment for residential health care facilities and hospitals. With clarification, effective on or after April 1, 2026, through March 31, 2027, the State will invest up to \$480 million in residential health care facility services when combined with investments in Adult Day Health Care, AIDS Adult Day Health Care, and Hospice programs. The State will invest up to \$480 million, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$480 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to reflect a 1.7% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$24.9 million.

Non-Institutional Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$85,000.

Effective on or after April 1, 2026, the State will invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, licensed under Article 28 of the Public Health Law, by an aggregate amount up to \$60 million per year.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$60 million.

Effective on April 1, 2026, for the 2026 rate year and thereafter, the reimbursement methodology for personal care services will be revised. Personal care direct services rates will be based on reported allowable costs not to exceed, or fall below, one standard deviation of the mean for the applicable geographic group. The administrative portion of the rate will not exceed 15 percent of the total rate. Providers' payments for nursing services will be a fee.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative is (\$15 million).

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital outpatient services when combined with investments in hospital inpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Effective on or after April 1, 2026, the State will provide Medicaid reimbursement to freestanding birth centers, including midwifery birth centers and birth centers licensed as diagnostic and treatment centers. The Ambulatory Patient Group (APG) payment methodology will be utilized to reimburse services provided in freestanding birth centers. A separate payment will also be made to the healthcare professionals providing services in freestanding birth centers.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after April 1, 2026, this proposal continues the indigent care pool payments made to general hospitals, subject to all provisions of PHL 2807-k.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part K, Section 6). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the

Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital inpatient services when combined with investments in hospital outpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Long Term Care

Effective on or after April 1, 2026, this proposal would end-date the previously enacted 10% reduction to nursing home capital reimbursement. The 10% reduction will not continue going forward.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$58 million.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in residential health care facility services when combined with investments in hospital inpatient and hospital outpatient services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to reflect a 1.7% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$24.9 million.

Non-Institutional Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$85,000.

Effective on or after April 1, 2026, the State will invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, licensed under Article 28 of the Public Health Law, by an aggregate amount up to \$60 million per year.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$60 million.

Effective on April 1, 2026, for the 2026 rate year and thereafter, the reimbursement methodology for personal care services will be revised. Personal care direct services rates will be based on reported allowable costs not to exceed, or fall below, one standard deviation of the mean for the applicable geographic group. The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative is (\$15 million).

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital outpatient services when combined with investments in hospital inpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Effective on or after April 1, 2026, the State will provide Medicaid reimbursement to freestanding birth centers, including midwifery birth centers and birth centers licensed as diagnostic and treatment centers. The Ambulatory Patient Group (APG) payment methodology will be utilized to reimburse services provided in freestanding birth centers. A separate payment will also be made to the healthcare professionals providing services in freestanding birth centers.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after April 1, 2026, this proposal continues the indigent care pool payments made to general hospitals, subject to all provisions of PHL 2807-k.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part K, Section 6). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the

Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital inpatient services when combined with investments in hospital outpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Long Term Care

Effective on or after April 1, 2026, this proposal would end-date the previously enacted 10% reduction to nursing home capital reimbursement. The 10% reduction will not continue going forward.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$58 million.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in residential health care facility services when combined with investments in hospital inpatient and hospital outpatient services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 enacted executive budget. The following changes are proposed:

All Services

The following is a clarification to the March 25th, 2026, noticed proposal to adjust rates of payment statewide to reflect a 1.7 percent (1.7%) Targeted Inflationary Increase. With clarification, this increase will now be 2.7 percent (2.7%) and relating to the following: Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment,

Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$39.6 million.

Non-Institutional Services

The following is a clarification to the March 25, 2026, noticed provision to invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, by an aggregate amount up to \$60 million per year, effective on or after April 1, 2026.

With clarification, that State will invest up to \$80 million per year in diagnostic and treatment centers, designated as Federally Qualified Health Centers or Rural Health Clinics, effective on or after April 1, 2026.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$80 million.

The following is a clarification to the May 25, 2026, noticed provision to invest up to \$1.5 billion in hospital outpatient services, when combined with investments in hospital inpatient and residential health care facility services. The state would also invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

With clarification, the state will invest up to \$706 million in hospital outpatient services, including hospital-based Federally Qualified Health Center and Rural Health Clinic outpatient services, when combined with investments in hospital inpatient services, effective on or after April 1, 2026 and each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$706 million.

Institutional Services

The following is a clarification to the May 25, 2026, noticed provision to invest up to \$1.5 billion in hospital inpatient services, when combined with investments in hospital outpatient and residential health care facility services. The state would also invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

With clarification, the state will invest up to \$706 million in hospital inpatient services, when combined with investments in hospital outpatient services, including hospital-based Federally Qualified Health Center and Rural Health Clinic outpatient services, effective on or after April 1, 2026 and each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$706 million.

Long Term Care Services

The following is a clarification to the March 25, 2026, noticed provision to the distribution of the previously identified \$1.5 billion investment for residential health care facilities and hospitals. With clarification, effective on or after April 1, 2026, through March 31, 2027, the State will invest up to \$480 million in residential health care facility services when combined with investments in Adult Day Health Care, AIDS Adult Day Health Care, and Hospice programs. The State will invest up to \$480 million, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$480 million.

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to reflect a 1.7% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$24.9 million.

Non-Institutional Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$85,000.

Effective on or after April 1, 2026, the State will invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, licensed under Article 28 of the Public Health Law, by an aggregate amount up to \$60 million per year.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$60 million.

Effective on April 1, 2026, for the 2026 rate year and thereafter, the reimbursement methodology for personal care services will be revised. Personal care direct services rates will be based on reported allowable costs not to exceed, or fall below, one standard deviation of the mean for the applicable geographic group. The administrative portion of the rate will not exceed 15 percent of the total rate. Providers' payments for nursing services will be a fee.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative is (\$15 million).

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital outpatient services when combined with investments in hospital inpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Effective on or after April 1, 2026, the State will provide Medicaid reimbursement to freestanding birth centers, including midwifery birth centers and birth centers licensed as diagnostic and treatment centers. The Ambulatory Patient Group (APG) payment methodology will be utilized to reimburse services provided in freestanding birth centers. A separate payment will also be made to the healthcare professionals providing services in freestanding birth centers.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after April 1, 2026, this proposal continues the indigent care pool payments made to general hospitals, subject to all provisions of PHL 2807-k.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part K, Section 6). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the

Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital inpatient services when combined with investments in hospital outpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Long Term Care

Effective on or after April 1, 2026, this proposal would end-date the previously enacted 10% reduction to nursing home capital reimbursement. The 10% reduction will not continue going forward.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$58 million.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in residential health care facility services when combined with investments in hospital inpatient and hospital outpatient services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to reflect a 1.7% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$24.9 million.

Non-Institutional Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$85,000.

Effective on or after April 1, 2026, the State will invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, licensed under Article 28 of the Public Health Law, by an aggregate amount up to \$60 million per year.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$60 million.

Effective on April 1, 2026, for the 2026 rate year and thereafter, the reimbursement methodology for personal care services will be revised. Personal care direct services rates will be based on reported allowable costs not to exceed, or fall below, one standard deviation of the mean for the applicable geographic group. The administrative portion of the rate will not exceed 15 percent of the total rate. Providers' payments for nursing services will be a fee.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative is (\$15 million).

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital outpatient services when combined with investments in hospital inpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Effective on or after April 1, 2026, the State will provide Medicaid reimbursement to freestanding birth centers, including midwifery birth centers and birth centers licensed as diagnostic and treatment centers. The Ambulatory Patient Group (APG) payment methodology will be utilized to reimburse services provided in freestanding birth centers. A separate payment will also be made to the healthcare professionals providing services in freestanding birth centers.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after April 1, 2026, this proposal continues the indigent care pool payments made to general hospitals, subject to all provisions of PHL 2807-k.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part K, Section 6). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the

Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital inpatient services when combined with investments in hospital outpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Long Term Care

Effective on or after April 1, 2026, this proposal would end-date the previously enacted 10% reduction to nursing home capital reimbursement. The 10% reduction will not continue going forward.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$58 million.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in residential health care facility services when combined with investments in hospital inpatient and hospital outpatient services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. All Services

The following is a clarification to the March 25th, 2026, noticed proposal to adjust rates of payment statewide to reflect a 1.7 percent (1.7%) Targeted Inflationary Increase. With clarification, this increase will now be 2.7 percent (2.7%) and relating to the following: Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment,

Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$39.6 million.

Non-Institutional Services

The following is a clarification to the March 25, 2026, noticed provision to invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, by an aggregate amount up to \$60 million per year, effective on or after April 1, 2026.

With clarification, that State will invest up to \$80 million per year in diagnostic and treatment centers, designated as Federally Qualified Health Centers or Rural Health Clinics, effective on or after April 1, 2026.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$80 million.

The following is a clarification to the May 25, 2026, noticed provision to invest up to \$1.5 billion in hospital outpatient services, when combined with investments in hospital inpatient and residential health care facility services. The state would also invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

With clarification, the state will invest up to \$706 million in hospital outpatient services, including hospital-based Federally Qualified Health Center and Rural Health Clinic outpatient services, when combined with investments in hospital inpatient services, effective on or after April 1, 2026 and each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$706 million.

Institutional Services

The following is a clarification to the May 25, 2026, noticed provision to invest up to \$1.5 billion in hospital inpatient services, when combined with investments in hospital outpatient and residential health care facility services. The state would also invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

With clarification, the state will invest up to \$706 million in hospital inpatient services, when combined with investments in hospital outpatient services, including hospital-based Federally Qualified Health Center and Rural Health Clinic outpatient services, effective on or after April 1, 2026 and each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$706 million.

Long Term Care Services

The following is a clarification to the March 25, 2026, noticed provision to the distribution of the previously identified \$1.5 billion investment for residential health care facilities and hospitals. With clarification, effective on or after April 1, 2026, through March 31, 2027, the State will invest up to \$480 million in residential health care facility services when combined with investments in Adult Day Health Care, AIDS Adult Day Health Care, and Hospice programs. The State will invest up to \$480 million, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$480 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Executive Summary

Provide an executive summary of this Health Home program including the goals and objectives of the program, the population, providers, services and service delivery model used

This State Plan Amendment proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to comply with enacted statutory provisions.

Chapter 57 of the Laws of 2026, Part P of the SFY26/27 Enacted Budget outlines a 2.7% Targeted Inflationary Increase (TII) in eligible Health Home rates for those Health Home members that meet the risk and acuity criteria for Health Home Plus and for those Health Home members that meet the risk and acuity criteria for Health Home Plus and are receiving Assisted Outpatient Treatment (AOT).

General Assurances

- The state provides assurance that eligible individuals will be given a free choice of Health Home providers.
- The states provides assurance that it will not prevent individuals who are dually eligible for Medicare and Medicaid from receiving Health Home services.
- The state provides assurance that hospitals participating under the state plan or a waiver of such plan will be instructed to establish procedures for referring eligible individuals with chronic conditions who seek or need treatment in a hospital emergency department to designated Health Home providers.
- The state provides assurance that FMAP for 1945 Health Home services shall be 90% for the first eight fiscal quarters from the effective date of the SPA. After the first eight quarters, expenditures will be claimed at the regular matching rate.
- The state provides assurance that it will have the systems in place so that only one 8-quarter period of enhanced FMAP for each health home enrollee will be claimed.
- The state provides assurance that there will be no duplication of services and payment for similar services provided under other Medicaid authorities.

Rate Development

Provide a comprehensive description in the SPA of the manner in which rates were set

1. In the SPA please provide the cost data and assumptions that were used to develop each of the rates;
2. Please identify the reimbursable unit(s) of service;
3. Please describe the minimum level of activities that the state agency requires for providers to receive payment per the defined unit;
4. Please describe the state's standards and process required for service documentation, and;
5. Please describe in the SPA the procedures for reviewing and rebasing the rates, including:
 - the frequency with which the state will review the rates, and
 - the factors that will be reviewed by the state in order to understand if the rates are economic and efficient and sufficient to ensure quality services.

Comprehensive Description Provider Types

NYS Medicaid providers eligible to become Health Homes (HHs) include: Medicaid Managed Care Plans (MMCPs); hospitals; medical, mental, and chemical dependency treatment clinics; primary care practitioner practices; PCMHs; Federally Qualified Health Centers (FQHCs); Targeted Case Management (TCM) providers; Certified Home Healthcare Agencies (CHHAs), and any other Medicaid enrolled providers that meet HH provider standards.

Care Management (CM) Fees

HHs meeting State and Federal standards are paid a per member per month (PMPM) CM fee that is adjusted based on region and case mix method for Health Homes Serving Adults (HHSAs) class members; or the Child and Adolescent Needs and Strength Assessment of New York (CANS-NY) for Health Homes Serving Children (HHSC) (age 0 through 20). The total costs relating to a care manager (salary, fringe benefits, non-personal services, capital and administration costs), in conjunction with caseload assumptions, are used to develop the HHCM fees. The State periodically reviews HH claims data in conjunction with Department of Labor salary data to ensure that the fees are sufficient to ensure quality services. Except as otherwise noted in the plan, State developed fee schedules are the same for both governmental and private providers.

All current/pending HHSC, HHSAs, and HH+ fees are published on the DOH website:

https://www.health.ny.gov/health_care/medicaid/program/medicaid_health_homes/billing/docs/hh_rates.pdf

All historical HHSC, HHSAs, and HH+ fees are published on the DOH website:

https://www.health.ny.gov/health_care/medicaid/program/medicaid_health_homes/archive/historical.htm

A unit of service will be defined as a billable unit per service month. In order to be reimbursed for a billable unit of service per month HH providers must, at a minimum, provide one of the core HH services per month. The monthly payment will be paid via the active CM PMPM. Once a patient has consented to receive services, has been assigned a care manager, and is enrolled in the HH program; the active CM PMPM may be billed. Care managers must document all services provided to the member in the member's care plan.

Population Case Mix Definitions for Health Homes Serving Adults (HHSAs) Class Members

Health Home Plus (HH+) class CM includes adults with an active AOT order or expired AOT order within the last year; adults stepping down from State Psychiatric Care (PC) and Assertive Community Treatment (ACT); Health and Recovery Plan (HARP) members that meet high risk criteria (recent incarceration, homelessness, multiple hospital admissions, etc.); and members identified at the discretion of the MMCP or State designated entity for adults not currently enrolled in a MMCP.

HHSAs High Risk/High Need class CM includes adults that are Health and Recovery Plan (HARP) enrolled members not included in HH+ CM; any adult member meeting high risk criteria based on the high, medium and low Clinical and Functional Assessment; and members identified at the discretion of the MMCP or State designated entity for adults not currently enrolled in a MMCP.

HHSAs Home Transition class includes adults who, under the terms of a Stipulation and Order of Settlement between the U.S. Department of Justice and New York State, are Adult Home Residents with serious mental illness (SMI) who are required to transition from Adult Homes located in New York City to the community.

HHSAs class CM includes all other adults not meeting the criteria for HH+ CM, High Risk/High Need CM, or HHSAs Home Transition.

Managed Care (MC) Considerations

Similar to the NY patient centered Medical Home program, it is the intention of the State to coordinate and pay for HH services through MMCPs, but at State set fees for the service. The State will address any existing CM resources in the current plan premium for HH enrollees under CMS guidelines (bring this resource out of the capitation and create federal

matching for those resources under the HH payment). MMCPs will pay HH providers State set fees when providers are contracted to provide all HH services. In cases where the MMCP performs a portion of the HH service (e.g. telephonic post discharge tracking) and downstream providers perform a separate portion (e.g. face to face CM), the MMCP will split the State generated PMPM proportional to the contracted effort.

The Medicaid/FHP Model Contract has been modified to include language similar to that outlined below which addresses any duplication of payment between the Managed Care Organization (MCO) capitation payments and HH payments. The delivery design and payment methodology will not result in any duplication of payment between HHs and managed care.

- MMCPs are not required to provide services that would duplicate CMS reimbursed HH services for members participating in the State's HH program.
- MMCPs will be informed of members assigned to a HH or will assign its members to a HH for services. MMCPs may need to expand their networks to include additional State designated HH providers to ensure appropriate access.
- MMCPs are required to have signed contracts including clearly established responsibilities with the provider based HHs.
- MMCPs are required to inform either the individual's HH or the State of any inpatient admission or discharge of a HH member that the MMCP learns of through its inpatient admission initial authorization and concurrent review processes as soon as possible to promote appropriate follow-up and coordination of services.
- MMCPs will assist State designated HH providers in their network with coordinating access to data as needed.
- MMCPs will, as appropriate, assist with the collection of required CM and patient experience of care data from State designated HH providers in its network.

The State has a HH advisory committee of providers and MMCPs through which any issues with payment should be raised and addressed. Directions have been given to MMCPs to match HH payment to providers based on relative HHCM effort. Further information on specific construction on HH payments includes specific administration compensation to guide rate differential construct.

Effective January 1, 2012 the State envisions that eventually all Targeted Case Management (TCM) programs operating in New York will convert to or become part of HHs, and these providers will require time to meet State and Federal HH standards. The State will allow TCM providers that can meet HH standards to convert to HHs or join with larger HHs. TCM providers that convert to HHs will be governed under NYS HH Provider Qualification Standards, not TCM standards. The payment method will be designed to transition all existing TCM capacity from the current rates to the new HH fee payment structure.

HHCM services may be provided to children that are eligible and enrolled in both the Early Intervention (EI) and HHSC programs and will meet and fulfill the requirements of the ongoing service coordination required to be provided to children enrolled in the EI program.

All payments will be made under the HH payment detailed above in the CM Fee section if they convert to or become part of a HH.

Effective December 1, 2016 risk adjusted payments (high, medium, low acuity levels) for all Health Home member classes allow providers to service a diverse population of patients and assign patients to various levels of CM intensity without having to meet preset standards for contact counts. Providers are able to respond to and adjust the intensity and frequency of intervention based on a patient's current condition and needs (from tracking to high touch).

Effective June 1, 2018 the PMPM CM fee for HHs that are designated HHSC only, or designated HHSC in 43 counties and both HHSA and HHSC in 1 county, shall receive an additional \$4 million in payments to supplement CM fees. The supplemental payments shall be lump sum payments paid no later than March 31, 2019 and will be allocated proportionately among such HHs based on services provided between June 1, 2018 and December 1, 2018.

Effective January 1, 2019 Providers delivering Individualized Care Coordination (ICC) under the 1915c SED or Health Care Integration (HCI) under the 1915c B2H waivers, who shall provide HHCM services in accordance with this section shall be eligible for a transition fee add-on for two years to enable providers to transition to HHSC fees. HHSC CM services eligible for the transition fee add-on shall be limited to services provided to the number of children such providers served as of December 31, 2018. Services provided to a greater number of children than such providers served as of December 31, 2018 shall be reimbursed the HHSC fee without the add-on.

Effective October, 1, 2022 HHSC may receive an assessment fee to ensure that any child who may be eligible for Home and Community-Based Services (HCBS) under the Consolidated Children's Waiver or State Plan authority will be eligible to receive a timely HCBS assessment under the HH program. The HHSC HCBS assessment fee will compensate the HH for the costs associated with conduct of:

- Evaluation and/or re-evaluation of HCBS level of care;
- Assessment and/or reassessment of the need for HCBS;
- Inclusion of all aspects of an HCBS Plan of Care in the HH's Comprehensive Care Plan.

This fee will be paid in addition to the CM PMPM and is contingent upon the HH completing a timely and complete assessment.

Effective January 1, 2024 a PMPM CM fee was developed separately for HHSC designated by the NYS designation process and providing High Fidelity Wraparound (HFW). The fee is based on modeling estimated enrollment, staff salaries, benefits, non-personnel costs, overhead, and administrative costs that is based on region under HFW based on caseload assumptions. Separate projections and fees are developed for this population of most vulnerable children who meet the following conditions to be part of this service:

SED diagnosis as well as additional criteria, namely that the child or youth is:

- Between 6 and 21 years of age;
- Has a functional impairment in the home, school, or community as measured by the CANS-NY system;
- Is HH enrolled/eligible through SED or has 2 mental health (MH) diagnoses;
- Is involved with two or more systems;
- Has a history of service utilization with out-of-home residential or inpatient services, crisis and emergency services, intensive treatment programs or represents high needs populations.

Effective April 1, 2024 a supplemental PMPM CM fee was developed for the HHSA designated by the NYS designation process and providing HH+ CM to members who are receiving HH+ CM due to an Assisted Outpatient Treatment (AOT) Order.

Effective April 1, 2025 a 2.6% Targeted Inflationary Increase (TII) is applied to the CM fees for those HH members that meet the risk and acuity criteria for HH+ and for those members that meet the risk and acuity criteria for HH+ and are receiving AOT as per the SFY 2026 enacted budget.

Effective April 1, 2026 a 2.7% TII is applied to the CM fees for those HH members that meet the risk and acuity criteria for HH+ and for those members that meet the risk and acuity criteria for HH+ and are receiving AOT as per the SFY 2027 enacted budget.

Assurances

The State provides assurance that it will ensure non-duplication of payment for services similar to Health Home services that are offered/covered under a different statutory authority, such as 1915(c) waivers or targeted case management.

Describe below how non-duplication of payment will be achieved All rates are published on the DOH website. Except as otherwise noted in the plan, state developed fee schedule rates are the same for both governmental and private providers. All of the above payment policies have been developed to assure that there is no duplication of payment for health home services.

https://www.health.ny.gov/health_care/medicaid/program/medicaid_health_homes/billing/docs/hh_rates.pdf

The state has developed payment methodologies and rates that are consistent with section 1902(a)(30)(A).

The State provides assurance that all governmental and private providers are reimbursed according to the same rate schedule, unless otherwise described above.

The State provides assurance that it shall reimburse providers directly, except when there are employment or contractual arrangements consistent with section 1902(a)(32).

Public Notice
NYS Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 enacted executive budget. The following changes are proposed:

All Services

The following is a clarification to the March 25th, 2026, noticed proposal to adjust rates of payment statewide to reflect a 1.7 percent (1.7%) Targeted Inflationary Increase. With clarification, this increase will now be 2.7 percent (2.7%) and relating to the following: Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment,

Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$39.6 million.

Non-Institutional Services

The following is a clarification to the March 25, 2026, noticed provision to invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, by an aggregate amount up to \$60 million per year, effective on or after April 1, 2026.

With clarification, that State will invest up to \$80 million per year in diagnostic and treatment centers, designated as Federally Qualified Health Centers or Rural Health Clinics, effective on or after April 1, 2026.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$80 million.

The following is a clarification to the May 25, 2026, noticed provision to invest up to \$1.5 billion in hospital outpatient services, when combined with investments in hospital inpatient and residential health care facility services. The state would also invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

With clarification, the state will invest up to \$706 million in hospital outpatient services, including hospital-based Federally Qualified Health Center and Rural Health Clinic outpatient services, when combined with investments in hospital inpatient services, effective on or after April 1, 2026 and each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$706 million.

Institutional Services

The following is a clarification to the May 25, 2026, noticed provision to invest up to \$1.5 billion in hospital inpatient services, when combined with investments in hospital outpatient and residential health care facility services. The state would also invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

With clarification, the state will invest up to \$706 million in hospital inpatient services, when combined with investments in hospital outpatient services, including hospital-based Federally Qualified Health Center and Rural Health Clinic outpatient services, effective on or after April 1, 2026 and each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$706 million.

Long Term Care Services

The following is a clarification to the March 25, 2026, noticed provision to the distribution of the previously identified \$1.5 billion investment for residential health care facilities and hospitals. With clarification, effective on or after April 1, 2026, through March 31, 2027, the State will invest up to \$480 million in residential health care facility services when combined with investments in Adult Day Health Care, AIDS Adult Day Health Care, and Hospice programs. The State will invest up to \$480 million, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$480 million.

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to reflect a 1.7% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$24.9 million.

Non-Institutional Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$85,000.

Effective on or after April 1, 2026, the State will invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, licensed under Article 28 of the Public Health Law, by an aggregate amount up to \$60 million per year.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$60 million.

Effective on April 1, 2026, for the 2026 rate year and thereafter, the reimbursement methodology for personal care services will be revised. Personal care direct services rates will be based on reported allowable costs not to exceed, or fall below, one standard deviation of the mean for the applicable geographic group. The administrative portion of the rate will not exceed 15 percent of the total rate. Providers' payments for nursing services will be a fee.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative is (\$15 million).

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital outpatient services when combined with investments in hospital inpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Effective on or after April 1, 2026, the State will provide Medicaid reimbursement to freestanding birth centers, including midwifery birth centers and birth centers licensed as diagnostic and treatment centers. The Ambulatory Patient Group (APG) payment methodology will be utilized to reimburse services provided in freestanding birth centers. A separate payment will also be made to the healthcare professionals providing services in freestanding birth centers.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after April 1, 2026, this proposal continues the indigent care pool payments made to general hospitals, subject to all provisions of PHL 2807-k.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part K, Section 6). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the

Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital inpatient services when combined with investments in hospital outpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Long Term Care

Effective on or after April 1, 2026, this proposal would end-date the previously enacted 10% reduction to nursing home capital reimbursement. The 10% reduction will not continue going forward.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$58 million.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in residential health care facility services when combined with investments in hospital inpatient and hospital outpatient services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. NYS Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 enacted executive budget. The following changes are proposed:

All Services

The following is a clarification to the March 25th, 2026, noticed proposal to adjust rates of payment statewide to reflect a 1.7 percent (1.7%) Targeted Inflationary Increase. With clarification, this increase will now be 2.7 percent (2.7%) and relating to the following: Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment,

Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$39.6 million.

Non-Institutional Services

The following is a clarification to the March 25, 2026, noticed provision to invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, by an aggregate amount up to \$60 million per year, effective on or after April 1, 2026.

With clarification, that State will invest up to \$80 million per year in diagnostic and treatment centers, designated as Federally Qualified Health Centers or Rural Health Clinics, effective on or after April 1, 2026.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$80 million.

The following is a clarification to the May 25, 2026, noticed provision to invest up to \$1.5 billion in hospital outpatient services, when combined with investments in hospital inpatient and residential health care facility services. The state would also invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

With clarification, the state will invest up to \$706 million in hospital outpatient services, including hospital-based Federally Qualified Health Center and Rural Health Clinic outpatient services, when combined with investments in hospital inpatient services, effective on or after April 1, 2026 and each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$706 million.

Institutional Services

The following is a clarification to the May 25, 2026, noticed provision to invest up to \$1.5 billion in hospital inpatient services, when combined with investments in hospital outpatient and residential health care facility services. The state would also invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

With clarification, the state will invest up to \$706 million in hospital inpatient services, when combined with investments in hospital outpatient services, including hospital-based Federally Qualified Health Center and Rural Health Clinic outpatient services, effective on or after April 1, 2026 and each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$706 million.

Long Term Care Services

The following is a clarification to the March 25, 2026, noticed provision to the distribution of the previously identified \$1.5 billion investment for residential health care facilities and hospitals. With clarification, effective on or after April 1, 2026, through March 31, 2027, the State will invest up to \$480 million in residential health care facility services when combined with investments in Adult Day Health Care, AIDS Adult Day Health Care, and Hospice programs. The State will invest up to \$480 million, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$480 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE **Department of Health**

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to reflect a 1.7% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$24.9 million.

Non-Institutional Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$85,000.

Effective on or after April 1, 2026, the State will invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, licensed under Article 28 of the Public Health Law, by an aggregate amount up to \$60 million per year.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$60 million.

Effective on April 1, 2026, for the 2026 rate year and thereafter, the reimbursement methodology for personal care services will be revised. Personal care direct services rates will be based on reported allowable costs not to exceed, or fall below, one standard deviation of the mean for the applicable geographic group. The administrative portion of the rate will not exceed 15 percent of the total rate. Providers' payments for nursing services will be a fee.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative is (\$15 million).

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital outpatient services when combined with investments in hospital inpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Effective on or after April 1, 2026, the State will provide Medicaid reimbursement to freestanding birth centers, including midwifery birth centers and birth centers licensed as diagnostic and treatment centers. The Ambulatory Patient Group (APG) payment methodology will be utilized to reimburse services provided in freestanding birth centers. A separate payment will also be made to the healthcare professionals providing services in freestanding birth centers.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after April 1, 2026, this proposal continues the indigent care pool payments made to general hospitals, subject to all provisions of PHL 2807-k.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part K, Section 6). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the

Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital inpatient services when combined with investments in hospital outpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Long Term Care

Effective on or after April 1, 2026, this proposal would end-date the previously enacted 10% reduction to nursing home capital reimbursement. The 10% reduction will not continue going forward.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$58 million.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in residential health care facility services when combined with investments in hospital inpatient and hospital outpatient services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to reflect a 1.7% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$24.9 million.

Non-Institutional Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$85,000.

Effective on or after April 1, 2026, the State will invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, licensed under Article 28 of the Public Health Law, by an aggregate amount up to \$60 million per year.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$60 million.

Effective on April 1, 2026, for the 2026 rate year and thereafter, the reimbursement methodology for personal care services will be revised. Personal care direct services rates will be based on reported allowable costs not to exceed, or fall below, one standard deviation of the mean for the applicable geographic group. The administrative portion of the rate will not exceed 15 percent of the total rate. Providers' payments for nursing services will be a fee.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative is (\$15 million).

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital outpatient services when combined with investments in hospital inpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Effective on or after April 1, 2026, the State will provide Medicaid reimbursement to freestanding birth centers, including midwifery birth centers and birth centers licensed as diagnostic and treatment centers. The Ambulatory Patient Group (APG) payment methodology will be utilized to reimburse services provided in freestanding birth centers. A separate payment will also be made to the healthcare professionals providing services in freestanding birth centers.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after April 1, 2026, this proposal continues the indigent care pool payments made to general hospitals, subject to all provisions of PHL 2807-k.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part K, Section 6). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the

Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital inpatient services when combined with investments in hospital outpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Long Term Care

Effective on or after April 1, 2026, this proposal would end-date the previously enacted 10% reduction to nursing home capital reimbursement. The 10% reduction will not continue going forward.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$58 million.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in residential health care facility services when combined with investments in hospital inpatient and hospital outpatient services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Public Notice
NYS Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 enacted executive budget. The following changes are proposed:

All Services

The following is a clarification to the March 25th, 2026, noticed proposal to adjust rates of payment statewide to reflect a 1.7 percent (1.7%) Targeted Inflationary Increase. With clarification, this increase will now be 2.7 percent (2.7%) and relating to the following: Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment,

Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$39.6 million.

Non-Institutional Services

The following is a clarification to the March 25, 2026, noticed provision to invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, by an aggregate amount up to \$60 million per year, effective on or after April 1, 2026.

With clarification, that State will invest up to \$80 million per year in diagnostic and treatment centers, designated as Federally Qualified Health Centers or Rural Health Clinics, effective on or after April 1, 2026.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$80 million.

The following is a clarification to the May 25, 2026, noticed provision to invest up to \$1.5 billion in hospital outpatient services, when combined with investments in hospital inpatient and residential health care facility services. The state would also invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

With clarification, the state will invest up to \$706 million in hospital outpatient services, including hospital-based Federally Qualified Health Center and Rural Health Clinic outpatient services, when combined with investments in hospital inpatient services, effective on or after April 1, 2026 and each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$706 million.

Institutional Services

The following is a clarification to the May 25, 2026, noticed provision to invest up to \$1.5 billion in hospital inpatient services, when combined with investments in hospital outpatient and residential health care facility services. The state would also invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

With clarification, the state will invest up to \$706 million in hospital inpatient services, when combined with investments in hospital outpatient services, including hospital-based Federally Qualified Health Center and Rural Health Clinic outpatient services, effective on or after April 1, 2026 and each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$706 million.

Long Term Care Services

The following is a clarification to the March 25, 2026, noticed provision to the distribution of the previously identified \$1.5 billion investment for residential health care facilities and hospitals. With clarification, effective on or after April 1, 2026, through March 31, 2027, the State will invest up to \$480 million in residential health care facility services when combined with investments in Adult Day Health Care, AIDS Adult Day Health Care, and Hospice programs. The State will invest up to \$480 million, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$480 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to reflect a 1.7% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$24.9 million.

Non-Institutional Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$85,000.

Effective on or after April 1, 2026, the State will invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, licensed under Article 28 of the Public Health Law, by an aggregate amount up to \$60 million per year.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$60 million.

Effective on April 1, 2026, for the 2026 rate year and thereafter, the reimbursement methodology for personal care services will be revised. Personal care direct services rates will be based on reported allowable costs not to exceed, or fall below, one standard deviation of the mean for the applicable geographic group. The administrative portion of the rate will not exceed 15 percent of the total rate. Providers' payments for nursing services will be a fee.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative is (\$15 million).

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital outpatient services when combined with investments in hospital inpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Effective on or after April 1, 2026, the State will provide Medicaid reimbursement to freestanding birth centers, including midwifery birth centers and birth centers licensed as diagnostic and treatment centers. The Ambulatory Patient Group (APG) payment methodology will be utilized to reimburse services provided in freestanding birth centers. A separate payment will also be made to the healthcare professionals providing services in freestanding birth centers.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after April 1, 2026, this proposal continues the indigent care pool payments made to general hospitals, subject to all provisions of PHL 2807-k.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part K, Section 6). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the

Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital inpatient services when combined with investments in hospital outpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Long Term Care

Effective on or after April 1, 2026, this proposal would end-date the previously enacted 10% reduction to nursing home capital reimbursement. The 10% reduction will not continue going forward.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$58 million.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in residential health care facility services when combined with investments in hospital inpatient and hospital outpatient services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

NYS Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 enacted executive budget. The following changes are proposed:

All Services

The following is a clarification to the March 25th, 2026, noticed proposal to adjust rates of payment statewide to reflect a 1.7 percent (1.7%) Targeted Inflationary Increase. With clarification, this increase will now be 2.7 percent (2.7%) and relating to the following: Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment,

Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$39.6 million.

Non-Institutional Services

The following is a clarification to the March 25, 2026, noticed provision to invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, by an aggregate amount up to \$60 million per year, effective on or after April 1, 2026.

With clarification, that State will invest up to \$80 million per year in diagnostic and treatment centers, designated as Federally Qualified Health Centers or Rural Health Clinics, effective on or after April 1, 2026.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$80 million.

The following is a clarification to the May 25, 2026, noticed provision to invest up to \$1.5 billion in hospital outpatient services, when combined with investments in hospital inpatient and residential health care facility services. The state would also invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

With clarification, the state will invest up to \$706 million in hospital outpatient services, including hospital-based Federally Qualified Health Center and Rural Health Clinic outpatient services, when combined with investments in hospital inpatient services, effective on or after April 1, 2026 and each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$706 million.

Institutional Services

The following is a clarification to the May 25, 2026, noticed provision to invest up to \$1.5 billion in hospital inpatient services, when combined with investments in hospital outpatient and residential health care facility services. The state would also invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

With clarification, the state will invest up to \$706 million in hospital inpatient services, when combined with investments in hospital outpatient services, including hospital-based Federally Qualified Health Center and Rural Health Clinic outpatient services, effective on or after April 1, 2026 and each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$706 million.

Long Term Care Services

The following is a clarification to the March 25, 2026, noticed provision to the distribution of the previously identified \$1.5 billion investment for residential health care facilities and hospitals. With clarification, effective on or after April 1, 2026, through March 31, 2027, the State will invest up to \$480 million in residential health care facility services when combined with investments in Adult Day Health Care, AIDS Adult Day Health Care, and Hospice programs. The State will invest up to \$480 million, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$480 million.

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to reflect a 1.7% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$24.9 million.

Non-Institutional Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$85,000.

Effective on or after April 1, 2026, the State will invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, licensed under Article 28 of the Public Health Law, by an aggregate amount up to \$60 million per year.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$60 million.

Effective on April 1, 2026, for the 2026 rate year and thereafter, the reimbursement methodology for personal care services will be revised. Personal care direct services rates will be based on reported allowable costs not to exceed, or fall below, one standard deviation of the mean for the applicable geographic group. The administrative portion of the rate will not exceed 15 percent of the total rate. Providers' payments for nursing services will be a fee.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative is (\$15 million).

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital outpatient services when combined with investments in hospital inpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Effective on or after April 1, 2026, the State will provide Medicaid reimbursement to freestanding birth centers, including midwifery birth centers and birth centers licensed as diagnostic and treatment centers. The Ambulatory Patient Group (APG) payment methodology will be utilized to reimburse services provided in freestanding birth centers. A separate payment will also be made to the healthcare professionals providing services in freestanding birth centers.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after April 1, 2026, this proposal continues the indigent care pool payments made to general hospitals, subject to all provisions of PHL 2807-k.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part K, Section 6). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the

Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital inpatient services when combined with investments in hospital outpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Long Term Care

Effective on or after April 1, 2026, this proposal would end-date the previously enacted 10% reduction to nursing home capital reimbursement. The 10% reduction will not continue going forward.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$58 million.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in residential health care facility services when combined with investments in hospital inpatient and hospital outpatient services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to reflect a 1.7% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$24.9 million.

Non-Institutional Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$85,000.

Effective on or after April 1, 2026, the State will invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, licensed under Article 28 of the Public Health Law, by an aggregate amount up to \$60 million per year.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$60 million.

Effective on April 1, 2026, for the 2026 rate year and thereafter, the reimbursement methodology for personal care services will be revised. Personal care direct services rates will be based on reported allowable costs not to exceed, or fall below, one standard deviation of the mean for the applicable geographic group. The administrative portion of the rate will not exceed 15 percent of the total rate. Providers' payments for nursing services will be a fee.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative is (\$15 million).

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital outpatient services when combined with investments in hospital inpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Effective on or after April 1, 2026, the State will provide Medicaid reimbursement to freestanding birth centers, including midwifery birth centers and birth centers licensed as diagnostic and treatment centers. The Ambulatory Patient Group (APG) payment methodology will be utilized to reimburse services provided in freestanding birth centers. A separate payment will also be made to the healthcare professionals providing services in freestanding birth centers.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after April 1, 2026, this proposal continues the indigent care pool payments made to general hospitals, subject to all provisions of PHL 2807-k.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part K, Section 6). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the

Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital inpatient services when combined with investments in hospital outpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Long Term Care

Effective on or after April 1, 2026, this proposal would end-date the previously enacted 10% reduction to nursing home capital reimbursement. The 10% reduction will not continue going forward.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$58 million.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in residential health care facility services when combined with investments in hospital inpatient and hospital outpatient services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Public Notice
NYS Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 enacted executive budget. The following changes are proposed:

All Services

The following is a clarification to the March 25th, 2026, noticed proposal to adjust rates of payment statewide to reflect a 1.7 percent (1.7%) Targeted Inflationary Increase. With clarification, this increase will now be 2.7 percent (2.7%) and relating to the following: Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment,

Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$39.6 million.

Non-Institutional Services

The following is a clarification to the March 25, 2026, noticed provision to invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, by an aggregate amount up to \$60 million per year, effective on or after April 1, 2026.

With clarification, that State will invest up to \$80 million per year in diagnostic and treatment centers, designated as Federally Qualified Health Centers or Rural Health Clinics, effective on or after April 1, 2026.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$80 million.

The following is a clarification to the May 25, 2026, noticed provision to invest up to \$1.5 billion in hospital outpatient services, when combined with investments in hospital inpatient and residential health care facility services. The state would also invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

With clarification, the state will invest up to \$706 million in hospital outpatient services, including hospital-based Federally Qualified Health Center and Rural Health Clinic outpatient services, when combined with investments in hospital inpatient services, effective on or after April 1, 2026 and each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$706 million.

Institutional Services

The following is a clarification to the May 25, 2026, noticed provision to invest up to \$1.5 billion in hospital inpatient services, when combined with investments in hospital outpatient and residential health care facility services. The state would also invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

With clarification, the state will invest up to \$706 million in hospital inpatient services, when combined with investments in hospital outpatient services, including hospital-based Federally Qualified Health Center and Rural Health Clinic outpatient services, effective on or after April 1, 2026 and each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$706 million.

Long Term Care Services

The following is a clarification to the March 25, 2026, noticed provision to the distribution of the previously identified \$1.5 billion investment for residential health care facilities and hospitals. With clarification, effective on or after April 1, 2026, through March 31, 2027, the State will invest up to \$480 million in residential health care facility services when combined with investments in Adult Day Health Care, AIDS Adult Day Health Care, and Hospice programs. The State will invest up to \$480 million, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$480 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to reflect a 1.7% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$24.9 million.

Non-Institutional Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$85,000.

Effective on or after April 1, 2026, the State will invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, licensed under Article 28 of the Public Health Law, by an aggregate amount up to \$60 million per year.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$60 million.

Effective on April 1, 2026, for the 2026 rate year and thereafter, the reimbursement methodology for personal care services will be revised. Personal care direct services rates will be based on reported allowable costs not to exceed, or fall below, one standard deviation of the mean for the applicable geographic group. The administrative portion of the rate will not exceed 15 percent of the total rate. Providers' payments for nursing services will be a fee.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative is (\$15 million).

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital outpatient services when combined with investments in hospital inpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Effective on or after April 1, 2026, the State will provide Medicaid reimbursement to freestanding birth centers, including midwifery birth centers and birth centers licensed as diagnostic and treatment centers. The Ambulatory Patient Group (APG) payment methodology will be utilized to reimburse services provided in freestanding birth centers. A separate payment will also be made to the healthcare professionals providing services in freestanding birth centers.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after April 1, 2026, this proposal continues the indigent care pool payments made to general hospitals, subject to all provisions of PHL 2807-k.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part K, Section 6). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the

Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital inpatient services when combined with investments in hospital outpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Long Term Care

Effective on or after April 1, 2026, this proposal would end-date the previously enacted 10% reduction to nursing home capital reimbursement. The 10% reduction will not continue going forward.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$58 million.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in residential health care facility services when combined with investments in hospital inpatient and hospital outpatient services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to reflect a 1.7% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$24.9 million.

Non-Institutional Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$85,000.

Effective on or after April 1, 2026, the State will invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, licensed under Article 28 of the Public Health Law, by an aggregate amount up to \$60 million per year.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$60 million.

Effective on April 1, 2026, for the 2026 rate year and thereafter, the reimbursement methodology for personal care services will be revised. Personal care direct services rates will be based on reported allowable costs not to exceed, or fall below, one standard deviation of the mean for the applicable geographic group. The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative is (\$15 million).

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital outpatient services when combined with investments in hospital inpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Effective on or after April 1, 2026, the State will provide Medicaid reimbursement to freestanding birth centers, including midwifery birth centers and birth centers licensed as diagnostic and treatment centers. The Ambulatory Patient Group (APG) payment methodology will be utilized to reimburse services provided in freestanding birth centers. A separate payment will also be made to the healthcare professionals providing services in freestanding birth centers.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after April 1, 2026, this proposal continues the indigent care pool payments made to general hospitals, subject to all provisions of PHL 2807-k.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part K, Section 6). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the

Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital inpatient services when combined with investments in hospital outpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Long Term Care

Effective on or after April 1, 2026, this proposal would end-date the previously enacted 10% reduction to nursing home capital reimbursement. The 10% reduction will not continue going forward.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$58 million.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in residential health care facility services when combined with investments in hospital inpatient and hospital outpatient services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to reflect a 1.7% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$24.9 million.

Non-Institutional Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$85,000.

Effective on or after April 1, 2026, the State will invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, licensed under Article 28 of the Public Health Law, by an aggregate amount up to \$60 million per year.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$60 million.

Effective on April 1, 2026, for the 2026 rate year and thereafter, the reimbursement methodology for personal care services will be revised. Personal care direct services rates will be based on reported allowable costs not to exceed, or fall below, one standard deviation of the mean for the applicable geographic group. The administrative portion of the rate will not exceed 15 percent of the total rate. Providers' payments for nursing services will be a fee.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative is (\$15 million).

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital outpatient services when combined with investments in hospital inpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Effective on or after April 1, 2026, the State will provide Medicaid reimbursement to freestanding birth centers, including midwifery birth centers and birth centers licensed as diagnostic and treatment centers. The Ambulatory Patient Group (APG) payment methodology will be utilized to reimburse services provided in freestanding birth centers. A separate payment will also be made to the healthcare professionals providing services in freestanding birth centers.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after April 1, 2026, this proposal continues the indigent care pool payments made to general hospitals, subject to all provisions of PHL 2807-k.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part K, Section 6). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the

Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital inpatient services when combined with investments in hospital outpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Long Term Care

Effective on or after April 1, 2026, this proposal would end-date the previously enacted 10% reduction to nursing home capital reimbursement. The 10% reduction will not continue going forward.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$58 million.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in residential health care facility services when combined with investments in hospital inpatient and hospital outpatient services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2026-2027 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to reflect a 1.7% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children and Family Treatment and Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Part 822 Outpatient Addiction Services, OASAS Part 818 Substance Use Disorder Residential Rehabilitation Services (freestanding), OASAS Part 816 Residential Medically Supervised Withdrawal and Stabilization Services (freestanding), OASAS Part 820 Residential Services, OASAS Part 817 Substance Use Disorder Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$24.9 million.

Non-Institutional Services

Effective on or after April 1, 2026, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$85,000.

Effective on or after April 1, 2026, the State will invest up to \$60 million in diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics, licensed under Article 28 of the Public Health Law, by an aggregate amount up to \$60 million per year.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$60 million.

Effective on April 1, 2026, for the 2026 rate year and thereafter, the reimbursement methodology for personal care services will be revised. Personal care direct services rates will be based on reported allowable costs not to exceed, or fall below, one standard deviation of the mean for the applicable geographic group. The administrative portion of the rate will not exceed 15 percent of the total rate. Providers' payments for nursing services will be a fee.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative is (\$15 million).

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital outpatient services when combined with investments in hospital inpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Effective on or after April 1, 2026, the State will provide Medicaid reimbursement to freestanding birth centers, including midwifery birth centers and birth centers licensed as diagnostic and treatment centers. The Ambulatory Patient Group (APG) payment methodology will be utilized to reimburse services provided in freestanding birth centers. A separate payment will also be made to the healthcare professionals providing services in freestanding birth centers.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Institutional Services

Effective on or after April 1, 2026, this proposal continues the indigent care pool payments made to general hospitals, subject to all provisions of PHL 2807-k.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part K, Section 6). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the

Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in hospital inpatient services when combined with investments in hospital outpatient and residential health care facility services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

Long Term Care

Effective on or after April 1, 2026, this proposal would end-date the previously enacted 10% reduction to nursing home capital reimbursement. The 10% reduction will not continue going forward.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$58 million.

Effective on or after April 1, 2026 through March 31, 2027, the State will invest up to \$1.5 billion in residential health care facility services when combined with investments in hospital inpatient and hospital outpatient services. The State will invest up to \$1.0 billion, collectively, in each state fiscal year thereafter.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$1.5 billion.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.
